Starching Curtains

Here's a tip for starching curtains in the washing machine: Use one part starch to 10 parts water and, following the manufacturers directions, make up a batch of starch. Put four cupfuls of this starch solution into a washing machine filled to water line with warm water. The agitator swishes starch through the curtains for two or three minutes, saving motions and minutes.

SMILEY

Golden Wedding

The big social event of the season for Smileyites was the celebration of the fiftieth wedding anniversary Sunday of Mr. and Mrs. Karl Beiswenger Sr. It was their golden wedding day. A golden day it was too, a perfect day. It was neither too hot nor too cold. There were many guests at the St. John's Lutheran church Sunday afternoon. A short program of benediction by the pastor, Rev. P. E. Schroeder as well as a talk in which he also bestowed blessings on the honored pair who occupied chairs near the altar rail. Several songs were sung by Mrs. Max Jensen and Miss Elaine Bessler, sisters. Mr. and Mrs. Beiswenger and their family retired to the lower auditorium immediately after the ceremony and received congratulations and signed the guest book in charge of a grand daughter, Miss Delores Beiswenger. The remainder of the afternoon was spent socially amid the pleasant surroundings of gay bouquets of flowers. Photographs were taken by a professional photographer after which the pastor, Rev. Schroeder called on several people to extend a few words of greetings. They were August Ross of Fisher, Will McCrum of Smiley, and Walter Beiswenger, also of Fisher. In response, Mr. Beiswenger, Sr. gave a little talk in behalf of both his wife and himself. His appreciation was truly felt. What a feast there was. The huge wedding cake adorning the bridal table was a thing of beauty, gold tipped roses in everything. Lighted tapers gleamed goldenly on each side. The couple received a floor lamp, cash gift, and many other lovely things to make the day long remembered. It was indeed a nice party.

Don Parker of Fort Worth, Tex., arrived last Tuesday for a visit with his wife and daughter, who are spending the summer with her folks the John Ranums.

Mr. and Mrs. Arnold Harms of Dent, Minn., Miss Ellie Betcher of Philadelphia, Penn., were weekend house guests at the Arthur Knutson home. Mr. Harms and Miss Betcher are a nephew and a niece of Mr. Knutson. Mr. and Mrs. Harms returned to their hme in Dent Monday. Miss Betcher remained for a longer visit.

Mrs. Ora Green (Signe Stenseth) returned to her home in Kansas City, Kans. She had spent a week with her folks, the L. O. Stenseth's.

Visitors over the week-end at the Carl Beiswenger Sr. home were Mr. and Mrs. Wm. Ross of Fort Wayne, Indiana. They also visited briefly with the rest of the Beiswenger clan in each of their homes.

Mr. and Mrs. Edwin Helgeland, Joyce and Orrin motored to McIntosh Saturday. While there they were guests at the wedding and reception of Mrs. Helgeland's cousin, Miss Betty June Thompson to Marvin Larson. Miss Thompson was the fourth grade teacher at the Knox school in Thief River Falls and was a frequent visitor at the Helgeland home during the school term.

Visitors at the O. N. Olson and Jim McCrum homes Thursday were Mr. and Mrs. George Jacobson and Wayne of Long Beach, Calif. They are spending the summer at their lake cabin in Bemidji.

4-H Chips

In spite of the hordes of mosquitoes which were partially quenched by an indoor "smudge", the Smiley 4-H club held a dandy meeting Friday evening at the hall. The affair started out with group singing; a reading was given by Betty Matzke; a demonstration on making "Marshmallow Cocoanut Rolls" was presented by Dianne Lendobeja; a reading by Shirley Beiswenger; Lila Hanson demonstrated the preparation of "Carots and Raisin Salad." The program ended with community singing followed by two movie shorts "Farm Safety" and the "Hoosier Hot Shots". The movie was presented by assistant club Agent Bob Hayes who also helped in conducting games. Refreshments were served by Mrs. Leonard Helgeland.

Mr. and Mrs. Engvold Hanson and family of Thief River Falls were Sunday visitors at the home of his brother Rudolph Hanson.

Mrs. Ernest Ristau (Augusta Beiswenger) arrived last week by train from her home in Detroit, Michigan. She came for the golden wedding party for her parents, the Karl Beiswengers Sunday and will return to her home the end of this week.

Young Betty Rude was a week guest at the home of her uncle, LeVoy Rude and his family in Karlstad.

Mr. and Mrs. Adam Lendobeja and Dianne were in Fargo, a week ago Friday on business.

Visitors at the Ed Vigen home Monday were Mr. and Mrs. Curtis Lemke (Mabel Mathson) of Spokane, Wash. and Fern Mathson of Rocksbury.

Monday afternoon visitors at the Arthur Knutson home were Mr. and Mrs. Fred Voth of Holt.

Andrew and Ben Helgeland of Pryor, Montana were weekend visitors at the Ole Helgeland home. Andrew is a brother of Ole Helgeland and Ben is Ole's son. The two brothers had not seen each other for many years.

The good folks of Smiley were exceptionally happy on the good news, when the word got around there was a new arrival in this locality. Papa and mama Julian C. and Eva Lendobeja are bursting with pride over their new son that arrived Friday evening July 9.

The folks that came for the golden wedding of the Karl Beiswengers, their relatives were Mr. and Mrs. August Ross, Mr. and Mrs. Walter Beiswenger, Mr. and Mrs. Emil Beiswenger, Mrs. Henry Beiswenger, all of Fisher; Mr. and Mrs. Palmer Kjenarud and family of Crookston.

After a three week visit at the home of her parents, the L. O. Stenseths, Mr. and Mrs. Charles Hinman (Edith Stenseth) and two sons Lauren and Allen returned to their home in Hershey, Nebr. Mr. Henman is the Superintendant of schools in that city.

Mr. and Mrs. Art Knutson and Bernice, their guest, Miss Elfie Betcher of Philadelphia, Penn. were Monday evening visitors at the Alice Habedank home near Mavie. Other visitors there also were Mr. and Mrs. Art McLaughlin and daughter, Diana of Thief River Falls and Emil Habedank.

Mr. and Mrs. Mark Olson and children were visitors Friday evening at the Archie Anderson home in Rocksbury.

"What's Cookin'?"

The Smiley 4-H annual tour will be held this Sunday afternoon July 18. The meeting place will be decided upon this week and cards will be sent to each member. The "ending-up" place will be at the S. S. Nelson home for picnic lunch. Those tours of inspection are quite thorough as it becomes a matter of utmost importance for each member to get that garden weeded to perfection, that calf given a beauty treatment, the chicken yard spic and span with hoppers well filled and everything in general that relates to your project. The gang is a critical lot!

Mrs. B. B. Hammer and her daughter Mrs. Adrian Nelson (Esther) will entertain the Bethany Luther League at the Hammer home Sunday July 25 in the afternoon. They extend a hearty warm welcome to everyone.

Mrs. Rufus Olson and Mrs. Maurice Newton are entertaining the Bethany Ladies Aid this Thursday afternoon, July 15, in the church parlors. Drive over for a good lunch. You will be welcome.

7 TRAFFIC DEATHS IN STATE OVER 4TH

Death Toll from June Accidents Rises to 42

Lingering deaths as a result of June traffic accidents had brought last month's traffic fatality toll up to 42 by mid-July, and accident reports kept drifting in to the state highway department telling, with slight variation, the same grim story of why they died.

Meanwhile there were two encouraging notes to indicate progress in Minnesota's safety war to reduce traffic deaths and injuries:

June fatalities still were three below the 45 killed in traffic in the same month of 1947, despite the fact that last month's traffic was approximately 12 per cent heavier than that of the same month a year ago.

Minnesota's traffic death toll over the four-day Fourth of July week-end was held to seven fatalities as compared with ten deaths during the corresponding four-day celebration a year ago.

One of the highlights in safety lessons from the June traffic toll was the extraordinary number of cyclists listed with the dead. Three bicycle riders and three motorcycle riders accounted for six, or more than 14 per cent, of the state's 42 June fatalities. Newspaper accounts of these accidents indicated carelessness or disregard for traffic safety regulations on the part of all three bicycle victims.

LONG-LOST WATCH DIDN'T LOSE FACE

Upsala.—It's said that lost time can never be retrieved, but Ben Edin questions that aphorism. In 1930 a good friend of his lost a watch in a field on Ben's farm. While cultivating early in July Mr. Edin noticed a sparkle in the field and picked up the silver pocket watch as bright and fresh as ever, with only a broken crystal to show for its long exposure. He wound it, and it's keeping perfect time. The watch was returned to the owner on a visit here over the Fourth.

AIRPORT WORK DISCUSSED BY CITY COUNCIL

Garbage Collection and Sewer and Water Mains Also Occupy Attention

The city council devoted the greater part of an adjourned session Monday evening to a discussion of matters relating to the municipal airport, garbage collection and proposed sewer and water main installations.

After hearing a proposal by a committee representing the Civil Air Patrol for preliminary work looking toward the installation of sanitary facilities at the airport, to be financed largely by state and federal funds, the council referred the matter to its airport committee and the CAP, instructing them to proceed with plans and to report at the next meeting.

The council confirmed the appointment of Christ Haugen as driver and Elry Reitz as assistant on the new garbage truck which went into regular service Monday. Arthur Von Wald, present collector, was designated as the caretaker for the garbage dump grounds south of the city.

City Clerk P. G. Pederson was instructed to publish a notice instructing householders not to put ashes or other noncombustible matter in their garbage cans.

Following submission of cost estimates on sewer and water main projects by City Engineer Douglas Stewart, the council set a hearing on the matter for Tuesday evening, August 10. Involved are sewer and water main projects proposed for Merriam and Kneale avs. between Gulf and Hughes sts., and a sewer project on LaBree av. beyond Tenth st.

City Clerk Pederson was requested to supply a summary of current city obligations for the next meeting, preliminary to reaching a decision as to what further improvement projects should be undertaken this year.

A petition was read from residents of Arnold av. S. objecting to the dust nuisance on the street caused by heavy traffic owing to the paving work in progress on Highway 32. No immediate action was taken.

Fred Forsberg was present to criticize the city administration for its failure to bring about the razing of the C. W. Vorachek building on LaBree av. at First st., condemned last year by the state fire marshal. He was advised that the matter at present is in litigation and therefore out of the hands of the council.

1948 COUNTY FAIR PREMIUM LIST HAS BEEN DISTRIBUTED

Additional Copies Are Available to Exhibitors at Either of Local Banks

Printing of the 32-page premium list for the 1948 Pennington county fair, which will be in progress August 2 to 5, was completed last week-end, and Secretary A. F. Berge of the fair board early this week mailed out copies to prospective exhibitors.

Those who do not receive copies thru the mail may obtain them by calling at either of the local banks or Mr. Berge's office on East Second st.

Approximately $1,800 in premiums is offered to exhibitors in the various departments, including cattle, sheep, poultry, agricultural products, and in the women's, and 4-H club departments.

Monday, August 2, has been designated as Entry Day, with a complete grandstand show scheduled for that evening, and for each of the three following afternoons and evenings.

PAUL A. LUNDGREN FILES TO SUCCEED HIMSELF AS JUDGE

Thief River Falls Man, Recently Appointed to Bench, Seeks Full Term

Judge Paul A. Lundgren today announced his filing for election to succeed himself in the office of judge of the district court in the 14th district.

He was appointed by Gov. Luther W. Youngdahl to succeed Hon. Oscar R. Knutson, who was recently elevated from the district bench to the state supreme court. Judge Lundgren was appointed after receiving the highest vote in a secret ballot of lawyers of this district.

Prior to his appointment he was engaged in the practice of law at Thief River Falls for 21 years, and served as county attorney of Pennington county for about fourteen years, from which office he resigned on May 28, when appointed to the judgeship.

Ten Members of County Red Cross Chapter Back from Junior Workshop

DFL RIGHT WING MOVES TO OUST CHAIRMAN HERE

Action Is Started at District Conference in Crookston Sunday

Democratic - Farmer - Labor right-wingers of the ninth district meeting Sunday at Crookston, moved to get rid of pro-Wallace DFL organizations in Pennington and Otter Tail counties.

They named J. O. Rindy, Henning, temporary chairman for Otter Tail county and Joe Maruska, Thief River Falls, chairman for Pennington county.

They directed both men to call conventions to set up new county organizations. Such conventions will be held in about three weeks, as soon as necessary legal notice can be given, the district chairman, Curtiss Olson, Roseau, said.

Pro-Wallace forces in Otter Tail county are headed by Verner Nelson, Underwood. Paul Harris, Thief River Falls, is Pennington county chairman for the pro-Wallace DFL group. Neither group was represented at the regular state DFL convention at Brainerd in June, Olson said.

The district convention elected a new secretary-treasurer, Ernest Innes, Bemidji, to succeed L. J. Lee, Bagley, who resigned. Lee is the party's candidate for congress.

The convention passed three resolutions. It asked the state DFL to take court action to prevent the "extreme left wing" from using the name DFL, commended Hubert Humphrey for his work at the Democratic convention in Philadelphia; and demanded that GOP congressmen support their party's platform by enacting President Truman's program at the special session of congress.

LEONARD HANSON IS NAMED LEGION POST COMMANDER

Juel Stadum Adjutant; To Install New Post Officers Next Month

Police Captain Leonard Hanson, veteran of World War I, was named commander of Ecklund-Holmstrom post of the American Legion in the annual election of officers Monday evening. He succeeds Ivan Bundy. Hanson immediately appointed Juel Stadum to serve as post adjutant, succeeding Willis Wright.

Others elected were R. S. Eldevik, Harold Holmes, Ted Rustad and Ludvig Larson, respectively first, second, third and fourth vice commanders; Gordon Ballingrud, finance officer; M. R. Levorson, service officer; and G. H. Mayer-Oakes, chaplain. The new slate of officers will be installed at the August meeting of the post.

Also named at the meeting were delegates and alternates to the state Legion convention in Minneapolis August 7 to 10. Delegates include Leonard Hanson, Orville Eide, Ivan Bundy, M. R. Levorson and Robert Bredeson, while alternates are H. F. Harrison, Elmer Johnson, Sidney Roy, Wallace Tunberg and H. B. Rafteseth.

Annual Appeal Is Made for Living Quarters for Public School Teachers

Issued this week was the annual appeal to local householders to report any rooms they will have available for public school teachers who will arrive in the city the first week in September for the opening of the fall term. Anyone who will have accomodations available at that time is asked to notify the superintendent's office at Lincoln high school, Phone 666.

Registration for Draft Is Ordered to Start August 30th

President Truman Tuesday ordered registration for the new draft to begin Aug. 30 for men 18 through 25.

The registration will continue through Sept. 18. Different age groups will register on different days.

The President's proclamation called on all male citizens and residents of the United States who have passed their 18th birthday but not yet reached their 26th birthday, to begin registration at 8 a. m. Aug. 30.

On that day men born in the year 1922 after Aug. 30 will register. Mr. Truman's proclamation also fixed dates for registration of other men between the ages of 18 and 26:

Those born in 1923: Aug. 31, or Sept. 1.

Those born in 1924: Sept. 2 or Sept. 3.

Those born in 1925: Sept. 4 or Sept. 7.

Those born in 1926: Sept. 8-9.

Those born in 1927: Sept. 10-11.

Those born in 1928: Sept. 13-14.

Those born in 1929: Sept. 15-16.

Those born in 1930 before Sept. 19: Sept. 17-18.

Those born on or after Sept. 19, 1930, will register five days after their 18th ribthday.

There was nothing in the proclamation to indicate when actual inductions into the armed services will begin. By law, the draft can't start until Sept. 22. That is 90 days after Mr. Truman signed the selective service act.

Maj. Gen. Lewis B. Hershey, newly-appointed selective service director, said draft-age youths should know "in a week or two" in what order they will be called up.

The local boards must set up their offices and make other necessary physical preparations before actual inductions can start. Under the new peacetime draft, men 18 through 25 must register.

Those 19 or over may be inducted for 21 months military service.

Eighteen-year-olds may volunteer, starting Wednesday for 12 months service in this country. They will then be exempt from the longer draft period when they reach 19, though they will have to serve additional time in a reserve outfit.

Brig. Gen. Joseph E. Nelson, assistant state adjutant general, who headed wartime selective service, said the draft board organization in Minnesota's 87 counties has been fully mobilized in recent weeks and can be ready to function on 72 hours notice.

First step will be the appointment of a state selective director by Gov. Luther W. Youngdahl.

An estimated 160,000 to 170,000 Minnesotans 35,000 of them from Minneapolis, will start registering Aug. 30.

Over 400 Present at Sportsmens Dinner Saturday Evening

More than 400 men and women attended an enjoyable banquet held in the municipal Auditorium Saturday evening in connection with the annual joint meeting of the Northwestern Minnesota Association of Conservation Clubs and the Minnesota Game Protective league.

Kern Olson presided as toastmaster at the dinner, which was preceded by a short concert by the Legion municipal band. Rev. D. T. Beadle gave the invocation and Mayor Harry E. Simons welcomed the gathering, following which Dr. Edward Bratrud, association president, introduced distinguished guests.

Chester L. Wilson, state commissioner of conservation, the principal speaker, declared Minnesota citizens must wake up to the need for conservation, pointing out that very little is being done to check the destructive forces of soil erosion and deforestation.

He stated that while more money is being spent for maintenance of wild life than for all other forms of conservation, the total spent for this purpose is none too much. He commended sportsmen's organizations for their interest in the conservation program.

E. R. Starkweather, deputy director of game and fish, read the address of Frank Blair, director, who had been scheduled to speak. He said that rough fish makes up 55 per cent of the fish population of Minnesota lakes, and declared they must be removed at a faster rate. He also stated that it would be necessary to double the present license fees in order to finance an adequate program of game and fish propagation and rough fish removal.

Other speakers were Ray Clement of the division of forestry and Ed Shave of the staff of the Minneapolis Tribune, the latter presenting framed conservation pledges to Dr. Bratrud and C. J. Martinson, president of the Game Protective league.

Ralph True, nationally known duck caller, entertained the audience with a demonstration of his art. At the close of the meeting Kern Olson, newly elected president of the association of conservation clubs, presented Dr. Bratrud, outgoing president, with a rod and reel in recognition of his services to the conservation movement.

SPORTSMEN OF STATE HOLD BIG MEETING HERE

N. W. Association and Game Protective League Sessions Well Attended

Sportsmen from Northestern Minnesota and other parts of the state enjoyed a three-day program at Squaw Point just east of Thief River Falls last week-end, featuring trapshooting, retriever trials, pistol and shotgun shooting exhibitions and other attractions.

The events were staged in connection with the joint convention of the Northwestern Minnesota Association of Conservation clubs and the Minnesota Game Protective League.

In its annual election of officers Saturday afternoon, the Northwest association named Kern Olson president, succeeding Dr. Edward Bratrud. Others elected were George MacArthur of Detroit Lakes and Elmer Smith of Lancaster, respectively first and second vice president; Henry Storhaug, reelected secretary; and Fred Tullar of Warren, retained as treasurer.

Resolutions were adopted requesting the construction of a road from the Malcolm vicinity thru the Red Lake game refuge to connect with Highway 72; asking that permission be granted to trap predators on game refuges; and commending the Minnesota and Ontario Paper company at International Falls for the steps taken to end pollution in the Rainy river.

The Game Protective league went on record in favor of doubling the present game and fish license fees, provided that all such money goes directly into game and fish division funds. The league also favored a Saturday opening for the duck hunting season. It has been rumored that the federal fish and wild life survey plans to open the waterfowl season Friday noon, October 8.

Highly proficient demonstrations of retrieving performance were given by Phil Gagnon's Chesapeakes, Forrest Dudley's Golden Retrievers and Dusty Rhode's Labradors, all of which showed remarkable ability to interpret and execute their masters' orders.

Forrest Saunders demonstrated his ability as a trick shot with both the pistol and shotgun, performing a variety of difficult feats. Ralph True demonstrated the art of duck calling, in which field he is nationally known.

PAVING CREW STARTS WORK AT ST. HILAIRE

Paving from Village to This City Expected to Take about 6 Weeks

After moving from this city to St. Hilaire last Thursday, the Woodrich Construction company paving crew Monday began work on paving highway 32 from that village to Thief River Falls.

While stationed in this city the crew had completed a section of paving on Highway 59 from a point one-half mile southeast of the city limits to the intersection of East First st., and also widened the paving on Main av. N. from Fourth to Sixth sts.

K. V. Pearson, project engineer for the state highway department, stated that plans to complete the paving on East Third st. at this time were postponed because of the delay in finishing the installation of the feeder water main on Third st. It will be completed when the Highway 32 job is finished.

The paving between St. Hilaire and this city, Pearson indicated, should be completed within five to six weeks, given favorable weather. In the meantime a crew will continue with the work of installing curbs and gutters where needed along trunk highways in Thief River Falls.

The Craig company of Minneapolis, which will handle the bituminous resurfacing of the old paving in the city, has set up its mixing plant near the roundhouse and a gravel plant four miles west of the city on Highway No. 1. It is expected to begin operations on or about July 26.

Ruby Busse Speaks Vows With Howard L. Langlie July 14

Miss Ruby Busse, daughter of Mr. and Mrs. Albert Busse of Red Lake Falls, and Howard L. Langlie, son of Mr. and Mrs. Hans Langlie of Newfolden, spoke marriage vows at a candlelight service in St. John's Evangelical Lutheran church, Red Lake Falls, on Wednesday evening July 14. The double ring ceremony was read by Rev. John W. Stehr at an altar decorated with garden flowers.

The bride's aunt, Mrs. Harold Busse used the traditional wedding marches. Mrs. Arnold Lehrer sang "O Perfect Love", and two duets "Blest Be the Tie that Binds" and "The Lord My Shepherd Is" were also sung.

Given in marriage by her father, the bride was lovely in a gown with white satin bodice and a long peplum edged in lace. It had a marquisette over satin skirt ending in a long train, and a fingertip veil edged in lace and held in place by a beaded crown. She carried a shower bouquet of red roses and white carnations. Her jewelry consisted of a gold cross a gift of the groom.

Attending the bride were Alpha Langved of Fertile, maid of honor, and Mildred Langlie of Newfolden, bridesmaid, wearing blue and pink taffeta respectively and carrying colonial bouquets of roses and white carnations. They wore pearl earrings, gifts of the bride. The bride's cousin, Constance Zutz, in a pink gown was flower girl and carried a colonial bouquet. Ronald Lehrer, cousin of the bride, was ring bearer.

The groom was attended by Arlyn Sollom of Newfolden, as best man and Norman Busse. Ushers were Vernon Knaack and Dennis Langlie.

The bride's mother wore a pink dress and the groom's mother was in navy blue. Both wore corsages of roses and carnations.

Approximately 150 guests were entertained at a reception in the church parlors following the ceremony. A three tiered wedding cake topped by a miniature bride and groom served as the centerpiece of the bridal table. Waitresses at the reception were Delores Bonderud, Inez Hellquist, Marjorie Zutz and Mavis Schultz.

Prior to her marriage the bride was employed by the local St. Luke's hospital and the groom is also employed in this city. They left on a wedding trip to points of interest in South Dak., and will return to this city to make their home. For traveling the bride chose an aqua gaberdine suit with white accessories.

Former Resident Weds at Double Wedding at Church in Virginia

Miss Valborg Hemmestvedt, daughter of Mrs. Anne Hemmestvedt of Goodridge, and William Pepeinjak and Joyce Cardon and Frank Pepeinjak exchanged marriage vows June 29 at a double wedding ceremony performed by Father Walsh at Our Layd of Lourdes church in Virginia.

Miss Hemmestvedt wore a gown of traditional white satin styled with a high neckline, long sleeves tapering to points at the wrists and the bodice featured self covered buttons down the back. The full skirt extended into a chapel train. Her veil of tulle fell from a white satin halo. She carried a bridal bouquet of white sweetpeas, carnations and yellow roses.

Miss Hemmestvedt was attended by Miss Virginia Howley as maid of honor and Miss Joyce Hemmestvedt of Goodridge, as bridesmaid. They wore identically styled gowns of green taffeta. Linda Pepeinjak was flower girl and wore a gown of green taffeta and carried a miniature bouquet. Stephen Pepeinjak was ring bearer.

A breakfast for the bridal party and other relatives was held in Virginia and later a reception was held for 200 guests. Both couples left on a wedding trip to the Black Hills.

William Pepeinjak was a student at St. John's college this past year and will attend St. Thomas college in St. Paul in the fall. His wife is a graduate of Lincoln high school and the University of Minnesota. She has been employed at the Virginia municipal hospital prior to her marriage.

United States to Maintain Flag on Mount Suribachi

TOKYO.—The army said that the American flag will continue to fly atop Mount Suribachi on Iwo Jima.

Officers of the Marianas-Bonin command explained that it will be possible to maintain the flag on Mount Suribachi through use of a foot trail.

Rapid deterioration of the lone road to the historic mountain flagpole had made the customary jeep trip dangerous. Army officials had estimated necessary repairs to the roadway would cost $100,000, which wasn't available.

Devotion to Wedding Cake Causes Trouble for Driver

DETROIT.—Frank Suda's devotion to a piece of wedding cake cost him dearly.

Driving home from a wedding reception, he rescued a souvenir slice of cake as it began sliding off his car seat.

But in the meantime he lost control of his car and rammed into a hydrant, which cost him $80 in repairs and a $20 fine in traffic court. He ruefully added that his car insurance had expired and he'd have to pay out another $300 in repairs.

Develop Four New Steels For Planes, Heavy Autos

PITTSBURGH.—Carnegie-Illinois Steel corporation, a United States Steel corporation subsidiary, announced development of four new steels for use in the aircraft and heavy automotive industries.

The new steels are tradenamed "superkore" to emphasize the high core strength produced when parts are given surface-hardening treatment.

The new steels are said to offer a considerable saving in the cost of providing at a high level of safety and service the gears, shafts and pinions which are so vital to the operation of planes, busses, trucks and heavy-duty industrial machinery.

The new materials were designed in the light of the war-taught doctrine of getting the most out of every last ounce of alloying elements, company officials said.

German Women Are Sent To Russian Uranium Mines

BERLIN. — The Soviet-controlled newspaper Nacht Express said the Russians were putting hundreds of German women to work in uranium mines in Southern Saxony, near the Czechoslovakian border.

The Russian-authorized report followed unconfirmed rumors that many German men were going into hiding to escape compulsory labor in the mines. The Soviets are reported working the mines at top speed to advance their atomic research.

Unofficial reports have said that many of the men employed in the mines lived in closely guarded barracks surrounded by wire fences.

Three District Flower Shows Scheduled in Red River Valley in August

Three district flower shows are scheduled in the Red River Valley in August. The flower shows sponsored by the Ninth District Horticultural Society of Minnesota, the local garden clubs and the Red River Valley Development Association will be held at Hawley, August 10; Crookston August 11; and Warroad, August 12.

Arrangements for the three district shows were completed at a meeting at Crookston, July 12, of the officers and representatives of the garden clubs of the towns where the shows are to be held.

The members of garden clubs of the Ninth District are requested by Mrs. Andrew Hanson of Stephen, president, to exhibit their flowers at their nearest show.

Mrs. Ed Stokke and Mabel are spending this week vacationing at Medicine Lake.

NEW SERVEL REFRIGERATOR OPERATES ON SKELGAS

The newest and finest refrigerator is now on display at your Skelgas dealer's. It's the Servel Gas Refrigerator, and it operates on Skelgas. Famous because its noise-free, wear-free freezing system has no moving parts, it brings you every food storage convenience.

In the big Frozen Food compartment you've space to store lots of frozen strawberries, sirloins, asparagus, limas and other delicious treats—year round. And for fresh foods, you've a big and roomy flexible interior with clear-across shelves, dew-action vegetable fresheners, and a convenient Servel meat storage tray.

Different from all other refrigerators, the Skelgas-operated Servel has no machinery in its freezing system. A tiny Skelgas flame does the work. So Servel stays silent, lasts longer. Come see the new Servels today.

PRES. TRUMAN, ALBIN BARKLEY ON DEM TICKET

Named for President and Vice President at Philadelphia Thursday

A stemwinder finale to the Democratic national convention at Philadelphia last Thursday morning sent the party with a Truman-Barkley ticket pledged to fight for the "people".

One of the bitterest national conventions on record ended at 2:31 a.m. with the party's right wing threatening reprisal, and the left wing already lost to Henry A. Wallace.

President Truman took the bit in his teeth in a fighting acceptance speech.

He said he would call congress back into a special session starting Monday July 26, and indicated he would recommend among other things that the GOP controlled session act on civil rights.

He said he also would ask congress to approve legislation for:

Price controls, an adequate lowcost housing program, federal aid for education and higher salaries for teachers, a national health program, increase in the minimum wage, broadening of the base of the social security act with increased coverage and increased benefits, an enlarged federal program for public power development, reclamation, flood control and irrigation.

While enbattled southern delegates sat silent, the arm-waving chief executive told delegates:

"Everybody knows that I recommended to the congress a civil rights program. I did so because I believe it to be my duty under the constitution.

"Some of the members of my own party disagree violently on this matter but they stand up and do it openly. People can tell where we stand. The Republicans all profess to be for these matters, but the 80th congress failed to act."

President Truman was nominated on the first ballot by a vote of 947½ to 263 for Senator Richard Russell of Georgia and a half-vote for Paul V. McNutt, former governor of Indiana. Minnesota delegates voted unanimously for the president. Mayor Hubert Humphrey of Minneapolis played a leading role in the adoption of the civil rights plank.

Senator Albin W. Barkley of Kentucky was nominated for the vice presidency by acclamation.

REV. G. R. CARLSON FAMILY HONORED

Farewell Monday for Pastor Leaving City

Approximately 350 persons attended the farewell gathering which was held for the Rev. G. Raymond Carlson family in the Lincoln high school auditorium Monday night at a fellowship rally arranged by pastors affiliated with the Assemblies of God in the northwest section, with Rev. George Rassmussen of Bemidji as master of ceremonies.

Rev. Russell Olson of Minneapolis assistant superintendent of the north central district council spoke on behalf of the district office in regard to the superintendency which Rev. Carlson will take commencing August 1.

Pastors from the neighboring communities present for the event were J. A. Riveness of Karlstad; Ed Logelin of Goodridge; William Espeseth of Fosston; A. Lundstrom of Mahnomen, C. W. Lamson of Crookston, Melvin Jorgenson of Detroit Lakes, George Rassmussen of Bemidji, H. A. Kingsriter of Verndale, Russell Olson of Minneapolis, Ralph Downing of Hallock, E. N. Daley of Grand Forks, N. D. and Evangelist Blanche Urdahl.

The Carlsons were presented with a gift as a token for their services done in this community over a period of eight years.

Oil Industry Advises Consumers to Increase Oil Storage Capacity

Oilmen in this area have issued a statement declaring that although operations in the oil industry are at a record level and that the outlook for next winter's fuel oil supply is generally favorable, certain precautions, nevertheless, are called for. The public is urged to follow these four important suggestions.

1. Increase your heating oil storage capacity now so that there will be substantial reserve on hand when cold weather comes.

2. Fill that storage capacity to the brim. Call your oil dealer today.

3. Have your heating equipment checked to be sure that it is in efficient working condition.

4. Insulate and weatherstrip your home where necessary.

Lutheran Welfare Unit Will Aid in Settlement of Displaced Persons

The Lutheran Welfare Society of Minnesota has been given the responsibility in this state for resettlement of displaced Lutheran families eligible for admission to the United States. They will begin arriving within a month. The announcement was made by the Rev. Henry J. Whiting, Executive Secretary of the Lutheran Welfare Society.

A Lutheran Resettlement Committee representing all Lutheran bodies in Minnesota will work with the Welfare agency. Mr. Whiting has been named temporary chairman. A search is being made for a dwelling to serve as Reception Center and temporary home for those families planning to resettle in the Northwest.

Lutheran Welfare has asked that a chairman and a chairwoman be appointed in each congregation to aid in securing further facts necessary to the resettlement project.

Two Men File in Marshall County for Legislature

Two candidates have already entered the field for the post of Marshall county representative in the Minnesota legislature. Emil Morberg of Big Woods township, who has held the office for several terms, has filed for relection. He will be opposed by V. F. Kruta of Moose River township, former county commissioner from the 5th district, who also filed for the post on Tuesday.

Lt. Col. John H. Hay Jr., Former Local Resident, Given High Army Post

Lieutenant Colonel John H. Hay, Jr., of Dillon, Montana has been assigned on permanent charge of station with the replacement and training division, training section, office of the chief of the Army Field Forces, according to an announcement by General Jacob L. Devers, Chief of the Army Field Forces.

Colonel Hay, who was born at Thief River Falls, graduated from the University of Montana in 1940 and was commissioned in the regular army on December 7, 1941. He attended the battalion commander and staff course at Fort Benning, Georgia in June 1943.

During the last war, Colonel Hay served with the 10th Mountain Division in the Italian Apennines, *the Po Valley,* and in the Swiss Alps, from November, 1944 until August 1945.

Prior to entering the army he was a National Park Service ranger. Colonel Hay is married to the former Helen L. Hoerning of Dillon, Montana. The couple have a daughter, Susan E. Hay, age five.

Advise Not Using Dark Glasses in Night Driving

Take off those dark glasses when the sun goes down, is the tip broadcast to motor vehicle drivers this week by the traffic safety division of the state highway depatment.

The same tinted glasses which so many motorists find a restful aid to day-time driving, particularly on bright days or when the sun is low in the sky, become actually a hindrance to the driver's vision in dusk or darkness, according to the department's safety specialists.

The tests indicated that dark glasses worn in night driving actually reduce the distance the driver can see, and also cut down the ability of his eyes to quickly adjust themselves from an oncoming headlight's glare to normal vision in the contrasting darkness that follows.

Smaller Flax Straw Market Seen for 1948

The market for flax straw will be considerably smaller in 1948 than in 1947, it was predicted today by E. A. Olson, vice president of Archer-Daniels-Midland Company and head of the company's Flax Fibre Division. He cautioned Northwest flax growers to check directly with flax straw buyers before any baling is done.

"This does not mean that the use of flax straw is declining, by any means", Mr. Olson explained. "On the contrary, our industrial customers who use flax fibre to make cigarette papers, U. S. currency, air mail stationery and other fine papers are finding increased outlets for these products in the U. S. market. However, these people have been stockpiling for the past several years. Last years' big flax crop induced very heavy buying of straw, and a large stock of high quality fibre was thus built up."

DRIVE AIDS SALE OF SAVINGS BONDS

Mahnomen Co. Leads State with 140 Per Cent of Goal

Series E, U. S. savings bond sales during the recent Security Loan drive were substantial, and indicated that the citizens of Minnesota "find E bonds the ideal investment," stated Darrell D. Bandy, state director of the U. S. Savings bonds division of the treasury department.

"As of July 10, fourteen Minnesota counties had exceeded their respective series E goals by percentages ranging from two to forty per cent," continued Bandy. "And these percentages will be even more impressive by the time all sales figures from bond issuing agents are totaled on July 17."

Of the fourteen leading counties, Mahnomen, with a quota of $48,000 and a total as of July 10 of $67,382, was the "E" bond sales leader, with 140.3 of its goal attained.

Minnesota's E bond goal for the Security Drive was $42,000,000, and sales as of July 10—with a weeks' sales still to be reported—were $37,156,377 for a 88.5 percentage, which compares favorably with other state percentages. F and G bond totals for the same period were $12,272,780, against a goal of $24,290,000 for 50.6 per cent.

To date William Howard Taft is the only President of the U. S. to later become Chief Justice of the U. S. Supreme court.

Military Rites Held for Pfc. Glen Calvin Rockstad on July 21

The body of Pfc. Glen Calvin Rockstad, 18, arrived this week escorted by a Marine friend Pfc. Charles R. Anderson from Guam. Pfc. Rockstad passed away on June 13 at a naval hospital there. Military funeral services were held under the auspices of local veteran groups and National Guard unit on Wednesday afternoon, July 21, at the Gospel Tabernacle. Rev. G. Raymond Carlson conducted the rites and interment was made in Greenwood cemetery.

Born on September 5, 1929 in Rocksbury township, he attended the local Washington and Knox schools, and junior high school in Fergus Falls, where he was employed prior to his enlistment in the U. S. Marines on June 15, 1947. He received training at San Diego, Calif. and went with the Fifth Marine H & S company to Guam in November, 1947.

Besides his parents, Mr. and Mrs. Fred Rockstad of Star Prairie, Wisc., he is survived by four sisters, Mrs. Reuben Fordahl, Ruth and June Rockstad of Star Prairie, Wisc. and Mrs. A. Cadwallader of Bristolville, Ohio; grandmother Mrs. Jennette Sumpter of Bristolville, Ohio; three aunts and three uncles.

Funeral Rites Today for Edgar M. Johnson, Who Died Here Monday

Funeral services will be held this afternoon at 1:30 at the Gulbranson chapel and 2 p. m. at the Rindal Lutheran church for Edgar M. Johnson, 47, who was summoned in this city on July 19. Eddie M. Berg will conduct the services and interment will be made in the church cemetery.

Born in Marshall county on March 26, 1901, Mr. Johnson was baptized and confirmed in the Lutheran faith, and attended rural schools. He later attended the A. C. in Crookston and for a number of years was engaged in road construction work. He was united in marriage to Miss Christine Thompson on June 26, 1938 and later moved to a farm in New Solum township and farmed until this spring when due to illness he disposed of his farm interests.

Survivors include his wife Christine; a son Michael and a daughter Patricia Ann of this city; two sisters, Mrs. Don Payne of Goodridge and Joy Johnson of International Falls; four brothers, Harold and Loyal Johnson of Mouse River, and Palmer and Henry of Baudette. He was preceded in death by his parents and three brothers.

State of Canal

As early as 1520, the movement to build a canal across the Isthmus of Panama was initiated by Charles V of Spain, according to Encyclopaedia Britannica. It was not until four centuries later, however, that the canal was completed.

More people are injured by falls than by any other type of farm accidents.

Mrs. Helen Ostrom, Long Time Resident, was Summoned Monday

Mrs. Helen Ostrom passed away at her home in this city Monday July 19, at the age of 63 years. Funeral services will be held at the First Lutheran church this afternoon at 2 p. m. with Rev. Carl F. Johnson, assisted by Rev. G. Raymond Carlson officiating. Interment will be made in Greenwood cemetery.

Mrs. Ostrom was born on Oct. 22, 1884 in Norden township. She was united in marriage to Helmer Ostrom at Rosewood on Oct. 5, 1910. She resided in this city from 1910 until 1918 when they moved to Saskatchewan, Canada. They returned to this city in 1921 and have resided here since. She was a member of the First Lutheran church.

Surviving her passing are her husband Helmer Ostrom of this city; two daughters, Mrs. Florence Peterson of this city and Mrs. Ardith Abbott of Red Lake Falls; a son Vernon of this city; three sisters, Mrs. Hannah Davis of Duluth, Mrs. Hilma Stromberg and Mrs. Hilda Sagmoen of this city; four brothers, Henry Carlson of Thief River Falls, Herbert of San Francisco, Calif., Helmer of Ironwood, Mich.; and Howard of Milwaukee, Wisc; and three grandchildren. Her parents, a sister and a brother preceded her in death.

Alfred Longren Named Director of Crops and Soils Unit at Crookston

The annual meeting of the Red River Valley Crops and Soils association was held on Thursday, July 15, at the Northwest School, Crookston, in conjunction with the annual Crops and Soils Day at the experiment station.

Officers re-elected for 1948-49 were: Gustav Kveen, Roseau, president; Albert Kopecky, Angus, vice president; Otto Hoppe, Crookston, treasurer; and Carl Ash, Crookston, secretary.

Directors elected to serve one year included: Theo. Tollefson, Roseau, Roseau county; Alfred Hvidsten, Stephen, Marshall County; Peter Schirrick, Red Lake Falls, Red Lake county; John O. Hanson, Bagley, Clearwater county; Alfred Longren, Thief River Falls, Pennington county.

The association recommended a number of rule changes governing crops classifications for the Red River Valley Winter Shows, the recommendations to be presented to the Red River Valley Development association, sponsors of the Crop Shows. O. C. Soine, agronomist at the Northwest School and Station, represents the crops association on the Winter Shows board of managers.

Crowding Car Ahead Is Cause of Many Crashes

"The Minnesota Safety Council this week issued a life-saving reminder to motorists to "keep a safe distance between your car and the vehicle ahead."

"Accident records show that many of the deaths and injuries and hundreds of the smashed cars that have resulted from motor vehicle accidents so far this summer could have been avoided if the drivers had just heeded the safety rule of keeping a safe distance away from the car ahead in the same traffic lane," the safety bulletin said.

"This warning is particularly important to drivers in traffic which is moving in high speed, but it is a vital safeguard at even normal and perfectly legal driving speeds on rural highways. And it is a doubly important precaution to remember on summer week-ends when traffic is heavy."

Missionaries, Traders

French penetration of Indo-China began in the 16th century, when various European missionaries and traders came into the region. Later, France gained special concessions by intervening in local struggles for power. But it was not until the 1850s and 1860s that occupation forces moved in on parts of the country. Cochin China was the first area to be acquired, in 1862. Laos was the last, in 1893.

In the tropical jungles of French Indo-China, many a future military hero of France was trained and seasoned. Lyautey, empire builder of Northern Africa, and Gallieni, whose taxicab troops held back the Germans before Paris in the First World war, saw service there. So did Joffre, who was later to be made a marshal of France.

Lives on River

If the housing problem proves insurmountable, you always can follow the example of one Pittsburgh, Pa., resident—pack up your belongings and live on the river.

Burton E. Squires, who has been a "resident of the Allegheny river" since 1942, doesn't even contemplate returning to land.

Squires' home—a 48-foot power cruiser—is anchored just above the "point," where the Allegheny and Monogahela rivers join in the heart of Pittsburgh.

The "floating home" itself is equipped with the kind of modern conveniences most apartment dwellers dream of. They range from gas heat and electric refrigeration to a piano, and no taxes.

Sanders Farmer Has Corn Seven Feet Tall July 17

That Northwestern Minnesota is in the corn belt this season is attested by a sample of corn seven feet tall brought into the Times office Saturday by Edward Carlson, who picked the specimen from a field on his farm, the former J. V. Patton farm in Sanders township. Carlson also brought in specimens of large Burbank and New Yorker potatoes raised this year.

Things Were Different

In Thomas Jefferson's day, about 90 out of each 100 people in the United States were needed for the production of food. During World War II only 22 out of each 100 produced all the food necessary for our civilian population, armed forces and lend-lease needs. Several key factors have increased modern agriculture's efficiency. One is the improvement in farm machinery. Another is better soil management that uses plant foods, lime, deep-rooted legumes and manure to boost crop production per acre and improve the quality. A third factor is the contribution of research men in improving plant varieties and increasing the farmer's knowledge of how to use fertilizer more effectively.

29 POLIO CASES IN STATE TO JULY 12

Number Compares with 841 Cases in State in 1946

Despite an increase in poliomyelitis in some states Minnesota has been relatively free from the illness so far this year, Dr. D. S. Fleming, chief of the section of preventable diseases, state department of health, said recently.

"Only 29 case of polio were reported from January 1 through July 12, while in the first seven months last year, 51 cases occurred," Dr. Fleming explained. During the great epidemic of 1946, there were 841 cases in the first seven months of the year. With the recent hot spell, six cases occurred in the first 12 days this July. There were two cases in January, four in February, three in March, five in April, seven in May, and two in June."

"Although no proved methods for the prevention of polio have so far been found," Dr. Fleming said, "intense research continues to attack the problem. The First International Poliomyelitis Conference, which is sponsored by the National Foundation for Infantile Paralysis, Inc., was held last week in New York City, bringing together scientists and physicians from all parts of the world to exchange ideas and knowledge."

Before going to New York City to attend the Conference, several foreign delegates visited Minnesota in order to observe methods and facilities used to combat the disease here.

"Minnesota citizens can feel thankful that the state has such a relative abundance of hospitals and trained persons to care for the victims of polio," Dr. Fleming said.

When President Signs

The President ordinarily signs bills of congress without any particular attention being given his action. Sometimes when he has a bill of special importance to sign, he arranges a ceremony for the occasion. Sometimes he uses two or more different pens to sign a bill, using one pen for the first part of his name and other pens for the later parts of his name. He then gives these pens to those who have been most interested in the legislation.

THEIR FIRST FULL MEAL IN FIVE WEEKS . . . The philosophy of most soldiers is not to volunteer for anything and eat all you can. These men, however, broke both those cardinal rules when they volunteered to take part in a five week "survival ration" test conducted under life-raft ration conditions which allowed them only 900 calories a day. Here they are shown, gaunt and hungry looking, as they sat down to their first full meal at the conclusion of the experiment. One man's weight dropped from 183 to 154 pounds, another skidded from 158 to 133 and a third went from 140 to 113 pounds.

Courteous Chinese Acquit 14 Japs, Throw a Banquet

TSINGTAO, CHINA.—A Chinese press dispatch from Tsinan, Shantung province capital, said that a Chinese military tribunal acquitted 14 Japanese officers charged with war crimes, then gave all 14 a banquet.

Included was a Colonel Yamaoka, commander of Japanese gendarmerie at Tsinan during the war.

The dispatch said that during the sumptuous dinner the guests were lectured on the "magnanimity" of Chinese.

The guests reportedly agreed; they enthusiastically shouted "banzai!" three times.

Teacher Dies at Table While Making Address at Banquet

CHICAGO.—Gerhardt J. Decker, 40, history teacher at Christian high school, died of a heart attack as he addressed a banquet celebrating his appointment to a new educational post in Iowa.

He was stricken in a dining room of a hotel. His wife, LaVerne, fainted and required the services of a physician.

Decker was to have joined the history department of Central college, Pella, Iowa, at the start of the fall term.

SALESMANSHIP

A hawker, his truck filled with paper and envelopes, was yelling "Here y'are! Box o' paper an' 25 envelopes on'y one dime!" Another hawker, crowding the first out of the way, shouted as he pushed a bigger truck: "Five cents—box o' paper an' 25 envelopes! Only one nickel!" The two men glared at each other. The spirit of competition ran high. Finding the two kinds of paper identical, people bought the cheaper. The more the dime man shouted, the more of his rival's stock people bought. Finally sales ceased. Everybody had bought enough to last a year. The dime man departed first, the nickel man a few minutes later. The dime man, waiting around the corner piled his stock on the other's nearly empty truck and said with a chuckle, "It works fine, Bill, don't it?"

GOING TOO FAR

A fellow sitting on a park bench asleep and there were about 25 flies on his nose. He woke up, looked at the flies and was too lazy to brush them off, so he fell asleep again. Finally a bee came along and stung him right on the nose. He woke up with a start and said, "There's always got to be a smart aleck in the crowd. Just for that, everybody off!"

Dominican's Irrigation

The vast irrigation system that has been built in the semi-arid regions of the Dominican Republic is to be more than doubled by the six canals now under construction and the 24 new ones that have been planned. When this program is complete, the republic will have 63 irrigation canals, with a total capacity of 28,596 gallons a second, irrigating 279,944 acres. Thirty-three canals already have been built in 10 of the republic's 16 provinces.

Cutting Down Tuberculosis

Probably 95 per cent of tuberculosis cases in swine are contracted from poultry, according to American Veterinary Medical association. In poultry, the disease is found almost entirely among birds over 18 months old. Among all-pullet flocks, where birds are marketed at the end of the first laying year, the rate was less than 1 per cent. The present feed saving campaign is expected to result in greater use of all-pullet flocks and fewer old laying hens. If this is achieved, progress in control of tuberculosis in poultry and swine is anticipated by the association.

THE PRESIDENT VS. CONGRESS

Congress goes back into session again next week at the call of President Truman but little hope is expressed by either Republicans or Democrats that enough will be accomplished to justify the expense. Announcement of his intention to call this session was made by the president in his speech of acceptance at the Democratic party convention. The place and manner and phrasing of the announcement all give support to the charge that the special session would be called, not in the best interests of the country but in the best interests of Mr. Truman and the Democratic party.

There have been times when Mr. Truman has had our sympathy. Admittedly he has inherited an extremely difficult problem and with world conditions such as they are he has deserved the closest possible cooperation. But his acceptance speech at the Democratic party convention marked him definitely as a very small man, incapable of giving to the country the quality of leadership so much needed under present conditions.

WAR WITH RUSSIA, COLD OR HOT

It cannot be said that progress is not being made in reaching an agreement with Russia. At any rate progress has been made to the point where Stalin's stooges now admit that all their fuss about repairing roads and railroads and staging maneuvers in the sky lanes around Berlin has been for the purpose of creating a crisis, a deliberate plan to force the breaking of terms of occupation they had agreed to at a time when they themselves were in desperate circumstances and needed our help. The Russians have now removed the mask of friendship behind which they have been fooling themselves. To this point their actions have indicated their real purposes but their lips have lied. Now that they admit their real objective it may be easier to talk turkey to them. From now on we should be through with the double talk. To that extent progress has been made.

What will happen from here on is anybody's guess. War is a possibility. But of one thing we are sure, peace will not be maintained by yielding to Russian pressure. We know from experience that to yield at one point brings the pressure on at another point. To fall back under pressure would delay a break but it would solve no problem and it would weaken us immeasurably among the nations that look to us for leadership. To fall back would be the first step toward a final defeat.

The prospect is not all bad however. The stooges of Stalin have made one serious mistake in their cold war—they guessed wrong as to how the American people would react under pressure. Had they succeeded in frightening the American people then their cold war would have been won. Under our system it would be impossible to maintain for long a position that did not have the backing of the people. But the American people haven't scared and the Berlin incident, instead of frightening them, has built up popular support for a firm stand against Russian aggression wherever it threatens the peace of the world. As long as we remain united here at home we have little to fear.

Mr. Truman tells us that any farmer or any worker who does not vote for him is downright ungrateful. It is the Democratic party that is responsible for the high prices the farmers are receiving for their products and the big wages the worker is receiving for his toil, assures us. But it is the Republican party that all consumers should hate, he goes on, because the Republicans have brought on the high cost of living. That should practically make the election unanimous.

Now the cry is, why hasn't something been done about housing? For the family that does not have satisfactory housing that is the all-important question. But after all what more can be done than is being done. New homes are being built thruout the country at an all-time record rate. In spite of rising costs, home building is at a boom level, and the only reason more homes are not being built is because of shortages of labor and material. Government interference at this stage would serve no good purpose.

Use of Atomic Energy

A report by David E. Lilienthal, chairman of the atomic energy commission, points out that it will be some time before atomic power can meet any substantial part of this country's energy requirements. Although a demonstration power unit probably will be built within the next two years, so many complex scientific and engineering problems must be solved that the first commercially practical, large-scale plant is still many years in the future. When it does come, atomic energy only gradually will supplement other energy resources; thus extensions of power plants and hydroelectric developments should not await it.

Life of Vehicles

Transit experts have found that the average life of transit vehicles is as follows: Bus, 8 to 10 years; electric trackless trolley, 12 to 15 years; streetcar, 30 years.

Looking Backward

1928—TWENTY YEARS AGO

E. M. Bennes and A. E. Mattson were reelected to the school board without opposition. Only 22 votes were cast.—Esther Hanson and Ruth McDonald, winners of the 4-H bread baking contest here, were awarded free trips to the Minnesota state fair.—Three hundred local people journeyed on a special train to Detroit Lakes to attend the annual picnic of Soo Line employees.—Mr. and Mrs. Harold Oen of Saskatchewan visited here at the home of the former's brother, Rasmus Oen.

1938—TEN YEARS AGO

With 397 votes cast, W. J. Douville and C. E. Hellquist were reelected to the local school board.—Mr. and Mrs. Paul A. Lundgren returned from an extended trip thru the eastern part of the United States.—Tom J. Rowan, adjutant of the local American Legion post, was advanced to the office of commander in the annual election.—The city council purchased a Caterpillar road grader at a cost of $3,675.—Miss Anne Tanem of Holywood, California, is visiting at her parental home.—Thirty local Girl Scouts, accompanied by their leaders, Mrs. L. B. Hartz and Mrs. Tom Peck, left for a week's outing at Cass Lake.

Plants Without Soil

The growing of plants without soil is not new. In recent years many articles written by over-enthusiastic authors have appeared in the popular press which have led the general public to believe that soilless agriculture, of hydrophonics, may revolutionize modern agriculture. Under no circumstances, even in the greenhouse, should the grower abandon his time-tried methods of growing in favor of hydrophonics without a thorough understanding of the mineral nutrition of plants. Preliminary experimentation on a small scale is strongly advised by Oklahoma A & M college.

Mugwumps Were Dissenters

The Mugwumps were a group of Republicans, interested in civil service reform, who deserted their party in 1884 in favor of Cleveland for the presidency.

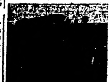
Pasture Improved By Proper System

Fertilizer Addition Produces Good Stand

A pasture improvement system that has enabled farmers following it to increase their grass production 78 per cent through applications of nitrogen in the fall and 80 per cent through spring treatments, was recommended by Prof. D. R. Dodd, extension agronomist of Ohio State university. Professor Dodd measured the results in numerous tests on Ohio farms of nitrogen applications in the fall of 1944 and the spring of 1945 and his findings were based on these tests.

The nitrogen fertilizer was applied on pastures in the form of ammonium nitrate at an average rate of 122 pounds per acre in the fall and 118 pounds in the spring.

Professor Dodd reported that the effect of the plant food on the growth of the grass was more pronounced in fields where legumes made up less than 50 per cent of the stand of grass. But even with a high per cent of clover the increase was 66 per cent. In the various tests studied, 37 farmers who applied an average of 122 pounds of ammonium nitrate on meadows got an average increase of 1,700 pounds of hay per acre.



Better cows will result from better grazing conditions.

The fall applications made a difference of 1,500 pounds of hay per acre, and spring applications increased yields on an average of 1,790 pounds of hay per acre.

While the average date of fall application of Ohio was October 22, and the nitrogen was placed on the fields in spring as early as possible, Mr. Dodd said the season of applications is not as important as is the farmer's decision to apply the nitrogen one time or another, because profitable dividend is assured from either application.

Ayrshires

By W. J. DRYDEN

Strathglass Lucky Puff, national champion long distance Ayrshire butterfat producer—189,843 pounds milk, 4 per cent, 7,558 pounds fat in 5,335 days.

Originating in southwestern Scotland the latter part of the 18th century, Ayrshires were first imported into the United States in 1822.

Ayrshire milk contains about 4 per cent butterfat. A lifetime record of 189,843 pounds of milk has been made.

Ayrshires are well built with stocky body. Mature cows average about 1,050 pounds. A national organization was formed in 1875 to devote and preserve the records and the breed.

Sportsmen Conduct Junior and Senior Trapshoot Events

Larry Mitchell of Crookston, breaking 23 out of 25 targets, won the junior trap shoot held in conjunction with the Conservation Convention at Squaw Point on Friday, Saturday, and Sunday. Mitchell will be awarded a trophy by the Sports Afield magazine, a periodical that has been active in furthering trap shooting among the junior age boys.

Runner-up to Mitchell was Harold Cyr of Oklee, who broke 22 out of 25. Harry Hanson of Thief River Falls had 17 out of 25; followed by L. Bakke of Crookston with 16 out of 25, and Roger Sandberg of Hazel with 14 out of 25 to complete the junior prize winners.

In the sub-junior class, with boys in the 14-year old group, Harry Hendrickson of Thief River Falls and Elmer Gulterud of Holt tied for first place, with each boy scoring 17 out of 25. Jack Erickson of Thief River Falls and Robert Dube of Plummer had 15 broken targets in 25 tries to tie for third place. Bud Rupprecht earned fifth place with 14 out of 25, and Bud Myron of Thief River Falls was sixth place winner with 12 out of 25.

In the hunter's special trap shoot, held on Sunday, and which was conducted on the Lewis class system, William Nelson of East Grand Forks, with 48 out of 50, was the Class A winner. E. G. Erickson of Crookston and Joe Rinowski, with 46 out of 50, were tied for second place.

Rueben Christofferson and Orlando Bishop, both of Thief River Falls, were the first place winners in the Class B division, having 30 broken targets out of 50 clirs. Phil Gagnon won the third place prize with a 33 out of 50. Walter Peterson, Ed Speer, and Dr. Ed Bratrud were the Class C winner, having 31 out of 50.

Walt Jung, assisted by Art Larson, Ernie Barzen, Cal Jackson, Cliff Bjorkman and others, ably supervised the trap shooting events. The committee expressed their gratitude and appreciation to Alfred Longren who permitted the group to utilize his land for the trap shooting tournament.

LOCAL JUNIORS GO INTO FINALS IN SUBDISTRICT PLAY

Defeat Karlstad and Oslo Teams at Warren Sunday to Reach Finals

The local junior baseball team, playing in the American Legion sub-district tournament at Warren, has advanced to the finals and on Friday evening the team will play the Alvarado nine for the sub-district title. The game will be payed on the Warren diamond, and coach Babe Paulsen expects to start right-hander Don Stadum against the highly-rated Alvarado aggregation.

To reach the finals the local nine defeated an all-veteran Karlstad team, 5 to 2, on Sunday morning and in an afternoon game, coach Paulsen's club took the measure of the Oslo Juniors, 21 to 8.

The results of other first-round games found Alvarado defeating Greenbush, 9 to 2; Karlstad beating Hallock, 5 to 2; Oslo defeating Argyle, 10 to 7. In the quarter-finals, Alvarado eliminated Stephen, 10 to 5; Warren defeated Lancaster, 10 to 3. And while Thief River Falls was subduing Karlstad by a 5 to 2 score, Alvarado was shutting out Warren, winning by a 9 to 0 score.

Karlstad out-hit the locals, 7 to 6, in their game with coach Paulsen's team Sunday morning, but Stadum's stedy pitching, but Stadums steady pitching gave Thief River Falls their upset win over one of the tourney favorites. Karlstad, on an infield error and a couple of singles, scored twice in the 1st inning, and appeared on the way to a decisive win. But Thief River Falls, on Wally Grovum's walk, a stolen base and Wes Olson's single, scored a run in the 2nd inning; and in the 5th frame, the locals tallied three runs to take the lead. With one out, Wagner drew a base on balls; Dennis Lund singled, scoring Wagner who had stolen second base, Al Williamson advanced Lund on a sacrifice bunt; Alden Spray was safe on an error by the shortstop, with Lund scoring on the play. Wally Grovum's hit tallied Spray with the third run of the inning. Don Stadum's single, a walk, and an error added another run for the locals in the 6th inning.

WEATHER SLOWS UP SOFTBALL PLAY

Only 2 Games Played During the Past Week

League Standings

	Won	Lost	Pct.
Poppler's Furniture	8	1	.889
Oen's	5	1	.833
Northern Chevrolet	6	2	.750
Eagles	4	3	.571
Hudson Motors	2	5	.286
Bridgeman's	2	5	.286
Viking	1	4	.200
Middle River	1	7	.125

Results of the week's games:

Northern Chevrolet, 10; Eagles, 7.
Poppler's Furniture, 16; Hudson Motors, 3.

Games this week:

Thursday, Oen's vs. Northern Chevrolet.
Friday, Viking vs. Poppler's Furniture.
Monday, Oen's vs. Poppler's Furniture.
Tuesday, Northern Chevrolet vs. Middle River.
Wednesday, Hudson Motors vs. Bridgeman's.
Thursday, Eagles vs. Viking.

Postponed games continue to pile up on the City Softball League schedule, and the result is that the league will perhaps perhaps have to resort to "double-headers" in order to conclude its season on play on August 26th.

Only two games were played during the week, and the one contest found the Northern Chevrolet defeating the Eagles, 10 to 7; and the Poppler's Furniture trouncing the Hudson Motors, 16 to 3.

This week's play will be highlighted by a pair of stand-out games. This evening the Oen's will play the ever-dangerous Northern Chevrolet team; and on Monday night, the Oen's will engage the league-leading Poppler's Furniture team.

Four farm buildings will be destroyed by fire every hour of the day—every day of the year, according to the National Fire Protective association.

SENIOR TEAM WITH MAKESHIFT LINEUP DEFEATS ERSKINE

Locals Score 7 to 5 Win; Will Play McIntosh at Fair Grounds on Sunday

Manager Clarence Rasmussen was forced to put a makeshift lineup on the field Sunday for the Thieves game with the Erskine nine, and the locals, taking advantage of numerous misplays by the Erskine infield, scored a 7 to 5 win in a Northern Minnesota league game. On Sunday afternoon the Thieves will meet the McIntosh team on the Fair Grounds diamond, with game-time slated for 2:30 p. m.

With Babe Paulsen in Warren as coach of the local junior team, with Stan Cockrell vacationing at Henning, and with Nicky Carlson out of action because of knee injury, the Thieves were shorthanded for the encounter with the improving Erskine team on Sunday.

The locals opened with a four-run cluster in the last half of the first inning. Blackie Stephens drew a walk, stole second and moved around to third when catcher Al Carlson made a bad throw. Byron Dorr's wild pitch permitted Stephens to score. Merle Carlson was safe when the second baseman fumbled a ground ball. Nornes dropped a sacrifice bunt, with Carlson going on to second base. Carlson stole third base, and when the Erskine second sacker fumbled Phil LeGault's grounder, Carlson scored and Phil was given a life. Johnny Powell was out on a ground ball, short to first. Rasmussen sent a hard grounder past second base, scoring LeGault, and when the Erskine centerfielder fumbled the ball, Rasmussen sprinted to second base. Harold Stroble's ground single, to centerfield, scored Rasmussen, and forced the Erskine manager to call in Alvin Thompson to take over the pitching duties as a replacement for Dorr. Thompson whiffed Bob Baker to end the hectic inning.

Picking up a run in the 2nd inning, on an infield hit and a pair of errors; and a pair of runs in the 3rd inning, on an error and a pair of singles and long fly, Erskine trailed by one run. And the visitors continued to press the locals until the 6th inning when the Thieves pushed three across the plate. Rasmussen reached second base on shortstop Bagne's wild throw. Stroble was retired, third to first but Baker's single down the left field foul line tallied Rasmussen, and on the throw to the plate Baker gained second. Al Thompson poled a long fly to right field and when Skogerboe dropped the ball, Baker advanced to third and Thompson was safe at first. A wild pitch plated Baker and put Thompson, who had stolen second, on third. Stephens was hit by a pitched ball. Merle Carlson's slow roller to shortstop permitted Thompson to score. Carlson was out on the play, short to first, and Stephens, also attempting to score on the ground ball, was tagged out, with catcher Carlson making the putout on a relay from the first baseman.

Erskine made a threat to tie up the game in the 9th inning when a single by Al Ness, a fielder's choice, a hit batsman, and Mel Tranby's double accounted for two runs.

Stroble, although touched for ten hits, kept the Erskine batters pretty well in check, getting fourteen of the visitors into the strikeout column.

Results of Sunday's games:

Erskine, 5, at Thief River Falls, 7.
Red Lake Falls, 6, at Plummer, 9.
St. Hilaire, 1, at Crookston, 8.
Winger, 2, at McIntosh, 1.

Games this Sunday:

McIntosh at Thief River Falls
Crookston at Red Lake Falls
Plummer at Erskine
Winger at St. Hilaire.

The Plummer Red Sox again assumed undisputed leadership of the Northern Minnesota baseball league by defeating the Lakers of Red Lake Falls, 9 to 6, in a game played before a capacity crowd at Plummer on Sunday. Previous to Sunday's game, the two teams had been deadlocked for the league lead, and the Lakers loss dropped the Red Lake Falls nine into a second place tie with the fast-rising Crookston Pirates.

Crookston continued its campaign in defense of its league title by winning over the St. Hilaire Saints, 8 to 1, in a game played on the Crookston diamond. Woody Almquist, St. Hilaire's pitcher, held Crookston to one hit and two runs for five innings, but in the 5th frame, while running out a ground ball, Almquist collided with the Crookston first baseman and suffered bruises that forced him to give up the pitching job. Crookston went on to rack up their fifth straight victory.

The local Thieves triumphed over the Erskine nine on Sunday, winning by a 7 to 5 score, and solidifying their fourth place position. The locals' game with the Winger Tigers, slated to have been played yesterday evening, was postponed because of wet grounds.

Golf Tourney Tonight; Crookston Here Sunday

The local golf club will conduct its weekly Thursday tournament this evening, and all members are requested to participate in the informal matches.

On Sunday the local club will be host to the Crookston delegation when the intercity matches, between Thief River Falls and Crookston, will be continued. In the first match, played on the Crookston course, the Crookston golfers edged out the local golfers winning by half a point.

They Were Wonderful.

In spite of the rain and threatening weather, there were quite a number of sports enthusiasts that gathered at the Squaw Point on Saturday to witness the program of exhibitions that were held in conjunction with the convention of the Northwest Association of Conservation Clubs and the Minnesota Game Protective League.

And the exhibition that appeared to cause the most comment was the retriever trials in which Phil Gagnon's Chesapeake's and Forrest Dudley's Golden Retrievers participated. These dogs were spectacular in the manner in which they responded to manual and vocal signals in retrieving the wing-clipped ducks. Gagnon's six-year old Mike was impressive in following his master's signals and in swimming up the Thief river and retrieving a duck that had been hidden in the rushes on the far side of the stream.

But Gagnon and Dudley weren't the only ones to have fine dogs at the trials for Dick Sjoberg of Middle River had his Labrador dog "Blackie" there on Sunday. Dudley handled Dick's dog on Sunday and, after watching the Labrador's performance, he told the crowd that dog had wonderful possibilities and that Sjoberg will be proud of that dog some day. Sjoberg isn't really a new hand at training dogs for he has had many years experience with pointers and setters; but this is his first attempt with a "retriever" dog and professionals Gagnon and Dudley complimented him on the results that he had gotten from the young Labrador.

The Confident Poppler's.

If softball games can be won by confidence, then the Oen's vs. Poppler's Furniture game slated for Monday night, is already in the Poppler's victory column. Ever since the Bridgeman's upset the Oen's by that 6 to 5 score a couple of weeks ago, the Poppler's have been especially boisterous and puff-chested. And the fact that Oen's pitcher, Milt Relerson was beaten in an exhibition game at Grand Forks on Sunday while hurling for the Grossman's team, has added to the Poppler's confidence.

And the Oen's, or the S & L team has been undergoing a reorganization. Manager Gordy Relerson left town on Monday morning, accompanying Bill Gray to the West Coast, and in his stead as manager will be Harold Stroble. Stroble claims that he's able to "jinx" Bobby Carlson of the Poppler's and that the blond Poppler's hurler had better wear a football helmet to protect himself from the line drives that will whistle past his head.

We're not so sure that Oen's can bewilder the Poppler's this time, and if manager Glenn Carlson's team can get by the first two innings without experiencing the "jitters" then Monday nights' game will be "wide open."

The Bill Lacics Case

The directors and officers of the Northern Minnesota baseball league are due to have an important meeting sometime soon, and the discussion will perhaps get pretty heated for the matter under consideration will be the eligibility of Crookston's Bill Lacics. Lacics, who replaced Vern Peltier as manager, is enrolled on the Crookston Pirates roster and he contends that he is now eligible to participate in the Crookston games.

The league constitution provides that a player who has played Class C or higher baseball, and Lilacs was a member of the Superior Blues of the Northern league, must observe a "waiting" period of thirteen months before he can participate in Northern Minny league play. Lacics claims that that period has now elapsed.

There has been, too, considerable conjecture about Bill Lacics "amateur" standing as the manager of the Pirates, and a number of league officials have expressed their skepticism that Bill is "playing for fun." But that charge is difficult to prove, and if Lacics states that he is a bona fide amateur, well, that league will have to take his word for it.

Embury on State A. H. A. board

Russ Embury and Don Olson returned on Monday from St. Paul where on Sunday they had been in attendance at state and national Amateur Hockey Association of the United States meetings. And Russ, secretary-treasurer of the States-Dominion Hockey league, was honored by being elected treasurer of the Minnesota A. H. A. Bob Ridder of St. Paul was re-elected president of the state association, and together with John Nelson of Eveleth, was named to the national board of directors of the A. H. A.

Girls Softball League Schedule Is Announced

Play in the girl's softball league this week will find the Seniors meeting the Bridgeman's team on the East Side diamond at 6:30 p. m. this evening. On Monday evening the Gamble—Robinson team will play the Carlson Agency team on the East Side diamond. And on Tuesday evening on the Lincoln High school diamond, the Oen's team will play the Sportsman's store nine.

PATROL ARRESTS INCREASE TO 7775 FIRST HALF OF '48

Total of $140,000 Fines Were Paid by Offenders up to July 1 This Year

Arrests of 1,532 Minnesota motorists in June brought to 7,755 the number of traffic law violators arrested by state highway patrolmen during the first six months of 1948, a half year report issued today by the state highway department disclosed.

But the 7,755 who "told it to the judge", and paid fines totaling $140,000, represented only a small part of the highway patrol's activities in the prevention of traffic accidents and the protection of drivers and pedestrians on the state's trunk highway system.

The six month report showed that in addition to arrests, patrol officers stopped and issued warnings, either written or verbal, to a total of 16,496 motorists, and issued "must repair" tags to 11,110 drivers operating their vehicles with illegal or unsafe equipment.

The 11,110 tags issued cover a total of 16,190 violations of the safety code which had been detected by the officer's examination of motor vehicles, particularly brakes, lights and similar equipment.

Patrol officers drove almost 3,000,000 miles during the six months, checked 46,577 drivers' licenses, and lent assistance to more than 9,000 travelers in difficulty. This assistance to motorists included helping 1,150 with car or tire repairs, pulling 470 out of ditches, delivering gasoline to 328 stranded motorists, and calling garages for 185.

POLITICAL ROUNDUP

By Arthur Naftalin

The fight which Mayor Hubert H. Humphrey of Minneapolis led for the adoption of a strong civil rights plank in the Democratic Party's platform has skyrocketed him to a position of top leadership in the Party.

Following his courageous and successful effort to 'spell out' the guarantees which liberals believe should be enacted into law for the protection of minority rights, Humphrey immediately became the center of national press attention.

The highly controversial nature of the civil rights program will of course, make Humphrey a controversial figure within the Democratic Party, but within the liberal forces his position is certain to be one of clear-cut leadership.

Minnesota's delegation to the national Democratic convention returned within a new enthusiasm and with revived hopes that the Party can win in November.

The new enthusiasm results from a combination of the successful civil rights fight plus President Truman's fighting speech in which he made it clea that the Republicans will have to meet a vigorous campaign.

In summoning a special session of Congress, President Truman has laid down the gauntlet to the GOP. He steps out in a bold move to capture the nation's headlines on the issues of the day. The Democrats are confident that the move cannot help but improve their chances. If effective legislation is adopted on housing, civil rights, inflation, the President will share in the credit. If Congress fails to enact such legislation, the blame will fall on the Republicans who control the Congress.

Minnesota scored another triumph in the Democratic platform which was generally overlooked in the press coverage because of the excitement over civil rights. This was a strong plank urging support for the development of cooperatives.

Minnesota Democrats are watching with interest what the national committee will do about the demoval of Stephen Harrington as finance director for the national committee in Minnesota.

Harrington, who is a native of Tennessee, has been in Minnesota for the last year or more representing the national committee in the collection of money. The local Democrats feel that Harrington has sought to influence state Party policy by withholding or granting funds for Party work as he chooses.

Harrington has at various times played with different elements in the Party, including Henry Wallace's Third Party group. Despite repeated instructions from the national committee, he has not always supported Mayor Hubert Humphrey and the regular DFL'ers.

Minnesota leaders met with national committee people in Philadelphia and demanded Harrington's removal. They were assured that action satisfactory to them would be taken.

At the opening of the national Democratic convention the prospects of a Democratic victory in November had hit virtually rock-bottom. Observers were virtually unanimous in writing off the Party's chances as hopeless. They pointed to the faded popularity of President Truman and to the internal schisms within the party.

Now, however, one can expect the gap between the Democratic and Republican outlooks to narrow. The Southern states, despite their bitter disappointment over the civil rights issue, will probably remain within the fold but with reluctance. The Northern states now have a new shot of enthusiasm, and there is already a tendency to talk in terms of revived possibilities.

In this connection, Henry Wallace's Third Party convention will be observed closely. Talk persists that Wallace may still withdraw his candidacy and that, in any event, his support has weakened badly in recent weeks and months.

EPIDEMIC OF TWO-IN-ONE EVENTS

Fishing on West Battle Lake, A. K. Bondy had a strike and while reeling in felt another hitch in the line. On a three-hook plug he had two 2-pound bass. Richard Hickman's crapple line broke after a vicious strike on Amber Lake at Hasty; a few minutes later he rowed to a bobber that appeared on the surface and hauled in his line with a 6-pound 10-ounce northern pike on it.

Minding Ps and Qs

The expression "minding your Ps and Qs" is said to come from the old English alehouse custom of keeping books for each drinker, in which P stood for pints and Q for quarts.

FARMERS... find a new year-round CROP!
In past years farmers were content to grow the usual farm products such as rye, wheat and corn.
Now they and many other Americans are beginning to realize that trees can be a crop too—an all-season crop—that means added cash income.
There never was a better time to "farm" trees. Wood is scarce almost everywhere in the world and today's prices are correspondingly high. More important, however, is the fact that Minnesota's wood processing industry assures farmers of a steady market. Furthermore, by processing within the state, additional high-paid employment is created, which in turn supports a generally higher standard of living for the entire state.
WHO OWNS MINNESOTA'S FOREST LAND?
The latest available figures on ownership of Minnesota's forest land show that farmers own over one quarter of this vital natural resource. Unfortunately, only a small per cent of them are managing their lands so as to make the most money. Yet, with a little care and planning, the small woodlot owner can make tree-growing a profitable farming sideline.
IF YOU'VE GOT A SMALL PATCH OF TIMBER
. . . and would like some help in farming your trees, why not get in touch with your local ranger or special project forester. He'll gladly assist you in mapping, cruising and setting up a good long-range growing plan for your trees.

New OLIVER "77"
A New Model of a Famous Tractor
Oliver begins its second century with the introduction of a new fleet of quality farm tractors—including the new 2-3 plow "77", a tractor with advanced farm features that make field work faster and more efficient than ever.
The smooth, brisk valve-in-head engine of the "77" is a six—and you have a choice of three types for the fuel you prefer: high compression for gasoline, "KD" for tractor fuels, and a diesel that will be available later.
The "77" will set a new performance mark in the operation of power take-off machines with its direct drive unit . . . a new economy record with its 6-forward-speed transmission in the Oil Miser case, Fuel Miser governor, and the basic interchangeability of Oliver's full line of tractor-mounted tools with all other new Row Crop models. Wheels on Row Crop models are interchangeable, too—with a choice of cast iron or stamped steel.
One of the models in the new Oliver fleet is sure to fit your acreage and farming practices. Available in Row Crop, Standard, Row Crop with Adjustable Front Axle or Single Front Wheel. Drop in next time you're in town.

In spite of technical difficulties, more than 500 x-rays were taken by the Minnesota Department of Health's Mobile X-ray unit at Grygla in five hours of operation.

Abraham Singer, technician with the unit, explained that parts needed for repair could not be secured in this vicinity, so the unit was taken to Warren to await shipment of repairs from Minneapolis.

As soon as a new schedule can be arranged, new appointments will be sent to those whose x-rays were not taken at this time.

DEFIANCE . . . William Z. Foster, head of the U. S. Communist party, told the senate judiciary committee that the party would not obey the Mundt-Nixon "anti-Communist" bill if the measure becomes law. He also testified that American Communists would not fight against Russia in the event of war.

Margarine Production

Margarine, now receiving particular attention because of high food prices and a world shortage of fats and oils, originated during another period of shortages. During the Franco-Prussian war, Napoleon III offered a large cash prize for a substitute for butter, and Mege-Mouries, a chemist, won the prize in 1869. Four years later his original process was patented in the United States. By 1895, there were 17 factories making margarine in this country.

Corn Follows Cotton

Corn frequently is grown after fertilized cotton. By the addition of a dressing of nitrogen and the plant food left over from the cotton, the corn will show good growth.

WHAT "Stepping Down" MEANS TO YOU
How the New Hudson, America's most streamlined car with the low silhouette, brings you roominess and comfort never before obtainable in an automobile.
You've seen them flashing by in all their sparkling color—those trim, gorgeous New Hudsons with the low, streamlined silhouette.
But have you really examined one of these amazing cars? They are the *big news* in the automobile world today!
Hudson, always known for great forward steps in the development of the automobile, and for *efficient use of motive power*, is again 'way out ahead with a motor car that hits a new high in *efficient use of space—that makes a greater percentage of its total space actually available for your use and comfort.*
When you take a close look, you'll find that Hudson, through the use of a new, exclusive "step-down" zone, reclaims so much usually wasted space that this sensationally efficient car gives you more useful interior room than you've ever before experienced in an automobile.
This new kind of motor car has a sturdy foundation structure surrounding the passenger compartment, which permits the floor to be recessed down within the base frame so that you step down when entering. This makes space between frame members, which is usually wasted, available for use inside the car.
Seats can thus be lowered to harmonize with the new, lower top, and by *stepping down* into Hudson, which is only five feet from ground to top, you get *more head room* than in any other mass-produced car built today!
And how about seating room? Hudson's new design reclaims space formerly taken up by wheel housings and protruding fenders. This is accomplished by placing *rear seats* ahead of the rear wheels, in a zone unrestricted by wheel housings. As a result, *rear seats are 15 inches wider* in this car that is *only* little more than four inches wider over-all. Both rear and front seats extend the full width of the body, giving Hudson the *roomiest seats* in any American-made car! Hudson's use of the "step-down" zone and unique seating arrangements are illustrated in the sketches that follow:
NEW HUDSON—You ride cradled down within Hudson's base frame, as shown above, and also ahead of the rear wheels. Seats can therefore extend full width of the car. Due to the use of the "step-down" zone, roof is lowered for streamlining, yet ample head room is provided.
OTHER CARS—Passengers ride on top of a frame, as shown above, and (in the rear seat) between rear wheel housings which occupy space that should be a part of seating room. Riding on top of a frame means that needed head room must be reduced if the roof is lowered for streamlining.
The New Hudson even reclaims the unused space in doors by providing gorgeously tailored, recessed compartments where interior door handles, window cranks, ash receivers, and generous arm rests are placed out of the way to allow increased elbow room for passengers.
This development of Hudson's exclusive, all-steel Monobilt body-and-frame* with its "step-down" zone required years of engineering work, the perfection of new production techniques and millions of dollars in highly-specialized new plant investment. This may be why Hudson, and Hudson alone, offers this important advance today!
"Stepping down" is so important to motor-car beauty, riding qualities and safety—as well as roominess and comfort—that the nearest Hudson dealer has a booklet—yours without obligation—fully explaining this design principle. Hudson Motor Car Company, Detroit 14.

HOLT

Mr. and Mrs. Hughey Engstrom were guests of honor at a wedding reception given them by an unusual large number of relatives and friends on Sunday afternoon at the home of the bride's mother, Mrs. Ole Saxberg. Besides neighboring people, relatives and friends from Middle River, Thief River Falls, Roosevelt, Grygla, Northome, Goodridge, Wayne, Mich., Roseau and the Twin Cities and points in California were present. A short program was rendered which consisted of two songs by Audrey Christensen, Cleo Knutson and Eunice Davidson and Avis Knutson. Readings by Mrs. Fred Peterson, Mrs. Sigfred Nygard, Mrs. Johnny Nelson and Vivian Standquist and talk by Rev. Thv. Myhrer of Newfolden, who was the guest speaker. Little Jan Nygard assisted in presenting the many lovely useful gifts which were opened by the newlyweds after which they responded with thanks to their relatives and friends. The chief decorations consisted of a beautiful three-tiered pink and white wedding cake topped by a miniature bride and groom and many large bouquets of garden flowers presented by Mrs. Pete Sorter. The rest of the afternoon was spent visiting and taking pictures afterwhich a delicious lunch was served by the self invited guests.

Mr. and Mrs. Arvid Carlson left on Tuesday for their home in California after attending to business here and also selling their household goods at public auction at Middle River.

Irene Vermillion and Musicians at County Fair Here

Irene Vermillion, statuesque blond danseuse, who is one of the featured stars in the lavish grandstand production, "Manhattan Jamboree," to be presented at the Pennington county fair, three days and four nights, starting Monday evening, August 2, and continuing through Thursday, Aug. 5, is outstanding for blending the supple, unorthodox movements of a contortionist with her brilliant terpsichorean talent.

Distinguished for her novel interpretations, she unfolds a routine which makes the utmost demand upon grace and timing. Besides her acrobatic features, in which she brings into full play her consummate skill as a contortionist, she offers novelty features of her own creation and colorful folk numbers, including Indian dances.

Kermit Dart, brilliant accordionist, and the Four Trumpeteers provide delightful accompaniment for her rhythmic presentations.

UNIQUE RECEPTION FOR THREE BABIES

During a Shakopee current failure an 8-pound son was born to Mrs. George Rutherford with the attendants working by candle light. Twins with different birthplaces face a lifetime of explanations: A son was born into the Earl Wittman home at Olivia in Renville county: Then the doctor came, rushed Mrs. Wittman to a Willmar hospital, and a daughter was born in Kandiyohi county.

MAIN AVE AT 4TH ST., THIEF RIVER FALLS, MINN.

Again in 1948 your Nash dealer has met the highest standards of customer service in the automotive industry, and once more qualified for the Nash 10 Point Select Dealer Award, emblem of superior service. Nash Motors is proud to congratulate this outstanding organization on maintaining the top standards that help serve you better, no matter what make of car you drive.

When you visit this dealership you will see visible evidence of the high standards he maintains.

You will like the friendly, courteous manner in which you are treated. You will find assurance in his modern service department, and the factory-trained mechanics who know all make cars like a book. In fact, they work "by the book" . . . the service manuals issued by the manufacturer of your car.

Here, too, are the latest postwar tools and equipment, especially designed to save you time and money on any service job, from a check-up, lubrication or minor adjustment to a major overhaul.

The ten standards which he has met and maintained in order to qualify for the Nash 10 Point Plaque encompass every phase of a dealer's service to his customer. Financial integrity, adequate floor space, proper shop facilities, convenient location, sound accounting methods are but a few of the reasons why it pays to do business with this Nash 10 Point Select Dealer.

These high standards are what you expect from a dealer who sells the Nash "600" and Nash Ambassador, America's *precision-built* motor cars. Inspect these two fine cars at your leisure in his spacious showroom.

We invite you to visit this outstanding Nash 10 Point Select Dealer soon. Get acquainted with the friendly staff who are always at your service. Then plan to make this your automotive headquarters.

Unusual New Maytag Home Freezer

You'll be delighted with the many unusual features of this distinctive new home freezer, which fits right into your kitchen, serving as a kitchen table. Top is perfectly flat, of acid-resisting porcelain-on-steel. A fold-down leaf attachment gives extra food preparation space and may be used as a breakfast table.

Food capacity, 6 cubic feet—holds 200 pounds of meat or 240 pounds of mixed packages (average) of meat, fruit and vegetables. Temperature—zero Fahrenheit in any climate.

Separate compartment uses compressor heat for quick defrosting of foods requiring it.

Counter-balanced lid opens easily—stays up without holding. Come in and see these and other features at your first opportunity.

THE OLD AND THE YOUNG STAND GUARD . . . Virtually every man—and many women, too—is of "draft age" in Israel. They are neither too young nor too old to bear arms in the Jewish fight to keep the young state of Israel alive. Here, two guards, one old and bearded and wearing a prayer cap, the other younger and equipped with a steel helmet, are shown on duty in the war-shattered Holy Land.

STATE REPUBLICAN COMMITTEE PLANS ACTIVE CAMPAIGN

Hope to Carry State for GOP Presidency Nominee First Time in 20 Years

Members of the Minnesota Republican state central committee, meeting in St. Paul this past week to plan for their 1948 campaign, made clear the intention of party leaders to wage a campaign for Governor Thomas E. Dewey and Governor Earl Warren, the Republican nominees, for president and vice-president, which will put Minnesota in the Republican column in a presidential election for the first time in 20 years.

Governor Luther W. Youngdahl declared:

"We must carry on the fight for the Republican nominees with the same spirit that we would have expected friends of the other candidates to have pursued had Harold Stassen won the nomination."

Bernhard W. LeVander, Republican state chairman; Roy E. Dunn, Republican national committeeman, and other party leaders, together with individual members of the committee, joined in urging the necessity of a united and vigorous effort on the part of Republican workers if the party is to carry Minnesota in the national election. Though the campaign will require unusual efforts, victory can be achieved, all agreed.

Harold E. Stassen, Minnesota's former governor and a leading contender for the Republican nomination in the recent convention in Philadelphia, told the convention in a telegram he would join with others in "actively and effectively campaigning for Governors Dewey and Warren" and, if the state central committee desires, "will be available after the primaries for speaking in Minnesota in support of the Republican nominees for national and state offices."

Village of Kennedy to Note Progress with Big Program Next Tuesday

The growing village of Kennedy in Kittson county is putting on its "best bib and tucker" for the biggest celebration in its history on Tuesday, July 20th, when many thousands of visitors are expected to pour in for festivities marking its first annual "Progress Day." Governor Luther W. Youngdahl will be guest speaker.

A program of sporting events include a midget ball game beginning at 10:00 a. m., followed by a novelty doodlebug race, bicycle and tricycle races, and running races. Following the Governor's speech there will be an all-star baseball game between teams representing Kittson and Marshall counties.

At one o'clock there will be a gala parade, with floats, bands and drum majorettes.

Svensk Kov, a great delicacy in these parts, will feature evening meal to be served by ladies of the community from 4:00 to 8:00 p. m. Waitresses will be in costume and Scandinavian music will be featured.

MINNESOTA STATE FAIR SPACE SALES SET NEW RECORDS

Calls for Exhibit Space Heaviest in History, Fair Officials Report

Record-breaking sales of space by the Minnesota State Fair, Aug. 28 thru Sept. 6, forecast the biggest exposition in its history, said fair officials this week.

"Early demand for concession and exhibit space has been so great that advance sales have topped all former marks," said concessions superintendent Harry J. Frost.

"The result will be the largest exhibition of farm machinery, home appliances and furnishings and new inventions to reduce the work of farmer and home-maker, ever shown by any fair in America."

Reports from all parts of the Northwest indicate that early maturing crops will so lighten farm work at state fair time that tens of thousands of farmers and townfolk who have not seen the fair for years will attend.

Unprecedented requests for premium lists from livestock growers in Minnesota and nearby states indicate that record-shattering cattle, swine, horse, sheep and poultry shows also are in prospect, say livestock superintendents.

LIVERS OF BURBOT USED IN FACTORY AT LAKE OF WOODS

Ted Rowell Establishes Burbot Liver Products Factory at Baudette

(Editor's Note—This is one of the "Ideas Pay Dividends" case histories prepared by the Minnesota department of business research and development to stimulate interest in, and growth of, hometown employment.)

In the cold waters of Lake of the Woods is a strange fish whose outstanding characteristic is an over-sized liver which accounts for about eight per cent of its body weight. Tucked away in this treasure pouch is a veritable storehouse of precious vitamin A and D.

This piscatorial freak of nature is called the burbot and fish experts are agreed that it belongs to the cod family. But how it migrated from salt into fresh water is a mystery that may go back to the great separation of waters at the time of creation. However, the transition has been all to the good, for the potency of its oil is seven times greater than that of its salt water ancestors.

Some 15 years ago a young pharmacist by the name of T. H. Rowell opened a drug store in Baudette—a mere stone's throw from the huge aquarium in which this odd creature goes about gathering its magic elixir of health and vitality. Intrigued by the fact that its oil has such an unusually high vitamin content he began a series of experiments aimed at making it available in commercial quantities.

A trade magazine published an article on his work with the burbot which was read by a pharmacist in Iowa whose grandson was seriously ill with undulant fever. Believing that here might be balm and healing for the pain-wracked lad he wrote for a sample and Rowell processed a pint of the magic oil by hand. Some thirty days later he received a fervent note of gratitude in which his fellow druggest informed him that the product had saved the boy's life. Such was the beginning of the Burbot Liver Products company of Baudette—a unique, interesting and most unusual enterprise and the only one of its kind in the country.

In addition to the cargo of oil which it totes around in the cold waters of the border country, this creature has a number of other strange characteristics. A full-grown burbot averages about five pounds and its appearance can only be described as grotesque and almost frightening. It spawns in mid-winter, usually in February, and its oil is ready for processing in the fall. When the liver has been extracted the remainder is cut up and fed to mink and other fur-bearing animals. Its predatory habits make it very destructive to game fish—especially walleyes. Burbots have been found with the tail of a two pound walleye protruding from the mouth.

When the squirming nets of the commercial fishermen are hauled ashore the burbot is separated from the other varieties by the fishermen who cut out the liver and haul it to Rowell's laboratories. In 1947 the catch produced five million pounds with each liver packing 20 per cent oil.

The plant employs 25 persons and 10 salesmen who call on individual doctors and hospitals. The product, which comes in both capsule and liquid form, is available through wholesale pharmaceutical houses and can be purchased at all leading drug stores. The potency of vitamin A in preserving eyesight is well known and Rowell has given considerable study to the regeneration of the visual purple in the eye to aid in improving and preserving vision.

ROOM RATES AT 'U' HOSPITALS RAISED

Charges Increased $1 Per Day on July First

Necessitated by cost of living wage increases and by mounting costs of food and supplies, room rates for patients in the university of Minnesota Hospital have been raised $1 per day effective July 1, according to Ray M. Amberg, hospital director.

Rates in other services in University hospitals have been advanced 10 to 15 per cent, Amberg reported.

Under the new room schedule the ward and county patient rate is $9.25 per day. The charge for a two-bed room is $9.75 for single room $10.50, and for infants up to one year, $7.

The new charge for blood transfusions is $13.75 per bottle for private patients and $11 for county patients, as compared with $12.50 and $10. The same rates apply to plasma transfusions.

According to Amberg, the new rates for University Hospitals approximate the minimum rates charged by other St. Paul and Minneapolis hospitals.

"We delayed increasing your rates as long as possible," Amberg said, "but cost of living wage increases and other salary adjustments for our employees which were put into effect July 1, as well as higher costs of food and hospital supplies made it necessary to go up to the higher schedule of charges."

Tulip bulbs can be dug as soon as the tops have died down. Store them in a well-ventilated room.

AQUATENNIAL TO COMMENCE FRIDAY IN MINNEAPOLIS

Spectacular Parade Saturday at 3; Queen Coronation July 30th

Eyes of the nation are on Minneapolis for the opening Friday July 23, of the Aquatennial, world's greatest summer festival. Visitors from every state in the union began flocking to the northwest's vacation capital this week. A half million persons will see the spectacular opening 3 hour parade Saturday at 3 p. m. in which 38 georgeous floats will pass in review, 23 bands, 30 drum and bugle corps and 25 smartly uniformed marching units. Seats in the parade stadium are still available.

Among the spectators will be members of the Minnesota legislature and 300 state editors and their wives. Alan Ladd, here for the world premier of his new picture will ride in the parade and attend functions planned for honored guests of the Aquatennial.

Sixty-nine free events are on the extensive ten-day program. This includes the Junior Chamber of Commerce-sponsored state junior and midget baseball tournament as well as the flashy 10,000 Lakes swimming championships, the Inland Lakes sailing Regatta and the exciting Northwestern International Rowing Regatta.

The $8,000 Sir Thomas Lipton cup is the trophy involved in the rowing classic July 23 and 24 at Lake Calhoun. A complete schedule of Aquatennial events, listing time, place and ticket prices is available at Aquatennial headquarters, 529 Palace building.

Climax to the exciting week will be the selection and coronation of the 1949 Aquatennial Queen of the Lakes to be chosen from 38 of Minnesota's most charming young women. This is to take place in the Minneapolis auditorium Friday night, July 30. Vast throngs are anticipated for this suspense-packed finale.

Cities sponsoring queens plan to reserve complete sections for this event. The Auditorium will be transformed into a stately setting for this occasion and America's newest singing star, Eddy Howard with his Band of the Year will be featured during the Coronation Ball. Dancing will be from 10 p. m. to 1 a. m.

The illuminated night parade Wednesday will be a pageant of beauty, according to Senator Emmett Duemke, parade chairman. Every night at Theodore Wirth Pool the unique and gorgeous Aqua Follies will be presented.

Naturalist Is Giving Itasca Park Visitors Data on Park Features

Don Lewis, a naturalist on the Minnesota Museum of Natural History staff, is again holding forth at Itasca state park for the summer months, to provide park visitors with information on natural history and to serve as a guide on nature trail trips thru the park.

Mr. Lewis' headquarters are at the Mississippi Headwaters museum near park headquarters. The museum has been equipped with displays of birds, animals and geological specimens in typical settings. There is also a display of implements used in early lumbering, and a completely furnished early settler's cabin interior.

The Museum was equipped through the co-operation of Dr. W. J. Breckenridge, curator, Minnesota Museum of Natural History; Richard Sackett of the Minnesota Historical society; and Mr. Lewis.

Also on the program for nature lovers at Itasca are motion pictures at Forest Inn, showing natural wildlife habitat, and fauna peculiar to Itasca, together with lectures conducted by Mr. Lewis. There will be no admission charge for these features.

MINNESOTA LEGION TO SELECT QUEEN

To Be Named at State Convention August 7-11

A "Miss Minnesota Legion of 1948" talent-beauty contest will be conducted at the American Legion state convention in Minneapolis with the winner to be awarded a free round trip to Miami, Florida.

The winer will be selected on the basis of personality, talent, intelligence, poise and beauty, Frank J. Collins, general chairman of the Legion convention that meets August 7 through August 11 anounced.

Under the contest rules, Collins explained, each of the 10 Legion districts in Minnesota has been asked to choose a candidate for the title of "Miss Minnesota *Legion* of 1948". Each candidate must either be the daughter or sister of a Minnesota Legionnaire in good standing; or the girl must have served in any branch of the United States armed forces during World War II.

To qualify, a candidate must be unmarried and not less than 18 or more than 25 years old.

The 10 girls selected to represent the 10 Legion districts will appear in various convention events.

Judges in the talent-beauty contest will be Cedric Adams, Minneapolis Star columnist and radio newscaster; Dorothy Lewis, figure skating star; and Al Sheehan, Minneapolis stage show producer.

As guest of the Minnesota Legion, the winner will be given an all-expense-paid trip to the Legion Convention at Miami, Oct. 17 to 21.

Removing Textile Stains

Fats and oil stains generally come out in hot soapsuds; however, if they seem bad, sponge first with some solvent like carbon tetrachloride. This also applies to most lipsticks. To remove fruit juice, coffee and tea stains, stretch the cloth over a pan and pour boiling water through the spot from a height; then wash in hot soapsuds.

MIDDLE RIVER

Miss Mildred Thompson, daughter of Mr. and Mrs. Elmer Thompson of Middle River, and Merlin Elle, son of Mrs. Edna Steen of Starbuck, Minn., exchanged marriage vows July 2 in the parsonage of Our Saviours Lutheran church in East Grand Forks. Rev. Truman Mohn, a college friend of the groom performed the ceremony. Attending the couple were Mr. and Mrs. Harold Sullivan of East Grand Forks.

The bride wore a light blue gabardine suit with navy accessories and a corsage of pink roses. Her attendant chose a pink suit with brown accessories and a corsage of yellow roses.

Following the ceremony a reception was held at the H. J. Sullivan home for immediate friends.

Both the bride and groom are members of the East Grand Forks school faculty.

The bride is a graduate of the Moorhead State Teachers college and is employed as first grade teacher. The groom is a graduate of Luther College, Decorah, Iowa. He is a high school instructor, assistant coach and physical education director in the East Grand Forks school.

After a short trip, they will be at home in East Grand Forks.

Baskets of mixed garden flowers and ferns decorated the altar of the Gospel Tabernacle in Thief River Falls, Friday evening, July 9, when Miss Gladys Lucille Toren, daughter of Mr. and Mrs. Arvid Toren of Middle River, became the bride of Milton Victor Lundquist, son of Mrs. Lydia Lundquist of Karlstad. The brides uncle, Rev. R. E. Smith, performed the all white, candlelight double ring ceremony at eight o'clock.

The pianist, Mrs. R. E. Smith, gave a short program of pre-nuptial music, and was playing Lohengrin's processional when the bride marched in on the arm of her father. Mrs. Harold Hjelmeland sang "Because" and "Together With Jesus Life's Pathway We Tread" while they were kneeling.

The bride was attired in an all white satin gown with a full skirt extending into a long train. It was fashioned with long sleeves pointed over the wrist and a nylon yoke. Her long borrowed veil was held secure with an orange blossom crown. She carried a white Bible topped with pink roses and white carnations from which fell ribbon streamers. Her gift from the groom, a double strand of pearls, was worn.

The maid of honor, Miss Cora Ingalls and bridesmaid, Mrs. Rodney Wetterlund wore white nylon gowns and carried shower bouquets of pink roses and white carnations. The mothers of the couple wore black printed sheer dresses and gardenia corsages.

Robert Toren and Donald Lundquist were the groom's attendants, while Rodney Wetterlund and James Guss ushered.

A reception followed the ceremony at the Anton Peterson residence for approximately seventy guests.

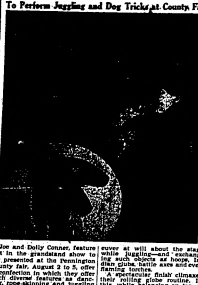
To Perform Juggling and Dog Tricks at County Fair



Joe and Dolly Conner, feature act in the grandstand show to be presented at the Pennington county fair, August 2 to 5, offer a confection in which they offer such diverse features as dancing, rope-skipping and juggling—all while balancing on twin rolling globes—and a trained dog routine with highly entertaining results.

The Connors are best known for their mastery of rolling globe feats. Balancing from on top of two of these, they maneuver at will about the stage while juggling—and exchanging such objects as hoops, Indian clubs, battle axes and even flaming torches.

A spectacular finish climaxes their rolling globe routine. In this, while balancing on top of the balls, they guide them down a flight of stars, topping the descent off with a twin back somersault when they reach stage level.

Eight superbly trained canines are used in their amusement and skillful dog act.

GROWING WITH YOUR CHILD

About Free Advice

A psychologist engaged in a study of educational practices became interested in jotting down the incidental comments that teachers made to their pupils. So impressed was he with what he found that he continued his observations in homes, street cars, buses and anywhere that adults were talking to children. The thing that concerned him was the amount of authoritative advice and direction that people like to furnish unasked to the younger generation. Such comments as "If I were you...," "Why don't you...," "I think you should...," were astonishingly frequent in adults' talk with the youngsters.

It is probably true that we use such phrases with adults as well as with children. But we don't expect adults to take our advice as a rule. At least we expect them to be able to weigh the suggestion and use it if it seems worth while or toss it aside. But for some reason we seem to expect children to take our advice and we resent it when they don't.

There is some personal satisfaction in having reached a stage of experience or knowledge that enables us to give advice to another. It is perfectly human and understandable. Even the 12-year old out of the wisdom of his added year of age will advise the 11-year-old. But when adults attempt to guide the child with such techniques it is a limiting factor. It cuts down the possibility of learning through experience and it spoils the satisfaction the child might have thru succeeding on his own.

Every time a child lets an adult tell him to do something he loses a chance to build self-reliance and independence and to show himself and others that he can figure out the problem for himself. We need to extend the boundaries of the child's experience in success, in learning through errors, in problem solving, and in the techniques and skills of living. Each time we hand him a ready made answer or a bit of wisdom from our vast store of knowledge, we draw the boundaries closer. When he is an adult, the world will expect him to be able to work out his own answers so let's let him practice on it now.

AIRPORT NEWS

The excellent drainage ditch established last year when the new runways were built are proving their worth. In spite of constant, and sometimes quite heavy rains the past few weeks, the runways remain in excellent condition.

Included in the group of fifty planes at Lake Bronson for their airport dedication and air show Sunday, were four from here. Chris Kierk took Carl Johnson with him in the Aeronca; Sid Kirk flew the Taylorcraft; Gene Allen took Art Forsberg in his Taylorcraft; and Les Ringstrand and Reuben Christofferson flew Betsey, the Cub. They arrived in time for the pilot's breakfast and stayed for the day's activities, highlighted by Dusty Huggins' demonstration of "how not to fly an airplane." Using a small Aeronca, he executed rolls, spins and loops at low altitude, made unusual and unorthodox take-offs and landings, and in general did all the wrong things at the wrong time. Just like some of the students!

Jackie Kierk has been visiting her parents for two weeks, on vacation from her nursing duties at Swedish Hospital in Minneapolis. Those in the know at the airport say her flying technique hasn't suffered in spite of her lack of practice in recent months.

Mr. and Mrs. Kenny Sembrick went to Northwood, North Dakota, to attend the funeral of Mrs. Sembrick's uncle which was held there last Saturday.

Knute Grahn of Roseau, A. J. Landby from Warroad and John Bergh from Hallock, in a Luscombe Silvaire, were here last week to attend the Allis-Chalmers school, and went on from here to Roseau.

Robert Griffin and Ernie Sisk stopped at the airport Tuesday on a cross-country flight from Baudette in a Cub.

IMPOSING ENTRY IN BIGGEST FAMILY CONTEST

New Ulm.—There may be bigger families somewhere on earth, but they aren't yet known in Minnesota. So to start completing the records, here's an overwhelming entry in the contest for Minnesota's biggest family. Mr. and Mrs. Fred Stolt, who recently celebrated their golden wedding anniversary, are 81 and 76 years old, respectively. They were recently pictured surrounded by six sons and two daughters, 11 grandsons, 11 granddaughters, 11 great-grandsons, and 11 great-granddaughters. That adds up to a family of 54. Challengers may step right up.

Little Tall History

The word "pencil" originally meant a small, fine-pointed brush used in painting. The finer camel's hair and sable brushes used by artists still are called "pencils," and the word is derived from a Latin term meaning "little tail."

Winter Pike Fishing

Winter habits of members of the pike family are much the same as those of summer. These fish are active and feed all winter. Fishing through the ice for them, and for panfish, where permitted by law, is entirely satisfactory.

SENATOR BALL AND THE $250,000 QUESTION

The primary aim of certain national and state labor union bosses is to "get" Senator Joseph H. Ball. In public statements to the press during recent months, they have openly boasted that they would spend as high as a QUARTER OF A MILLION DOLLARS to achieve this objective in the 1948 elections.

In other words, a carefully planned insidious campaign, waged from outside of Minnesota's borders by a labor boss monopoly, will try to dictate to the voters of this state who shall be Senator from Minnesota, because Senator Ball has fearlessly dared to oppose them.

Minnesota voters will not listen to this political class monopoly. But it is necessary that Minnesota voters of all parties band together in this fight.

Fight Dollars with Work

Senator Ball's campaign committees do not have funds that begin to approach the vast amounts to be spent against him. He will depend only upon the thousands of people, including many of the rank and file of labor, in the state who believe in good government.

You can help. Talk to your neighbors and friends. Write to Senator Ball Campaign Headquarters, 510 Endicott Building, St. Paul, indicating you want to join in his campaign.

That's the way we Minnesotans can answer the $250,000 Question that threatens us from outside our state borders!

Simply mail a postcard with your name and address. A Ball-for-Senator Volunteer will then contact you.

GOVERNOR'S TERM EXTENSION URGED

State Committee Asks Constitution Change

Should the term of Minnesota's governor be extended from two to four years?

According to the executive committee of the Minesota Constitutional Commission, established by the last session of the legislature to study and recommend changes in Minesota's 91-year old constitution, doubling the governor's term would give the chief executive a better chance to develop and carry out policies he has advocated.

"Election of the legislature every year gives the public a chance to express itself on particular issues without a general overturn of state administration," the committee pointed out in making its report.

The committee studying the executive branch of the state's government is one of several such groups, each assigned a particular section of the constitution for consideration and revision.

Other tentative proposals made public in the committee's recent report include appointing the state auditor by the legislature, clarifying the succession to the governorship and general overhauling of the executive constitutional section.

47th Pennington County Fair to Open on Monday

400 4-H Members Will Have Exhibits at Fair

Club Members Will Show Livestock, Crops and Home Economics Work

Over 400 4-H club members from 16 clubs in Pennington County will exhibit at the county fair in Thief River Falls on August 2-5, according to an announcement made by County 4-H Club Agent Robert Hayes, and County Agent, Frank A. Hobbs. These members who are enrolled in 675 projects probably will exhibit at the fair 400 to 500 livestock, home economics and crops projects.

Entry day for the 4-H exhibits is Monday, August 2, with all exhibits to be in place by 4:00 P. M. Judging of all exhibits will be held on Tuesday, August 3. At 10:00 P. M., judging will start in sheep, swine, dairy, beef, bread demonstrations, and home economics exhibits. At 1:00 P. M. the home economics demonstrations will be judged and the agricultural demonstrations will be judged at 3:00 P. M. Girls participating in the style revue will be judged at 4:00 P. M.

The health contest for the county health king and queen will be held starting at 10:00 A. M. on Wednesday. Wednesday afternoon will be 4-H day at the fair with the club parade starting at 1:00 P. M. in front of the grandstand. At 2:00 P. M. all champions in the 4-H contests will be presented along with the 4-H style revue and the crowning of the county style queen, health king and queen. Because of a change in the rules of the health contest only one health represtative will be sent to the state fair. This representative will be either the health king or queen.

Judges in the 4-H division are Carl G. Ash, county agent at Crookston, in livestock; Frank Forbes, county agent at Warren, 4-H crops; and Margaret Nelson, home demonstration agent at Warren, home economics.

Home economics which has the largest enrollments and which probably will have the greatest entries at the fair are clothing with 128 members, homemaking assistance with 88 members and food preparation with 47 members. In the livestock department the poultry enrollments are the largest with 55 members, followed next in line by sheep with 45 members, baby beef with 38, and dairy with 16. Leading projects in crops are garden with 103 members, home beautification with 36 and potatoes with 15.

CARL R. ANDERSON SEEKS BOARD POST

Resigns Post as Head of County PMA Committee

Carl R. Anderson of Sanders, Pennington county chairman of the Production and Marketing Administration, formerly known as the AAA, the past nine years resigned his duties Friday, preliminary to filing for the office of county commissioner, from the third district, which post has been held by Paul Roy for many years.

Patrick W. Culkins of Wyandotte township vice chairman of the PMA, was advanced to the chairmanship following Anderson's resignation, and Hans Solberg of Star, third member of the committee, was named vice chairman.

VALLEY DOCTORS HERE FOR MEETING OF MEDICAL GROUP

Medical Insurance Plan Is Topic of Discussion at Session Friday Night

Nearly fifty doctors, in addition to a dozen or more of their ladies, attended a special summer meeting of the Red River Valley Medical society in the Rex Cafe last Friday evening.

Dr. Martin Bechtel of Warren, president, had charge of the program, assisted by Dr. Russell Sether of Crookston, secretary. Scientific papers were presented by Dr. Thomas J. Dry and Dr. Lawrence M. Randall, both of the Mayo Clinic at Rochester.

The Blue Shield plan for medical insurance, operated in connection with the Blue Cross hospitalization plan, and adopted by the Minnesota State Medical association, was explained in detail by Arthur Calvin, executive secretary of the the Blue Cross plan. Manley Brist, attorney for the medical association, also addressed the meeting.

The ladies of the medical society auxiliary were guests of the Thief River Falls members at the Dr. C. M. Adkins home following the dinner.

GROUP INSPECTS SEED TEST PLOTS

Project Is Sponsored by Civic and Commerce Assn.

A crops and soils day was held on the C. W. Boman farm northeast of the city, Tuesday, July 20. The seed plot visited was sponsored by the Civic & Commerce Association in cooperation with the extension service and Mr. Boman.

Paul Burson, extension soils specialist, and L. M. Armour, extension agronomist, from the University Farm were present to take part in the program. Mr. Armour explained the 31 varieties of grain in the seed plot pointing out the good and poor qualities of each of the wheat, oats, barley, and flax varieties.

Mr. Armour also pointed out, to the group of farmers and veterans enrolled in on-the-job training, that a new variety of barley named Moore was being tested and showed great promise for the future and also Andrew Zephyr oats which were two of the new varieties in the seed plot resistant to strains of rust, which some of the other varieties were susceptible.

Following the review of the seed plot, Mr. Burson took over and explained and showed the benefits which can be received from a fertilizing program. Conclusive evidence of the necessity of fertilizing Pennington county soils was demonstrated by the fields which were fertilized and those that were not on the Boman farm.

PRICE SUPPORT FIGURES GIVEN ON 1948 WHEAT

Farmers Are Assured Top Price of $2.04 Per Bushel for 1948 Crop

Details of the price support program for 1948 crop wheat as it applies to Pennington County farmers were revealed today by Patrick W. Culkins, chairman of the county agricultural conservation committee.

Under government loan, or purchase agreements, farmers in the county are assured of a top price of $2.04 a bushel. This is for No. 1 dark hard winter, No. 1 hard winter, No. 1 heavy dark northern spring, No. 1 heavy northern spring, No. 1 hard amber durum, No. 1 amber durum and No. 1 durum.

To qualify, wheat must be stored in approved bins or granaries on the farm, in CCC approved warehouses, or in terminal warehouses.

Wheat delivered to the terminal markets at Minneapolis and Duluth will receive support as high as $2.26 a bushel. The Pennington county rate of $2.04 allows for transportation costs from here to the terminal, Mr. Culkins explained. The national average support for wheat is $2 a bushel, which represents 90% of the $2.22 parity figure of July 1, the beginning of the marketing year.

In general, only wheat grading No. 3 or better is eligible, but wheat grading No. 4 or No. 5 solely on test weight, that otherwise would grade at least No. 3, can qualify. Rates on

VOTE TO REQUEST SURVEY OF DITCH SYSTEM IN AREA

Farmers Ask Drainage and Conservancy Board to Study Over-all System

At the second of a series of meetings called to consider a revision of the ditch system in this area, a motion was adopted last Thursday to petition the Red Lake drainage and conservancy district board to make an over-all survey of the ditch system in the drainage basin of the Red Lake, Clearwater and Thief rivers.

E. H. Pomerenke, chairman of the organization presided over the meeting, which was attended by nearly 100 interested farmers. The discussion brought out numerous changes that should be made in the present system as a result of the new deeper channel being dug in the Red Lake river and scheduled for the near future in the Clearwater river.

The meeting also went on record in favor of cooperating with the soil conservation program in its plan for drainage of individual farms.

Among speakers at the session were Senator Donald Sinclair of Stephen and Judge Paul A. Lundgren.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Don't Put Bricks on their Heads!

It is interesting sometimes to listen to the remarks neighbors make about their children, your children, other people's children. Often some one sighs and says "They grow up so fast, these days," or "It seems only last week that he started off to kindergarten and now he's out of school and on his first job," or "How time flies!"

Time does fly, for adults—but for children the magic land of adulthood and independence often seems unreachably far away. Each new experience, skill and achievement helps the child make important progress. Too often, mothers and fathers, aunts and uncles, with their adult values and time standards, impose a "standing-still" regime on the youngster instead of helping him open up the new vistas which lie ahead. Usually the hindrances in growth, in thinking, in making judgements, in choice and decisions, are completely unintentional. Nevertheless, they happen repeatedly when parents do the thinking and make the judgements and decisions in their desire to protect young Sally from failure or the unpleasant results of an unwise choice. Do you send your eight year old to a nearby store to choose a gift for a birthday party? Or do you select it for him? Can your twelve year old make small purchases of clothing, such as socks or a play shirt, or must he stand and wait for mother to decide? Is your fifteen year old permitted to untangle the confusion of two conflicting dates, both of which he wants to keep, or do you make the explanation and apology for the one you think he should give up? Who decides on the college for the eighteen year old, or even if he should go to college? Of such decisions the fabric of good judgement is woven.

Maturity is an on-going thing. Its basis in wisdom and good sense lies in the everyday activities of living and in childhood experiences, worth while in themselves, which serve the learning process. Don't keep your child from growing up by putting psychological bricks on his head. Let him expand through trying himself out in life at each age level.

New Century Lodge Will Meet Monday Evening

New Century lodge will meet Monday evening, August 2, at eight p. m. in the Odd Fellows hall.

AIRPORT NEWS

The "front yard" at the airport presented a beautifully clipped appearance over the weekend. The man behind the mower was Clara Kierk, spelled off at intervals by Mrs. Chandler.

At a meeting Monday night, Gust Frahm, Herb Jung, E. J. Barzen, Chris Kierk and Bob Michalsky representing the Civil Air Patrol, conferred with Connie Stanbridge, Ernie Hellquist and Carl Gjernes of the airport committee and Douglas Stewart, city engineer, and John Erickson, county engineer, to formulate plans for the improvements at the airport and to set up priorities so that the projects will be undertaken in their proper sequence as the money is available. Moving the road on the south end of the airport property was labeled No. 1 project, and work is going ahead on that at present. This will increase the length of the northwest-southeast runway by 1600 feet, making a 4000-ft. landing strip when completed. Plans call for eventually black-topping a 75-ft. wide strip down the center to provide an all-weather, year round runway.

Ardell Moen and Ralph Hegman from Oslo, accompanied by their instructor Ray Awes, were here last week to take their flight tests, and were granted private pilot's licenses by Harold Chandler.

O. S Truesdell from St. Paul and Lyman Peterson of Detroit Lakes, representing the Socony-Vacuum Oil Company, made a business trip here Tuesday in a Cessna.

Bob Nelson of Roseau, flying a Taylorcraft, visited briefly at the airport on his way home from Fargo.

Howard (Buzz) McAllister flew his Culver over from Jamestown, N. D., to attend to business matters here.

Henry Nodland of the Nodland-Eby Construction Company at Starbuck, flying his Navion, was a business caller here last week.

The Casper & Lyons Aeronca brought Henry Hebert, Russell Casper and Miles Ramey of Grand Rapids to the airport on Thursday.

Ben Kilde and V. I. Hanson from Fergus Falls were here Friday with a Stinson

Clayton Snyder from Fargo, a son of Mrs. Thyra Snyder of Thief River Falls, flew in with a Navion, on his way back from a trip to Lake of the Woods.

Other visitors were Tom Jordan from Hensel, N. D. and Don Soltis from Warren.

Harold Chandler made a chartered trip Sunday with the Cruiser, taking a passenger to Fordville, N. D.

The Chandlers are currently fighting the mosquitoes here instead of at Euclid. At last report, the mosquitos were losing.

Shirley Jean Botten, 12 Has Birthday Guests

Shirley Jean, daughter of Mr. and Mrs. J. O. Botten, whose twelfth birthday occurred July 25, entertained Misses Adeline Everson, Marlene Bowman, Sally Ann Gullickson and Connie Botten, and Mmes. Ralph Wold, Haakon Storhaug, Hjalmer Johnson, Esther Hagen, and her mother Mrs. Botten at a birthday luncheon on Sunday afternoon. A decorated cake featured the main attraction. Shirley received a gift from the group.

MISSION GROUP IN HALLOCK MEETING

Mrs. Martin Mosbeck Is Named President

"Forward with Christ" was the theme of the twenty-eighth annual meeting of the Woman's Missionary Society of the Red River District of the Red River Valley Conference held at the Hallock Lutheran Church, Hallock, on July 22. Mrs. H. R. Magnuson of Grand Forks, North Dakota was the presiding officer.

Devotions were led by Pastor Walter Carlson of Warren, "Modern Reformation" was the subject of the address given by Pastor Gene Lund of Grand Forks.

Miss Ethel Akins, missionary to China but now home on furlough, told about conditions in China stating that in spite of Communism and uprisings there is still to be found in China today student conversion as well as student riots; and Gospel campaigns as well as civil wars between the communists and Central Government.

Musical numbers at the morning and afternoon sessions were furnished by members of the Hallock J.M.S. and vocal solos by Milton Eklund, assistant student pastor at Hallock; Eleanore Erlandson of Kennedy, and Violet Peterson of Hallock.

At the business session all department secretaries gave encouraging reports. The following officers were elected: President, Mrs. Martin Mosbeck, St. Hilaire; vice president, Mrs. J. E. Sundberg, Kennedy; secretary-treasurer, Mrs. E. Alric Erlandson, Kennedy; Mission Tidings secretary, Mrs. Ted Ranstrom, Warren; Y.W.M.S. secretary, Mrs. Ervin Malm, Hallock; J.M.S. secretary, Mrs. Warren Becken, Hallock.

MUST APPLY FOR SPUD CROP PRICE SUPPORT BY AUG. 1

ACA Committee Calls Attention to Fact That Deadline Is at Hand

Late potato growers in Pennington county were urged today by Patrick W. Culkins, chairman of the county Agricultural Conservation Committee, to apply for price support on their 1948 crop before the deadline date of August 1.

"I feel that it is imperative that every potato producer who has complied with his acreage allotment take steps to become eligible for price support in 1948 for his own protection," Culkins said.

The county Triple A office issues certificates of eligibility, upon payment of a small fee, to growers who are in compliance with the acreage goal set by the county committee.

Growers who are certified as eligible are certain of receiving a price comparable to 90 percent of parity for their potatoes.

It is expected that support of the price of 1948 crop potatoes will be handled through purchase of lower grade potatoes. Producers must be eligible for support in order to sell low grades to the government.

It is possible that if there is a surplus of potatoes at harvest time, that the North Central Potato Committee, comprised of representatives of growers and handlers who administer the order regulating the movement of low grade potatoes, might request a regulation prohibiting the movement of low grade potatoes, Culkins said. Such a regulation, he pointed out, would prohibit growers from selling their low grades commercially.

Salty Atlantic

Surface waters of the Atlantic ocean are saltier than those in corresponding regions of the Pacific, according to Encyclopaedia Britannica. Although the reason for this is not yet known, evaporation is probably less in the Pacific because of lower wind velocity and rainfall is greater than in the Atlantic.

$1,800 in Prize Money Offered Exhibitors in Departments at Fair

Throngs attending the Pennington county fair in Thief River Falls August 2 to 5 will have an opportunity to view several thousand exhibits of products of the farm and home, competing for more than $1,800 in prize money offered by the fair board.

Occupying a featured spot in the exhibits will be the 4-H club department, in which more than 400 county boys and girls will participate. Monday, August 2, will be Entry Day at the fair, while Wednesday, August 4, has been designated as 4-H Day, when a variety of special features will be presented.

The exhibits will include representative showings of dairy and beef cattle typical of this area, according to Albert Koop, livestock superintendent. Also to be shown are outstanding specimens of sheep, hogs and poultry.

With a favorable growing season this year Cal Toomey, agriculture superintendent, anticipates a complete showing of grains and grasses and products of the garden.

The spacious woman's building will be crammed with exhibits of culinary products, plain and fancy needlework, flowers, art work and educational material.

THIEVES DEFEAT WINGER 3 TO 1

Pitchers Duel Features Game Wednesday Night

The Thieves' Harold Stroble and the Winger Tigers Maynard Skeie hooked up in a seven-inning pitcher's duel at the Fair Grounds Wednesday evening in the playoff of a postponed *Northern Minny league* game, and which was won by the locals by a 3 to 1 score.

With two out in the 1st inning, Blackie Stephens was hit by a pitched ball, Stephens stole second base, advanced to third on Paulsen's single to right field, and scored when the Winger first baseman fumbled a throw on Wayne Goethe's ground ball to shortstop.

In the 3rd inning, Stan Cockrell drove a ground single into right field, and then scored on Phil LeGault's triple to right-center. Stephens' single tallied LeGault with the Thieves' final run.

Held to a 1st inning single, the Tigers, in the 6th inning, pushed their lone marker across the plate. Morris Nornes, younger brother of the locals' Berdeen Nornes, doubled into right field and then scored on Wes Hodus single into short right field.

The summary:

		R.	H.	E.
Winger	000 001 0	1	3	4

Local Midgets Defeat Lake Bronson 16 to 14; Stephen Here Friday

Playing an exhibition game at Lake Bronson on Saturday evening, the local midget All-Star baseball team defeated the Lake Bronson midgets, the recent winners of the eighth regional midget baseball tournament, 16 to 14, in a free-hitting game. On Friday evening the local All-Stars will meet the Stephen midgets in a game on the Fair Grounds diamond, with the contest being slated to start at 6:00 p. m.

Bert Greenside, with three hits in four trips to the plate, and Joey Poole and Larry Gilbertson, each with two hits in three tries, led the locals in their 12-hit attack on Lake Bronson's Holmgren and Anderson. Greenside had a pair of doubles in his collection of hits, and scored three runs. Donny Johnson and Poole also scored three runs apiece.

Sharing the hurling duties for the local All-Stars were Kent Zabel, Roger Williamson, and Don Johnson. In the two innings that he pitched, left-hander Zabel gave up but one hit and two runs.

The summary:

		R.	H.	E.

Mrs. H. Christianson Dies at Goodridge Home, Rites Held July 22nd

Funeral rites were held Tuesday afternoon at the Gulbranson chapel, Rev. O. O. Bjorgan officiating, for Mrs. Halvor Christianson, who was summoned at the home of her son Carl Christianson July 22 at the age of 90 years. Interment was made in Fairview cemetery.

Born on May 3, 1858 in Norway, she came to Crookston in 1883 and that year was married to Halvor Christianson. They homesteaded on a farm in Knute township south of Erskine, where they farmed up to 1914, when they disposed of their farm interests and moved to Goodridge where they resided since. She was a member of the Goodridge Lutheran church. Due to ill health the past seven years, she has resided with her son.

Survivors include two daughters, Sena of Goodridge and Mrs. Frank Brunner of Clara City; three sons, Carl of Goodridge, Morgan of Columbus, Ohio and Joe of Crookston; 11 grand children. She was preceded in death by her husband, two daughters and a son.

Funeral Rites Saturday for Ole N. Trontvet

Funeral rites will be conducted Saturday afternoon, July 31 at 2 p. m., at the Evangelical Free church for Ole N. Trontvet, 69, who was summoned at a local hospital July 27. Rev. J. O. Jacobsen will conduct the rites and interment will be made in Greenwood cemetery.

BANDS TO VIE FOR $1 675 IN PRIZES AT LEGION PARLEY

Miss Minnesota Legion of 1948 to be Named at State Convention

Prize money totalling $2,525 will be awarded in band, drum corps and color guard competition during the American Legion state convention in Minneapolis, Aug. 7 through 11.

Highlight of the drum corps and color guard contests, beginning at 7 p. m. Monday, Aug. 9 at Nicollet ball park will be the naming of "Miss Minnesota Legion of 1948."

Twenty-two Legion bands and drum corps will either compete for $1,675 in prizes or give exhibitions at the contest, Harry W. Wilson, chairman of the convention musical activities committee, said.

Drum corps contestants entered to date are from Chisholm, Ely, Sleepy Eye, Brewster, St. Peter, Alexandria, Wells, Faribault, Litchfield, Cloquet, Sauk Centre, Duluth, Austin Breckenridge, Minneapolis and St. Paul, Wilson explained.

"Miss Minnesota Legion," who will be awarded a round trip to Miami, will be presented in a colorful ceremony at the drum corps contest. Her selection will be based on the following percentages: Charm, 35%; intelligence, 25%; poise, 20%; talent, 10%; and beauty, 10%.

Legion bands from Sauk Centre, Crookston, St. Paul and Minneapolis will vie for the state band championship Sunday afternoon, Aug. 8, at the Lake Harriet band shell. First prize is $400; second prize, $200.

BOND SALES DRIVE HITS $44,884,000

Pennington Ranks 52d Among Counties of State

Darrel D. Bandy, state director of the U. S. Savings Bonds division of the Treasury Department, announced today that Minnesotans purchased a total of $44,884,599 worth of U. S. Savings Bonds during America's Security Loan Drive, April 15 through July 15. This sum was equal to 67.7 per cent of the state's 66 million dollar campaign goal.

$32,291,261, or 74.5 per cent of the $42 million dollar E bond quota, was sold," said Bandy, and over 13¼ million dollars of F and G, bonds were sold during the drive for 56.0 per cent of the F and G $24,250,000 quota."

Bandy added that these percentages compared favorably with other state averages.

Jim Roche, chairman of Pennington county's Security Loan Bond Drive, reported that the citizens of the county bought $149,008 of U. S. Bonds during the drive, and that the county attained 69.6 per cent of its $214,000 goal, and holds 52d place among Minnesota counties.

Elmer A. Benson Named National Chairman of New Progressive Party

Elmer A Benson, former governor of Minnesota, was elected as the first national chairman of the newly-created Progressive party at the closing session Sunday of its first national convention in Philadelphia.

Orville Olson, Minneapolis, and Mrs. Frieda Elsert, Euclid, were elected as first Minnesota members of the national committee.

Walter Frank, Minneapolis labor leader, seconded the nomination of Benson, declaring "organized labor always knew it had a friend in the capitol when he was governor."

Social Security Agent to Visit City Tuesday

W. D. Kistler, manager of the Grand Forks Social Security field office, advises that some people lose benefits by not inquiring when they reach age 65. A representative of the Grand Forks office will explain requirements, give information, and accept claims from those eligible when he is at the employment office in Thief River Falls on Tuesday, August 3 beginning at 10:00 a. m.

Blind Musician Coming

Claire Hobart, who has been blind from childhood, will appear in a musical program Sunday evening, August 1st at 8:00 p. m. at the First Lutheran church. A free will offering will be received. Mr. Hobart has been serving as a missionary of the Gospel among the Mexicans, and a year ago he was working in the Warren area. Besides appearing in this musical program, Mr. Hobart will conduct the morning services on the first four Sundays in August. His first service will be August 1st at 10:30 a. m.

PRICE SUPPORT FOR COUNTY'S 1948 WHEAT CROP ARE ANNOUNCED

(Continued from Page One)

wheat which grades lower than No. 1, or in the case of spring wheat, lower than "No. 1 heavy" are from 1 to 9 cents a bushel lower than the loan rates for top grade wheat.

The support program, offered through Commodity Credit Corporation, will be open through December 31, Culkins said. Loans on wheat will mature April 30, 1949, or earlier on demand.

Under the purchase agreement program, which guarantees support without the necessity of taking a loan, the farmer indicates the number of bushels of wheat on which he desires price support protection, and pays a service fee on this amount. He then can deliver any amount of the commodity up to the number of bushels he specified, and he will receive the announced price support for it.

Purchase agreements will also be offered on 1948 corn, barley, rye, oats and grain sorghums, but support prices for these commodities have not yet been announced Culkins said.

The service fee for purchase agreement support is one-half cent for the maximum number of bushels for which the farmer wishes support, or one cent for each hundredweight of grain sorghums for which he wants this protection. The minimum service fee is $1.50.

There is no purchase agreement program for flax.

Farmers may obtain full details of both loan and purchase agreement programs from the county Triple A office located in Thief River Falls, Culkins said.

Aerialist to Perform at Fair Here Next Week

Stan Valero, celebrated high-pole aerial stunter, will contribute his sensational feats in the huge grandstand show at the Pennington County fair in Thief River Falls, starting Monday, August 2, and continuing through Thursday, August 5.

The daring aerialist works from a pole which towers 125 feet from the ground. From this lofty perch he presents a succession of breath-taking stunts.

WALLACE, TAYLOR ARE NOMINATED BY PROGRESSIVES

Former Vice President and Idaho Senator to Be on 3d Party Ticket

The new Progressive party unanimously nominated Henry A. Wallace for president Saturday, proclaiming that he can lead the world to peace.

Then the party's national convention at Philadelphia quickly chose Sen. Glen Taylor of Idaho as Wallace's running mate.

The nominations were by acclamation, without a roll-call ballot. Wallace and Taylor appeared before the cheering, singing delegates to acknowledge the nominations informally. They accepted them in formal speeches Saturday night.

For its standard bearer, the Progressive party chose the man who once was Franklin Roosevelt's vice president, the man President Truman fired from the cabinet for wanting to handle Russia with a softer touch.

Wallace's name was offered to the convention as America's "most courageous crusader for peace and plenty," as "the man who will give the American people a chance to vote for peace."

The words were those of Fred W. Stover, Hampton, Iowa, like Wallace a corn belt farmer.

MOTORISTS FINED IN LOCAL COURT

Penalized for Careless Driving, Overload Trucks

Two men were brought by the highway patrol into municipal court on careless driving charges during the past week, while four paid fines for operating over-weight trucks. Vern L. Norlund of Warren paid a $10 fine and costs on the careless driving charge, while Robert P. Wendel of Argyle was fined $15 and costs.

Clarence Jasperson of Bagley and John Wheece Jr. of Holdingford paid fines of $25 and costs on charges of operating trucks with total weights in excess of the statutory limit on Highway 1.

Lawrence Thiner of Wadena was fined $25 and costs for operating a truck with a total weight above the 12-ton posted limit over a bridge on a detour on Highway 32, while Edward DeLap of Thief River Falls was fined $10 and costs for a similar offense.

2,000-MILE STATE ROAD BETTERMENT PROGRAM NOW ON

Department Carrying out Extensive Program of Road Improvements

Approximately 2,000 miles of Minnesota's state trunk highway system are getting shaped up to provide better driving surfaces and give better traffic-service under a state highway department special maintenance program which is well under way as July nears its end.

The betterments and other so-called special maintenance operations being undertaken are separate and distinct both from the state's contract construction program and the routine maintenance operations involved in the care and upkeep of 11,220 miles of the state trunk system.

The special maintenance operations now either completed, in process, or scheduled for early performance include:

Special surface repairs and seal coating on 1,230 miles of bituminous trunk highways.

Heavy resurfacing to provide higher type roadways and driving surfaces on 300 miles of trunk routes.

New bituminous surfacing of 200 additional trunk miles of previously gravel routes.

Gravel surfacing on 260 miles.

This work will require more than 1,500,000 tons of gravel or other mineral material and over 12 million gallons of bituminous materials. Part of it is being done by special state crews and state equipment and part by contract crews with private equipment. The program in general involves relatively heavy operations, and with favorable weather is scheduled for completion by fall.

As distinguished from routine highway maintenance, the work done under special maintenance and maintenance betterment operations is of a type which adds to the value of the state's investment by providing improved bases or higher type surfaces. This is in line with the accepted engineering practice of advancing road types by successive stages of development which at the same time provide the public with progressively more serviceable and more durable highways years in advance of the time when funds would be available for their more extensive and costly improvement.

Alibi for Hunters

For the luckless hunter who waded through mud and shivered in the cold dawn — but still failed to bring home ducks for dinner — a new alibi has been presented. It is a scientific alibi, too, guaranteed to impress the little woman who had hoped to cut her butcher bill with hubby's bag limit of game. Maladies common to farm poultry are blamed by American Veterinary Medical association as among the factors causing a scarcity of game birds in many areas. Fowl cholera, pullorum disease and swine erysipelas were mentioned as infections which appeared to have killed off considerable numbers of wild waterfowl during the past fall season.

REPUBLICANS COOL TOWARD TRUMAN PLEAS

President Calls for Enactment of Program to Halt Rising Prices

The Republicans said "no" Tuesday night to President Truman's demand for price controls and other powers to halt rising prices.

They announced plans to wind up the special session of congress, called by the president, "as soon as possible." Many members said that meant within two weeks.

And they decided to turn the session into a civil rights fight, apparently ruling out any major legislation along the lines asked by Mr. Truman in a personal appearance before a joint session Tuesday.

The president called for swift enactment of an eight-point program to halt rising prices. His chief recommendations: some price controls now, limited rationing and wage-control in reserve, a new excess profits tax.

If inflation isn't checked, the president said, the result may be another great depression, just as the communists predict, and "the world's hope for lasting peace would vanish."

The chief executive called, too, for the house to complete action on the Taft-Ellender-Wagner housing bill, already passed by the senate.

He gave congress a list of other things he wants it to do—boost the national minimum wage to 75 cents an hour, increase social security benefits and pass a number of other laws needed now, the president said, for the benefit of our own people and to hold up our end in world affairs.

The Republicans, who control congress, gave their answer in a chorus of scoffing which reached a climax with a statement by GOP leaders of both houses.

They blasted the calling of a special session as a "political maneuver" by Mr. Truman "in the campaign for his own re-election."

They promised "consideration" of his anti-inflation proposals but they said the blame for high prices rests soley on the Democratic administration.

"It is our view that the restoration of OPA, subsidies, price control, wage control and rationing would only make things worse."

Then they announced what they would do: take up in the senate, probably Thursday, an anti-poll tax bill which southern Democrats are pledged to fight to a finish.

Frozen Baked Apples

Among the newest cooked fruit desserts to appear in frozen food stores are frozen baked apples. The apples are cored before baking so the stem end is removed but the blossom end is left in to hold the syrup during the making. The skin is peeled from the top of the apple, the core cavity filled with the syrup and the apples baked at 400 degrees until soft. After baking, the apples are cooled and packed. Packages are frozen and stored at six degrees below zero.

McMahon provides an air of charming gaiety to the performances with his warm personality, his easy but strong delivery and the newness of his gag lines and comedy situations.

SMILEY

At the Ole Lian home Monday evening about sixty invited people gathered to honor Mr. and Mrs. Gilmer Lian of Bremerton, Wash., who have been visiting at the home of Gilmore's parents, the Louie Lians. The hostesses were Mrs. Olaf Snetting, Mrs. Alvin Konickson, and Mrs. Ole Lian. A pleasant and sociable evening was enjoyed by everyone and gifts of cash were presented the honored guests as belated tokens of their two years of marriage. A swell lunch was served also.

Visitors at the Carl Lindholm home two weeks ago were Mr. and Mrs. J. Ranum and family of Fortuna, N. D. Mr. Lindholm rode back with them via Strandquist where the group visited relatives.

House guests over the week-end at the Ted Markus home in Bemidji a week ago were Mr. and Mrs. Jim McCrum, Bruce, Marilyn and Bobby. They also observed the water carnival going on in Bemidji and spent part of Sunday visiting Mrs. McCrum's cousin and family, the George Jacobsons at their lake cottage.

Mr. and Mrs. Al Gerend and daughter Mary Ann left Friday for their home in Akron, Ohio after spending a two week vacation with the various families of the Lendobeja clan. Mrs. Gerend is the former Agnes Lendobeja. The Gerends stopped in St. Paul on their way up here and visited an uncle and his family, the A. Lendobeja's. Mr. Lendobeja accompanied them here for a visit.

Mr. and Mrs. George Ege of Thief River Falls accompanied by their guests, Mr. and Mrs. Gust Jackstad of Moorhead, their daughter, Miss Helen Field of Minneapolis and Miss Johnson her friend were Wednesday visitors at the O. N. Olson home.

Mr. and Mrs. Fred Lerud, Carol Lynn and Jimmy of Fargo were supper guests at the Rudolph Hanson home Wednesday evening. Mrs. Lerud and Mr. Hanson are cousins. Other guests at the Hanson home the same evening were Mr. and Mrs. Gerhart Hanson and children and Carol Hanson all of Thief River Falls and Miss Ruth Angell of Minneapolis.

Sunday visitors at the Jim McCrum home were Mr. and Mrs. Lyzum Cota, Arlene and Bobby, Mr. and Mrs. John Johnson, Henry, Arthur and Elmer, Mr. and Mrs. Ted Markus of Bemidji.

Mrs. K. Nyberg and son Carl of Thief River Falls, Mrs. Dave Hall of Turlock, Calif. and Mrs. Victor Johnson of Holt visited at the Carl Lindholm home a week ago Thursday.

Dinner and supper guests at the Adam Lendobeja home were Mr. and Mrs. Andrew Lendobeja, Mrs. E. Lindcrantz and daughter Janice all of Minneapolis, Mr. and Mrs. Al Gerend and daughter, Mary Ann of Akron, Ohio, Mr. and Mrs. Walter Lendobeja and Julian. On Saturday this same group of people were dinner guests at the Walter Lendobeja home. Additional guests were Mr. and Mrs. Donald Hoff (Dolores Lendobeja) of Bismarck, N. D. who were home for the week-end. Other people entertaining the visitors were the Bert Johnson's and Ted Lendobejas in Kratka.

Mr. and Mrs. Art Knutson and family accompanied the Joe Knutsons, Bruno Beiswengers, Carl Beiswengers to Fisher Sunday, where they attended a large family gathering that day.

John Ranum motored to International Falls to get his wife who had spent two weeks assisting in the home of a nephew, Henry Halverson.

Mr. and Mrs. Mark Olson and children spent Sunday in Mahnomen with the Eugene Stiyer family. Mr. Olson and Mrs. Stiyer were girlhood friends.

The little son of Mr. and Mrs. Julian C. Lendobeja was baptized last Wednesday evening by Rev. Swanson of St. Bernard's church. The sponsors were Mr. and Mrs. Al Gerend. The little guy was named Peter John.

4-H Quips

Twelve cars comprised the caravan a week ago Sunday on the annual Smiley 4-H tour. The gang started at the Art Knutson home and ended up at the S. S. Nelson home for a hearty refreshments. Assistant Agent Bob Hayes conducted the affair.

A project meeting was held at the Adam Lendobeja home Thursday. Fourteen members were present. Demonstrations were given and the sewing project was discussed.

Miss Ruth Angell of Minneapolis spent a week of her vacation with her parents, Mr. and Mrs. Elias Angell in Thief River Falls and several days of this was spent with her sister and family, the Rudolph Hansons out here.

Mr. and Mrs. Bendick Hammer and Mrs. Hammer's father all of International Falls were week-end visitors at the B. B. Hammer home.

Mr. and Mrs. Ted Markus of Bemidji are spending a few days of his vacation visiting her mother, Mrs. E. Aakre in Thief River Falls and other friends in this vicinity.

Miss LaVinia Martin and fiance, George Moore both of Minneapolis are spending this week at the O. N. Olson home.

Happy news has been received in a birth announcement recently from Mr. and Mrs. Ray Johnson (Gladys Wiener) on the arrival of their first child, Judith Ann. The wee one arrived July 12. The parents are to be highly congratulated from the good folks of Smiley.

A family gathering was enjoyed at the Walter Lendobeja home a week ago Sunday. Guests were Mr. and Mrs. Andrew Lendobeja, Mrs. E. Lindcrantz and Janice of Minneapolis, Mr. and Mrs. Al Gerend and Mary Ann of Akron, Ohio, Mr. Julian C. Lendobeja, Mr. and Mrs. Bert Johnson and boys, Mr. and Mrs. Ted Lendobeja and children all of Kratka, Mr. and Mrs. Leon Lendobeja of Thief River Falls, Mr. and Mrs. Donald Hoff of Bismarck, No. Dak., Mr. and Mrs. Adam Lendobeja and Dianne.

Mr. and Mrs. Alfred Bredeson, Mr. and Mrs. Carl Hovie all of Thief River Falls were among the large number of guests at the Luther League at the B. B. Hammer home Sunday.

Monday evening visitors at the Jim McCrum home were Mr. and Mrs. Ted Markus of Bemidji, Mrs. O. N. Olson and Clara, Miss LaVinia Martin and George Moore of Minneapolis, Mr. and Mrs. Mark Olson and children, Mrs. Roy Ose and daughters Janet and Ann of Brimamade, N. Dak., who are house guests at the Mark Olson home.

Keeping House Warm

With the price of fuel high, many people are more concerned than ever with the loss of heat. As a result, houses should be given a thorough check-up in an effort to locate some of the many chinks through which heat is lost. It has been found that considerable heat is lost through poorly-constructed windows and doors. Weather stripping, an all-around job, and use of storm windows and doors have been found to help prevent the loss of heat and to help make the house more comfortable. Insulating the attic, ceiling and even the walls of the house not only helps to make the house warmer in winter but also cooler in summer.

CIVIL AIR PATROL IN U. S. NOW HAS 160,000 MEMBERS

Agency Given Permanent Status by Congress' Act; Gets Surplus Equipment

The Civil Air Patrol, volunteer citizens' organization which fought raiding German subs along our coastline in the dark days of 1942 with bombs and depth charges slung underneath tiny single-engined "flivver" planes, directed rescuers to submarine victims, and trained tens of thousands of cadet members who later served in the armed forces, is zooming out of its postwar slump.

Its present membership of *over 160,000* seniors and cadets already exceeds its peak wartime enrollment of 132,175, and the increase is continuing. The C.A.P. cadet program warrants careful study as probably the nation's fastest-growing youth activity, according to a report by the family economics bureau of Northwestern National Life Insurance company.

Expansion of C.A.P. has been spurred not only by the threatening international situation—active senior membership has more than doubled since the first of the year—but also by recent legislation and broadened government administrative policies; the Civil Air Patrol has just been given permanent status in the service of the United States by Act of Congress, and much more government surplus material, such as radar, radio telephone and other equipment, is being made available to it.

With such surplus equipment, a coast-to-coast radio telephone network available to the armed services and to the civil authorities in time of emergency, is now being set up by the C.A.P., which in some six months' time has already put 538 stations into operation, covering approximately two-thirds of the United States. Such a network could well prove priceless in wartime, the report observes, when regular communication facilities were overtaxed, or possibly knocked out by sabotage; in peacetime emergencies it can maintain communications with storm-swept or flood-isolated areas, and perform other useful liaison services.

But although C.A.P. is now an official auxiliary of the Air Forces it remains, as it started, a volunteer civilian organization, the survey notes.

Postwar Chemical Demand Hits Unprecedented Peak

The unprecedented peacetime demand for chemical products since the end of the war, which has led to a substantial expansion of plant facilities, also has resulted in an increase in chemical production of 150 per cent over the 1935-39 average, compared with 86 per cent increase for industrial production as a whole, according to Northern Trust company, Chicago.

The figures, based on the Federal Reserve board index of chemical production, take into consideration six major components of the chemical industry — paints, soap, rayon, industrial chemicals, explosives and other chemical products.

Breaking down production into inorganic and organic chemicals, inorganic chemical output has doubled since 1930. The output of organics, which go into production of synthetic rubber, plastics, improved natural fabrics, insecticides and synthetic fibers, has expanded sixfold during the same period. Inorganics still represent the major part of total production, however, accounting for 70 per cent in 1946, the bank pointed out.

The great increase in demand, while partly domestic, also is the result of wartime destruction of a large part of the chemical manufacturing capacity in foreign countries, the bank stated. Chemical exports in the first six months of 1947 showed an increase of 50 per cent over the same period in 1946.

Exiled the Tories

Out of a national population of about three million at the time of the American Revolution, it is estimated that 100,000 Tories were exiled.

REAL PURPOSE TOO OBVIOUS

President Truman's two main excuses for calling Congress back into session were, to check inflation, and, second, to meet the housing shortage. Both reasons provide nice subjects to talk about during a campaign for votes. Nobody wants inflation and everybody wants adequate housing so presumably Mr. Truman pleased all by speaking in favor of what all want. But while he spoke for inflation control, actually he recommended to Congress a program that would bring on more inflation.

The President did not recommend a realistic program to curb inflation and Congress will not pass a realistic program to curb inflation for the reason that such a gram would be no more popular now than it gram would be more popular now than it would have been a year ago, or two years ago or ten years ago. Labor, agriculture and business all would be against it because under a realistic and honest program of inflation control workers, farmers and business men all would have to take less than they are now getting. All would cry to high heaven that they were being robbed.

Our country has been in an inflationary spiral for quite a few years and our inflation is based pretty much on unwise government policies. It would be unfair to blame these unwise policies on any one political party. Republicans as well as Democrats are responsible. But certainly most of the blame must go to the Democrats and a large portion of the blame for recent policies must be placed upon President Truman himself.

As for housing, one sure way to slow down the progress that is being made in providing more houses would be to adopt a federal housing program. In spite of labor and material shortages more houses are being built than ever before and a government building program at this time would do more harm than good by adding to the confusion that already exists.

There can be only one explanation for the calling of the special session and that is politics. Under ordinary circumstances a president would not call a special session without first conferring with leaders of both major parties. In this instance the President apparently did not seek the advice of the leaders even of his own party.

Members of congress have listened patiently to his explanation of what he thinks should be done, realizing that the sole purpose of the special session is to discredit them. But the President in trying to play cute has not been cute enough. His real purpose has been a little too obvious.

Members of the Thief River Falls cemetery commission are calling for bids for the construction of a chapel and burial vault at the cemetery, and this is one minor improvement that will be welcomed by the community in a big way. A building of this kind is justified of course by considerations of comfort for mourners during the winter months. But it is also justified as a good business investment, for it will pay for itself over a period of years by the savings it makes possible in the cost of opening winter graves. Announcements of other improvements may be expected from time to time for the members of the commission are very much aware of the shortcomings of our cemetery and the need for a general program of beautification. A great deal needs to be done.

We are all agreed that what our country needs most right now is a few weeks of good harvest weather. A million dollar dry period would be much appreciated in this community.

The preliminary work of getting the streets in the business section ready for a face lifting is now pretty well out of the way and in a couple of weeks we should be able to enjoy the finished job. And with a good job of resurfacing the old pavement should be nearly as good as new. More than a quarter of a century has passed since the pavement was built and during that period of time little has been spent for maintenance. If the present job will take care of us for another twenty years the cost of having good streets will not be high.

Take Care of Furs

Give it the proper care, and a fur coat rated less serviceable will remain attractive longer than the most durable fur carelessly handled. The rules for good care of furs are easy to follow, say Iowa State college specialists. Keep a fur coat in the coolest closet, and be sure it isn't crowded too closely by other clothing. Shake the coat before and after wearing it to keep it fluffy. Moths, heat, light, moisture and friction are the enemies of furs. Dry a coat in circulating cool air when it gets wet. Keep a constant vigil against moths. Avoid carrying packages under your arm, sitting down with your coat fastened or sitting in your coat for long periods any time.

Looking Backward

1928—TWENTY YEARS AGO

Nearly 1,000 people attended the annual Red Lake resort picnic, and heard a talk by Congressman C. G. Selvig.—Eighty local men made a tour to 18 neighboring towns to promote the Pennington county fair.—Dollar bills of a new small size will be issued shortly, it was announced in Washington.—Miss Minnie Leavitt is returning from Fort Collins, Colorado where she attended summer school.—Bj. Bjornaraa and Bernhard Knudsen transacted business in Fargo.

1938—TEN YEARS AGO

Mr. and Mrs. Nils O. Lawson, for the past 34 years residents of this community, celebrated their seventieth wedding anniversary.—Elmer B. Benson of Glendive, Montana, was named manager of the Thief River Falls J. C. Penney store, succeeding H. E. Nelson, who served as manager since 1932.—Merle Shields, Middle River game warden, was critically injured when shot by a fellow warden while tracking down a bear near Gatzke.—Miss Sarah Vaughan and Miss Alice Stapleton returned from a four-weeks tour of the New England states and Eastern Canada.

Farm, Small Town Homes Reported In Good Repair

Homes on American farms and in small communities got one of the greatest face liftings in history during the past seven years and today are in the best condition in recent times.

Since 1940, major repairs have been made to more than 1,600,000 of the 17,186,000 rural and small town dwellings in the nation, and more than 85 per cent today are in tip-top shape or need only minor work, according to a Tile Council of America report. Only 73 per cent were in good condition seven years ago, it revealed.

Homes in rural areas and small communities are not only in better repair today but also more have such modern conveniences as electric lighting, tiled baths and running water than did before the war.

Electricity, for instance, has gone into more than 4,460,000 rural and small town homes in the past seven years, according to the report, which was based on surveys by the bureau of the census. More than three quarters of such dwellings are now electrified, in comparison with a little more than half in 1940.

Four of every 10 homes in rural areas and small communities today have private baths and more than half have running water, the report showed. In 1940, only one quarter had private baths and slightly more than a third had running water.

Our First Plate Glass

Capt. John B. Ford, several of whose great-grandsons still are associated with the glass business, was the first American to make plate glass.

In 1873 the first cable car climbed San Francisco's steep Clay street hill. Today, several of the city's hilliest sections are served by electric trackless trolleys.

THANK YOU FRIENDS

For the splendid business relationship we have had during our years of dealing with you. We have now sold our business to a native of this community, Mr. Orester R. Aase. (call him Ozzie). We are confident that he will do everything in his power to continue to give you the best service possible, that he will sell only the highest quality merchandise at a fair price. Your continued patronage will be greatly appreciated by Mr. Aase and he invites his many friends and neighbors to come to visit him in his new business, formerly HELLE OIL COMPANY, Sinclair Petroleum Products.

Personally, I have many hundreds of friends whom I will not be able to see as often as I have for the last fifteen years. I regret to think of not being able to continue to meet all you good people at this location, however, I wish you all the best of luck and hope to see you again.

Mr. Aase will operate this business under the name of AASE OIL COMPANY

PUBLIC OPINION

Editor of The Times:

I read with interest your recent editorial under the caption. (WAR WITH RUSSIA, COLD OR HOT). It is my opinion that enough editorials of this kind will have a distinct tendency to prepare the world for a hot war.

I wish you would try and put yourself in the place of a Russian and then re-read your editorial and evry place where the word Russian appears put the word American and where the word American appears use the word Russian, and where the word Stalin is used use the word United States. I think that if you will do this you will see that perhaps your editorial could have been much more friendly to Russia, without losing any plain spoken firmness.

I think the Editor of The Triumph-Monterey Progress did a much better job. I quote "The Russians claim that Berlin was to have been the capital of a united Germany occupied by the four powers and that since we and the British and French have set up a separate Western German government, Berlin, which is in the Russian zone belongs to them."

I think that Russia and the U. S. are both acting like spoiled children, we are sure to have differences but to allow these to lead us into a war, that, will probably destroy both countries, along with the greater part of our present day civilization, appears to me to be a VERY short sighted and immature policy, and not at all what should be expected from the two greatest powers that the world has ever known.

I suggest thet these differences be taken to the U N for settlement. When individuals have differences they take them to court for settlement, and do not start shooting at each other. They seldom get a settlement satisfactory to both, but among civilized people it is considered much better than shooting.

Lets get together and try to prepare the minds of the people to live in a World without War.

Paul A. Harris.

New Method Developed To Check Butter Color

An easy, low-cost test for determining how much carotene or other artificial coloring needs to be added to butter to give it the same rich, yellow color in all seasons has been announced by University of California college of agriculture dairy chemists at Davis.

Taking only a few minutes, the test consists of churning one-third ounce, nine grams, of cream in a Babcock test bottle at 87 degrees temperature, extracting the fat with a definite volume of benzine, and determining the color with a colorimeter or by comparing it with a set of permanent inorganic color standards using a simple comparator.

Any cream tester can use this method developed by G. A. Richardson, dairy industry professor, and M. Louisa Long, former staff member.

Butter varies in color with the seasons from pale to deep yellow, depending on the amount of carotene in the cow's feed. Buttermakers usually add harmless vegetable or synthetic dyes to standardize the color.

Carotene long has been advocated as coloring instead of the usual butter colors because carotene is important nutritionally and supplies vitamin A. It has not been used because of its scarcity and high cost. It also must be protected from heat and light.

School Fire Safety

"The modern elementary school curriculum should include instruction in fire prevention; for although fire is necessary to our living, we must learn how to respect its value and to prevent the disasters that occur when it is uncontrolled. The elementary-school child may be subjected to fire hazards both at school, at home, and in all places where children assemble. He must be made cognizant of these fire hazards, and be should be trained in the methods by which he and his associates can develop a fire-safety consciousness for the good of all," according to a report of President Truman's conference on fire prevention.

LOCAL JUNIORS TO SHARE IN DISTRICT TOURNEY JULY 31

Legion Team Defeats Alvarado 11 to 7 in Subdistrict at Warren

The Thief River Falls junior Legion baseball team surprised a favored Alvarado nine in a sub-district finals game played at Warren Saturday evening by scoring a 11 to 7 win. The victory gives the locals the right to represent the sub-district in the district Legion baseball tournament that will be held at Fergus Falls on Saturday and Sunday.

The local team tallied three runs in the opening half of the 1st inning against Alvarado, taking advantage of a pair of errors and a wild pitch, plus Alden Spray's double into left field, to plate the three scores. A base on balls, a stolen base, and a ground single, gave Alvarado a run in their half of the 1st inning; and in the 3rd inning, on a hit by Bob Iverson, a walk to Sersland, a stolen base, and a pair of infield outs, Alvarado scored to tie the game at 3-all.

Don Lunke opened the 5th inning for the locals by drawing a walk. Don Stadum was out, second to first. Pinky Adolphson grounded out, pitcher to first base, with Lunke advancing to third base. Grovum was walked. Lunke scored on a wild pitch, with Grovum going down to second base, Dennis Lund singled into right field, with Grovum stopping at third. Al Williamson poled out a long right field triple, driving in a pair of runs, and when Spray singled into left field, Williamson trotted over with the fourth run of the inning.

Alvarado, on a double by Dennis Olson and a single by Don Bergman, with a pair of errors, scored a couple runs in the last half of the 5th. But Thief River Falls tallied three times in the 6th inning to pull away from the Marshall County nine. Wagner opened with a triple. Lunke was safe on a bunt play when the catcher made a high throw at first base, Wagner scoring on the play. A sacrifice by Stadum moved Lunke to third base. On a fielder's choice, Lunke scored and Adolphson was safe at first base. Adolphson stole second base, advanced to third on a fielder's choice and scored on Lund's fly ball to centerfield.

A Thief River score in the first of the 7th gave the locals a 11 to 5 lead; but Alvarado, on a single and a pair of errors, pared that lead to 11 to 7 by scoring twice in their last time at bat.

POPPLERS DEFEAT OENS 7 TO 2 IN SOFTBALL GAME

Popplers Have Now Nearly Clinched the League Championship

Raking pitcher Milt Reierson for six hits in the 4th and 6th innings, plus a couple of outfield errors, the Poppler's Furniture team scored seven runs to defeat the Oen's nine in a city softball league game played at the Fair Grounds Tuesday night, winning by a 7 to 2 score. The victory just about clinched the league title for the red-shirted Poppler's for it gives manager Glenn Carlson's team a record of nine wins and one loss, with only four more games *to play. Oen's* meanwhile, has a record of six wins and two losses, and they have six games remaining on their schedule.

In Tuesday night's tense game the Oen's, on Babe Paulsen's double, a wild pitch, and Oberg's single into left field, scored a run in the last half of the 1st inning.

Milt Reierson set the Poppler's down in order in the first three innings, but in the 4th frame, after Cockrell had been called out on strikes, Bob Carlson looped a double into left field. Phil LeGault's centerfield single scored Carlson. LeGault stole second base. Stephens was out on a fly ball to left field; but Jim Welton lofted a high fly to centerfield and when the ball was muffed, LeGault scored and Welton moved around to third base. LaFave and Baker followed with ground singles through the box and two more Poppler runs came across the plate.

In the 6th inning Welton opened with a centerfield "Texas League" single, and then made a steal of second. LaFave's hard single scored Welton. Baker lifted a towering fly ball into left field and when the ball was dropped, LaFave scored and Baker gained third base. Wally Tunberg's fly ball to centerfield permitted Baker to score after the catch, giving the Poppler's a 7 to 1 lead.

Oen's, on singles by Lokken and Oberg scored a run in the last half of the 7th inning to pare the Poppler's lead to 7 to 2.

Games this week:

Thursday, Eagles vs. Viking.

With the Fair in progress next week the city softball league will be in recess, but play on the league schedule will be resumed on August 9th.

While only three games were played during the week, those three games provided some of the finest play of the year and the most excitement. On Monday night the fast-running Poppler's team, giving their pitcher Bob Carlson fine support, defeated the Oen's, 7 to 2. The well-earned victory just about clinched the league championship for the Poppler's.

Last Thursday night the Northern Chevrolet and the Oen's engaged in a game that proved to be the best-played of the year, with the Oen's edging out a 2 to 0 win. Milt Reierson, for the Oen's, gave up three hits, only one base on balls, and collected twelve strikeouts. Gordy Kaushagen of the Chevrolet allowed but five hits and one earned run, didn't give up a walk, and whiffed nine batters.

Gordy Kaushagen turned in another well-pitched game on Tuesday night when the Chevrolet team defeated Middle River, 13 to 1. Kaushagen gave up but one hit, and he had twenty strikeouts in the seven inning game. Les Vigness and Chuck Barr connected for homeruns off the pitching of George Hill.

THIEVES SCORE 16 TO 1 VICTORY OVER MCINTOSH

Locals Will Journey to Winger Next Sunday for League Encounter

The Thieves won their fifth Northern Minnesota baseball league victory on Sunday when they walloped a hapless McIntosh nine, 16 to 1, on the Fair Grounds diamond. On Sunday the locals will journey to Winger for a league encounter with the Tigers.

Pounding pitcher Lloyd Carlson for fifteen hits, and taking full advantage of the eleven errors committed by the McIntosh fielders, the locals racked up an easy win on Sunday *afternoon and gave local pitcher* Virg Evenstad a league victory in his first appearance on the mound for the Thieves.

Blackie Stephens opened the Thieves half of the 1st inning by lofting a triple into right centerfield, and then scoring on Phil LeGault's ground ball to the second baseman. A right field single by LeGault, an error, a double by Babe Paulsen, and a ground single by Bob Baker, added three runs to the Thieves total in the last half of the 3rd inning.

The locals scored twice in the 4th inning, three times in the 5th inning, twice in the 6th inning, four times in the 7th inning, and once in the 8th inning to boost their total runs to sixteen.

Meanwhile Evenstad was handcuffing the McIntosh batters, giving up but one hit in the first four innings of play. McIntosh averted a shutout by scoring their lone tally in the 5th frame. Rube Carlson singled into centerfield, advanced to second base on Sherm. Mandt's infield out. Whaley's short single into right field moved Carlson around to third base, and when catcher Merle Carlson overthrew third base in an attempt to catch the runner off the base, the McIntosh player came across the plate with the run.

Evenstad collected seven strikeouts, gave up but one base on balls, and allowed but seven hits.

The league-leading Plummer Red Sox pushed across five runs in the 9th inning of their game with Erskine on Sunday to "insure" their lead by winning an 8 to 2 decision from the stubborn Erskine team. For eight innings the two teams played nip-and-tuck baseball, with Plummer holding a 3 to 2 edge moving into the final frame.

Crookston's player-manager, Bill Lacies, made an auspicious entrance into Northern Minny league play when, on Sunday, he clubbed Red Lake Falls' Pinky Kraft for a homerun, two doubles, and a single, in four trips to the plate. Lacies' powerhouse batting was the factor that provided the Pirates with their 9 to 7 win over the Lakers in a game that definitely decided second place in the league standings. Red Lake Falls made a great rally in the 9th inning, scoring five runs and driving Crookston's Ken DuPuis out of the box, with Willis Swanson being rushed in to stem the Laker rush.

The local Thieves had an easy time in recording a 16 to 1 triumph over the McIntosh nine here on Sunday. McIntosh committed eleven misplays, and with the twelve hits that the local batters collected off Lloyd Carlson, the Thieves were able to score in seven of the eight innings that they were at bat.

Playing off a postponed game here Wednesday evening, the Thieves defeated the Winger Tigers, 3 to 1. Harold Stroble, on the mound for the locals, gave up but three hits.

Keeping Score

.... With BUCK OLSON

The Clincher.

The rambunctious Poppler's softball team waited a long while for such a night as last Monday, and when it came they took full advantage of it to score a resounding 7 to 2 win over the defending champion Oen's. And that win just about clinched the city softball league championship for the Poppler's. Glenn Carlson's team does have the Northern Chevrolet and the Eagles remaining on the schedule, but if the Poppler's hit and run as they did on Monday they should get by those two teams.

The Poppler's though, need not think they have seen the last of the Oen's or Milt Reierson, for with the city championship playoffs due in a month, the Oen's will be reorganized and ready to do battle to retain their title. Said Harold Stroble of the Oen's as he congratulated manager Carlson of the Poppler's on Monday night: "Well, the better team won—tonight." The implication being that on every other night but last Monday the Oen's would have the best team.

It is reported that Oen's will require a number of reinforcements shortly for several of the players are planning on moving away. Gordy Reierson has already gone to the west coast, and Jimmy Olson and LeRoy Lokken will be leaving in a couple of weeks.

A Win over Plummer

A Thief River Falls team finally defeated Plummer at baseball when, on Tuesday afternoon, the Hub Clothing midgets, captained and managed by Gary "Doc" Carlson, and with Joey Poole doing the pitching, defeated the Plummer midgets, 14 to 5.

May Aid the Dukes

The management of the Crookston baseball team has made a poll of the teams of the Northern Minnesota baseball league asking permission to allow Bill Lacies and Ken DuPuis, Pirate players, to play with the Duluth Dukes of the Northern League if Duluth makes a request for the two players. Duluth lost most of its ball team in that tragic bus and truck crash near St. Paul on Saturday morning, and the club president, Frank Wade, is making an effort to rebuild the team so that it can complete its schedule of games. Lacies, the Crookston Pirates playing manager, has been in communication with Duluth and it's possible that he may be playing with the Dukes.

The understanding is that Lacies and DuPuis, if they do play with Duluth, won't be placing their Northern Minnesota league eligibility in jeopardy as the league teams will make a waiver to permit the Pirate players to aid the Dukes in this emergency.

Best Wishes for the Juniors

Babe Paulsen's junior Legion baseball team provided an upset on Saturday evening when, in the sub-district tournament finals at Warren, they scored a convincing 11 to 7 win over Alvarado, the tourney favorite. And now the locals are being primed for the district tournament that will be held at Fergus Falls *on Saturday and Sunday.*

So it's congratulations to captain Alden Spray, Al Williamson, Harley Wagner, Don Stadum, Wes Olson, Wally Grovum, Pinky Adolphson, Pug Lund, Don Lunke, Jack Winter, Shorty Perkins, Rod Kaisler, and coach Paulsen, on a job well done in winning the sub-district, the best wishes for the squad in their effort to capture the district tourney this weekend.

Thursday Evening Golf

The local golf club's tournament committee announced that the regular Thursday evening matches will be played this evening, and that in addition a sound film, "Keystones of Golf," will be shown in the club house following the 8:00 p. m. supper.

Fulfilling Vic's Prophecy

Apparently Keith Jorde is going to make a prophet of Vic Jung, for Keith shot a two-over-par 74 over the Minneapolis Golf Club course in Minneapolis to tie for the lead in the state junior golf qualifying competition. Keith will now be eligible to play in the National Junior golf tournament that will be held at Ann Arbor, Michigan on August 11th. Vic claims that Keith will return from Michigan with a national reputation.

9,438 MOTORISTS FORFEIT PERMITS, MIDYEAR RECORD

Number is up Nearly 2,300 from Total for Same Period in 1947

More than 9,400 motorists sacrificed their drivers' licenses, either by revocation or suspension, during the first six months of 1948 as a penalty for violations of the state's highway traffic laws. This was nearly 2,300 more than the number of driving permits revoked and suspended during the same period in 1947, or an increase of 32%, according to the report issued this week by the state *department of highways for the* half-year period ending June 30.

Revocations for the period totalled 2,184 and suspensions 7,254 for a total of 9,438, as compared with 1,965 revocations and 5,176 suspensions for a total of 7,141 in the first half of 1947. Of the six month's total, 409 whose drivers' licenses were revoked and 2,435 of those whose licenses were suspended were drivers under 25 years of age.

June forfeitures were nearly double those of June 1947, with 456 revocations and 1,686 suspensions as against 253 revocations and 861 suspensions for the same month last year.

Overshadowing all other offenses as a cause for outright revocation of drivers' permits was drunken driving. Four hundred and four motorist's licenses were revoked last month for drunken driving and 23 for inebriacy, bring to a total of 2,027 the number of drivers whose permits to operate a motor vehicle were taken away from them by the courts because they tried to mix alcohol and gasoline. This compares with 1,714 drunken driving revocations a year ago.

DOPEY AND SPECKLES FORM FIRM ALLIANCE

Grand Rapids.—Dopey is a duckling, neither ugly nor dumb, as ducks go, or come—quite the contrary. Dopey's alias is Beauty. Speckles is a cocker spaniel lady who was bereaved of a recent litter of pups. She's handsome and intelligent, too. It's difficult now to say whether Speckles adopted Dopey or Dopey adopted Speckles, but the two are inseparable companions around the Gilbert Talaska place on Lake Pokegama.

Contract Is Awarded on Minnesota's No. 1 Farm-to-Market Road

Award of a $223,835 contract for completion of 5.8 miles of what has been aptly characterized as "Minnesota's No. 1 farm-to-market highway" was announced today by highway commissioner M. J. Hoffman. The contract, awarded to Fielding and Shepley of St. Paul, provides for the construction of a gravel base and plant mixed bituminous surface on the 5.8 miles of T. H. 100 from the junction of T. H. 55 at Mendota to the northwest's largest live stock market and meat packing center at So. St. Paul.

Over this highway moves 80% of all the hogs, cattle, calves, sheep and horses trucked to the market center from the farms of Minnesota and adjoining states. Last year this amounted to more than 160,000 live stock trucks, and this particular section of highway is now handling approximately 3,300 vehicles a day at the South St. Paul terminis.

Bids for the construction project were received by the state highway department on July 16 and the Fielding and Shepley bid was the lowest among eight bidders.

JESSE JAMES A PROMOTION STUNT?

Northfield.— William "Hobby House Bill" Schilling, columnist and commentator in the Northfield News, brands as a hoax the story that Jesse James, notorious bandit involved in the spectacular 1876 Northfield bank robbery, is still alive in Oklahoma. Bill has the backing of others with long memories in his contention that the real Jesse James is long since dead, and that his "discovery" is part of the promotion of a new book by an Oklahoma author.

William Jennings Bryan of Nebraska was nominated for the Presidency of the U. S. three times by the Democratic party.

Over 6,000 people were killed in farm home accidents last year.

Three Dees, Comedy Gymnasts, at County Fair Aug. 2-5

Sheer gymnastic skill and uproarious comedy are mingled with winning effect in the delightful, at times breath-taking act of the Three Dees, which will be presented at the Pennington county fair, starting Monday, August 2, and continuing through Thursday, August 5. Performing on a standard bar apparatus, with a height of eight feet, the Three Dees unfold a breath-taking succession of gymnastic turns. Revealing flawless timing and perfect control, they offer all of the standard bar features and, in addition, present some feats of their own conception.

POLITICAL ROUNDUP

By Arthur Naftalin

The September 15 primary is now only seven weeks away. The fur is already flying in the contest for United States Senator and before long the big guns will begin to boom in the various campaigns from the Presidency on down.

Incumbent Joseph H. Ball last week let loose a blast against "certain national and state labor union bosses" who, he said, are out to deat him for reelection to the U. S. Senate. His chief opponent, Mayor Hubert H. Humphrey of Minneapolis, expressed amusement at Ball's allegation that $250,000 would be spent in the campaign against him.

Humphreys' camp reports that it has been hoping to get financial help from the unions but that so far the unions have held back for fear of violating the Taft-Hartley Act, which Ball himself helped to get adopted.

It appears now as if neither Ball nor Humphrey will have any trouble in winning their party nominations. The threat of State Auditor Stafford King to file against Ball in the GOP primary does not seem likely to materialize. Filings close August 6, just 10 days away.

Humphrey is opposed in the DFL primary by James Shields, a leader in Henry Wallace's Third Party move. The Humphrey camp is not disturbed by this opposition, regarding it, in fact, as a favorable circumstance likely to enhance the interest in the DFL primary.

Humphrey is already hard at work on a vigorous campaign. He has made many talks over the state, and is scheduled to appear at many county fairs and local festivals. Ball, too, has lined up an extensive itinerary. So the air soon will be filled with much Senatorial oratory.

Regular Democrat-Farmer Laborites are hopping mad about DFL Congressman John Blatnik's refusal to identify himself with the DFL Party's regular ticket. Blatnik last week announced he would support the nominees of the Party and would make no endorsement until after the primaries are over.

Thus, Blatnik refuses to endorse Humphrey or the other regular candidates, despite the fact that he himself received the regular DFL endorsement. Meanwhile, he appears to be maintaining a close liaison with the Third Party movement, creating new suspicions among the regulars as to where his political loyalties lay.

Blatnik failed to attend the national Democratic convention in Philadelphia, after having asked the state DFL convention to name him as a delegate. When he failed to show, Eighth District leaders declared they would have it out with Blatnik when they returned.

State politicoes are watching with interest the silent moves of Governor Luther W. Youngdahl. In a side comment during a talk before the state GOP central committee, Youngdahl reminded the members that he had not yet filed for reelection.

The comment raised some eyebrows and some questions. Is there possibly some grounds to the rumors that Youngdahl is planning to shift to the Senatorial contest? Or is he just taking his time to keep dissident elements within and without the Party guessing?

The time for filing is running short, and, if there are to be any dramatic last-minute changes in strategy, they will have to come within the next week.

At least three major universities are reported to be considering the appointment of Harold Stassen to their respective presidencies. They are the University of Pennsylvania, John Hopkins, and Antioch college.

So far Stassen has revealed nothing concerning his plans for the future. A college presidency would appear to be a rather logical assignment for the interim before 1952, assuming Stassen is still interested in the GOP candidacy for President in that year.

The difficulty would be that it would take him out of Minnesota, necessitating his developing new grass-roots strength in whatever new state he might enter. Among the other guesses about Stassen's future is the simple and obvious one that he will return to his law practice at South St. Paul.

The court suit over use of the Democratic-Farmer-Labor Party name comes to a head this week. The Regular DFL petitioned the supreme court to deny use of the DFL name to the Henry Wallace Third Party. Friday of this week the Wallace group must file its reply to show cause why it should not be denied such use. Attorneys for both sides are having a private war of words over the matter with the Wallace attorney threatening to sue for libel because the regular DFL attorney claims the Wallace allegations are "based upon falsehood and perjury."

Ohio has about 500 miles of navigable rivers, 9,000 miles of railways and over 16,000 miles of state highways.

Mormons in the state of Utah were the first Anglo-Saxons to practice irrigation on a large scale.

VIKING

A bridal shower was given in honor of Marville Flodstrom, at the school house on Thursday evening, July 22nd. A short program was given followed by a few games. A delicious tray lunch was served. The honored guest was presented with a variety of useful gifts.

An accident that could have proved fatal occurred Saturday afternoon when three young boys took shotguns and went out squirrel and crow hunting. One of the boys guns accidentally discharged shooting Wayne Hanson, son of Frank L. Hansen to the right side of his back. He was rushed immediately to the hospital at Thief River Falls where he is still in a critical condition.

The Viking baseball team which has played two games during the past week won both games. On Friday night Viking vs. Argyle, 8-7, in favor of Viking and on Sunday afternoon, Viking vs. Alvarado, 12-9 in favor of Viking.

KAISER
FRAZER
Service wherever you go

In just two years we've built and sold more fine cars than any other new manufacturer in automobile history.

Why? Because America fell in love with the KAISER and the FRAZER on *sight*. Folks are streaming into Kaiser-Frazer showrooms and learning *from present owners* how dependable these two great cars are. They're learning—*from people who drive them*—how soundly they are built . . . how economical they are . . . how much enjoyment there is in owning one.

THESE ARE THE MOST-COPIED CARS IN AMERICA, road-proved by 250,000 owners in two billion miles of driving.

Because plenty of Americans insist on comfort, convenience, style and value, traditional leaders had to "move over"—as Kaiser-Frazer became the fourth largest manufacturer of motor cars in the world in two short years.

Why wait? Enjoy your new car this summer. *You'll get fair treatment and highest trade-in allowance.*

Live & Let Live

Tragic Auto, Truck and Bus accidents with loss of many lives and thousands of dollars worth of property should make us stop and THINK.

There are still many owners of autos and trucks who do not carry Personal Liability and Property Damage insurance.

This could almost be called an UNFORGIVABLE SIN.

We have had several such incidents in our loss experience this summer.

A young lady was driving out to her folks farm home when she met a car at a crossroad and clearly had the right-of-way which was admitted by the driver of the other car.

Her car was thrown down a steep ditchbank and was completely smashed and the girl thru one of God's miracles was not severely hurt.

Driver of 'other car' had no insurance. What if this girl had been killed or permanently injured.

Always a pleasure...
BEER

After watching nine exciting innings of America's greatest sport, baseball, to relax on reaching home. And . . . as you talk over the high lights of the game, that close put-out on second, the homerun and the final win by the home team . . . it's always a pleasure to enjoy a glass of cool, sparkling beer.

For beer is the kind of beverage Americans like. It belongs to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs to our own American heritage of personal freedom.

Beer belongs...enjoy it

MINNESOTA HISTORICAL SOCIETY

DRAFT BOA[illegible] IS APPOINTED [illegible] PENNINGTON [illegible]

To Handle Details of Registration Starting on Monday, August 30

The personnel of selective service boards in all Minnesota counties which will handle details in connection with the registration of young men of ages 18 to 25 inclusive and their drafting for military service was announced Monday by Governor Luther W. Youngdahl and L. E. Lilygren state director.

Appointed members of the local board for Pennington county were Harlan Bailey and Alex Cloutier of Thief River Falls and Patrick W. Culkins of the Hazel community.

Named for Red Lake county were S. J. Rice and Hjalmer H. Fredrickson of the Plummer community and Edwin F. Kiland of Red Lake Falls.

The Marshall county board will include Emil Anderson of Rosewood, Leslie A. Nustad of Warren and Emil Peterson of Middle River.

In a proclamation issued Monday, Governor Youngdahl states that registration is required of young men who will be 18 years old on or before September 19, 1948 and who have not attained their 26th birthday on August 30, 1948.

Registration, as announced in a recent issue of the Times, will be by age groups, starting Monday, August 30, for men born in the year 1922 after August 30, 1922.

The proclamation further states:

"I do further ask that the flag be displayed on registration days on all public buildings and on all private buildings and homes, and that all public and private business institutions of the state give employees who are required to register, the necessary time from their duty to fulfill the important obligation of registration incumbent upon them under the Selective Service Act of 1948, the Proclamation of the President of the United States and their duty as citizens and residents of the United States of America."

CO. BOARD AWARDS GRAVEL CONTRACT

Schenkey Given Job in Rocksbury and Smiley

The Pennington county board at its August session Tuesday awarded to Oscar Schenkey of Middle River the contract for gravelling one mile on County Aid Road 51 in Rocksbury and three miles in Smiley. The bid was in the amount of $3,160.30.

The board also approved a plat submitted by Adolph Kleinvachter for Kleinvachter's addition, lying outside the Thief River Falls city limits in Section 3, Rocksbury township. The acreage adjoins Southern addition on the west.

Routine matters, including the approval of current bills for payment also occupied the attention of the board.

Brother of Local Woman Wins Boxing Matches at Mill City Aquatennial

LaVerne Dreher of Lake Bronson, who boxes under the name of LaVerne Cole, last week won the championship in the heavyweight class at an amateur boxing show held in Minneapolis in connection with the Aquatennial. In his first bout with Larry Mosnick, he won by a decision, and in the final match Cole, who weighed in at 178 pounds, defeated Bill Bangert, weighing 243. The young boxer is a brother of Mrs. Knute Austad of Thief River Falls.

Pennington County Gets $24,000 Gas Tax Funds

A. R. Johsrud, county treasurer, late last week received from State Auditor Stafford King a remittance in the amount of $24,000, representing the semi-annual distribution of gasoline taxes due Pennington county. The distribution aggregated $3,072,475, compared to $3,650,750 February 1 of this year. Pennington county was one of 21 counties to receive the minimum allocation.

Too Big for Judge Lundgren to Handle

"If he were to wield this gavel in court, Judge Paul A. Lundgren would need to be a still bigger man than he is, for the implement, presented to him last Thursday at a meeting of the Red River Valley Peace Officers association in Detroit Lakes, weighs more than twenty pounds and has a three-foot handle.

Shown presenting the gavel to Judge Lundgren is Justice Oscar R. Knutson of the Minnesota supreme court. It was made by inmates of the reformatory at St. Cloud at the request of the peace officers' group.

Judge Lundgren was singled out for the honor because he was one of the organizers and the first president of the association.—Fargo Forum photo.

LEGION AUTO AND STYLE SHOW SET FOR OCTOBER 8-9

Merchants Committee of Civic and Commerce Also Plans Pre-school Days

The merchants committee of the Civic and Commerce association at a meeting conducted last Thursday by Bill Ekstrand, chairman, approved the dates of October 8 and 9 for the American Legion automobile and style show, which is being revived after having been interrupted by the war.

Another coming event planned by local merchants is Preschool Days, scheduled for Friday and Saturday, September 3 and 4, just in advance of the opening of the fall term of school.

Jim Roche, secretary of the C. & C., announced that a joint meeting of the association with the Junior Chamber of Commerce will be held at Squaw Point next Thursday evening, Aug. 12, at 6:15. He said the program will be informal, and that the dinner, to be served around a campfire, will include fried chicken and corn on the cob.

SIMONS IS GUEST AT AQUATENNIAL

With Wife Is Mayors Day Visitor in Minneapolis

Mayor and Mrs. Harry E. Simons enjoyed the hospitality of Minneapolis citizens last Wednesday, which was observed as Mayors Day at the Aquatennial.

At noon the mayors were guests of Land O'Lakes Creameries at a luncheon in the Nicollet hotel, while in another room their wives were guests of General Mills and witnessed the Dorothy Lewis Ice Show.

The party enjoyed a cruise and water sports at Lake Minnetonka during the afternoon, while in the evening the mayors and their wives, numbering nearly 1,000 were guests of Coast-to-Coast Stores at a banquet in the Nicollet, following which they witnessed a demonstration of television.

The visitors then were taken by bus to a vantage point from which to view the illuminated Aquatennial parade.

Harvest Resumed after Rainfall Last Thursday

After having been interrupted by a heavy rainfall last Thursday afternoon and evening, in which .60 inch was recorded at Station KTRF, harvest operations this week have gone ahead at full speed, favored by clear, cool weather. The mercury reached a low mark for the week of 44 Wednesday morning.

Rev. Weber, Assistant Pastor of St. Bernards Church, to Leave Aug. 17

Rev. Leonard Weber, assistant pastor of St. Bernards church the past two years, has been transferred, effective August 17, to Crookston, where he will serve in a similar capacity at St. Ann's parish. Succeeding him here as assistant to Rev. William Swanson will be Rev. Timothy Noah of Ada.

PLAN RELIGIOUS SURVEY FOR CITY

T. R. Falls Ministerial Assn. Sponsors Survey

At a meeting of the Thief River Falls Ministerial association last week it was decided to conduct a religious survey of the city this fall.

Sponsored jointly by the churches of the community, the survey committee will recruit workers from the participating congregations and will attempt to secure an up-to-date record of the religious complexion of the community. Pastors Thompson, Bendle, and Lindblom were appointed to direct the survey by the president of the association, Rev. M. Walter Pedersen.

The week of August 29th was tentatively set for the survey by the committee, with a meeting for the instruction of the workers planned for August 30th.

ROTARIANS HEAR AUXILIARY TRIO

County Fair Show Acts Also on Program Tuesday

The Rotary club at its luncheon meeting Tuesday noon enjoyed a varied program, including songs by the local Legion auxiliary trio together with brief performances by members of acts being presented at the Pennington county fair.

The auxiliary trio, which sang several well-received selections with accompaniment by Mrs. Harold F. Harrison, includes in its personnel Miss Grayce Dahlen, Mrs. Wayne Levorson and Mrs. Robert Bredeson.

Irene Vermillion, from the grandstand show at the fair, presented a dance number, accompanied by her husband, while Harold Plummer performed acrobatic stunts and Randolph Avery, in charge of the shows, spoke briefly.

Supt. P. L. Fjelsted Leaves for Decorah, Ia.

After having had charge of the Thief River Falls public schools the past five years, Supt. Phillip L. Fjelsted left Sunday to assume a similar post in Decorah, Iowa. His family will join him in Decorah next week.

PICK WINNERS IN 4H CLUB WORK AT COUNTY FAIR

Donald Netteland and Gladys Vigen Crowned Health King and Queen

Champions in all departments in 4-H club work were announced in front of the grandstand at the Pennington county fair Wednesday afternoon. Highlighting the event was the crowning of the health king and queen and the style queen.

LaVonne Lian of the Carlson 4-H club was crowned style queen by Robert J. Lund, of the fair board. The attendants to the queen were: Mary Ann Anderson and Lorrayne Russell, Steiner 4-H club; Shirley Hunt, North Star club; Dianne Lendobeja, Smiley club; Wanda Scholin, Bray club; and Helen Haugen, Carlson club.

Maurice Russell of the Steiner club, former county, state, and national 4-H health champion, crowned Donald Netteland, health king, and Gladys Vigen, health queen. Gladys will receive the trip to the state fair.

The grand championship in the beef division was won by Yvonne Rodahl of the Steiner club, showing an Aberdeen Angus calf. James Russell also of the Steiner club won reserve championship with his Aberdeen Angus calf.

Clayton Hanson of the Silverton club, with a purebred Shorthorn heifer, won the state fair trip.

The grand championship and reserve championship in the dairy division were won by James Muzzy of the Steiner club, with a Holstein heifer and cow.

Clayton Hanson of the Silverton club was selected as the champion beef showman and received a show halter from Ace stores in Thief River Falls. Champion dairy showman was James Muzzy of the Steiner club who also received a halter from Ace stores.

Cherry Johnson of the Rocksbury club received a grand

Local Boy Scout Troop to Make Extended Journey

Ninteen senior boy scouts of Troop 60, accompanied by Quentin Jones, Robert Nick, Wallace Christensen, James Magnuson and Morris Owen, will leave Monday on a two weeks vacation tour thru the Rocky Mountain National park in Colorado, Bad Lands in North Dakota, and Black Hills in South Dakota. The trip is sponsored by the Lutheran Brotherhood of Trinity church.

PAVING WORK IS PROGRESSING ON ST. HILAIRE ROAD

Work of Resurfacing Old Paving in City Is Now Well Under Way

After operations had been tied up by rain two and one-half days last week, the Woodrich Construction company has made good progress this week on its contract for the paving of Highway 32 north from St. Hilaire to Thief River Falls.

Proceeding at the rate of 1,500 feet a day, the contractors had paved for a distance of two and three-quarters miles up to Tuesday night, it was reported by K. V. Pearson, project engineer for the state highway department.

The Craig company Monday morning began the work of resurfacing the old paving in the downtown district, and by Wednesday had completed work on Main av. from Fourth st. to the Great Northern tracks.

The center section of the paving from Fourth to Sixth sts. on Main av. was being treated next, after which the crew will start work on Third st. as far east as the Soo Line tracks.

The process of applying the two-inch layer of bituminous material is an interesting one, and has attracted a large gallery of spectators. The work is all done with mechanical equipment.

Miss Arlene Eide and Mr. and Mrs. Vernon Eide accompanied Harold Storhaug on a trip to the Twin Cities, returning Monday morning.

Aquatennial Week Events Described by Donna Brossoit

Miss Donna Brossoit, who represented this city as Miss Thief River Falls in the Queen of the Lakes contest held in connection with the Aquatennial last week in Minneapolis, presents here in her own words her impressions of the huge summer festival.

When I returned from Minneapolis Sunday night, I just concluded the most thrilling experience of my life, that of actually taking part in the huge Minneapolis Aquatennial. I was very proud to represent Thief River Falls in the states most lavish celebration.

My first day there got off to a bad start as I missed the first meeting of all the queen contestants held at 3 o'clock that afternoon. I didn't oversleep, as so many think. The truth is that I was not informed of the meeting, so had no way of knowing that my presence was expected. However my absence at the first gathering had nothing to do with my chances in the actual contest.

Although I was late for the first picture I did arrive in time to have my picture taken with Allan Ladd. We met his wife Sue Carol, also Mayor Humphrey, who presented each queen with a gold key to the city.

In the parade Saturday afternoon the queens rode in convertibles with our names on the sides. From the parade we went to the Arthur Godfrey show at the auditorium. Sunday afternoon we had a wonderful time at the home of Mr. Kahler, boating, swimming, horseback riding at his home in Christmas lake, and also received an original bathing suit as a gift.

A visit to the Twin City television Laboratory proved very interesting. The details of television were explained along with seeing ourselves on the screen. We enjoyed visiting the Veterans hospital realizing that the majority of the patients were unable to see the Aquatennial.

As ice skating is my favorite sport, the Dorothy Lewis Ice Show was extremely fascinating. She skates on the smallest ice rink in the world alone and with seven other skaters.

During the week we were introduced individually at various public activities, music festivals in particular. At one of these we were presented with a dozen roses which we carried in the illuminated parade Wednesday evening.

I looked forward to Mayor's Day when I was able to see Mayor and Mrs. Harry Simons at the two banquets held that day.

Friday consisted of interviews with the judges and practicing for the coronation which was held in the Minneapolis auditorium. Each queen at the Coronation walked to the center of the auditorium where she was met by a naval officer who escorted her to the stage. We all lined up and here's where suspense and drama took place until the presenting and crowning of Leone Jaenson of St. Cloud, the 1949 Queen of the Lakes, took place.

Dancing to the music of Eddy Howard and his band and a farewell banquet at the Nicollet Hotel Friday evening concluded eight days of much activity. As a remembrance we were given an engraved gold bracelet.

I'd like to express my appreciation to the Jay-cees, KTRF, Civic and Commerce Ass'n, Mayor and Mrs. Simons, and people of Thief River Falls for the splendid support they gave me.

Excellent County Fair Program to be Offered Last Time This Evening

Goodridge Man Injured When Car Fails to Make Turn on T. H. 59 Detour

Olaf Olson of the Goodridge community is receiving treatment in a local hospital for injuries sustained when his car rolled over after failing to make the turn on the Highway 59 detour near the C. T. Thompson farm just south of the city. He was traveling south at the time of the mishap, which occurred early this morning.

Gordon Berg and Orbin Hanson, both of St. Paul, escaped serious injury when their car rolled over on Highway 59 seven miles southeast of Thief River Falls. They were released following an examination at a local hospital.

AUXILIARY TRIO TO GO TO CONVENTION

Will Compete for State Honors in Minneapolis

The recently reorganized vocal trio sponsored by the Thief River Falls American Legion auxiliary unit will leave Saturday for Minneapolis to participate in the music contest that will be a feature of the state convention of the Legion and auxiliary.

The singers include Miss Grayce Dahlen, Mrs. Wayne Levorson and Mrs. Robert Bredeson, while Mrs. Harold F. Harrison serves as accompanist and director of the group. The local trio was awarded the championship at the 1947 convention.

Also in attendance at the Minneapolis meeting will be delegates from Ecklund-Holmstrom post and unit.

N. DAKOTA PASTOR AT TENT MISSION

Rev. Gerald Splinter of Jamestown Is Speaker

Rev. Gerald E. Splinter of First Baptist church, Jamestown, N. D. is slated to speak next Sunday in services at 2:30 and 7:45 p. m. in the union tent meetings across from the bus depot, in Thief River Falls, said L. W. Lindholm, committee chairman, who added that Pastor Splinter is speaker in services next week and through August 15.

Rev. Splinter speaks also tonight and tomorrow night. Week night services are slated for 8 o'clock except Monday and Saturday. Sunday meetings are 2:30 and 7:45 p. m. This season's series continues through Aug. 29.

Field Secretary A. J. Thorwall, Minneapolis of the Evangelical Free church and Lindquist brothers closed their services last Sunday night.

Baganz Trio Will Appear at Lincoln High School Auditorium Next Monday

The Baganz Trio will be presented in concert at the Lincoln high school auditorium next Monday evening at 8:15. Otto Baganz, famed artist on the harp, was a pupil of Enrico Tramoti, Edmund Schuecker and Joseph Vito. After playing with symphony orchestras in this country, he went out with his children who assist him on the marimba, vibraharp and chimes, and has given over 3000 concerts during the last 14 years. Mr. Baganz bought his $10,000 harp in Chicago where it had been on display in the Hall of Religion at the Century of Progress exposition. The public is invited to hear this group next Monday evening. There will be no admission charge, only a free will offering.

Filing Period to Close This Afternoon at 5

No additional filings for office were made in Pennington county during the past week, County Auditor A. M. Senstad stated today, adding that the filing period closes this afternoon at 5 o'clock.

JUNIOR CHAMBER SPORTS CARNIVAL NETS SMALL GAIN

Committee Chairmen Report on Outcome at Session Last Thursday

Members of the Junior Chamber of Commerce, at a dinner meeting last Thursday evening, heard reports by Glenn Carlson, chairman of the 1948 Jaycee Sports Carnival, and Roland Erickson, finance chairman, indicating that a small surplus will remain after all bills in connection with the event have been paid.

Other committee heads called on for reports by President Karl Gerstner were R. G. Mabey, street carnival; Harold Paulsen, midget and intermediate baseball; Robert Carlson, supplies; Walter Larson, queen contest; and Dr. M. D. Starekow, official cameraman.

Following a request submitted in behalf of the fair board by Stuart McLeod, the Jaycees voted to sponsor an advance sale of tickets for the Monday night grandstand show at the fair.

Gerstner reported on an all-state Jaycees meeting held in Minneapolis July 24 and 25, and Jim Roche, secretary of the Civic and Commerce association, invited the junior group to attend a joint meeting with the C. and C. at Squaw Point next Thursday evening, August 12.

TALENT FROM FAIR ENTERTAINS LIONS

Avery Presents Vocalists and Contortionist Act

Members of the Lions club at their luncheon meeting Wednesday noon in the Rex Cafe were entertained by talent from the grandstand show at the Pennington county fair, the numbers being introduced by Randolph Avery, co-producer of the "Manhattan Jamboree" show.

The offerings, which were well received by the group, included songs by the "Four Queens of Song," and contortionist stunts by Harold Plummer, which included passing his body thru the opening in a standard-sized tennis racket.

In behalf of the Rotary club, Lloyd Bennes challenged the Lions to the annual inter-club golf tourney to be staged at the golf course Tuesday evening, August 17. The invitation was promptly accepted.

The program, over which Sig Quam presided as chairman, also included a brief talk on Lionism by R. G. Mabey.

'BEEP' TONE MEANS TALK IS RECORDED

Bell Telephone Company Announces New Gadget

A brief, high, almost musical note, called the "beep" tone, has been added to telephone service signals. The "beep" tone is heard every 15 seconds or so on telephone calls on which the conversation is being recorded.

The purpose of the "beep" according to A. J. Rau, Northwestern Bell Telephone Company manager, is to notify the person at the other end of the line that a record is being made of the conversation. Should the person object to having a record made of the conversation, he should ask the one with whom he is talking to disconnect the recording machine, said Mr. Rau.

Authorities having powers of regulation over telephone service recently authorized the connection of voice recording machines to telephone lines provided the "beep" signal is used. Equipment required to furnish the tone warning signal and to connect the recording machine to the line is furnished by the telephone company, but the recording machine is not.

"Manhattan Jamboree" Revue and Circus Acts Please Big Audiences

Favored by pleasant weather, the 47th annual Pennington county fair has attracted large attendances since it opened Monday, and patrons are apparently well pleased with the quality of entertainment presented.

Local citizens will have their last opportunity this afternoon and evening to inspect the varied exhibits and witness the grandstand show, which tonight will feature Gertrude and Randolph Avery's pleasing production, "Manhattan Jamboree."

The stage show acclaimed as perhaps the best ever presented at the fair here, is presented against a handsome background, with 16 dancing girls in attractive costumes and a seven-piece orchestra. The production numbers include Mardi Gras, Indian, Gay Nineties and bicycle motifs.

The circus and vaudeville acts included in the show include a varied array of top quality features, among them, aerial, slackwire, gymnasts, dogs, roller skaters, the Four Queens of Song, and a well executed act with trumpets and accordion.

The Legion municipal band presented half-hour concerts in advance of the shows Tuesday and Wednesday evenings.

As far as exhibits in the various departments of the fair are concerned, they are up to standard of recent past fairs, altho handicapped by the fact that the busy harvest season is now in full swing.

The livestock department includes a representative showing of the Shorthorn, Holstein, Hereford and Angus breeds of cattle, and some outstanding specimens of 4-H baby beeves. The sheep division also includes some excellent types.

The exhibits in the agriculture department, while not in as great numbers as in some past years, include grains, grasses and root crops of high quality. Some excellent specimens of poultry also are on display.

The woman's building is well filled with exhibits of plain and fancy needlework, culinary items, flowers and school exhibits, as well as a dozen or more commercial exhibits.

RURAL SCHOOLS TO OPEN TERM SEPT. 7

Teachers Signed to Date for 34 out of 36 Schools

Pennington county rural schools are better prepared for the opening of the fall term than are many other Minnesota counties, it was revealed this week with the announcement by Mrs. A. C. Matheson, county superintendent, that teachers have been secured for all but two of the 36 rural schools now operating in the county.

She added that the remaining two schools expect to sign up teachers in the near future.

All rural schools in the county will hold nine-months terms, Mrs. Matheson stated, with the fall term scheduled to get under way Tuesday, September 7.

Local Men Present at Peace Officers Session

In attendance at the summer meeting of the Red River Valley Peace Officers association at Detroit Lakes last Thursday were Judge Paul A. Lundgren, county Attorney L. W. Rullen, Sheriff Arthur Rambeck, Police Captain, Leonard Hanson and Patrolman Rene Werner.

Substitute Pastor at the Community Church

The Rev. A. N. Larson, superintendent of the Red River Valley Old People's Home of Thief River Falls, will be guest speaker at the Community Methodist church on August 8 and 15 while the pastor Rev. D. T. Beadle is away on vacation.

Andrew Langevin Takes Crookston Girl for Bride Saturday Night

In a wedding ceremony solemnized at the Our Saviour's Lutheran church in Crookston Saturday night, July 31, Miss Stella Hawkins, daughter of Mr. and Mrs. Harry Hawkins of Crookston, became the bride of Andrew Langevin, son of Mrs. Mary Langevin of this city.

The vows were repeated before an altar formally arranged with lace baskets of gladioli bouquets. Officiating at the double ring service which began at eight p. m., was the Rev. E. A. Schuelt. Mrs. Charles Perry of Crookston played the traditional wedding marches and accompanied Harold Anderson of this city, brother-in-law of the groom, as he sang "Because" and "The Lord's Prayer."

The bride wore a gown of white satin with leg-o'-mutton sleeves, fashioned with a sweetheart neckline and a long train. Her fingertip veil was fastened to a small Dutch cap. Her jewelry consisted of a pearl bracelet, gift of the groom; and earrings that had been worn at her grandmother's wedding. She carried a white Bible with streamers of fever-few falling from it.

Lorraine Hawkins attended her sister as maid of honor. She wore a pale blue gown with a net yoke and a tight fitting waist line and a veil to match. She carried a colonial bouquet and wore pearl earrings, a gift of the bride. The groom's sister Violet Langevin was bridesmaid and was attired in a gown of pink with a fitted bodice and matching veil. She carried a colonial bouquet and wore a rhinestone necklace and earrings. A niece of the bride, Sharon Myrold of Minneapolis, served as flower girl. She was dressed in white and carried a lace basket of roses. Her gift from the bride, a strand of pearls, was worn.

Glen Hawkins, brother of the bride, served as best man, and Merle Rolland of this city also attended the groom. Ushers were Dr. K. S. Albertson, Ray Myrold and Harry Fink.

Mrs. Hawkins, mother of the bride, wore a grey dress with white accessories, and the groom's mother was attired in a black suit with white accessories.

Covers were laid for more than 60 guests at the reception held immediately following the ceremony in the church parlors. Mrs. Tina Myrold poured; Miss Elsie Wermager had charge of the guest book; and Miss Emily Bargland had charge of the gifts. A three tiered wedding cake topped by a miniature bride and groom was the centerpiece of the serving table.

The bride is a graduate of Crookston high school and the groom, a graduate of Lincoln high school of this city, is employed in Crookston. They left on a wedding trip to Duluth and North Shore Drive and will reside at 318 Cromb St., Crookston, upon their return in two weeks. For traveling the bride wore a blue suit with red accessories and a corsage of small roses.

Out-of-town guests attending the wedding were Mrs. Mary Langevin, Mr. and Mrs. Harold Anderson, Mr. and Mrs. Merle Rolland, Tom Lidstrom of this city; Mr. and Mrs. Roy Myrold of Minneapolis; and Alfred Langevin of Hankinson, N. Dak.

Miss Agda Sahlberg Feted at Dinner at Jacobson Home

Mr. and Mrs. Werner Jacobson entertained at a dinner July 25, honoring Miss Agda Sahlberg of the Oakland Park sanatorium. Their dinner guests included relatives from Alvarado and Wheaton, Mr. and Mrs. Otto Klingborg and daughter Mrs. Edgar Olson, and Judy and Carole Olson. Afternoon luncheon guests at the Jacobson home were Mrs. Jane Johnson, Mr. and Mrs. William Gilbertson, Dr. and Mrs. W. P. Kaisler and Mr. and Mrs. Ed Kelly of this city. After lunch Mrs. Jacobson took Miss Sahlberg for a visit at the radio station KTRF.

Mrs. H. A. Brumund Entertains at Luncheon

Mrs. H. A. Brumund entertained at a bridge luncheon last Thursday. Guests were Miss Esther Stebbins of West Palm Beach, Florida, Mrs. Erma Brunelle of Crookston, and Mmes. H. O. Chommie, Kern Olson, Perl Mabey, John Lind, G. W. Booren, George Werstlein, L. W. Bullen and Alvin Holzknecht.

Beulah Lerol Weds Frank J. Weiss, Jr. in St. Paul July 17

In a single ring ceremony July 17 in St. Bernard's church in St. Paul, Miss Beulah Lerol, daughter of Mr. and Mrs. O. K. Lerol of rural Thief River Falls, and Frank J. Weiss, Jr., son of Mr. and Mrs. Frank Weiss of Dayton's Bluff Station, St. Paul, exchanged marriage vows, with Rev. Rommel reading the service. Preceding and during the ceremony a program of organ music was played with Miss Mary Ann Staffa as the soloist.

Given in marriage by her father, the bride wore a gown of ivory colored satin, with fitted bodice and button back, and an off the shoulder neckline. It had long sleeves and a hoop skirt that extended into a circular train. Her fingertip veil of illusion fell from a crown of orange blossoms. She wore a rhinestone lavaliere and earrings, gifts of the groom, and carried a bouquet of white roses and stephanotis. Miss Ruby Anderson of St. Paul was maid of honor, and the bridesmaids were Mrs. Kermit Maidment and Mrs. Matt Hoffman of St. Paul. They all wore identical gowns of light blue marquisette and carried bouquets of red roses. Their only jewelry were rhinestone bracelets and earrings, gifts of the bride.

Matt Hoffman, cousin of the groom was best man, and usher were Ed. Weiss and Kermit Maidment.

Mrs. Lerol, mother of the bride was attired in a blue dress with white accessories, and wore a corsage of red roses. Mrs. Weiss was attired in a green dress with white accessories and wore a corsage of yellow roses.

A bridal dinner was given during the afternoon at Dietche's Hall for about 50 relatives and close friends. In the evening a reception was given at Dietche's hall for approximatey 150 friends. Assisting at the reception were Miss Mary Moravec and Mrs. Robert Herrick, close friends of the bride, who had charge of the guest book and gifts.

Mrs. Weiss is a graduate of Lincoln high school, class of 1942, and has been employed at the Minnesota Mining and Manufacturing Company in St. Paul. Mr. Wiess attended Washington school, served with the U. S. Marine Corps and is now employed at Brown and Bigelow. Stella Ruth Stadum Becomes Bride in Hollywood, Calif.

Miss Stella Ruth Stadum, daughter of Mrs. Oscar Stadum of this city, became the bride of Albert G. Craig, son of Mr. and Mrs. Elgie Craig of Los Angeles, Calif., at a pretty single ring ceremony performed at eight o'clock in Hollywood Lutheran church on August 1, by Dr. Robert Kerstetter. 200 guests witnessed the service.

The altar was decorated with flowers of white gladioli, daisies and light candelabra, and as the bridal procession entered John Brant of Los Angeles played Lohengrin's wedding march. Miss Sally Breston sang "Through the Years," "Because" and "The Lord's Prayer."

The bride was given in marriage by Conrad J. Sund and was beautiful in a white dotted Swiss gown, with hoop skirt covered with daisy medallions, and fingertip veil. She wore matching gloves and carried a cascade bouquet of white daisies centered with an orchid. For something old she wore a lace handkerchief that had been carried by a friend, Mrs. R. Wilson, at her wedding 40 years ago.

Attending the bride were Miss Doris Moe as maid of honor, wearing yellow dotted Swiss with full skirt and gloves. She carried a colonial bouquet of daisies and wore a matching headdress. Mrs. Robert Craig, bridesmaid, wore a blue dotted Swiss gown with gathered skirt and gloves to match. She also carried a colonial bouquet of daisies and wore a headdress.

The groom was attended by Robert Craig as best man, and ushering were Woodrow Summer and Maurice Crane.

Following the ceremony a reception was held at the home of Hanna J. Sund, cousin of the bride, for approximately 125 guests. Her home was decorated with garden flowers. Mrs. C. J. Sund and Mrs. Woodrow Summer, poured; Mrs. Halvor Moe cut the cake; and Misses Grace and Connie McClellan were waitresses.

The bride is a graduate of Lincoln high school and is employed by Douglas Aircraft and the groom was graduated from Conago Park high school and is employed in Los Angeles, Calif., and they will be residing at 11902 Courtleigh Drive, Culver City, Calif. after they return around August 15 from a wedding trip to Yellowstone National park. For traveling the bride wore a blue and white wool bolero suit with matching accessories.

Guests attending the wedding included Mr. and Mrs. B. Bredeson of San Diego, Calif., Mr. and Mrs. Floyd Maxwell of Chino Lake, Calif., Mr. and Mrs. Halvor Moe and family, Ing Hendrickson, Mr. and Mrs. C. J. Sund and family and Raymond Sund.

MINNESOTA LEGION CONVENTION OPENS SATURDAY, AUG. 7

Series of Parades and Picking Legion Queen to Feature '48 Meeting

Parades and music contests with dozens of bands and musical units, a joint Legion and Auxiliary memorial service, drum corps and color guard competition, and noted speakers discussing national defense will form part of the five-day American Legion convention opening Saturday, August 7, in Minneapolis.

Prizes for parade and music competition winners will amount to about $4,600 in cash, Charles A. Fuller, president of the Convention Corporation, announced.

Scheduled to start at 9:30 p. m. Saturday, Aug. 7, the 40 and 8 parade will offer $1,305 in prize money for comic vehicles, ladies' drum corps, comic drum corps, bands, largest uniformed Voiture and out-of-state drum corps.

Sunday will see four Legion bands from Crookston, Sauk Centre, St. Paul and Minneapolis playing in competition at Lake Harriet Bandshell for the Legion state championship. The contest begins at 2 p. m.

A memorial procession with muffled drums will precede the Sunday joint Legion and auxiliary memorial service set for 7 p. m. at the Minneapolis Armory. The Rev. (Father) Frank L. Harrington, national chaplain of the American Legion, will give the memorial address.

The annual drum corps and color guard contest with $2,525 in prizes will take place at 7 p. m. Monday at Nicollet ball park. Featured will be the selection of "Miss Minnesota Legion of 1948" who will be awarded a free trip to Miami, Fla.

Principal convention speaker is Lt. Gen. Lauris Norstad, a native of Minnesota, deputy chief of staff for operations, United States Air Force. He will discuss an aspect of national defense at the 11 a. m. Tuesday session.

While army and navy planes fly overhead, an estimated 30 to 50 musical units and floats will move in a mammoth Legion parade along Nicollet Avenue, beginning at 2:30 p. m., Tuesday. Pirzes for this parade total $680.

Election of officers will be Wednesday, closing day of the convention. Only candidate so far for State Commander is C. A. (Chic) Zweiner, former Minnesota Legion state adjutant. Mrs. Oscar Alme, Moorhead, first vice president of the State Auxiliary, is unopposed for auxiliary president.

Charles Halsted DFL Candidate for Governor

Support for the payment of the state soldiers' bonus was expressed by Charles L. Halsted of Brainerd, the Democratic-Farmer-Labor endorsed candidate for governor, when he filed Wednesday with the secretary of state. In a filing statement, Halsted declared: "It has been the time honored custom of most states, including Minnesota, to pay a soldiers' bonus. I deem it only fair that we continue such a policy, provided the legislature will finance it by some equitable means and without a sales tax."

Halsted pointed out that as a state legislator he fought the diversion of school dedicated state income tax money. "I shall continue", he said, "to oppose any such further raids."

LOCAL TEAM WHIPS STEPHEN MIDGETS

Win Game 10 to 6 Altho Held to Only Three Hits

The local midget baseball team gave evidence on Friday evening that they are one of the northwest's top-flight midget aggregations when they defeated the Stephen midgets, 10 to 6, on the Fair Grounds diamond. Held to but three hits by combined hurling of Stephen's Mickey McGlynn and Naylor, the locals took advantage of the eight bases on balls issued by the visiting pitchers, and with a pair of errors and some heads-up base-running, to score their ten runs.

Stephen notched a pair of runs in the 1st inning when Kent Zabel gave up a pair of walks, and the locals committed two errors, allowing Thibodo and Harris to score. In the last half of the 2nd inning, walks to Don Johnson, Mongay, Roger Williamson, and a wild throw on Zabel's ground ball to shortstop, gave the locals three tallies. Coach Welton's nine added three more runs in the 3rd inning, with Johnson's triple to right center being the "power blow" of the inning. In the 4th, the locals padded their run total by scoring four runs, getting four walks and with Joe Poole doubling down the right field foul line.

TWO CLEARBROOK WOMEN VICTIMS OF CAR COLLISION

Florence Johnson and Twyla Long Killed in Wreck West of Bemidji

Florence Johnson, 42 and Twyla Long, 18, both of Clearbrook, were killed Friday in an automobile collision on Highway 2 a few miles west of Bemidji.

Both were passengers in a car driven by James Long of Clearbrook, brother of the younger woman. Long is in serious condition from shock.

Miss Johnson was in the front seat and was crushed to death. Coroner John McKee there said the Long girl's death was due to shock. She was in the back seat.

Two other passengers were in the same car. One of them, Wayne Bierhaum, 17, of 294 Iglehart Ave., St. Paul, suffered internal injuries. The other, Harriet Anderson, Clearbrook, suffered a neck injury and a cut over her right eye.

Three men in the second car bound for fishing, also were hurt.

George Raymond, East Grand Forks, Minn., driver, suffered a fractured right leg and Fred Stewart, same city, face cuts and bruises.

Joseph Howard, Grand Forks, N. D., was cut and bruised.

Funeral Rites Held Tuesday Afternoon for Mrs. Samuline Ordahl

Funeral services for Mrs. Samuline Ordahl, who passed away at the Warren hospital on July 30, were held at the Oak Ridge Lutheran church west of Thief River Falls on Tuesday afternoon. Rev. E. J. Raaum officiated. Pall bearers were three sons, Andrew, Sigvald and Henry Ordahl and three grandsons, Leroy and Donald Lokken and Albert Engen.

Mrs. Ordahl was born in Nordfjord Eide, Norway, Sept. 24, 1865 and came to the United States as a young girl. In 1893 she was married to Olaus Ordahl and they made their home on a farm in Norden township, Pennington county, where she continued to make her home until 1942 when she went to make her home with her daughter, Mrs. John Engen near Angus. Mrs. Ordahl was a member of the Lutheran church in which she was an active member.

Mrs. Ordahl is survived by the following children: Mrs. John Engen of Angus, Mrs. A. M. Lokken, Andrew and Sigval Ordahl of Newfolden, Henry of Thief River Falls, Osmund of St. Cloud and Bertha of Reedsburg, Wis. There are also six grandchildren and two great grandchildren. Her husband and one son preceded her in death.

Final Rites Held for Ole N. Trontvet, 69, on Saturday, July 31

Final rites were held Saturday afternoon at the Evangelical Free church, Rev. J. O. Jacobsen officiating for Ole N. Trontvet, who was summoned at a local hospital July 27 at the age of 69 years. Interment was made in Greenwood cemetery.

Born Sept. 12, 1878 in Telemarken, Norway, he came to Lake Mills, Iowa in 1896 and in 1905 he moved to Star township. He homesteaded and farmed there until 1938 when he moved to Thief River Falls where he has resided since. He was united in marriage to Gunda Rensla on Dec. 14, 1910. He was a member of the Eklund Lutheran church of Erie.

Hubert Humphrey, Mayor of Minneapolis, Files Today for U. S. Senator

Hubert H. Humphrey, mayor of Minneapolis, filed for the Democratic-Farmer-Labor nomination for United States senator today.

In a filing statement, Humphrey pledged his support for a foreign policy that will ensure peace backed up by a domestic policy that will maintain conditions of security and prosperity at home.

"America," Humphrey declared "must recognize its obligation to help establish and maintain peaceful and democratic conditions throughout the world. But our foreign policy will not be successful, if we do not back it up with a domestic program that will prevent another depression.

"In 1948, we will decide whether the boom we are now enjoying will lead to bust. We have it within our power to develop a program that will ensure farm security, check inflation, assist business in the fullest use of our resources, and protect the position of the working people."

Answers to Queries Regarding Hospital Bills Are Submitted

In anticipation of the many queries from patients regarding their hospital bills, the Greater New York Hospital Association, in collaboration with Associated Hospital Service, publishes the following article.

Q. Why are hospital costs higher today?

A. There are three main reasons:

1. Hospitals have had to raise wages and salaries to secure enough nurses, technicians and other personnel to care adequately for patients.

2. Next to salaries the most expensive item is food which has more than doubled in cost.

3. Everything a hospital uses costs more today. The cost of x-ray machines and equipment has increased 100%. Even the coal and other fuels that heat the hospitals have doubled in cost.

Q. Why pass increased costs on to us—the patients?

A. You will surely agree that those who get service should pay for it. It is the hospital's responsibility to safeguard the health of all patients—to provide, day and night, all the scientific skills and resources you may need. When life is in jeopardy everything possible must be done for the patient, regardless of what it costs.

Q. Is everything you bill us for necessary?

A. Yes.

Q. How about all those laboratory tests on this bill?

A. Your doctor ordered them as a help in diagnosis; these tests are necessary in order to safeguard your health.

Q. But why should they cost what they do—just to stick a needle in my finger, to draw a little blood?

A. You're forgetting the man behind the microscope and the trained technical staff required in the hospital laboratory. Laboratory findings might tell whether or not that piece of tissue means cancer, or when the slow clotting time of your blood indicates danger under surgery and many other things. Laboratory findings give your doctor a detailed picture of you and some tests require hours to complete.

Q. What about the operating room charge? Isn't that a high rental just to use a little room for a short time?

A. If it were an ordinary room the answer would be "Yes." But it's far more than that. Preparing the room requires a number of people, the operating room must be surgically clean. Endless scrubbing, laundering of all gowns, towels and linens, sterilization of bundles containing sponges and other material, of rubber gloves and instruments. Every detail must be handled with the utmost care and precision.

Q. You do that for every operation?

A. Yes. Without exception. And we provide the staff that assists your surgeon and anesthetist. Their services are all included in your operating room charge.

Q. Well, that throws some light on the subject.

A. We realize now that it's necessary for people to know our hospitals and our problems if we're going to keep our hospitals open to serve the public.

Q. I realize that no one makes a profit from a voluntary hospital such as this, but still the charges seem high.

A. You may be sure that this hospital's charges are no higher than are necessary. Even with today's higher charges most voluntary hospitals lose money.

Q. Why? I thought you said the increased costs were passed along to us, the patients.

A. Not entirely. Not only are many patients who cannot pay the cost of their care, but there are other general expenses which cannot be absorbed in charges to individual patients. For example, hospital equipment is expensive. A single sterilizer may cost $5,000; a portable x-ray machine $2,000 more. The equipment for an x-ray department might well cost over $100,000.

Q. But you can use hospital equipment a long time and get your money back, can't you?

A. No. Much hospital equipment becomes obsolete before it wears out and must be replaced to give the patient the full benefits of modern medicine. To keep pace with the progress of medical science in fighting disease, new equipment is being devised constantly to do a more efficient lifesaving job.

Q. What about your daily room rate? That's much higher than it used to be.

A. You have a room especially designed and equipped to care for the sick. Numerous changes of linens are required and you know what has happened to the price of sheets and laundry costs. Special foods are prepared for you, on your doctor's orders, and you are served three meals a day in bed. Our dietitian's staff figures out to the fraction of a gram the patient's diet. Only the best foodstuffs are used—top quality vegetables, fruits and meat; fresh eggs, milk and butter. Well—you know what your grocery bill is like these days so you should understand what all this costs the hospital.

Q. I suppose your payroll costs have gone up too?

A. Yes, salaries and wages are the highest in history and it requires a large personnel to provide the service necessary in a hospital. Staffs greatly reduced during the war are being brought back to normal. Not only doctors and nurses and highly skilled technicians, but maids, laundry workers, kitchen employees, engineers, office workers and all the rest. To operate all the departments of a hospital, each patient requires the services of approximately two hospital employees, whereas even the finest hotels have only one employee for each guest. These people have to be paid adequate salaries, such as they might receive elsewhere.

Q. But what about patients who CAN'T afford to pay?

A. When care is needed admission to a hospital must not be denied because the patient is unable to pay. Therefore, all voluntary hospitals give free service to the poor. Patients treated in our wards and outpatient departments pay whatever part of the cost they can afford to pay, or are treated without cost.

Q. I'm beginning to understand what hospitals are up against. But that doesn't pay my hospital bill. I need every penny to cover everyday living costs.

A. For people with moderate incomes, the Blue Cross plan and other pre-paid hospital plans make it possible to pay in advance for hospital care on a low month by month basis.

Q. Why do the hospitals advocate these pre-paid hospital plans.

A. Because such protection eliminates major financial consideration from our relationship with the patients. It makes it easier for us to carry on our service to the community. It helps to promote peace of mind for the sick.

Rocksbury Man Is Fined $100 for Liquor Offense

Henry Olson of Rocksbury was brought by Sheriff Arthur Rambeck before Special Judge Stanley Mortenson in municipal court Wednesday morning on a charge of having liquor in his possession for sale. He pleaded guilty to the offense and paid a fine of $100 and $6 costs. Sheriff Rambeck also confiscated nine pints of liquor found in Olson's possession at the time of the arrest.

WHERE THERE IS TALK THERE IS HOPE

As long as the diplomats of the world powers are able to sit down together and discuss international differences we do not need to worry about an immediate outbreak of war, and unless one of the parties to the disagreement actually wants a shooting war to start it should be possible to get our differences with Russia adjusted temporarily at least. We know that our side does not want war. We can be certain that the Russians would prefer not to have a shooting war. But we do not know how many chances Joe Stalin will take in his campaign of European conquest and he may decide that he has a better chance for victory by fighting now. As long as the discussions continue there is hope for peace however.

The western powers are not in a strong defensive position in Berlin, but that is not a reflection on present officials or administrations. This arrangement was agreed upon long before the end of the war, when that end was not yet in sight. Perhaps it would be unfair to President Roosevelt to scold his administration for getting us involved in such a mess. He and his advisers no doubt acted in good faith in agreeing to this arrangment, believing in the good faith of Stalin. We know now that it was a blunder for which we may have to pay a heavy price.

With the exception of meat the prices of farm products and foodstuffs are going down. Other prices are going up, and at a faster and faster rate. So reports Business Week in its last issue and that is not exactly a favorable report for a community that lives from the income it receives from the sale of farm products. The prospect certainly is not alarming however. For many months to come there will be a floor under the farm commodities market below which the price will not be permitted to drop, and this floor will go up or down with the cost of the goods the farmer must buy. It is the government's guarantee of parity to the farmer and as long as the government's credit lasts the farmer is going to be able to weather the inflation storm as well as anyone. There was a time when, because of the actual shortage of food, food costs forced other living costs upward. Now that we have reasonable assurance of ample food supplies and perhaps a few surpluses to worry about, the blame for any further increase in living costs will have to go to business management, labor and Uncle Sam.

Everyone seems to be happy about the weather of the past week; farmers, road builders and fair officials. Most important is the progress that has been made with the harvest, without which there can be no roads or fairs.

This Thursday is an exceptionally long day for a lot of candidates who are anxiously waiting to find out whether they will have opposition in the coming election and who their opponents may be. This is the last day for filing and if you have not become a candidate today then tomorrow will be too late.

Smoking Cigarettes Is Now Major Activity in State, Tax Commissioner Says

Smoking cigarettes has become a major activity in Minnesota, according to G. Howard Spaeth, state tax commissioner.

Spaeth has dug into the figures of his statisticians and comes up with the report that cigarette consumption in Minnesota has reached the point where it now averages approximately 93 packages per person a year, or about two packages a week. Minnesotans purchased a total of 291,389,168 packages of cigarettes in the year ending June 30, 1948, Spaeth said, or an average of 100 packages per person, but not all were consumed during the year.

But it's an ill smoke that blows nobody good. Revenue collected by the state under the new cigarette tax law amounted to $8,220,019.16 in the first year of its operation, Spaeth reports. Of this, two-thirds goes to the state, and one-third is distributed to cities, villages and counties. The local units of government thus will get approximately $2,740,000 of the first year's collection from the cigarette tax to help finance their activity.

Bell Telephne Company Completes $27,000 Job in T. R. Falls Offices

Installation of three new switchboard positions and 320 more local service telephone lines was recently completed at the Thief River Falls telephone office, according to A. J. Rau, Northwestern Bell company manager.

Rearrangement of cable distributing frames and switchboards was necessary in order to make room for the new equipment. Other new facilities added provide switchboard operating features that will improve the speed of handling for both local and long distance calls.

Cost of the installation was approximately $27,000, Rau says.

3 Seek Representative Post from Marshall Co.

A primary race for representative in the legislature from Marshall county became certain Wednesday when J. Henry Clausen, well known Grand Plain township farmer, filed for the office, according to Levi G. Johnson, county auditor. Other filings for the office include the incumbent, Emil Morberg of Big Woods and V. F. Kruta of the Gatzke community.

834 Fatal Accidents Occur in Minnesota in 1st Six Months of 1948

Ninety nine fewer accidental deaths occurred in Minnesota in the first six months this year than in the comparable period of 1947. According to figures released recently by the division of vital statistics, state department of health, there were 834 fatal accidents in the first half of 1948. This compares with 933 deaths in the first six months last year.

Although a decided improvement has been shown in 1947, the state is still falling behind in the safety campaign, which has as its slogan, "Save 400 Lives 1948, 399 and yours." At the present rate, the campaign will reach only half its goal of 400.

"In addition to the suffering and death caused by accidents, the financial loss is tremendous," Dr. A. J. Chesley, secretary and executive officer, state department of health, said.

THIEVES DEFEAT WINGER; TO PLAY CROOKSTON AUG. 8

Register Easy 23 to 7 Victory over Winger in Game There Last Sunday

Scoring fifteen runs on eleven hits, four errors a fielder's choice and a base on balls, in the first inning of the game afternoon, the Thieves "coasted" to an easy 23 to 7 win over the Tigers in a Northern Minnesota league encounter. The victory boosted the locals' league record to seven wins and three losses, and entrenched the Thieves in third place in the league standings.

On Sunday August 8, the Crookston Pirates, defending league champions, will invade *the Fair Grounds for a game* against the Thieves, and the outcome of this game will have a vital bearing on the league championship, with both teams needing the win to remain in the race.

In that hectic 1st inning at Winger on Sunday, the Thieves sent nineteen men to the plate, Blackie Stephens, the locals' leadoff man being at bat three times. Stephens opened the game by getting to second base on an error, Merle Carlson sent a ground ball to the shortstop, who trapped Stephens off second for a putout. Berdeen Nornes hammered out a long triple into right field scoring Carlson, and the rout was on. Phil LeGault doubled into right field, and Palmer Ronholm singled over shortstop, driving Winger's starting pitcher, Maynard Skele, off the rubber. Bob Baker greeted pitcher Bob Jensen with a ground single through third base; Powell hit a blooper that fell safe over the pitcher's mound; Virg Evenstad lined a single into left field, scoring Ronholm and Baker with the Thieves fourth and fifth run. Stroble was safe on the third baseman's error; Stephens singled on a grounder past shortstop; Merle Carlson struck out for the second out; Nornes clubbed a single into left field, with Stroble and Stephens tallying on the hit. LeGault was given a life when the Winger second baseman fumbled Phil's ground ball; Ronholt continued the ally by punching a single between short and third; Baker lofted a single to center field; Powell drove a ground ball to second, and when the Tigers infielder fumbled the ball, Bob was safe at first. Jensen left the mound, moving to shortstop, and young Vern Leines assumed the hurling for Winger. Evenstad was given a walk; and Stroble poled out a long double into left field, scoring Powell and Evenstad with the 14th and 15th runs of the inning. Stephens, up for the third time, struck out to end the frame.

The Thieves, held to two hits and no runs in the 2nd, 3rd, 4th, and 5th innings, picked up a pair of scores in the 6th, added two more in the 7th, three in the 8th; and a single run in the 9th to boost their run total to 23.

Meanwhile, Harold Stroble, who pitched the 1st inning, Virg Evenstad, who hurled the succeeding four inings, and Phil LeGault, who pitched the last four innings, held the Winger batters in check. Lefty LeGault collected eight strikeouts in the four innings that he "worked," but gave up six bases on balls and made three wild pitches.

JUNIORS HERE WIN CONSOLATION IN DISTRICT TOURNEY

Local Legion Team Is Eliminated in 1st Round by Detroit Lakes 8 to 2

The Detroit Lakes junior Legion baseball team eliminated the local nine in the first round of the district tournament played at Fergus Falls on Saturday and Sunday by scoring six runs in the 4th inning to break up a 1 to 0 ball game, and then go on to win by an 8 to 2 score.

Detroit Lakes won the district title by swamping the Breckenridge team, 17 to 3, in the championship finals on Sunday night. The local team earned *consolation honors by defeating* the Bagley club, 6 to 3, on Sunday afternoon, and in addition coach Babe Paulsen's squad was awarded the sportsmanship trophy.

After a walk to Wally Walbaum, an error and Sander's single had produced a run for Detroit Lakes in the 1st inning, the locals played the Lakers on even terms until the 4th frame.

In the "tragic" 4th inning Craig was safe at first base on an infield error; Disse singled to center field; Johnson was out, short to first; but Walbaum's triple drove in Craig and Johnson. Olson was safe on another error, with Walbaum scoring the Laker's third run of the inning. Marfozko was hit by a pitched ball; Sander connected for his third straight hit, a single. Two walks and an error gave the Lakers three more runs, and a 7 to 0 lead.

The locals scored their first run in the 6th inning when Wally Grovum, on first by being hit by pitched ball, was driven around the bases on hits by Wagner and Lund. And they garnered their second marker on Wes Olson's single and a Detroit Lakes' error in the 7th inning.

Trailing by a 2 to 0 score moving into the 6th inning of their game with Bagley on Sunday afternoon, the locals marked up three runs in the two last innings to gain a 6 to 5 victory. Alden Spray, who pitched for the local nine, slammed out a double in the 6th inning, and Harley Wagner poled out a triple in the 7th inning.

Friday, 9:00 p. m., Oen's vs. Viking.

The city softball league, with a number of doubleheaders on the bill, will begin its final month of play on Monday evening. The re-vamping of the schedule, and with the twi-light games to be played, were caused by the numerous postponements. It is planned that the revised schedule will permit the league to end its season on August 26th, so that the championship playoffs can be concluded by Labor Day.

Bridgeman's engaged in three games during the week, winning over the Hudson Motors team on last Wednesday evening, 20 to 11; and on Sunday afternoon they played a doubleheader with the Middle River nine, and marking up a win and a loss.

The game between the Northern Chevrolet and the Poppler's Furniture, slated for 6:30 p. m. on Tuesday evening, appears to be the week's premier attraction. the Chevrolets will pit their low-hit hurler, Gordy Kaushagen, against the all-round speed of the league-leading Poppler's.

PROWLER GOLF AND TENNIS TEAMS WIN

Make Clean Sweep of District Tournaments

The high school's Prowler golf and tennis squads made a sweep of the district tournaments that were held at Crookston on Tuesday. The golf squad with an aggregate of 344 strokes, had an advantage of 18 strokes over the runner-up Crookston Pirates.

Elwood Karwand, with an 80, won the district's individual honors followed by Len Hurst with an 81. Don Sponheim had a 91 and Jimmy Tygeson shot a 92 to complete the Prowlers scoring. Don Steenerson, with an 82, paced the Crookston Pirate golfers.

In the tennis competition, Wally Grovum and Jerry Furuseth won the district doubles title, and Wally added the singles championship to the local's trophy collection.

By virtue of winning the district titles, the Prowler golfers and tennis players are eligible to enter the regional tournaments which are scheduled to be held at Bemidji next week.

'48 INVITATIONAL GOLF TOURNEY ON LINKS HERE AUG. 8

Jimmy Nordine, Winner in Past Two Years, Not Expected to Compete

The 12th annual invitational shortstop golf tournament will be played over the local course on Sunday and, given favorable weather, a large number of golfers are expected to participate. Tournament officials state that the new holes on the course are playable and that the tourney will be played over newly-constructed layout.

Jimmy Nordine, winner of the shortstop tournament the past two years, has been in the city the past few days, but it is doubtful if he will compete on Sunday. Jim was called here by the serious illness of his father, O. S. Nordine, and under the circumstances he doesn't think that he will play on Sunday.

Nordine just recently completed his law course at North Dakota, and has been busy the past few weeks preparing for the state bar examinations. Jim intends to join a law firm in Duluth.

With Nordine, the tournament favorite, out of the meet, Sunday's shortstop should be "wide open." Crookston's Ernotte Hiller, Grand Forks' Paul Bridston and Dr. Wally Paulson, Detroit Lakes' Johnny Buck and Don Sealander, and the local club's Vic Jung, have been installed as championship flight favorites.

Keith Jorde, local junior golf luminary, will not play in the shortstop, having left town on Wednesday enroute to Ann Arbor, Michigan, and the national junior golf tournament.

All golfers intending to enter the shortstop tourney should list their entry with Russ Embury, tournament chairman, or with the club house custodian. It is hoped to have the championship flight off the first tee at 9:00 A. M. Sunday.

Meet Locals Here Friday Lake Bronson Midgets, Regional Champions, to

Coach Jimmy Welton announced that the city midget baseball team will play the Lake Bronson nine, the recent winners of the regional tourney, on the Fair Grounds diamond on Friday evening, with the game called for 6:15 P. M. On Sunday, August 15th, the Shop Pond team of St. Paul, the winners of the state midget baseball championship, will play the local all-stars on the Fair Grounds diamond.

Midget baseball games will also be resumed this week on the East Side diamond with the Knox playing the Washington team at 5:00 P. M. on Monday afternoon; and the Northrop school team meeting the St. Bernard's team at 5:00 p. m. on Tuesday afternoon.

Red Lake Falls at McIntosh.

The St. Hilaire Saints, showing a complete reversal in form, provided the surprise of the week in the Northern Minnesota baseball league by swamping the Red Lake Falls Lakers, 15 to 0, in a game played at Red Lake Falls on Sunday Manager Myles Jackson's Saint drove the Lakers' Harold Kraft off the mound, and continued their base-knock attack on "Pinkey's" successor, Dave Kelley, to pile up their convincing win. Meanwhile St. Hilaire's Woody Almquist, revealing the benefit of a week's rest, shackled the Laker batters to mark up his first shutout of the year. In addition, Woody aided the St. Hilaire offense by poling out a long homerun.

The league-leading Plummer Red Sox, after trailing by a 1 to 0 score, after five innings of play, broke loose for nine runs in the 6th inning and then pulled away to score a lop-sided 18 to 3 win over the last-place McIntosh nine. On Sunday the Red Sox will meet the St. Hilaire team in an important game on the Plummer diamond.

Thief River Falls, getting fifteen runs in the 1st inning, recorded a neasy 23 to 7 triumph over the Winger Tigers at Winger on Sunday. And this week the Thieves will engage the Crookston Pirates on the Fair Grounds diamond, with the outcome of the game having a vital bearing on the league race. The Pirates are in second place, a game behind the Plummer Red Sox, and the Thieves are in third place, just a game away from the Pirates.

.... With BUCK OLSON

They'll Be Tough

Those of us who accompanied Blackie Stephens and Berdeen Nornes to Crookston on Tuesday evening and witnessed that game in which they played in the Plummer lineup against the Crookston Pirates, learned that the defending champion Pirates, with Ken DuPuis and Bill Lacies in their lineup, are going to be a tough club for the Thieves to beat here on Sunday afternoon.

Tuesday evening's game, which was an exhibition and memorial game for the late George Treadwell, the Duluth Dukes manager who was killed in that tragic truck and bus crash ten days ago, was won by the Pirates, 2 to 1, after ten innings of entertaining and exciting baseball. DuPuis, on the mound for the Pirates, had seventeen strikeouts during the ten frames; but Vern Peltier, pitching for Plummer, matched DuPuis for effectiveness, and except for a poor throw to the plate in the 2nd inning, Plummer would have registered a 1 to 0 win in regulation innings.

The local boys, Stephens and Nornes, played fine ball. Stephens handled all the chances that came his way at first base; and Berdeen, playing in the outfield, drove in Plummer's only run on a long fly, and in the 8th inning he doubled down the right field foul line to start a Red Sox rally. Nornes reached third base with one out, but on a squeeze play, the batter failed to bunt the ball and Berdeen was tagged out at the plate.

Lacies and DuPuis will be in the Pirate lineup when Crookston comes here on Sunday. The two players had been considered by the Duluth team of the Northern league, but the Dukes have received ample replacements for the players lost in the accident, and Bill and Ken will be a pair of tough Pirates on Sunday. Lacies, wearing uniform No. 18, is a fine all-round ball player, and is rated the most dangerous batter in the league. He's played but two league games, and has averaged a homerun a game.

State Midget Champions to Play Here

The Shop Pond midget baseball team of St. Paul, winners of the state midget baseball tournament in Minneapolis last week, will be here on Sunday, August 15th to play coach Jimmy Welton's local midget nine.

The St. Paul team's manager, in accepting the invitation to come up here, stated that his boys would be thrilled at the trip up here to play ball. And the local boys are just as thrilled at the prospect of meeting the state champs.

For the Record

Plummer's Wally DuChamp, who takes great pride in his ability to avoid strikeouts, was whiffed twice by Crookston's DuPuis on Tuesday evening. But Wally had a lot of company that night, for the Pirate left-hander got Stephens and Nornes via the strikeout route, too.

Sportsmanship Winners

The Junior Legion baseball team, winners of third place in the district meet at Fergus Falls, was awarded the conveted Sportsmanship trophy. And that trophy is worth bragging about, for it is evidence that the local boys, although they were anxious to win ball games, never forgot that they were gentlemen.

874,222 MEMBERS AFFILIATED WITH BLUE CROSS PLAN

Community Hospital Care Plan Is Fifteen Years Old on July 31

"The end of July, 1948, marks the close of the 15th year of operation for Blue Cross, the community hospital care plan which has pioneered in the group hospitalization field since it was originated back in July, 1933," Arthur M. Calvin, executive director, said today.

"At the present time Blue Cross plan was founded, only pital for care at the rate of one every 5 minutes," he revealed, "and every 25 minutes a baby is born to a Blue Cross subscriber."

"Today there are 874,222 subscribers enrolled," he said, "and during 1948 alone Blue Cross will provide hospitalization benefits for them which will total more than $7,000,00 for the year.

"During the first six months of this year subscribers have used hospital benefits totalling $3,868,243 and have spent 398,643 days in the hospital," the director added.

According to Mr. Calvin, the leading cause of hospitalization for Blue Cross subscribers is maternity care.

"This fact is especially interesting when you consider that back in 1933 when the Blue Cross plan was fonuded, only 43 per cent of all babies born in Minnesota were born in the hospital and the remaining 57 per cent were born in homes.

"Today more than 96 per cent of all babies in the state are born in the hospital, resulting in a very considerable drop in infant and maternal death rates in Minnesota," he continued.

Mr. Calvin stressed the point that during its fifteen-year existence "Blue Cross has adhered strictly to the basic purpose for which it was organized, that of making the greatest possible hospital benefits available to the greatest number of people at the lowest possible costs."

Over the fifteen-year period 83.8 per cent of the Blue Cross plan's income has gone back to subscribers in the form of hospital care benefits; 12.5 per cent of the income has gone into administration of the plan; and 3.7 per cent has been put into a reserve fund for future hospital care, epidemics or other contingencies.

The Blue Cross plan is now administering the Minnesota Blue Shield plan, a companion non-profit medical-surgical service plan set up by Minnesota doctors to give people coverage for doctor bills. Mr. Calvin is also executive director of Blue Shield.

SOME POOR FISH JUST ASK FOR IT

A St. Paul family of four were paddling up the St. Croix recently on a vacation trip when a 38-inch 14-pound rock sturgeon flopped into their canoe. They went back to Stillwater and entered the hitchhiker in a contest. Manton Steberg's line broke when it tangled with the propellor while trolling on Zumbro river near Zumbrota. Later, John Aunet, in the same boat, hauled in his line with a bass on his own hook and Mr. Steberg's line entangled therewith dragging another nice bass on that hook.

PORTLAND FIGURES IN TWO REUNIONS

Mr. and Mrs. Rudolph Anderson of Comfrey drove with Mankato friends to Portland, Ore., where Rudolph enjoyed the first visit with his brother Carl in nearly 47 years. When Sam Hoglund, Fairmont tailor, went home one recent evening he found a stranger in the house with a faintly familiar appearance: his brother Adolph of Portland, Ore., they hadn't seen each other for 41 years.

POLITICAL ROUNDUP

By Arthur Naftalin

It will perhaps be several months, possibly a year or more, before the total effects of Harold Stassen's departure from the state upon Minnesota politics will be clear. For a full decade, even during the period he served in the Navy, Stassen was the dominant personality in the state's political affairs.

His leaving is certain to create a vacuum in the state's Republican leadership. It was his personality plus the prospect of his obtaining the GOP Presidential nomination that provided the state organization its momentum. Now Minnesota Republicans face a period of readjustment and change, and it is likely to be difficult period not unlike the experience of the Farmer-Labor Party following the end of Floyd B. Olson's influence or that of the national Democratic Party after Franklin Roosevelt was no longer present to spearhead the organizational activities.

There is, of course, much speculation over what this shift in residence will mean in terms of Stassen's own future. The obvious reaction is that Stassen will now be in a position to capture Pennsylvania's 74 convention votes for the 1952 or 1956 GOP Convention. They plus Minnesota's 22 would give him a firm beginning nucleus in any future competition for the nomination.

But Stassen may have to fight for his political life in Pennsylvania. Politics is not an easy companion occupation to the life of a University president, and Stassen will be under sharp restraint not to engage too openly in the politics of his newly-adopted state.

If he is to fulfill his commitments to the University of Pennsylvania, he will have to find the way of getting on with Democratic legislative leaders as well as Republican. Moreover, within the GOP state organization there will naturally be rivalries and antagonisms which Stassen will have to surmount to remain in the forefront of national politics.

Stassen's removal from the state brings to a close a distinct era in the political life of Minnesota. It was a period that saw the transition in the thinking of the people from isolationism to internationalism, and Stassen played an important role in this shift. It was a period, moreover, that witnessed the birth and growth of a new Republican *movement which was committed* to much of the liberal New Deal program.

Now the politics of the state enter a new phase. With Governor Luther W. Youngdahl the recognized leader of the Republicans and Mayor Hubert H. Humphrey of Minneapolis the spokesma for the Democratic-Farmer-Laborites, the two parties will vie with each other for recognition as the movement most in tune with the needs of the times.

The campaign of 1948 is likely to mark the launching of a new era, with new faces and new ideas, just as Stassen's debut in 1938 ended one period and began another.

Youth is planning to play an unusually vigorous part in the campaigns of both parties. Elaborate plans are announced by both the Young Republicans and the Young DFL leaders.

The Young GOP will hold what it claims will be its biggest state convention in its history at Duluth August 14. Its leaders announce the convention will be given over to planning a vigorous statewide campaign behind Thomas E. Dewey's candidacy.

Meanwhile, the Young DFL has projected a series of district meetings. Meetings are planned for Rochester, Mankato on August 14, and St. Cloud on August 15. They are planning to send "motor caravans" into the state to advertise the DFL ticket.

Avis Lee and Marvin Nelson Wed on Saturday

A quiet wedding was solemnized at the home of Rev. Thv. Myhrer on Saturday afternoon, July 31 at 2:00 o'clock when Miss Avis Bonita Belle Lee was united in marriage to Marvin LeRoy Nelson. Rev. Myhrer read the vows, while Miss Delores Nelson, sister of the groom and Jasper Lee, brother of the bride, were attendants.

The bride was very pretty in a white floor length dress and finger-tip veil. She wore pearl jewelry and carried red roses and white carnations. The bridesmaid wore a pink floor length dress with pearl jewelry and carried pink roses and white carnations.

The bride is a daughter of Mr. and Mrs. Hjalmer Lee, of this place, and is at present employed at the Land O'Lakes Produce Station here. The groom is a son of Mr. and Mrs. Nels C. Nelson, also of this place. He is employed by Oscar Schenkey, road construction contractor, and is at the present time located between Hallock and Lancaster.

Both young people are very well known here. They both were raised in this community and attended the Newfolden school. Their many friends wish them a very happy, prosperous and long wedded life.

Both Mr. and Mrs. Lee will continue at their present work for the time being, and at a later date will decide where they will make their home.

Mrs. Samuline Ordahl Passes Away

Rev. E. J. Raaum officiated at funeral services which were held from Oak Ridge Church, west of Thief River Falls on Tuesday, Aug. 3 for Mrs. Samuline Ordahl, 83 year old pioneer of that community, who passed away at Warren Hospital on Friday evening, July 30.

Mrs. Ordahl was the mother of Mrs. A. M. Lokken and Sigval and Andrew Ordahl of Newfolden. She had spent the largest part of this spring and summer here with her daughter, Mrs. Lokken. About a month ago she went to stay with her daughter, Mrs. John Engen at Angus. After a short time she became ill and was taken to Warren hospital, where she remained for a few days, felt somewhat better and returned to Angus, where she was cared for by her three daughters. On Tuesday afternoon she suffered a stroke and was again taken to the hospital where she grew steadily weaker until she passed away on Friday evening July 30.

A complete obituary will be published next week.

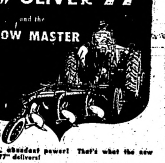
Perfect Plowing Team...

New OLIVER "77" and the PLOW MASTER



Sudden, abundant power! That's what the new Oliver "77" delivers!

Thorough soil pulverization! That's the result when you use the Oliver Plow Master and its exclusive Raydex bottoms with shares so low in cost you can throw them away when they get dull.

The new farm features of the Oliver "77" make this famous tractor more versatile and economical than ever to own. Its steady 6-cylinder engine and 6-forward-speed transmission give you nearly any ground travel and drawbar pull combination you need.

You have a choice of *three* engines: one for gasoline, one for tractor fuel—and a diesel, a specially designed, farm-engineered engine that will be available later. Also, you have a choice of interchangeable cast iron or stamped steel wheels for Row Crop Models to suit your traction conditions. What's more, every mounted tool is basically interchangeable with every other new Row Crop tractor. When you add the direct drive power take-off of the "77", metered oil system, battery ignition and the several other new improvements, you'll realize why the "77" is truly a *farmer's* tractor.

WITH PONTIAC SERVICE

PONTIAC SERVICE

You can't do better anywhere!

Your Pontiac is one of the most dependable automobiles ever built. Thousands of Pontiac owners have learned that *with proper servicing* their cars will perform brilliantly, mile after mile, with only routine attention.

Proper servicing is our kind of servicing—designed primarily to keep your Pontiac in perfect condition. Our mechanics are trained by factory experts: they use specially selected time-saving tools and factory-engineered parts. They know every inch of your Pontiac.

Our over-all policy, too, is dictated by the best interests of Pontiac owners: We do only the work you authorize. We charge no more for our expert work than you would pay for ordinary servicing.

On all counts—confidence, satisfaction and cost—you can't do better anywhere!

* * * * *

YOU CAN'T DO BETTER than Pontiac Factory-Engineered Parts. The parts we use are *exactly* the same as those installed at the factory—they always fit right—they always perform right.

Blood Kills Insects

Experimental work in the control of disease-carrying insects shows that it is possible in some cases to kill these pests by feeding to animals certain chemicals that will make the blood of the animals deadly to the blood sucking insect pests that prey on them. Typhus carrying lice and yellow fever carrying mosquitoes have been killed in this way. The U. S. department of agriculture regards the results of this research as highly significant, but it emphasizes that the work has not advanced to a stage where it is either safe or practical to apply it for protection of human health or of farm animals. Rabbits were used in the test and the chemical 2-pivalyl-1,3-indandione proved effective against the louse.

Ready for School Lunch

School lunches may be packed more quickly by making a week's supply of sandwich fillings at one time. The easiest way is to start with those things you have on hand, like cheese, leftover meat and peanut butter. Make these sandwich fillings and pack them into glass jars so they will be on hand for the quick sandwich spread each morning.

"Dry Milk Means Steadier Markets"
Land O'Lakes

"It was a break for thousands of dairy farmers when Land O'Lakes started making dried milk on a big scale," says Urban Oehrlein, manager-operator of the St. Michael (Minn.) Cooperative Creamery. "As a result, farmers have good outlets not only for butter—for buttermilk and skim milk, as well. For our farmers and our co-op creameries in Land O'Lakes this means steadier markets. It helps Land O'Lakes pay the highest average prices. Farmers get fair treatment through Land O'Lakes."

AIRPORT NEWS

Thanks to the efforts of Gust Frahm, Chris Klerk, George Rockstad and Bob Michafsky, the new wind tee has been painted a bright orange and white and edged with black and white squares. It is easy to spot from the air, and because it is sensitive to the slightest wind change, it is a more accurate indicator than the wind sock.

Harold Chandler is bouncing proudly around the airport in a new Willys jeep.

We've had a week of fine weather and lots of activity. Bob Mitchell flew his Navion in from Chicago; Lloyd Vevea and Amos Cann made a quick trip to Blackduck; Dick Haldorson from Hensel, N. D., flew over in a Stinson; and Fred Carriere came from Brooks in a Cub.

Two students completed the first part of their flight training and soloed last week — Francis [illegible] made his first solo flight on Tuesday and Beryl Klerk soloed on Wednesday. Incidentally, Beryl is the fourth member of the Klerk family heading for a private license. Her sister Jackie and Mrs. Klerk were granted their licenses last year, and Chris has had his for years and years. It's plain to see that the Klerks believe in keeping 'em flying.

R. J. and A. A. Kosmoski from Green Bay, Wisconsin, representing the Robbins Incubator Company, flew in with a Navion Wednesday to call on Shetler's Hatchery.

Mr. G. J. Amundson, manager of the Grand Forks airport, accompanied by Mrs. Amundson and Willis, called at the airport on business.

Mr. and Mrs. A. D. Hesselgrave and Tommy from McIntosh, S. D., came to visit Bob Sandall, highway patrolman stationed at Thief River Falls.

Deal Ellestad and Albert Raney stopped at the airport on their cross-country flight from Drayton, N. D., in a Cub.

Sid Kirk from Dorothy took his flight test last week and was granted a private pilot's license.

A. F. Burke, Jr., went to Minneapolis on Wednesday and flew back a Taylorcraft which he purchased there.

Raymond Awes, instructor at Oslo, brought a student, Silver Garcia, down to take his flight test. He was granted a private pilot's license by Harold Chandler.

Gene Allan flew his Tayorcraft on a trip to Bemidji and on to Coleraine and Hibbing on Sunday.

Ardell Moen from Alvarado, who was recently granted his pilot's license, and Tom Jackson from East Grand Forks flew in with a Cub while on a Sunday pleasure trip.

Donald Cooper stopped at the airport Sunday on a solo cross-country flight from Mayville, N. D., in a Cessna; and Jack Chilton was here on his solo cross-country from Fargo with an Aeronca.

Sid Kirk and Esther Wagner flew to Grand Forks in the Taylorcraft, taking young Jimmie Kirk there to visit with his cousins.

Monday visitors at the airport were: Mr. Imdahl from Oslo with a Cessna; D. L. McKenzie and Andy Carey from Crookston in a Stinson; and Dr. Bren from Detroit Lakes who flies an Ercoupe.

Thief River Co-operative Creamery

located in the heart of the Red River Valley, is managed by Mr. Fuller, who is constantly working to improve the quality of their finished products. Mr. Berglund, manager of the milk department for Bridgeman Creameries Inc. and Mr. Christianson the manager of the City Dairy, are also working continually to bring high quality products to their customers.

MILKSTONE CAN BE PREVENTED

Milkstone costs dairymen millions of dollars every year. Much of this loss is due to reduced quality of dairy products. Milkstone furnishes a nearly perfect hiding place for bacteria which in turn sharply lowers the quality of milk or cream when they come in contact with the bacteria ladened deposits. Other losses occur because the deposits cause dairy equipment to operate in-efficiently. Even slight formation of milkstone on cream separator discs will throw the bowl out of balance causing a loss of butterfat.

The first step in prevention of milkstone formation is to flush the equipment immediately after use, with ten or twelve quarts of 140 degree F. water and two heaping tablespoonsful of VEL. VEL being a 100% "wetting agent" makes the water wetter; it will penetrate the tiniest crack or crevice and remove the food for bacteria. There will be no scum formed to stick to the utensils. VEL will not only do a much better cleaning job, but it will make the job easier.

In cleaning dairy equipment, dairy specialists emphasize that soap and dish cloth are "OUT".

SPECIAL NOTICE TO DAIRYMEN

MR. FULLER, MR. BERGLUND, and MR. CHRISTIANSON, are READY AND WILLING AT ALL TIMES, TO HELP THEIR PATRONS IMPROVE ON BACTERIA CONTROL. They have a free booklet dedicated to the production of better quality milk and cream through the VELocity method of cleaning milking machines and cream separators. Be sure to get your copy.

CHECK THE FOLLOWING ITEMS, AS A POSSIBLE CAUSE OF HIGH BACTERIA COUNT:

1. Check closely for mastitis or garget in the herd.
2. Thoroughly clean all utensils with hot water and Vel.
3. Check utensils for open seams and cracks.
4. Check all parts of milking machine, including vacuum line, for contamination.
5. Wash udders and teats with Vel solution before milking.
6. Rinse all utensils before using.
7. Prevent sediment, dust, or flies getting into milk.
8. Milk with clean dry hands.
9. Check the efficiency of the milk cooling system.
10. Deliver milk to market promptly.

MILK AS IT COMES FROM HEALTHY COWS IS OF HIGH QUALITY, BUT IT CAN BE EASILY CONTAMINATED.

It has no shell like an egg. It has no hide like a hog. It cannot be shelled, peeled or washed. To be clean it must be produced clean and kept clean.

SMILEY

Helperette Club

The members of the garden club held a fine meeting at the home of Mrs. Evelyn Cota, who was hostess for the day. Roll call was answered by each member giving a canning tip. After a brief business session conducted by the president, Mrs Leah Burtness, Mrs. Grace Cook of Middle River gave a very interesting account of the Annual American Flower show held in Kansas City in February. Mrs. Cook was able to give the members a first hand description of the breath taking displays of gorgeous flowers because she was there as a spectator. Mrs. Cota had a contest for the members which was won by Mrs. Vivian McCrum while low prize went to Mrs. Burtness. Another contest was that of a seed guessing affair which was won by Mrs. Retta Hedlund. A delicious lunch was served by Mrs. Cota. Guests at the meeting were Mrs. Roy Ose of Brinsmade, N. Dak., Mrs. Ted Markus of Bemidji and Mrs. Grace Cook of Middle River. The September meeting will be at the home of Mrs. Mary Lindholm. Each member is to bring a joke for roll call.

Then on Friday evening came Mr. and Mrs. Martin Mathson, Clayton and Ruth of Rocksbury. Monday evening visitors at the Vigen home were Mr. and Mrs. John Jacobson and Carilyn, Mrs J. A. Erickson and Mrs Oliver Holmen all of Thief River Falls.

Mr. and Mrs. Ted Markus of Bemidji left Thursday for Fargo and visited over night with relatives there. They are now vacationing in Bookings, So. Dak., and attending the state fair there.

The Edwin Helgeland's had a party at their home Sunday afternoon. The occasion was to help their little twin nieces celebrate their first birthday. The honored pair were Dianne and Donna Helgeland, daughters of Arnold Helgelands. A feast topped with birthday cakes gaily trimmed and gifts formed the party's fun. Guests were Mr. and Mrs. Arnold Helgeland and children, Mr. and Mrs. Clifford Helgeland and tots, Mr. and Mrs. Edwin Helgeland and youngsters.

Sincerest "thank you's" are extended through this column from Mr. and Mrs. Gilmore Llan of Bremerton, Wash., for the wonderful homecoming party given for them two weeks ago by neighbors. They really appreciated the party which came as a complete surprise. The young couple were married Dec. 6th 1946 and this was their first trip to his folks, the Louie Llans, since then. They have an eleven month old son, Leonard Gilmore. After spending a three week vacation with his parents, his grandparents, the John Kvalls and numerous other relatives, both here and in Hibbing where they visited at the Ed Loween home, they returned to Bremerton where Gilmore is a truck driver at the Puget Sound Navy Yards.

WASHINGTON REPORT

Congress is back in Washington sooner than we figured, thanks to the President's special session call, and so I am resuming these weekly reports for its duration.

After the first week of the special session, there is general agreement among both Republican and Democratic members at least in private: first, that the President's call for and his special session message were primarily political; second, that Mr. Truman has made political hay by this unusual maneuver; and third, that little constructive good will be done the country by the whole proceeding, since there is little chance of any major legislation being passed.

The reason for this grows directly out of our free form of government. It is very easy for the President, who has only his own mind to make up, to recommend to Congress specific solutions to a whole series of complicated and controversial problems, thereby appealing to many different groups who are backing one or another of his proposals.

But Congress is in an entirely different position. In order to act on any major legislation, a majority of 431 Congressmen and of 96 Senators must separately agree, through the democratic process of debate, compromise and final decision, on its terms. And then usually a conference committee of both Houses has to resolve their differences in a manner which will command majority support.

As the President well knows, having himself served in the Senate, that process takes time. In his message, he listed twelve issues on which he demanded that Congress act during a session he himself suggested should not last more than fifteen days. On high prices, he asked for eight measures, on so-called civil rights, for at least three. It took the Senate alone more than two weeks to consider price control during the war, when there was substantial agreement on the need for control and the argument was over method. Now, indications are that a majority of Congress is opposed to price control in peacetime.

To blandly tell the American people that Congress could and should act on all of these proposals within a few weeks therefore adds up to pure political double talk. Congress could not act on all the President's proposals in a full six months session and give them real consideration.

What probably will come out of a two or three week special session will be some minor measures aimed at stronger control ammendments to the housing law passed at the regular session. The House probably will pass the $65,000,000 loan to the United Nations to build its headquarters in New York. The bill already has passed the Senate. The Senate is working on anti-poll tax legislation, which was on its calendar and has passed the House, but unless a compromise constitutional amendment is worked out, there is slight chance of beating a filibuster by southern Democrats.

Although I am opposed to totalitarian controls in peacetime I have supported and still support several measures proposed by the President. Several have passed the Senate, but run into unsurmountable opposition in the House. Nevertheless, I believe in our system, which does protect the rights of the opposition on any issue. Perhaps the President will gain politically by this blatant attempt to put Congress and our democratic system "on the spot", but the country and the cause of freedom will lose.

TO FILM UNUSUAL OCCUPATIONS

Want to get yourself, your town, or some friend in the movies? A Hollywood corporation will have a crew in Minneapolis and St. Paul late in August to get shots for two film features of national distribution: "Unusual Occupation" and "Popular Science." Colorful movements is the main requirement. Interested Minnesotans are invited to write to Department of Business Research and Development, Capitol St. Paul 1.

The purchasing power of Minnesota farm products now stands at 50 per cent above the prewar level.

CANDIDATES IN FALL ELECTION ALL HAVE FILED

Judge Paul Lundgren, Two County Officials Have No Opposition

Primary election contests are scheduled in the first, third and fifth commissioner districts in Pennington county, there being three candidates for each post when the filing period ended last Thursday afternoon. O. M. Mandt, incumbent commissioner in the fifth district did not file for reelection.

Henry Storhaug is unopposed for reelection to the office of clerk of court, as is Herman A. Kjos, who filed to succeed himself as judge of probate. Also unopposed is Judge Paul A. Lundgren of the 14th judicial district, seeking election to the post to which he recently was appointed by Governor Luther W. Youngdahl.

Commissioner candidates in the first district include Odin C Hanson, Silverton; Theodore P Hyland, incumbent, Highlanding; and Frank Race of Goodridge, former member of the board.

Those seeking election in the third district are Paul Roy, incumbent; Carl R. Anderson of Sanders, former AAA county chairman; and August Scholin of Bray township.

Candidates for the post now held by Mr. Mandt in the fifth district include Simon Breiland of Kratka; Waldie Christensen of Smiley; and Glenn Tasa of Hickory township.

Representatives W. E. Day of Bagley and C. S. McReynolds of Clearbrook have both filed for reelection to the lower house of the state legislature. Only other candidate Adolph W. Olson of Shevlin.

Following is the complete list of filings for state officers in Minnesota as well as for the U. S. senate and Ninth district congressman. Incumbents' names are marked *. Republican candidates' names are followed by R. while right-wing DFL candidates are marked R-DFL and those endorsed by the Progressive or left-wing DFL are marked P-DFL. Unendorsed DFL

WM. KRUSE FARM WINS IN CONTEST

Polk Centre Couple Win Improvement Contest

Mr. and Mrs. William Kruse of Polk Center township have been selected as the winners of the 1947-48 farmstead improvement program for Pennington county. Other county contestants were Ted Lendobeja, Lloyd R. Johnson, John Burtness, Adam Lendobeja, and Ole S. Dahl.

Frank A. Hobbs, Pennington county agent, and the state college extension service have worked with WNAX radio station to make farmstead improvement the largest and most thorough incentive to better farm appearance that has ever been undertaken by any radio station.

As an inspiration to develop better farmsteads, $50 in merchandise award will be given to the county winner and a $1,000 award to the state winner.

Judges for the local county contest were: Mrs. I. J. Russell and H. F. Harrison.

HARLAN BAILEY IS DRAFT BOARD HEAD

Owen Olson Appointed Clerk of Local Board

Harlan Bailey was named chairman of the recently appointed Pennington county selective service board at its organization meeting early this week, and Owen Olson, who served as chairman of the board during the late war, was appointed clerk.

Other members of the board, which will conduct the registration of men up to the age of 25 for the peacetime draft, are Alex Cloutier and Patrick Culkins of the Hazel community.

Board members are now engaged in a quest for suitable office quarters.

AUXILIARY TRIO WINS FIRST PLACE IN STATE CONTEST

Wins Top Honors at State Legion Convention for Second Successive Year

The Thief River Falls Legion auxiliary trio Monday repeated its 1947 achievement by again winning first place in the ladies' trio division o the state-wide vocal contests that were a part of the Minnesota Legion and auxiliary convention in Minneapolis.

Members of the local group are Miss Grayce Dahlen, Mrs. Wayne Leverson and Mrs. Robert Bredeson, while Mrs. Harold F. Harrison serves as director and accompanist.

The Minneapolis Legion mixed chorus won top honors in that division of the contests, which were held in the auditorium of the Schmitt Music company.

Also participating in the auxiliary convention was Mrs. Emmett Wright, who submitted a report dealing with the weekly radio program conducted by the Thief River Falls unit.

STATE CHAMPION MIDGET BASEBALL NINE HERE SUNDAY

Shop Pond Aggregation from St. Paul Will Play Locals on Fair Grounds

Midget baseball will take the spotlight here on Sunday when the state champion Shop Pond team of St. Paul plays the local nine on the Fair Grounds diamond at 3:00 p. m. The St. Paul team is expected to arrive here early Sunday morning.

Coach Jimmy Welton announced that he expects to start Dick Bjorkman on the mound against the champions, with Bert Greenside doing the catching. At first base will be Kent Zabel; Joey Poole at second base; hard-hitting Donny Johnson at shortstop; and Larry Gilbertson at third base. Patrolling the outfield will be Jack LaSalle, Jake Hoppe, and Stan Rosengren. Other squad members and who are probably due to see action, will be Rodger Elofson, Darryl Vad, Rog Wilrafeseth, and Bill Mongay.

The Shop Pond team will line up with Lefty Wieck on the mound and Jack Sheehan doing the catching. The infield will have John Lapadat at first base, Marvin Laux at second base, Jack Donahue at third base and Jerry Kindall at shortstop. In the outfield will be Edwin Stromme, the team's leading hitter, Don Hoffman and John Bartz.

Don Willey of Warren has been secured to umpire the seven-inning game.

Will Korstad Again Is Operating Grocery Here

Will Korstad again is proprietor of the grocery store formerly operated by him on East Third st. He purchased the business last week from Gay Haugen, who had taken it over recently from Harold Burrell. The establishment now is being operated under the name of Korstad's Grocery.

Polk Co. Highway Job Is Awarded to Schenkey

Three state aid road improvement contracts for construction work on principal county roads of Polk and Stevens counties have been awarded by the state highway department, acting as agents for the counties. The awards announced today include: Polk county, S. A. R. 4—Grading for 5 miles from Crookston eastward to Oscar Schenkey of Middle River for $27,137.

LOAN RATES ON COUNTY GRAIN ARE ANNOUNCED

Chairman P. W. Culkins Urges Local Farmers to Provide Storage Space

Pennington county farmers were reminded today by Patrick W. Culkins, chairman of the county Agricultural Conservation Committee, that they need not sell their 1948 grain crop for less than the announced government price supports.

"I would urge farmers to provide storage on their farms," Culkins said.

Reports indicate that terminal and country elevators space will be tight because of the high production expected this year, he said. He pointed out that storing grain on the farm allows marketing to be spread over the year instead of overtaxing marketing facilities at harvest time.

Government loans will be made on 1948 produced crops of wheat, oats, barley, rye, and flax in approved farm storage or stored in approved warehouses. Purchase agreements also are offered as a means of price support on these same grains.

Under the purchase agreement provision, the farmer specifies in the agreement the quantity of grain to be supported, and pays a small fee based on that amount. He holds title to the grain, and may sell it in the open market if he wishes. Under terms of the agreement, the Commodity Credit Corporation will accept any quantity of the grain up to the amount specified in the agreement, and pay the support price for it.

Support price rates in Pennington County are as follows: Farm Stored: wheat, $2.04 plus protein premium; flax, $3.71; oats, 65c; barley, $1.15; rye, $1.23. Warehouse stored: wheat, $2.01 plus protein premium; flax, $3.71; oats, 58c; barley, $1.08; rye, $1.19.

"In view of reports forecasting a bumper 1948 crop, producers who expect to take advantage of the price support program should make plans immediately for adequate farm storage of their 1948 crop," Culkins said.

This would assist in bringing about orderly marketing of this year's crop, he said.

Full information on what constitutes adequate farm storage and details of the price support program may be obtained from county Triple-A offices. Arrangements for loan and purchase agreements are handled thru these county offices, Culkins said.

Wiener Top and Body Works Starts Erection of Addition to Garage

The Wiener Top and Body Works Wednesday started construction of a substantial brick addition to its garage on Main av. across from the Auditorium. The building, being erected on lots south of the present structure, will measure 75 by 93 feet when completed. John Wiener, proprietor, stated that he plans to remodel the present building in 1949.

Exhibits of 4-H club members at the county fair last week gave ample evidence that the quality of Pennington county livestock is improving with each passing year. Pictured above are specimens that won grand champion ratings in the 4-H division.

In the upper picture at left are shown Jimmy [illegible] with his Holstein cow and Clayton Hanson with his Shorthorn heifer. At upper right is Cherry Johnson and her prize Poland China pig. Pictured at left below is Jerry Nelson and his Hampshire sheep, while at right is [illegible] Williams and her Bronze turkey.

4-H Royalty Crowned at County Fair Last Week

In accordance with the custom of past years, 4-H club royalty was crowned at the Pennington county fair Wednesday of last week. In the upper picture Maurice Russell, left, who himself was crowned Minnesota 4-H health king in 1947, is shown crowning Gladys Vigen and Donald Netteland, Pennington county health champions and both members of the Rocksbury 4-H club.

The lower picture shows Lavonne Llan of Middle River, center, who was crowned queen of the 4-H style show, together with her attendants. Left to right, they are Mary Ann Anderson, Dianne Lendobeja, Lorrayne Russell, Miss Llan, Wanda Schollo, Helen Haugen and Shirley Hunt.

X-RAY SCHEDULE IN EAST MARSHALL TO START MONDAY

Mobile Unit to Visit Grygla Next Monday and Gatzke Tuesday

"Tuberculosis is still the first cause of death among United States people between the ages of 15 to 45."

This statement comes from the state Christmas Seal organization, with a reminder to residents of Marshall county to be sure to have their free Chest X-rays when the Mobile unit arrives in their area.

"X-rays make it possible to spot TB before there are any outward symptoms of the disease", according to Dr. E. A. Meyerding, executive secretary of the Minnesota Public Health association. "When discovered early, tuberculosis can be cured," he stated. "While it remains hidden, the person who has this disease is passing on germs to his family and to people in his community."

The x-ray schedule for the next week of the survey has been announced as follows:

Monday, Aug. 16, Grygla, afternoon and evening.

Tuesday, August 17, Grygla, forenoon, and Gatzke, afternoon and evening.

Wednesday, August 18, Middle River, afternoon and evening and Thursday, August 19, forenoon and afternoon.

He added that the $1 activities fee is payable at any time after Wednesday, August 18, and continuing until the opening of the fall term.

SCHOOL FACULTY IS NOW ALL SIGNED UP FOR FALL TERM

Last Vacancy Is Filled at Session Monday; Term to Open Tuesday, Sept. 7

The Thief River Falls board of education at its August meeting Monday evening, approved the appointment of the last teacher needed to complete the faculty for the coming year, and set the opening of the fall term of school for Tuesday morning, September 7.

Appointed to teach algebra and junior high school mathematics was Miss June Smedstad of Starbuck, a recent graduate of Luther college, Decorah, Ia.

Preliminary arrangements were made at the session to call for bids on the school houses and equipment in School Districts 73 and 165, which recently voted to consolidate with the Thief River Falls district, No. 18. A definite date for the opening of bids will be set later, Supt. W. G. Claffy stated.

After a lengthy discussion of school bus insurance with local agents, the board deferred action on the matter for the time being. A cost-of-living increase in salaries was voted to school employees other than teachers.

1948 COUNTY FAIR ADMISSIONS FALL BELOW '47 FIGURE

Gate and Grandstand Receipts Total $7,769 Less Federal Taxes

Gross receipts from the gate and grandstand admissions at the 1948 Pennington county fair that closed last Thursday night aggregated $7,769, compared with $8,312 at the 1947 event, A. F. Berge, secretary of the fair board, stated today.

These figures are before the deduction of federal admissions taxes, which this year are estimated to aggregate nearly $1,200.

Mr. Berge's records show that there were 1,190 exhibits in the open classes at the fair this year, in addition to approximately 600 4-H entries and 300 rural school exhibits, or a grand total of more than 2,000. Premiums paid to exhibitors this year will aggregate almost $2,[illegible]

FEED WAREHOUSE BEING BUILT HERE

Osborne-McMillan Co. Erecting Huge Building

Scheduled to be completed by October 1 is a new feed plant, office and salesroom being constructed for the Osborne-McMillan Elevator company on the east side of the Soo Line right-of-way across the tracks from the main elevator erected in 1930.

The entire structure measures 179 by 50 feet. The company's own crew is building the elevator portion, while Stanley Rantala has the contract for the office and salesroom section.

The huge building, on which work has been in progress since early in May, is located beyond the north city limits in the town of North.

CITY FINANCES COUNCIL TOPIC TUESDAY NIGHT

Running into Shortage of Cash for Financing Improvement Projects

The city treasury is running short of cash and a substantial deficit is in prospect as a result of numerous costly improvement projects carried out this year, it was revealed in a report on current and contemplated receipts and disbursements submitted by P. G. Pederson, city clerk at the regular August session of the city council Tuesday night.

The construction program has been carried out thus far without the issuance of bonds, but it was indicated it may be necessary to resort to a bond issue to complete financing of the work. Included in the projects are numerous sewer main installations which will be paid for later by benefited property owners, but in the meantime it is necessary for the city to advance the funds.

The question of finances was brought to a head when a hearing was conducted at the session on petitions for sewer or water mains or both submitted by property owners in Merriam and Southern additions, and on State av S. and LaBree av. N. City Engineer Douglas Stewart submitted cost estimates on the projects aggregating $22,860. No objectors appeared at the hearing.

Following a discussion of the matter, the council deferred action until an adjourned meeting next Monday evening, when the matter of finances will come in for a more extended discussion.

Also conducted Tuesday night was a hearing on assessments in connection with installation of water service connections on Main av. N., no objections being registered. A resolution was adopted approving the assessment, which will be paid in three annual installments, with property owners being given the opportunity to pay their assessments without interest at any time until the list is certified to the county auditor late this fall.

Conducting the services will be two missionaries of the church, which has its headquarters in Salt Lake City, Utah. They are Elder Ross D. Thurber of Montpelier, Idaho, and Elder J. DaWain Smith from LaVerne, California.

Win-E-Mac Country Club to be Old Peoples Home

The board of directors of the Lutheran Rest Home association at Fosston purchased the Win-E-Mac Country club for $15,000, Rev. T. H. Megorden of Fosston announced. The original asking price was $25,000. The property will be converted to a home for the aged and senile. Plans have been made to canvass nearby communities for $25,000 over the purchase price for remodeling of the building and for equipment. The association plans to have room for 25 persons in the home. An attached nine-hole golf course will be leased, Rev. Megorden said.

HUGE STOCK SHOW AT THE STATE FAIR

One of Largest Displays in History Is Assured

Livestock entries which closed this week will give the Minnesota state fair one of its largest stock shows in history, August 28 thru September 6, say officials in charge.

The fair's offer of more than $106,000 in livestock prizes has attracted not only many large breeders from all parts of the upper midwest but many small Northwest stock-raisers some of whom have never shown at a state fair.

Particularly large will be the swine and cattle shows. A Future Farmers of America sheep and swine show, and added classes *for Palomino and Arabian horses* will be new and popular features.

So large is this year's 4-H club livestock show that it will be shown in two shifts, half of it the first five days, and the other half the last five days, in new quarters adjoining the sheep and horse shows.

YOUNGDAHL FILES FOR REELECTION

Given Endorsement by Former Governor Stassen

Governor Luther W. Youngdahl will base his campaign for re-election on a program that calls for continuance and expansion of welfare and educational improvements, inaugurated during the past two years, which have brought such notable increases in public services here and in other communities, he indicated on filing for re-election last week.

Youngdahl said, "It has been a great experience to serve the people in our endeavors to improve our human and economic resources" and mapped out a list of objectives for further improvements. *It is imperative*, among other things, he said, that we:

"Expand our efforts to improve facilities and personnel in the state mental hospitals and give the mentally ill the most humane treatment possible and fullest opportunity for rehabilitation.

"Provide adequate mental health facilities for children.

"Increase facilities at disposal of the newly established Youth Commission."

I nthe race for Republican nomination for Governor, only major contest for state offices in the coming Republican primary, Harold E. Stassen, former Minnesota Governor, will support Governor Luther W. Youngdahl, he indicated this week.

BLIND STUDENTS IN TRACK MEET

Faribault.—A team of athletes representing Minnesota Braille and Sight Saving School recently downed Iowa's blind track *and field* stars in an unusual interstate meet, by a score of 96 to 31. Established here in 1886 the name of the School for the Blind was changed by state legislative act in 1941. More than 1,110 handicapped children have been trained here. Present enrollment runs about 110, besides adults in special courses. Visitors are welcome to watch the remarkable things accomplished by these sightless but indefatigable citizens.

Too Many Men Know

Next to knife, fork and spoon, the can opener is the most frequently used tool upon which Americans depend for eating the products of agricultural. This has been disclosed in a nationwide survey made for American Can company by a market analyst. At least one can opener was found in 996 of every 1,000 households surveyed. Ownership on a sectional basis was found to be 999 household per thousand for the East; 996 for the Midwest; 995 for the Far West, and 988 for the South. As to types of openers, the survey disclosed that more than half of all households today use modern type openers—such as the kind that is pressed into the can and operated by turning a handle, or one fastened to wall and operated by handle.

NORTHERN CHEVS BOW TO POPPLERS

Lose 14 to 1: Rainfall Halts Softball Schedule

League Standings

	Won	Lost	Pct.
Poppler's Furniture	11	1	.916
Oen's	7	2	.777
Northern Chevrolet	7	4	.636
Eagles	4	3	.571
Bridgeman's	6	7	.461
Hudson Motors	2	6	.250
Middle River	1	5	.167
Viking	1	6	.143

Results of the week's games:
Poppler's Furniture, 14; Northern Chevrolet, 1.

Games this week:
Friday, 9:00 P. M., Oen's vs. Viking
Monday, 6:30 P. M., Hudson vs. Northern Chev.
9:00 P. M., Hudson vs. Northern Chev.
Tuesday, 9:00 P. M., Viking vs. Poppler's Furniture
Wednesday, 6:30 P. M., Eagles vs. Oens.
9:00 P. M., Eagles vs. Oen's.
Thursday, 6:30 P. M., Hudson vs. Eagles.
9:00 P. M., Viking vs. Bridgeman's.

Rain again interrupted the *city softball league* schedule with the result that only one game was played, and in that engagement the Poppler's scored a surprising 14 to 1 win over the third place Northern Chevrolet team.

The game, played on a 'heavy' diamond, was deadlocked at 1 to 1 moving into the first of the 4th inning, but then the Poppler's raced across the plate with ten runs. Jimmy LaFave pounded out a triple with the bases loaded to provide the "power" blow of the rally.

The league schedule has been re-arranged and the team managers are requested to call Walt Larson, the league secretary, if the dates listed are in conflict with the dates on which their teams are available.

DUCK SEASON SET OCT. 8 TO NOV. 6

Shooting of Four Birds Each Day to be Allowed

Announcement made in Washington that the Minnesota duck hunting season has been set from Oct. 8 to Nov. 6.

The 30-day season carries with it no changes in the daily limits, four being permitted each day with eight in possession. However, after the opening day, which begins at noon, hunting is permitted from one-half hour before sunrise until one hour before sunset. Last year shooting could not start until sunrise.

Limits on geese for Minnesota will be four daily and four in possession including two Canadian geese or two whitefronted geese or one of each. State officials had been hopeful that this year's season might be extended to 35 days, as will be the situation on the west coast. However, no change was made so far as this state is concerned. The Dakotas will have a 35-day season and the bag limit there will also be larger than in Minnesota, five birds being allowed each day with 10 in possession.

Buried Indian Villages

More than 500 archeological sites containing evidence of Indian villages, fortifications, bivouacs and burial mounds were found recently in the Missouri basin during surveys of areas shortly to be flooded by the building of dams. The work was under direction of Smithsonian institution. Fifty-five archeological sites were recorded in the Garrison reservoir area near the Fort Berthold Indian reservation in North Dakota. There are indications that some of them are quite ancient, having been inhabited before the Indians acquired the art of pottery. Sample collections of artifacts and human remains were gathered from the sites of the Bald Hill reservoir on Sheyenne river in eastern North Dakota, when construction was under way. This area is particularly important since it seems to lie on the road followed by ancient migrants out of the Eastern Woodlands into the Great Plains.

FINANCIAL STATUS OF CITY DISCUSSED AT COUNCIL SESSION

(Continued from Page One)

ments for Eighth at E. was set by the council for September 14.

James Garrity of Moorhead appeared in behalf of the Red River Valley Peace Officers association to urge the council to adopt a retirement plan for police officers as authorized by an act of the 1947 legislature. The plan calls for a contribution by officers of three per cent of their salaries and for a one-mill levy by the city. No action was taken on the matter.

Building permits approved at the meeting call for the expenditure of more than $26,000, the principal permit including new residences being constructed by Kern Olson and Harold Buck. An application by Nels G. Olson for a permit to erect a lumber storage shed addition near his home was held up until next week, pending the securing of waivers of objections by adjoining property owners.

A hearing was set for August 20 on the application of M. C. Gulbranson for a non-conforming permit to remodel the Mrs. Anna Barzen residence on Riverside av. into a funeral home. The application was accompanied by a petition by adjoining property owners indicating approval of the project.

A communication was read from L. B. Hartz pointing out the inadequacy of the city sewer system to handle surface water in the downtown area, leading to frequent flooding of basements in store buildings. Action on the matter was deferred, as was action on a request by Supt. W. G. Claffy in behalf of the school board that Knight av. be given a black-top treatment from First st. south to the Great Northern tracks.

City Clerk Pederson was instructed to call for bids on the winter's supply of coal for municipal buildings, and City Engineer Stwart was asked to make a preliminary report on possible arrangements for housing of city street equipment and other items including the new garbage truck.

City Attorney Theodore Quale was instructed to order the Thief River Grocery to remove its loading platform from the sidewalk on East Third st. by September 1. The removal has been pending for several years.

The council also voted to call for bids to be opened September 28 on pipe, fittings and other critical materials that will be needed in connection with the construction of the new water treatment plant.

Botanical Curiosity

Although soybeans had been grown as a curiosity in botanical gardens in Europe since 1692 when Kaempfer, the German botanist, brought them from Japan, and they were exhibited at the World's Fair in Chicago in 1893, they were known in America for nearly a hundred years before anyone paid much attention to them. Virginia had grown them as a hay and feed crop, but not until 1897 when a farmer near Jacksonville, Ill., planted them, did the possibilities of soybeans appear on the American horizon. The beans grew well in the Illinois corn country, so successfully, in fact, that today Illinois ranks first as the soybean state, and Virginia eleventh.

Radio Smell Waves

The ability to smell is made possible by sense organs which act as radio transmitting stations sending out impulses at extremely high frequencies, according to a revolutionary discovery announced by Yale university psychologists. This idea upsets previous held notions that the nose can smell because odorous substances set up chemical reaction and it moves the olfactory sense into the realm of radiation physics. It may have important practical implications for certain industries and will take the guesswork out of smelling substances used in those trades.

O. S. NORDINE OF KARLSTAD IS DEAD

Publisher of Karlstad Advocate Since 1911

O. S. Nordine, publisher of the Karlstad Advocate since 1911, died in a Thief River Falls hospital last Thursday morning at the age of 59. He had been gravely ill with a heart ailment for two weeks preceding his death.

Mr. Nordine had been active in community affairs during his long residence in Karlstad, having served as village postmaster from 1914 to 1922; as clerk of the board of education from 1922 to the time of his death; and as a member of the village council.

He also was chairman of the Karlstad Memorial Hospital association and chairman of the Kittson county school survey committee.

He is survived by his wife, Lydia; two sons, James A. of Duluth and Dane H. of Karlstad; three brothers, Sigfred S. of Karlstad, Martin and Algot of Lancaster; two sisters, Mrs. Swan Lindstrom of Strandquist and Ruth; and two grandchildren.

Rites Held Monday at Grygla Church for Mrs. Anna Aasen, 85

Funeral rites were held Monday afternoon at the Valle church at Grygla, Rev. G. L. Halmrast officiating, for Mrs. Anna Aasen who was summoned at the home of her daughter Mrs. Art Boman at Grygla on August 5, at the age of 85 years. Interment was made in Malcolm cemetery.

She was born April 15, 1863 in Norway and came to the United States in 1888 and settled at Grafton, N. Dak., where she was also united in marriage to Rasmus Aasen. They lived at Grafton until 1913 when they moved to Beltrami county and farmed. In 1945 she went to make her home with her daughter Mrs. Boman. She was baptized and confirmed into the Lutheran faith.

Survivors include five daughters, Mrs. A. M. Damerow of Fair Haven, Mrs. E. C. Millar of Green Bay, Wisc., Mrs. George Balamis of Lowell, Mass., Mrs. Arthur Boman of Grygla and Mrs. Steiner Bergland of this city; two sons, Mathias of Williams and Alfred of East Grand Forks; ten grandchildren and four great grandchildren. She was preceded in death by her parents, husband and three sons.

Albert Johnson, Former Prominent Local Farmer, Succumbs in Stillwater

Funeral services were conducted Monday afternoon at Aurora, Illinois, for Albert Johnson of Warren, who succumbed suddenly last Thursday at the home of his son, Perry N. Johnson, in Stillwater, Minnesota.

Mr. Johnson, who was 82 years old, was a former prominent farmer of the Thief River Falls community, having operated what is now the H. M. Hoel farm south of this city for a number of years. With Mrs. Johnson, he left here in the 1920s to operate a farm near Warren.

Born in Helmar, Illinois, April 21, 1866, he was married at Newark, Illinois, to Miss Angelena Holty, who preceded him in death. The surviving family include two sons, O. Guy Johnson of Omaha, Nebraska, and Perry N. Johnson of Stillwater; and a daughter, Mrs. Rosa P. Noper of Goodhope, Illinois. Also surviving are a sister, Mrs. A. O. Anderson of Newark, and six grandchildren.

Paige is co-producer of the film with Monty Collins, who wrote the story for the movie. The film will be produced by McCarthy Productions, a new independent film company.

Steady Increase Reported In U. S. Indian Population

The office of Indian affairs counts as its wards about 400,000 Indians in the United States proper, plus 33,000 Indians, Eskimos and Aleuts in Alaska. The reservations and tribal land areas which the office manages would cover two Pennsylvanias.

Besides the Indians on reservations, there are many who, well adjusted to the white man's manner of living, have stepped off the reservations to lead their own lives. Scattered groups like the Powhatans always have lived independently of federal land stewardship.

The Indian population is scarcely less than half the number that roamed the region in Columbus' day. In 1492 there were about 846,000 Indians in the area of the present 48 states, ethnologists say.

Through most of the present century there has been a steady increase in Indian population on reservations, well distributed among the 150 or more tribes. Measures of health education and medical care have brought Indian birth and death rates in recent years ever closer to those for the nation as a whole.

Ordinary Sugar Utilized For Finishing Material

A finish for interior surfaces that will withstand marking by water, heat, alcohol, acids and grease seems a possibility, says the USDA, as a result of recent research at the eastern regional research laboratory, which has developed from ordinary cane or beet sugar a new product known as allyl sucrose. The new material has wide potential uses as a resistant, protective and decorative coating for wood or metal, as an impregnant for wood, paper and similar materials, or as an adhesive. It can be made economically.

When used as a coating it has high gloss and is extremely hard, yet it is flexible enough to make it useful where stiff resins are not. Because it is transparent it also can be used as a coating for glass. Its properties can be modified with various plasticizers and other agents. The coating and impregnation of paper, textiles and other material to waterproof or greaseproof them and to increase their strength are also possibilities.

Buttons Grow on Trees In Ecuadorian Jungles

"New look" or old, it takes buttons by the billion to fasten and adorn the clothing of the American people. About 10 billion buttons annually — 70 for each man, woman and child in the United States—are turned out by some 300 United States factories in normal years.

Old established leaders in number and value are the "pearl" buttons, cut largely from Mississippi river mussel shells. Plastic materials have captured an important share of the button market in the last decade. Buttons of metal, bone, wood and glass have big fields of use, notes National Geographic society.

But when woolen cloth is tailored into suits and overcoats, buttons that grow on trees in the South American tropics continue to hold favor. The nation's buttonmakers call on Ecuador's tagua, or corozo, palm almost exclusively for the "ivory nuts" from which they carve a half billion buttons in some years.

PESEKS HONORED AT PARTY AUG. 7

Dairy and Food Official Given Farewell Tribute

Over one hundred creamery directors, operators, managers, fieldmen and their wives from ten Red River Valley counties attended a farewell recognition banquet for Mr. and Mrs. C. M. Pesek, which was held at the Elks Club in Crookston on Saturday evening, August 7th. Stuart McLeod of Thief River Falls served as toastmaster.

Mr. and Mrs. Pesek will move to St. Paul soon where Mr. Pesek will maintain his future headquarters, since his duties as inspector are now state-wide.

Short talks were given by several prominent men in the dairy industry, reminiscing the twenty-two years Mr. Pesek spent in the Red River Valley. In addition to his other duties, he served for many years as secretary of the Red River Valley Dairymens association.

In appreciation for his fine work, a chest of sterling silver was presented to Mr. and Mrs. C. M. Pesek.

The state dairy and food department was represented by Dr. and Mrs. G. A. Vacha, of St. Paul.

Dancing and entertainment followed the banquet.

VALLEY LIVESTOCK BOARD CONVENES

Paul Engelstad Named Superintendent of Show

The annual reorganization meeting of the Red River Valley Livestock association was held at the Hotel Wayne, Crookston, on August 4.

Officers re-elected for the year were: T. M. McCall of Crookston, president; J. R. Sargent of Crookston, vice-president; A. A. Habedank of Ada, treasurer; O. M. Kiser of Crookston, secretary. Division superintendents in the livestock division for the 1949 Red River Valley Winter Shows were appointed and plans made for the show which will be held February 21-25, 1949.

Superintendents appointed were Paul Engelstad of Thief *River Falls*, general superintendent of the livestock show, with County Agent Carl G. Ash of Crookston as general superintendent of livestock, and Glen J. Johnson of St. Paul, district 4-H club supervisor, as superintendent of 4-H club livestock and crops show, and O. T. Magnuson of St. Paul, superintendent of Junior Heifer Calf Futurity Show.

The departmental superintendents elected were: Howard Balk of Bagley, cattle division; Frank Forbes of Warren, swine division; George Landsverk of Ada, sheep division. J. E. Wilder of Crookston was appointed superintendent of admissions.

The sales committee members for this 1949 shows are Andrew Johnstad of Beltrami, Wm. Strickler of Euclid, Fred Bradley of Beltrami, Emil Lerud of Twin Valley and George Hanson of Crookston, with O. M. Kiser, as secretary of the committee, A. A. Habedank, treasurer, and A. J. Dexter of the Northern Pacific Railway, St. Paul, as general manager.

Duluh Couple Buy Hotel Lincoln in R. L. Falls

Announcement was made last week by Mr. and Mrs. Fred Butler that they have sold the Hotel Lincoln building and business in Red Lake Falls to a Duluth couple, who will take possession within the next two weeks. Mr. and Mrs. Butler came to Red Lake Falls in September, 1943, to lease the hotel building and take over the business. About two years ago they purchased the building from the stockholders.

Why Polo Detoured

Marco Polo, during his voyage to Cathay, planned to go from Hormuz on the Persian gulf by boat. However, as he said, "their ships are bad and many of them are wrecked because they are not put together with iron nails, but sewn with twine made from the husks of Indian nuts. It is hence a matter of no little peril to sail in those ships." That is why he went overland and took three and a half years to cross the continent of Asia.

PUBLIC OPINION

Editor of the Times:

I went to the Pennington county fair, in fact I went several days, and I would like to hand the 4-H kids a bouquet. What a sight it is to see those youngsters showing their sleek livestock—girls and boys leading fat steers weighing a dozen times as much as they do themselves, and little tots showing calves, sheep, pigs, poultry, rabbits and other pets. And then some of us old coots don't go to see them.

One old fellow said the fairs were all alike, and he would not bother to go. When asked how long since he had been at the fair, he said, "Well, nigh on to forty years."

D. G. Brownlee.

They Must Eat

It is impossible for hens to lay unless they eat more of the right kind of feed than it takes to maintain life. If the bird has the ability to lay, the more feed above amount for maintenance she gets, the more eggs she will lay and less will be the cost per dozen produced.

New OLIVER "77"
New No. 22 Mower

YOU can make short work of all cutting jobs with these two new Oliver units.

The new 6-cylinder "77" with its six forward speeds gives you almost any ground travel speed and drawbar pull combination you want—at *peak engine efficiency.*

Take the new direct drive power take-off of the "77"—what could save more time in the hayfield? And, think how these advanced features increase tractor utility and cut down operating costs: choice of three new engines, (1) for gasoline, (2) for tractor fuel, and (3) a diesel to be available later . . . metered oil system . . . Oil Miser transmission case . . . battery ignition . . . choice of interchangeable cast iron or stamped steel wheels and basic interchangeability of mounted tools with all other new Row Crop models.

The new No. 22 Mower rides on two rubber-tired caster wheels . . . is protected from damage by a safety spring release. The sickle bar is close to the rear tractor wheel, making it easier to get around square corners. A dust-tight, oil-bath chain-drive transmision with a safety slip-clutch drives the pitman.

Marked Gain Registered In Small Loan Business

As a result of a post V-J Day rise *of two-thirds*, outstanding small loans are now at an all-time peak in the nation. The national total exceeds the 1941 prewar peak of 118 million dollars by more than 25 per cent.

High-level business activity encourages borrowing by consumers and is the major factor underlying the sharp postwar growth in small loans, which are commonly held to include loans of $300 or less. Although outstandings of small loan companies fell slightly in September, the first decline in two years, generally continued rises may be expected as long as the short-run outlook for business remains strong. The end of Regulation W on November 1 is providing some additional stimulant in the whole field of consumer installment financing.

During periods of strong or rising consumer demand for their services, small loan companies obtain progressively increasing proportions of needed additional funds from commercial banks.

Starching Curtains

Here's a tip for starching curtains in the washing machine: Use one part starch to 10 parts water and, following the manufacturers directions, make up a batch of starch. Put four cupfuls of this starch solution into a washing machine filled to water line with warm water. The agitator swishes starch through the curtains for two or three minutes, saving motions and minutes.

Wool Has Numerous Uses In Home and Business Life

Wool is utilized in numerous and varied ways in home and business life. The best blankets for home use are made of wool. Wool guards floors in carpets and rugs. It covers furniture and the padding in the furniture may be wool. Wool draperies often add beauty to windows. Wool-padded hammers strike the strings of pianos and wool cushions the piano keys. These are some of the uses of wool as outlined in "Wool in the World."

Wool also deadens loud sounds and vibration. It is used for that purpose in radios, refrigerators, sewing machines and telephones.

Wool works in the same way in offices and factories. It is found on everything from typewriters to huge printing presses. It stores ink in printing pads. It spreads oil evenly to moving parts of machinery.

Wool often cleans the air in buildings and factories. Where air is moved by fans, wool filters may be used to catch the dirt.

Automobiles run better because of wool. Wool filters may clean the air that is mixed with gasoline in the engine. Tracks, or channels, of wool seal windows in cars, trains and airplanes against dust, rain and cold. By absorbing shocks and sounds, wool makes rides more comfortable.

Vapor Through Walls

In all insulated construction work involving abnormal temperature conditions, natural forces continuously are driving vapor laden air through the wall toward the insulation. The amount of air passing through a wall depends upon its construction and other variables, such as temperature, relative humidity, wind velocity and vapor pressure differentials. However, under ordinary conditions, it is not at all unusual for air to pass through a 10-foot square area of 13-inch, common brick wall at a rate of 700 cubic feet per hour. To prevent the damaging effect of the infiltration of moisture into insulation, a vapor seal must be provided between the outer surface of the insulation and the inner surface of the wall.

Parking for Workers

One parking space is required for every three workers in industrial plants, according to a recent survey.

REELECT JOE BALL

Practically everybody can find something in Joe Ball's record they do not like. At one time or another he must have offended all individuals, groups and factions. He was the No. 1 enemy of his own political party four years ago when he supported Roosevelt for reelection. He has told the Townsendites he does not think their plan will work. He has championed a labor relations act in defiance of the leaders of organized labor. He has told veterans he cannot go along with them in all of the things they ask. By all of the standards of ward politics Joe Ball has committed political suicide many times.

But while there are many things in Joe Ball's record that are disliked by large groups of voters, it is also true that practically everybody can find something in that record that pleases them, and it is surprising how many there are supporting him because of his proven courage and independence. In the coming election he has a hard fight. He is opposed by a candidate of unusual public appeal. But without reflecting in any way on the qualifications of Hubert Humphrey, Joe Ball deserves reelection on the strength of his own contribution to good government. The country needs a few men of Joe Ball's stature in Washington.

The Atomic Energy Commission now assures us that atomic energy will soon be in production on a small scale, that the new energy will be available on a commercial basis in another ten years, and that in about twenty years nuclear fuel may replace "a considerable portion of the present power supply of the world." We have just about decided to quit worrying about what will happen when the world runs out of oil and coal.

It looks now like we will get through the summer without a gasoline shortage. Production has been at peak levels, exceeding all expectations. Fuel oil prospects are now better than they were a year ago, the main problem now being storage and transportation. Fuel oil users can help solve this difficulty by stocking up to full capacity and keeping their tanks filled during the early part of the winter.

There is justification for the spy hunt that is being conducted in Washington but there is no occasion for being alarmed because it is being revealed that some agents of a foreign power have held responsible positions in our government. That is about as Business Week sums up the show that has been playing to banner headlines. With one or two exceptions the persons named have not been in the employ of our government for some time. The justification of the hunt lies in proving the need for greater future care.

A promising [illegible] is coming up. Yes, the election campaign is getting under way.

The University of Minnesota board of regents may be conservative, but some of the faculty members appear to be far to the left in their views.

Most fellows seem to take it as a compliment to be called a common man, but the average woman would resent being called a common woman.

IT'S NO FUN to drive with POOR LIGHTS

Don't put up with dim, misadjusted lights—when you can enjoy driving with bright, properly focused lights—it costs no more in battery power. Our new Bear Headlight Tester is a scientific instrument that quickly tells how strong your bulbs are—whether they are in focus and what adjustments are necessary to obtain proper lights for safe, comfortable driving.

You'll be amazed at the difference a few simple adjustments can make in your headlights. This new tester gives an accurate test — no guesswork. It checks and double checks all adjustments. We guarantee this service. Stop in for a free checkup today.

Looking Backward

1928—TWENTY YEARS AGO

The 1928 Pennington county attracted a record attendance of 20,000 persons.—More than 1,500 head of sheep were brought in from Montana to be placed on farms in this vicinity.—Offices of three local dentists were entered by burglars, who escaped with $250 worth of scrap gold.—H. A. Pratt was the Rotary club speaker, telling of his trip thru New England.—E. M. Bennes was reelected president of the local board of education.—Mrs. Ada Johnson left on a trip to Yellowstone National Park.

1938—TEN YEARS AGO

Dr. A. E. Jacobson was elected president of the board of education, succeeding B. O. Norby.—Secretary Robert J. Lund of the fair board estimated that fully 45,000 persons attented the 1938 Pennington county fair.—George E. Lee, popular and successful athletic coach at Lincoln high school the past three years, resigned to accept a similar position at Eveleth.—City voters approved the issuance of $80,000 in bonds, which, together with a PWA grant of $58,000, will finance the construction of the projected sewage disposal plant.—The Thief River Falls Legion auxiliary drum corps, directed by Mrs. Jeannette Wright, won first place in statewide competition at the Minnesota Legion convention in St. Cloud.—A substantial addition to the Lund & Tunberg garage is in course of construction.

Gum Diseases of Childhood Cause Adult Teeth Losses

Undetected or untreated childhood diseases of the gums are a major cause of loss of teeth by adults, Dr. B. O. A. Thomas of University of Washington reported to American Dental association. He said that one man in five at the military age level has lost enough teeth or has to lose enough to require the wearing of artificial dentures.

It is reasonable to assume that, of the millions of teeth lost by these men, a majority of them were removed as a result of periodental disease (disease of the gums and tooth supporting structures).

There are a number of systemic diseases which produce pathological changes in the supporting tissues of the teeth. When these occur in children, the effects on the tissues often are responsible for development of pyorrhea during adulthood. Such diseases may be endocrinopathies, diabetes, hypothyroidism, vitamin deficiencies, epilepsy, congenital syphilis and a number of less common ailments.

Among the many local facts which are responsible for gum and bone disturbences in the young patient, are gingivitis, Vincent's infection (trench mouth), cavities, trauma or malocclusion (crooked teeth).

Gives Off More Light

In proportion to its size, a firefly produces more light than the most powerful of man-made dynamos.

Playing Possum

The habit of "playing possum," or feigning death by the opossum, is a nervous reaction over which the animal has no control.

Prolific Codfish

The codfish produces an average of two million eggs at one time.

GULLY

50th Anniversary

Mr. and Mrs. Anton Knudson of Gully celebrated their 50th wedding anniversary on Sunday, August 8th.

In observance of the occasion a program was given at the Lund church at two o'clock. The church had been decorated with large baskets of mixed flowers furnished by Mrs. Louis Torgerson of Fosston.

Seated beside the honored couple were two of their attendants of fifty years ago, namely, Mr. Knudson's sister, Mrs. Oscar Olson of Thief River Falls as bridesmaid and Mrs. Knudson's brother Fritz Watterburg of Excelsior as best man. Also seated in places of honor were the five Knudson children and their families, Mr. and Mrs. Claude Knudson of Gully, Mr. and Mrs. Howard Knudson of Parkersburg, Ia., Mr. and Mrs. Ray Knudson of Escanaba, Mich., Ruby Knudson of Port Angeles, Wash. and Mrs. John Breisford of Chicago. All seven grandchildren and one great granddaughter were present. Other close relatives in attendance were Mrs. Knudson's wife and son from Vauxall, Alberta Canada.

Mrs. Knudsons sisters, Miss Sarah Watterburg of Sanish and Mrs. Jim Sullivan of Lamont, Idaho, Mrs. Ed Larson and her husband of Sanish, N. D.

Prayer and greetings were offered by Rev. Arneson who led the program. Songs were sung with guitar accompaniment by Mr. Knudson's niece, Mrs. L. Peterson of Thief River Falls, Mrs. M. Arneson and Mrs. Harlow Nyland sang "Oh Happy Home Where Thou Art Loved" accompanied by Lenore Christianson on the piano. Responses were given by Geo. Geito of Gonvick, Ed Larson of Sanish, N. D. and Mrs. Oscar Olson. Winton Knudson responded for the the grandchildren. Both Mr. and Mrs. Knudson responded graciously.

Immediately following the program the Knudson children honored their parents by serving a delicious lunch to about 200 friends and relatives in the church parlors. Gold and pastel colors were used in decorating the tables. A lovely three-tiered white and gold wedding cake topped by a gold bride and groom was the center piece at the bridal table.

Friends and relatives from a distance who attended in addition to those already mentioned were Mr. and Mrs. F. Goodall and daughter—Anne, who flew their own plane from Sanish, N. D., Mr. and Mrs. Fritz Peterson of Ironwood, Mich., Mrs. Julia Nord, Miss Judith Nord, Mr. and Mrs. Emil Nord, Mr. and Mrs. Alvin Nord and daughter Sharon, Mr. and Mrs. R. H. Dibley all of Wolverton, Minn., Mrs. Frances Anderson of Minot, N. D., Mr. and Mrs. J. McEnelly of Goodridge, Esther Olson of Thief River Falls, Mrs. Harold Petsch, Minneapolis, Lloyd Peterson and Lloyd Olson of Thief River Falls, Mrs. Fritz Watterburg of Excelsior. Five of Mr. Knudsons old school mates were also present, Wm. A. Henrick of Moorhead, Jacob and Ben Wildmoe of Gonvick, Jacob Westerlund of Little Fork, M. Mathison of Gonvick.

Popsicles Join Hot Dogs And Popcorn as Favorites

The public which demands ice cream on a stick in the summer prefers ice cream in a cone in the winter. This whim of the consuming public makes popsicle production a highly seasonal industry.

During the hot summer months, at fair grounds, beach resorts and ball parks—wherever people join in group recreation—popsicles are as much of the American scene as peanuts, popcorn and hot dogs.

Popsicles are made in large tanks of brine, held at between minus 30 and minus 40 degrees. The ice cream mix is conveyed from the freezers through a pipe to the popsicle tank where it is poured into trays of popsicle molds. Sticks are applied to the mix in each mold. Then the tray is slid through the tank on a rack submerged in the brine.

In about 20 minutes the popsicle molds emerge from the brine at the other end of the tank. Here they are loosened in the molds in a short steam bath, quick-cooled again in a compartment of dry ice to reset the surface melted by the steam, and dipped in chocolate. After being hung up for a few minutes to harden the chocolate, the popsicles are wrapped and shuttled into cold storage rooms to await shipment.

Brass Buttons Exposed

During the Civil war most of the brass buttons on Federal uniforms were made at the Abel Porter plant at Waterbury, Conn. The first brass rolled in the United States was produced at this plant in 1802.

Health Study Shows Need For Personnel, Equipment

While the United States has gone a long way on the road toward keeping people alive and healthy, far more than any other country in the world, there is still a long way to go. That is the gist of a study toward better health conducted by the Research Council for Economic Security.

There are not enough health facilities or health workers for a fully adequate health program, claims the research council, and a survey of existing plans, personnel and equipment reveals these deficiencies: The U. S. needs 60,000 more doctors than the present 146,000. The number of nurses (of all types) is 317,800, and the number of dentists is 70,000. Both of these amounts should be doubled. There are now 674,930 beds in mental hospitals, 191,000 less than are required; 83,167 beds in tuberculosis hospitals, 44,000 to 75,000 less than are required, and 710,897 beds in general in all other hospitals, 195,000 less than is needed.

Among the types of need are private medical care, medical care for the poor, school health service, public health nurses, laboratory workers, public health services, industrial prepaid medical care and health programs in industrial plants.

Prehistoric Indian Sites Uncovered Along Columbia

A total of 120 sites containing remains of prehistoric and early historic Indian settlements have been found in a survey of lands to be flooded by 14 proposed dams in the Columbia river basin.

In a few cases there are from seven to eight feet of deposits representing the accumulation of Indian camp debris. Over some of them are caps of volcanic ash, indicating great antiquity. The region is particularly favorable for archeological study. It apparently has been inhabited for thousands of years by people who depended on fish for food and who frequented favorable fishing grounds for many generations.

Some of the remains undoubtedly are those of historic peoples — the so-called Sahaptin bands — whose present representatives still live on Oregon and Washington reservations. But the origins may reach back to some of the earliest known inhabitants of this continent — makers of the curious Folsom and Yuma points, which date from closing days of the last ice age.

Fix Machinery Now

Because machinery is one of the largest and most important factors in production of crops, it is essential that it be kept in as good repair as possible. Most of this repairing can be done on the farm during the winter months or at some other slack season. To do much repair work, the farm should have a reasonably well equipped work shop. This means there should be a fairly large building where the tools are kept and where the whole machine or a good portion of it can be taken inside to be repaired. The shop should be equipped with a stove or some other means of heat to make winter work possible. It also should be equipped with a large bench space, drawers and pegs for holding tools and spare parts, a bench vise and possibly a forge. Although the forge is not absolutely necessary for minor repair work, it is necessary for straightening harder metals and can be used, with a little experience on the part of the operator, for soft iron welding.

Human Body Can Tolerate Only Narrow Heat Change

Although the human body has a better temperature - regulating mechanism than do many animals, it still can endure only a relatively narrow temperature range. The highest tolerable temperature for a clothed person in good health is only about 88 degrees in air saturated with water vapor and about 138 degrees in dry air. But for maximum comfort and efficiency over extended periods, temperatures in the 70s, 60s or even the 50s, depending on the humidity and the individual's physical activity, must prevail.

Installation of an air-conditioning system in industrial plants increases worker efficiency and sometimes improves product quality. Because the air generally is filtered as well as cooled, reaction to allergies, such as hay fever, caused by airborne dusts and pollens, is reduced sharply during working hours. Whether colds and respiratory diseases in general are significantly reduced is, however, still a question. Large reductions in absenteeism and a general increase in output are reported.

A recent survey disclosed that there are more than 2,200 air-conditioned theatres in this country, but there are still 15,000 theatres without it. More than 1,000 department stores are air conditioned, with installations that average more than 100 horsepower, but almost three-fourths of the country's department stores still lack this facility. Although about 6,500 restaurants already are air conditioned, this is a leading field for further installations, even though the average unit is rather small.

Cottonseed Hull Plastic

Cottonseed hulls, made into plastics by a process developed at University of Tennessee experimental research laboratories, are finding a wide variety of uses in commercial items and industrial equipment. Although the plastic is at present employed most extensively for this industrial use, commercial products such as radio cabinets, vacuum cleaner hoods and automobile accessories are being manufactured from it. National Cotton council says plastic manufacturers expect the new industry to create a monthly demand for 10 million pounds of cottonseed hulls—hulls that were in the past considered useless waste material. Cottonseed hulls are shipped to the factory by cottonseed oil mills which have ground them into flour. The flour is impregnated with phenolic binder and comes out in powder form.

Tile Now Widely Used

Ceramic tile, widely used in American homes for bathrooms and kitchens, has been even more extensively used in home construction in foreign lands. In 17th century Dutch homes, for instance, tiles were highly prized as decorations in the living room, being used to decorate fireplaces and over mantels, to fill spaces between windows and doors and to form narrow wainscots on walls. In Spain, tile long has been popular not only for floors and walls of all rooms, but also even for ceilings. In Cuba and tropical countries, this material is used extensively for floors in every room of the house, since it is both cool in appearance and termite-proof.

Farm Population Shift

At the start of 1947, 27,500,000 people lived on American farms, an increase of 2,300,000 over January, 1945, when farm population hit a wartime low. This was still 2,700,000 less than were living on farms in 1940. One and a quarter million more men returned to farms from the armed forces than left farms for the services during the two year period. Births on farms were up three-quarters of a million over deaths during the two year period, and 1946 was the highest farm birth rate year since 1929. More people moved from non-farm areas to farms during the two years than moved from farms to town. Up to January, 1947, about three out of four men who left farms to go into service had returned there to live.

In Memoriam

In loving memory of our dear husband and father, C. O. Saastad, who died 4 years ago Aug. 16 at the age of 79 years, 3 months, 14 days.

God saw the road was getting rough
The hills were hard to climb
So he closed your loving eyes
And said peace be thine.

Sadly missed by his wife, Mary Saastad and children. 33c

Crookston's Hiller Shortstop Tourney Winner Here Sunday

Crookston's Ernotte Hiller, runner-up in the recent Birchmont tournament at Bemidji, won the 12th annual shortstop golf tournament played over the local course on Sunday, defeating Grand Forks' Otis Olson, 1-up, in the finals match. Vic Jung won the championship flight consolation; and Grand Forks' Len Paulin was the first flight winner.

Hiller, shooting erratic golf, was one-down to Olson at the completion of five new holes on the west side of the river, being five strokes over par. Hiller, after halving the 1st hole, won the 2nd with a par 5, but then lost the 3rd and 4th holes, and halved the 5th hole only after making a remarkable recovery shot.

On the short 6th hole, Olson was over the green with his tee shot and his chip out of bunker failed to reach the green. Hiller, on with his shot off the tee, was down in two putts to even the match. Both golfers had par 5's on the long 7th hole; but on the 8th hole, a par three, Hiller secured his winning margin by scoring a par while Olson marked up a four. Hiller was off to the right of the green with his tee shot, while Olson hooked his drive to the left. Olson's approach, a shot with a low trajectory, dipped into the sand trap to the left of the green and then, trickled on to the green, twenty feet from the pin. Hiller's chip shot stopped five feet from the cup, and when Olson failed to drop his long try for a three, Hiller, with a three, won the hole to go 1-up. Hiller held that margin on the 9th hole, both golfers getting par 4's.

To reach the finals, Hiller defeated Allen Nelson in a first round match, then eliminated Roseau's Harry Peterson in the quarter-finals, and edged out Dick Schaeffer in the semi-finals. Olson, meanwhile, was defeating Stan Larson in a first round match, Vic Jung in the second round, and Glen Nelson in the semi-finals.

More than seventy golfers participated in the tournament and which was played over the reconstructed course.

The championship cards:

Par	354	443	534—35
Hiller	454	554	534—40
Olson	464	454	544—41

TRF Midget Ball Club Ending Successful Season

The local midget baseball team, coached by Jim Welton, is *closing a successful season*, and will meet a severe test Sunday afternoon at 3 o'clock when it meets the state champion St. Paul Shop Pond club at the fair grounds ball park. Shown are, back row, left to right, Coach Jim Welton, Jack LaSalle, Roger Williamson, Stan Rosengren, Bill Maruska, Don Johnson and Ronnie Buen; front row, left to right, Myron Hajostek, Joe Poole, Rodger Elofson, mascot Rickey Welton, Bruce Williamson, Ken Zabel, Darryl Vad, Larry Gilbertson, and Bert Greenside.

HOME RUN HELPS CROOKSTON DRUB LOCALS 7-2 HERE

Thief River Falls Now Tied with Plummer for Third Place in League

Jimmy Medved's homerun clout over the left field fence with two men on base in the 6th inning, and the six-hit and eighteen strikeout pitching of Lefty Ken Dupuis, were the factors that provided the Crookston Pirates with their 7 to 2 win over the Thieves in a Northern Minnesota baseball league game played here Sunday afternoon. With their win the Crookston Pirates held their grip on second place in the league standings, with the defending champions trailing the Plummer Red Sox by one game.

The loss dripped the locals into a tie for third place with the Red Lake Falls Lakers, and on Sunday, in a game at Red Lake Falls, the Thieves and the Lakers will meet in a contest to determine the third and fourth place positions.

Sunday's crowd at the Fair Grounds saw the Thieves gain an early lead and hold their 2 to 0 advantage until the top half of the 6th inning when Medved pulling an inside pitch, hoisted a long fly over the left field fence to account for thre Pirate runs.

In the 1st inning, after Blackie Stephens had been called out on strikes, chunky Phil LeGault, connecting for the first of his three consecutive doubles, drove a two-base hit into right field. Stan Cockrell's line single into right field scored LeGault. Berdeen Nornes drove a single over second base, with Cockrell stopping at second. On a double steal, Cockrell gained third and Norness moved on to second. Ken DuPuis then halted the rally by striking out Bob Baker and Nicky Carlson.

In the 5th inning the Thieves scored their second run, when, with one out, LeGault doubled against the fence in the left field, and on Cockrell's ground ball to shortstop Andy Carey, the Pirate infielder made a wild throw to first base, allowing LeGault to score and Cockrell to advance to second base.

In the Pirates' half of the 6th inning, Les Gullickson was safe when Stephens fumbled a slow rolling ball. Carey grounded to Baker, and Gullickson was forced at second for an out. Carey stole second base, barely beating Nornes' throw to the bag. Johnny Merell was given a base on balls and then Medved, on the first ball pitched, lofted a high fly over the 287-foot fence in left field scoring three runs.

Crookston gained some "insurance" by scoring four runs in the 7th inning. Roy Lindell was safe on an error. Toddie Johnson drew a walk. Gullickson's single into left field scored Lindell. Carey's sacrifice advanced Johnson to third and Gullickson to second. Merell's hard double to centerfield tallied Johnson and Gullickson; and Medved's ground single past shortstop, scored Merell with the game's final run.

Dupuis, the Crookston southpaw, collected eighteen strikeouts during the game, and he didn't issue a walk. Every member of the local team except Stan Cockrell was victimized by DuPuis' strikeout pitching, with Baker and Carlson whiffing four times each. Phil LeGault found DuPuis' pitching to his liking the first three times at bat, getting solid doubles at each trip to the plate, but in the 7th inning, Phil fanned on a high outside pitch.

Harold Stroble had a very busy day on the mound for the Thieves, the local righthander having nine assists and getting eight of the Pirate batters on strikeouts. Medved, Bill Sullivan, and DuPuis each struck out twice.

Salty Atlantic

Surface waters of the Atlantic ocean are saltier than those in corresponding regions of the Pacific, according to Encyclopaedia Britannica. Although the reason for this is not yet known, evaporation is probably less in the Pacific because of lower wind velocity and rainfall is greater than in the Atlantic.

LAKE BRONSON NINE DEFEATS MIDGETS

Locals Will Play State Champions Next Sunday

The local midget baseball team, in a tune-up for their exhibition game against the state midget baseball champions, the Shop Pond team of St. Paul, here next Sunday, dropped a 6 to 3 decision to the regional champion Lake Bronson nine in a game played at the Fair Grounds on Friday evening.

The locals, on a walk to Jack Hoppe, a sacrifice hit, and Don Johnson's single inside third base, scored a run in the 1st inning; and a triple by Hoppe, a double by Stan Rosengren and *a triple by Johnson*, gave the locals a pair of runs in the 3rd inning; and a 3 to 2 lead over the visitors.

An error, singles by Pearson and Johnson, a walk, and a wild pitch gave Lake Bronson two tallies in the 5th inning; and a pair of infield errors and a two base hit scored two runs in the 6th inning, and gave the regional champions a well-earned 6 to 3 victory.

Dick Bjorkman, making his first appearance of the year for the locals, pitched steady ball, getting eight strikeouts, and with better support would perhaps have recorded a win. The local club was handicapped by the absence of catcher Bert Greenside, first baseman Kent Zabel, and pitcher Jack LaSalle.

Results of Sunday's games:

Crookston, 7, at Thief River Falls, 2
St. Hilaire, 4, at Plummer, 7.
Red Lake Falls, 10, at McIntosh, 0.
Erskine, 5, at Winger, 4.

Games on Sunday:

Thief River Falls at Red Lake Falls
McIntosh at Crookston
Winger at Plummer
Erskine at St. Hilaire.

The results of Sunday's games in the Northern Minnesota baseball league found the Plummer Red Sox and the Crookston Pirates racking up wins over highly-rated opponents to continue their nip-and-tuck race for the league championship. The Crookston club, trailing by a 2 to 0 score going into the first of the 6th inning, scored three runs in the top half of the inning when Jimmy Medved poled out a homerun with a pair of Pirates on base, and added four runs in the 7th inning to defeat the Thief River Falls Thieves, 7 to 2.

And the league-leading Plummer nine, playing the aggressive St. Hilaire Saints, were also forced to come from behind to defeat manager Myles Jackson's team. George Saunders, the Red Sox pitcher, aided his team's attack by coluting a homerun over the left field fence with runners on the bases.

The Red Sox and Pirates have comparatively "easy" games on Sunday, with Plummer playing Winger an Crookston meeting McIntosh, so that should bring the two teams together at Crookston on August 22nd with the league title at stake.

Michigan's Timber Stand

For several decades, Michigan produced more lumber than any other state. Its magnificent forests did much to build up the state as a great economic entity and were the sources of much of the raw material for construction throughout the Midwest. Now the virgin forests are about gone, but Michigan still has the land, the climate and the second-growth forests to support existing dependent forest industries if the forests are skillfully managed for wood production. They gradually can supplant much of the costly long-haul, shipped-in wood supply if an effective program of applied forest land management is pursued by all owners, public and private, according to the U. S. department of agriculture. There is a great deficit in wood production within the state, however, and large amounts must be shipped in from long distances. Actually, two-thirds of the forest raw materials now used are imported.

The State's Best Kid Team

On Sunday morning coach Mike Sheehan and the Shop Pond team of St. Paul, the state's championship kid baseball team, will arrive here for a game against the local midgets on the Fair Grounds diamond.

That the St. Paul team is entitled to its rating as the state's best is indicated by the manner in which it romped through the recent JayCee midget baseball tournament in Minneapolis. The Saints defeated Lake Bronson, the eighth region's representatives, 12 to 4, in a first round game, and then swamped New Ulm, 12 to 1, in the finals.

But coach Jimmy Welton and the local boys aren't a bit awed by the record of thestate champions, and on Sunday afternoon they'll make every effort to hand the visitors a defeat. The locals will perhaps be up against a southpaw, for coach Sheehan stated that he intended to start Wieck on the mound, and Wieck, a left-hander, was rated as the finest pitcher in the state tournament, being given all-state honors. The locals, in their practice sessions this week, hav been batting against left-handers in preparation for Wieck's pitching.

Considerable expense has been incurred in bringing the St. Paul team up here, with the Eagles under-writing the game, and it is hoped that the fans will support the local nine by attending the game at the Fair Grounds. The seven-inning game is scheduled to start at 3:00 p. m.; but a pre-game program is being arranged for 2:30 p. m.

All over But the Shouting

When the Poppler's Furniture team exploded for ten runs in the 4th inning of their game with the Northern Chevrolet on Tuesday night, they about clinched the city softball league championship. Glenn Carlson's team has only two games remaining on its schedule, against Viking and the Eagles, and the red-uniformed boys are odd's-on favorites to win those games.

And now the Poppler's are around looking for other worlds to conquer, for on Sunday night, on the Fair Grounds diamond, they will play an exhibition game against the Salol softball team. Salol, winners over such teams as Malung, Wannaska, Roseau, and Warroad, is rated as one of the northwest's better teams.

Entitled to a Day

Owen Korsmo, playing with the Viking team in the Marshall County league, is rapidly earning himself the league's homerun honors. A couple of weeks ago, with Viking playing at Argyle, and trailing by a run going into the 8th inning, Korsmo, with Larry Hylden on base, poled out a long homerun to provide the winning runs. And on Sunday, against Radium, Owen the left hander, clubbed out a pair of round-trippers. A few more feats like that and the Viking fans will celebrate an "Owen Korsmo day".

By the way, it perhaps would be to the advantage of the Thieves baseball team, to call in several of the boys on the Viking team and give them a chance in the Northern Minnesota baseball league. Don Perkins, since he left the local club and went with Viking, has been hurling fine ball, and on Sunday he had a no-hitter for eight innings. Chuck Barr, who has all the qualifications of a top-flight ball player, has also been playing effectively for the Viking club.

An Easy Win

The Prowler tennis team of Wally Grovum and Jerry Furuseth had an easy time in winning the regional championship at Bemidji on Tuesday. They were the only contestants to appear for the regional matches, and consequently they won by default. The two boys will represent the region in the state tournment in Minneapolis next week.

URGE CONTINUED EFFORT IN STATE TO CONTROL WEEDS

Minnesota Department Emphasizes Need for Work Following Harvest

The bureau of plant industry, state department of agriculture, emphasizes at this time the need for continued efforts to elimininate the weed menace after harvest. So often weed control practices diminish upon harvesting of crops. From now on until the ground freezes, a great deal of good can be done to control weeds.

A general survey just completed by the department of agriculture district and county week inspectors over the state indicates that greater strides have been made than ever before in the general weed control problem; *however, sow thistle* and Canada thistle have become quite bad in central western, and northwestern Minnesota recently. The wind-borne seeds have apparently been carried to many parts of the state and have created incipient infestations which should be wiped out immediately. By the use of 2,4-D and other methods, *leafy spurge* has been checked in many of the heavy infestations of the state.

Thousands of farmers sprayed grain fields with various types of 2,4-D to control Canada and sow thistle and other weeds in 1948. Every one of these fields should be checked immediately whether after-harvest spraying should be necessary. Canada and sow thistle plants, as a general rule; will produce shoots from the lateral roots and just as there is enough new growth—two or three weeks after harvest (depending upon growing condition) renewed applications of 2,4-D Ester type at the rate of one pound of 2,4-D acid per acre should be made. Two annual treatments over several years may be necessary to eradicate these thistles.

Some farmers prefer to disk the stubble fields immediately after harvest to encourage the growth of weeds in the fall. With such a practise, the fields should be plowed later in the fall to destroy the weed seedlings. One of the most successful practises for weed control is August plowing followed with occasional cultivating or disking to destroy weed growth. This will insure a cleaner field the following year and should be of particular importance to flax growers.

A great deal of control work has been carried on in pastures and waste lands by the application of 2,4-D this year. These areas should be retreated if complete kill has not been obtained. Leafy spurge infestations should by all means be retreated with 2,4-5 Esters. All infestations treated with sodium chlorate or borascu should be rechecked for seedlings at this time.

For detailed information the farmers should consult their County Agricultural Agent, District or County Weed and Seed inspectors, or write to the Office of Weed and Seed Control, University Farm, St. Paul.

25,220 Drivers Given Exams in Six Months Highway Dept. Reveals

During the first six months under Minnesota's new drivers license examination law, 25,220 persons who have not previously held Minnesota drivers licenses have taken the necessary written examinations and road tests required for issuance of driving permits, the state highway department reported today.

The report, covering the period from Jan. 1 to June 30, showed 13,340 failures to pass the tests, as compared with 11,880 applicants who passed them successfully. Drivers license examiners explained that the greater number of failures is in large part due to the high percentage of applicants who fail on their first examination, but come back and pass the tests successfully after studying the Minnesota driver's manual to properly inform themselves on traffic laws, the meaning of signs and signals, and the fundamental of safe driving practices.

Lack of knowledge of state traffic laws accounted for failure on the part of 2,926 of the 5,558 who failed to pass the written examinations. Traffic law violations, committed in the presence of an examiner, accounted for 2,395 of the 7,782 who "flunked" on the road tests of their driving ability.

STASSEN LOOKS AHEAD TO NEW JOB

To Continue Interest in Political Affairs

Harold E. Stassen, Minnesota's former governor, enjoying a brief, well-earned respite from public affairs at his home on the high bluffs of the Mississippi at South St. Paul, looked forward this week to a new career that will allow him to continue the major interests that have guided his active, public career.

His selection as president of the University of Pennsylvania, just announced in Philadelphia, will give him new and interesting duties, Stassen explained to Minnesota friends, and at the same time will allow him to continue an activity in public affairs which has brought him wide recognition throughout the country.

Stassen will take up his duties as president of the university at the beginning of the school year in September. He will speak in behalf of Governors Dewey and Warren, Republican candidates for Congress in a number of states and Republican nominees in Minnesota this summer and fall, in accordance with commitments already made, but after November will devote such speeches as he makes on public questions to issues rather than campaigns.

The University of Pennsylvania is one of the largest and most important in the nation. It was established 208 years ago and dates back to the days of Benjamin Franklin, who was one of its founders. It has more 20,000 students, and is embarked upon a $32,000,000 expansion program. Stassen is being counted on by trustees of the University to furnish the driving force and administrative ability for this expansion and the new programs that will be needed.

HEN HITCHHIKES, PIGEON PURLOINS

Robert Lehman drove from Cingmars to Littlefork and next morning noticed among his flock a strange chicken, spattered with mud and grease. A check-up disclosed that the hen had ridden the running gear of his car the hundred miles from Mr. Lehman's sister-in-law's farm. At Westbrook a male pigeon has adopted a litter of four pups on the August Cohrs farm. He denies the white terrier mother all parental prerogatives except the necessary function of occasionally suckling her young.

The GRAHAM-HOEME PLOW

The Revolutionary Plow

Self Sharpening Points • No Side Draft
Extra Light Draft • Nothing to Grease
Plows All Types of Land Without Adjustments
Prevents Erosion by Wind and Water
Cuts Plowing Cost in Half
Doubles Sub-Soil Moisture
BUILT TO LAST A LIFETIME
KEEP VEGETATION ON TOP

Nature's own method is to keep vegetation on top. That cuts down evaporation, keeps the soil in place in spite of heavy winds. The Graham-Hoeme Plowing Method with the two-inch chisel, as shown in illustration, permits water to by-pass the top soil into the sub-soil. It's a moisture storage center.

WE HAVE 'EM ON HAND

Manufactured by GRAHAM-HOEME PLOW CO. Inc. AMARILLO, TEXAS

PROVEN FACTS

On the average, enough rain falls on your farm every year to make fine crops. But, after the first few minutes of rain a smooth surface seals itself, causing run-off. It has been scientifically proven that the same field will NOT seal itself when plowed with the Graham-Hoeme All Purpose Plow with a 2-inch chisel furrow every 12 inches. This method by-passes the rainfall through the top soil and keeps a straw mulch on TOP. Upwards of three times the moisture enters the ground.

If the next day is fair and hot, the bare soil would soon be steaming and losing its moisture rapidly. BUT NOT IF THAT GROUND IS COVERED. The Graham-Hoeme Plow leaves vegetation on top to shade and protect, and moisture stays in the soil longer to bridge between rains.

These are not just opinions, but proven facts. A covered corrugated field in a good, brisk rain, will absorb 200 per cent more moisture than a bare field and 60 per cent more than a field with vegetable matter plowed into the surface. To supply this covering for the soil without the expense of artificial cover, and to place the soil in a condition to by-pass the moisture through the top soil is the purpose and achievement of the Graham-Hoeme Plow.

WHO'S THE MODERN PAUL BUNYAN?
☐ THE LUMBERJACK
☑ THE FARMER
☐ THE STATE FOREST RANGER
☐ THE BEAVER

The modern Paul Bunyan is the farmer, a fellow who plants, protects and harvests his trees in much the same manner as he does wheat, corn or any other crop. He thinks in terms of steady cash income and makes his farm pay from the timber he cuts and sells to the mill in his area.

Today's ready market for forest products of fast-maturing jack pine and popple is one of the major reasons for the increased interest in small woodlot farming.

Another reason for the growing interest in "tree-farming" is the encouragement and assistance offered by the State Conservation Department. Its special project foresters will gladly assist any woodlot owner of a thousand acres or less in cruising, mapping and setting up long-range management plans.

Small woodlot owners are invited to take advantage of this State Conservation service. Simply ask your local ranger for one of the special postcards. Check the type of service you want and drop the card into the nearest mailbox. The forester will then contact you regarding your request.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR

COMPARE the values; compare the prices; and you'll choose Chevrolet!

For to compare the values is to know that only Chevrolet brings you the Big-Car riding-smoothness of the original and outstanding Unitized Knee-Action Ride... the Big-Car performance and dependability of a world's champion Valve-in-Head engine... the Big-Car beauty and luxury of the enviable Body by Fisher... the Big-Car safety of Fisher Unisteel Body-Construction and Positive-Action Hydraulic Brakes... plus many another major quality advantage still not available in any other motor car in its field.

And to compare the prices is to know that Chevrolet prices are the lowest in the field... and that Chevrolet value continues to be the highest in its field!

That's why Chevrolet is America's No. 1 car; that's why it's the car for you!

FIRST in Riding-Smoothness! You just can't beat the genuine Unitized Knee-Action Gliding Ride for real riding-smoothness—real travel-luxury—over any and all kinds of roads; and, remember, this famous "Knee-Action" ride is exclusive to Chevrolet and more expensive cars.

FIRST in Thrills with Thrift! There's nothing like Chevrolet's world's champion Valve-in-Head engine for thrills and thrift. It holds all records for miles served and owners satisfied. It embodies that extra-sound, extra-dependable Valve-in-Head design, found elsewhere only in costlier cars.

FIRST in Tasteful Beauty! You will be perfectly sure of your car's beauty-leadership when you own a car with the world-famous Body by Fisher; and this most desirable of all car bodies—beautiful from every angle, inside and out—is available only on Chevrolet and higher-priced cars.

FIRST in All-Round Safety! You and your family will enjoy the triple safety protection of Fisher Unisteel Body-Construction, the Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and higher-priced cars.

Everybody's Saying It— "Lubri-tection"!

Yessir, That's The New Magic Word They Use When They Call for Phillips 66 Premium Motor Oil!

"LUBRI-TECTION"! It's a word worth remembering. Why? Because it means lubrication plus protection for your car's engine.

You get the fine lubricating qualities of excellent base stocks, expertly refined. You get inhibiting additives which help cut down varnish, reduce sludge formations, guard against ring sticking and minimize engine deposits in your motor.

So remember "Lubri-tection"—benefit from it by using the great new Phillips 66 Premium Motor Oil. Why not switch today?

At an adjourned regular meeting of the City Council held July 10, 1948, Alderman Hellquist seconded by Alderman Fuller introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, A petition has been filed with the City Clerk signed by Archie Henarud and other property owners abutting on Tindolph Avenue South from Greenwood Street South to 10th Street South and along Crocker Avenue from Greenwood Street South to 10th Street South to serve Blocks One (1) and Two (2) of Southern Addition, and it appearing to the Council that this petition was filed with the City Clerk on the 15th day of April, 1948, and that the same has been duly investigated and the City Council do hereby determine that the petition has been signed by more than 51% of the owners of land abutting upon said streets where said sewer is proposed to be constructed and the City Council having thereupon referred said petition to the City Engineer, and the City Engineer rendered his report on said petition and having advised the Council in a preliminary way that the proposed improvement might be made along Tindolph Avenue South from Greenwood Street South to 10th Street South, and that the construction of sanitary sewer along Crocker Avenue as petitioned for is impractical at this time.

BE IT THEREFORE FURTHER RESOLVED, that the 10th day of August, 1948 at 8:00 o'clock P. M. of that day at the Council Rooms in the Auditorium and Municipal Building in the City of Thief River Falls, Minnesota, be and hereby is fixed as the time and place for hearing on said petition and that the City Clerk be and hereby is instructed to publish notice of said hearing in the Thief River Falls Times, a weekly newspaper, once in each week for at least two successive weeks, the first publication to be at least fifteen days prior to the date of hearing.

ROLL CALL.

Aldermen voting Yes: Hall, Bredeson, Stanbridge, Fuller, Gjernes, Hellquist.

Aldermen voting No: None.

Resolution declared passed.

ALFRED BREDESON,
President of the Council.

Presented to the Mayor July 10, 1948.

Approved July 21, 1948.

H. E. SIMONS,
Mayor.

Attest: P. G. Pederson,
City Clerk.

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on July 13, 1948. The meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the regular meeting of June 8th were read and the same were declared approved and adopted as read.

Monthly reports of the City Clerk, Treasurer, Manager of Sports Arena, Police Department, Weighmaster, Municipal Court and Park Department were presented, examined and ordered filed.

Applications for license renewals were presented as follows: Cigarette—Fred Wengeler, Sportsmen's Store, and Olaf Solheim, 512 Main Avenue North; Dry Cleaner—Shiney U Roy and Norwood Cleaners; Retail Milk and Cream Sales—City Dairy, Bridgeman Creameries; Plumber — Fritz Christianson. Alderman Stanbridge moved that such applications be approved and that the Clerk be directed to issue and deliver the licenses in accordance with applications. Alderman Hellquist seconded the motion which was thereupon unanimously passed and adopted.

Applications for building moving permits were presented by Leonard Furuseth for permit to move into the City a building to be used for residential purposes, 24 x 28 and to be placed on Lots 41-42, Block 32, Red Lake Rapids and by Donald O. Flattum for permit to move into the City a building to be used for residential purposes and to be placed on Lots 10-11, Block 30, Red Lake Rapids. Applications for building construction and remodeling were as follows: Donald O. Flattum, basement and alterations to residence, Lots 10-11, Block 30, Red Lake Rapids, cost $1500; Leonard Furuseth, basement and alterations to residence, Lots 41-42, Block 32, Red Lake Rapids, cost $1500; Wm. P. Swanson, Pastor of St. Bernard's Church, Church and School, Lots 1-24, Block 55, O.T.S. cost $250,000; Ole Klopp, Private garage, Lots 8-9, Block 1, Hemmingson's Addition, cost $750; G. Hafdahl, residence addition, Lots 6-7, Block 4, cost $1200; Chas. L. Schultz, new residence, Lots 7-8, Block 7, Red Lake Rapids, cost $6000; James Burrell, new residence, Lots 14-15, Block 16, Red Lake Rapids, cost $4,000; Ferd Hamm, new residence, Lot 6, Block 12 Hoffe[illegible]'s Addition, cost $5,000; Roy Oen, Retail home appliance store, No. 25 ft Lot 38 and So. 50' Lot 40, Soo Line Right-of-Way, cost $12,000, all such applications bearing approval of the Building Inspector. Alderman Hellquist moved that all such applications be approved and that the Clerk be directed to issue the permits therefor. Alderman Gjernes seconded the motion, which was duly and unanimously adopted.

Applications for reduction of assessed valuation of Homestead were presented by Edward Stanius, Lots 13-14, Block 8, Hemmingson's Addition and by Joseph J. Rinowski, Lot 4, Block 5, Oakland Addition, which applications were recommended for approval by the City Assessor. Alderman Hellquist moved that the same be approved and that the Clerk be directed to transmit such recommendations to the County Board of Pennington County. Alderman Hall seconded the motion which was then unanimously adopted.

There was presented by the owners of certain lands in Blocks 54, 55, 60 and 61 of Fairfield Addition a conveyance to the City of Thief River Falls of a strip of land 20 feet in width to be used for the purpose of an alley and not otherwise in support of a request for the opening and establishment of an alley running north and south from 10th to 11th Street and the same was ordered referred to the Committee on Streets for investigation and report.

Engineer Stewart presented a report and recommendation that plans be undertaken for the replacement of the Kendall Avenue Street Lift due to inadequate capacity and uncertain operation and since delivery of the required equipment would possibly run from 9 to 12 months, it was suggested that bids on such equipment be called for at this time. Alderman Hall moved that the Engineering Department be directed to prepare plans and specifications for such replacement and that the Clerk be directed to cause notice to be published calling for proposals for the furnishing of the required motor equipment and pumps, such bids to be opened and considered on August 10, 1948. Alderman Stanbridge seconded the motion which was thereupon duly adopted.

There was presented and read a communication from the Executive Secretary of Pennington County Welfare Board, dated June 25th, 1948, advising that the claim of the City against the County for relief reimbursement of expenditures made by the City during the year 1947, was laid before the Board and was not approved due to objection to the amount of the Relief Superintendent's salary in computation of the amount of reimbursement and further, that it was their contention that the amount realized from the sale of the Poor House should have been credited to the Poor Fund for the year 1947. Alderman Stanbridge moved that the City Attorney be instructed and directed to take steps to enforce the collection of such claim for the year 1947 and the claim for the year 1946, which also was disputed by the Board. Alderman Hellquist seconded the motion which was adopted by unanimous vote of the Council. The City Attorney was also instructed to enforce collection of the City's account in the amount of $1201.41, against the Silverton North Light and Power Association for material and labor in connection with construction and extension of Power line serving the Association.

There was presented a petition signed by Oscar M. Johnson, Carlie Johnson and others for correction of street lighting on the corner of Horace Avenue and 7th Street which had not been in operation for the past two months and the matter was referred to the Superintendent of Water and Light.

A request was presented by Pennington County Agricultural Society for a permit to conduct a Bingo Game at the County Fair Grounds on August 2-5th inclusive. Alderman Hall moved that such request be granted, which motion was seconded by Alderman Stanbridge and adopted.

The following petitions were presented, read and ordered referred to the City Engineer: Alley Paving, Block 63, O. T. S. signed by W. LaFave, Wilson Bros. and others; Storm sewer to serve Arnold and Duluth Avenues, Blocks 22, 23, 26, 27 O.T.S. signed by Martha Johnson, Hilda A. Nelson and others; Concrete Walk along west side of Dewey Avenue from 5th Street north to 6th Street; Establishment and laying out of a street beginning at the intersection of Tindolph Avenue and Annie Street, thence east along Annie Street a distance of one Block to Crocker Avenue, thence south along Crocker Avenue a distance of one Block to Greenwood Street and concrete sidewalk along the east side of Kneale Avenue from T. H. 59 south thru Mussey Street to First Street.

Tom Peck of Peck Plumbing & Heating Company appeared before the Council and furnished a list of the names of certain persons who were engaged in installing plumbing facilities and who were unlicensed under the City Ordinance and indicated that the licensed plumbers in the City did not feel that it was fair that they be required to renew their licenses as long as such work was being done by unlicensed persons. The names presented and the matter was ordered referred to the City Attorney who was directed to notify such persons of the requirements of the City Ordinance relative to plumbing installations.

The Council then proceeded to conduct a hearing in the matter of requested vacation of the alley running north and south thru Block 25 of the Original Townsite, on petition of Wm. H. Swanson and Bernard R. Hrazen, Pastor and Secretary respectively of the Church of St. Bernard, Minnesota, which petition had been filed on June 8th, 1948, all in accordance with published notice of such hearing set for this date. No objectors to the petition being present, Alderman Hellquist introduced a resolution ordering said alley vacated and closed and that the value of the land so vacated and closed be fixed at $10.00 to be paid by abutting [illegible] moved the adoption [illegible] Alderman [illegible] motion and the [illegible] voted in favor, Hall, Bredeson, Stanbridge, Hellquist. The resolution [illegible] upon by the President, declared passed. [illegible]

Alderman Stanbridge and the resolution was thereupon by unanimous vote duly passed and adopted.

Pursuant to advertisement duly published, calling for proposals for the furnishing of material and labor in the resurfacing of the downtown paving area, the Council then proceeded to consider the proposals received and Alderman Hellquist moved that bids be opened and read, which motion was adopted. One proposal only was in the hands of the Clerk, that of Jay W. Craig Company of Minneapolis, Minnesota, with a total bid of $24,048.50. Alderman Stanbridge introduced a resolution accepting such proposal, fixing the performance bond in the amount of bid and moved the adoption of such resolution. Alderman Gjernes seconded the motion and the roll was ordered called on passage of the same. All members voted in favor thereof and the resolution was thereupon by the President, declared passed and adopted.

Engineer Stewart presented his report and items of assessment for Water and Sewer Connections on Main Avenue North from 6th to 9th Street, and on East Eighth Street, aggregating $2825.30. Alderman Hall introduced a resolution directing that the Clerk file such assessment list for public inspection and cause publication to be made in the official paper that a hearing in the matter of such assessments against benefited property would be held and conducted in the Council Chambers on August 10, 1948 at eight o'clock P. M. and moved the adoption of such resolution. The motion was seconded by Alderman Gjernes and the resolution was thereupon by unanimous vote, taken by roll call, declared passed and adopted.

Alderman Gjernes introduced a resolution approving the following contractor's estimates and directing payment thereof and moved the adoption of such resolution: To Nodland-Eby Company, Estimate No. 2, Third Street Feeder Main, $10,289.25; To Casper & Lyons, Estimate No. 2, Final, Storm Sewers, service connections, $7758.10, Estimate No. 7, sanitary sewer extensions, $10,381.46 and Estimate No. 7, Water main extensions, $5068.81; To Minneapolis Bridge Construction Company, Diesel engine foundation $6436.00. Alderman Fuller seconded adoption and the resolution was thereupon by unanimous vote, duly passed and adopted.

Alderman Hall introduced a resolution approving and ordering payment of various bills and claims against the City and moved its adoption. Alderman Fuller seconded the motion and the resolution was thereupon by unanimous vote duly passed and adopted.

Alderman Hellquist then moved that the meeting be adjourned to July 10th, 1948 at eight o'clock P. M. which motion was seconded by Alderman Stanbridge, adopted and the meeting was declared so adjourned.

ALFRED BREDESON,
President of the Council.

Attest: P. G. Pederson,
City Clerk.

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota convened in adjourned session in the Council Chambers in the Auditorium and Municipal Building on July 10, 1948. The meeting was called to order at eight o'clock P. M. with all members present.

Representatives of the Civil Air Patrol appeared before the Council and advised that the State Department of Aeronautics was in possession of funds thru Federal Aid, which could be utilized for the improvement of the City's Airport, provided that the City would indicate by the planning of such improvement and the filing with the State Department of Aeronautics of application for authority for expenditure of funds for contemplated improvements and suggested that a project be instituted for the construction of sanitation facilities at the local airport. The matter was referred to the Airport Committee with instructions to originate plans for reporting at the next regular meeting.

Mr. James Adney appeared before the Council and requested permission for the placing and operation of a refreshment trailer and stand on the corner lot, Second Street and Knight Avenue, of Block 37 of the Original Townsite. Alderman Hellquist moved that such request be granted, pending the approval of the Building Inspector. Alderman Fuller seconded the motion which was duly adopted.

In connection with petitions for extension of sewer and water facilities, previously filed, Engineer Stewart presented estimates of probable costs of such extensions, as follows: Sanitary sewer along Tindolph Avenue South from Greenwood Street South to 10th Street and along Crocker Avenue from Greenwood Street South to 10th Street, petitioned for by Archie Henarud, Russell E. Olson and others, cost figured only for Tindolph Avenue, $[illegible] exclusive of the cost of water main on hand; Sanitary Sewer to serve the east side of LaBree Avenue between 10th and 11th Street, petitioned for by Clifford Anderson, Clifford Vesy and others, cost $[illegible]; Water and Sewer on State Avenue South, from Backe to 2nd Street, petitioned for by Felix Grandbois, Kenneth Nygaard and others, cost of $[illegible] and sewer and water facilities along Merriam Avenue and Kneale Avenue from Golf to Hughes Street, petitioned for by S. R. Dahlen, Sina Kelly and others, a cost of $[illegible], exclusive of cost of watermain supplies on hand. Alderman Hellquist then introduced a resolution determining that a hearing would be held in the Council Chambers in the Auditorium and Municipal Building on August 10, 1948 at eight o'clock P. M. to hear the petitioners and to determine the action to be taken on such petitions, directing that the Clerk cause such notice to be published in the official paper and moved the adoption of such resolution. Alderman Fuller seconded the motion and the resolution was thereupon by unanimous roll call vote, duly passed and adopted.

Several petitions requesting abatement of the traffic dust nuisance along Arnold Avenue South and north were presented by residents in such locality and the same were ordered referred to the City Engineer.

Alderman Stanbridge introduced a resolution fixing and establishing the salary of the meter man of Water and Light Department at $[illegible] per month and a salary of Electric Utilities Lineman's helper at $[illegible] per month, effective as of July 15, 1948 and moved the adoption of such resolution. Alderman Gjernes seconded the motion and the resolution was thereupon by a roll call vote, unanimously passed and adopted.

The meeting was then declared adjourned.

Pursuant to Notice duly given, the City Council of the City of Thief River Falls, Minnesota, convened in Special Session in the Council Chambers in the Auditorium and Municipal Building on July 27, 1948. The meeting was called to order at eight o'clock P. M. with Aldermen Bredeson, Hall, Gjernes, Hellquist present and Aldermen Fuller and Stanbridge absent.

The meeting was called for the purpose of considering the matter of erection of a Chapel and Storage Vault on the Cemetery Grounds, owned and operated by the City. Commissioners Carl Christofferson and Carl B. Larson of the Board of Cemetery Commissioners were present to participate in the discussion. The Council was presented with plans and specifications for such construction which had been prepared in the year 1946 and under which bids had been taken by a previous administration. Alderman Gjernes introduced a motion that the Clerk be directed to cause notice to be published calling for proposals for the furnishing of material and labor for the erection of a Chapel and Storage Vault, all in accordance with the plans and specifications previously prepared and which are hereby adopted, bids to be opened on August 10th, 1948 at eight o'clock P. M. The motion was seconded by Alderman Hellquist and such motion was thereupon adopted by unanimous vote.

The meeting was thereupon declared adjourned.

ALFRED BREDESON,
President of the Council

WATCH AND SPECS SURVIVE ABUSE

Dr. T. M. Aaker leaned out his second-story Gaylord window to fix an awning. His glasses fell off, struck a cement sidewalk 'way below, and were kicked several feet by a passerby. But they were picked up and returned to Dr. Aaker with only a tiny nick in one lens. When a shoe-string watch chain broke in a Willmar harvest field back in 1920, Carl Walquist lost a $20 gold watch he'd carried twelve years. During field work this summer the watch was unearthed and returned in fair condition to its surprised owner. A seabag lost in Hawaii three years ago recently was returned to Robert Trembath, Grand Rapids veteran.

PICTURE OF A FOREST...
Burned

$35,000,000! That's the rough yearly cost to the nation of forest fires in *timber value alone*. That doesn't count the loss of wages to workers in lumbering, pulpwood and other forest industries. It doesn't count the loss of wildlife—nor the loss of hunting, fishing and camping lands.

Not all forest fires can be prevented. But most of them can! The Soo Line, along with other railroads, is trying hard to prevent forest fires caused by locomotive sparks. Spark control devices are in use.

Much of our business comes from hauling raw and finished forest products—naturally we're interested in keeping our forests in the Upper Midwest green.

But wood production is important to you, too. It's a big business in this territory. Will you help by being extra careful [illegible]

AIRPORT NEWS

We had an interesting visitor at the airport last week when Martin Bovey, author and lecturer from Massachusetts, flew in with a Cessna 140 to check the duck refuges in this area. Accompanied by Henry Storhaug of this city, he flew over the Roseau bog and into Canada. Mr. Bovey, who formerly taught English at Harvard University, has written several wild life books, among them Whistling Wings.

Bob Sandall, highway patrolman from Thief River Falls, is the owner of a new Luscombe Silvaire.

Jarvis Prichard and Kenny Sembrick flew the Cub to Fargo Tuesday on a business trip.

Two local students made their solo cross-country flights last week. Art Forsberg, Jr., flew the Cub to Pembina and Grand Forks and back to Thief River Falls; and Oscar Mostrom flew the same course in the Cruiser. Two out-of-town students stopped here on their cross-country flights. They were Ernie Sisk from Baudette, and Rudy Eberle from Dazey, N. D., in an Aeronca.

Three more students completed the first part of their flight training and soloed last week. They were Jesse Skaaren from Hazel, and Mrs. H. A. Baumann and Karl Kollitz from Thief River Falls.

Mr. Brown and Mr. Hanson from St. Paul, representing the State Department of Aeronautics, flew in with a Luscombe, to make a routine check of the airport and the planes hangared here.

George Hurtt and George Anderson from Hoople, N. D., took their flight tests and were granted private pilot licenses by Harold Chandler.

Russell Casper of the Casper-Lyons Construction Company flew from Grand Rapids to Minneapolis to pick up parts which were then flown in to Thief River Falls to repair one of the caterpillars used on their construction work here.

Bob Mitchell, flying his Navion, stopped at the airport on his way to Grand Forks.

Tom Jordan of the Jordan Construction Company has a private landing strip in an oat field near Highway No. 1 east of Thief River Falls at the scene of his construction work.

Herb Wilson flew in from Crookston with his PT19 on Thursday, and Knute Grahn from Roseau and Dale Craft from Plummer were here the same day with a Luscombe.

John Lind and Lloyd Bennes flew to Minneapolis in Lind's Beechcraft Thursday and returned the following day.

John Gilbertson of Roseau brought his Cub in for a check and minor repairs.

Mr. and Mrs. Bob Goodrich drove over from Warren and flew the Cruiser to Grand Forks and back and spent the rest of the day here.

Knute Grahn from Roseau and Ben J. Nelson, Allis-Chalmers representative from Thief River Falls, flew to Valley City, N. D., in Grahn's Luscombe on Saturday and returned here on Sunday.

Sunday callers at the airport were: Bob Nelson and Ray Lauring from Roseau with a Taylorcraft; Kermit Torkelson, Alfin Jorde, and James Underwood, who came from Blooming Prairie in a Cessna; and M. Imdahl from Oslo in a Cessna.

Children and Train Rides

As the train rolls out of the station, every little half-fare on the coach presses a clean face against a dirty window and for about fifteen minutes remains fascinated by fleeting glimpses of lakes, towns, people, and animals. But interest soon wans and the children begin to look about the train, asking about all sorts of new playthings such as curtains, seat levers, foot rests, drinking fountains, and other occupants of the train. By the time they have been running in the aisles, crying, and doing all the things they've been asked not to do, mother's nerves are shattered.

Some things can be done to help when it is necessary to take young children on a long train ride. Two things are important to remember: children have a great deal of energy which normally goes into physical activity; and little children cannot be expected to remain interested in one thing for more than a few minutes. Parents can bring some of the childs favorite story books, or simple games plus a few new ones for surprises when the going gets tiresome.

Small things, which will not be a great loss if damaged or lost are best. Time can be passed with games such as finding the letters of the alphabet on signs along the way, or another favorite, "I spy." Naturally, one would avoid sharp pointed articles, or games having many small pieces which might drop and roll away on the floor easily. Simple card games, using a suitcase for a table top, are good for the seven or eight-year-old. Children need to move around, walk in the aisles, and when a stop is long enough, get off the train for a few minutes.

Railroad companies will supply parents with much interesting material in stories and pictures about trains and the people who run them. These will help to answer some of the child's many questions and make him feel more secure in this strange and exciting situation. The trip can be a valuable learning experience if it is not allowed to be annoying and frustrating to both parents and children.

POLITICAL ROUNDUP

By Arthur Naftalin

The people of Minnesota are due to receive a concentrated barrage of political propoganda during the month ahead. The September 14 primary is only four weeks from next Tuesday, and candidates are just getting warmed up after the closing of filings last week.

This year the new election law will get a real test. In other years, with the primary coming in July, the candidates had several months in which to warm up for the campaign. Now, the September date will mean a concentration of activity in the few weeks between the close of filing and the primary day.

For the successful primary nominees there will be no respite between elections. Only seven weeks intervene between the primary and the genral elections. So the next 11 weeks see an atmosphere surcharged with politic .

The keenest interest in the various primary fights will no doubt center about the clash between Governor Luther W. Youngdahl and State Auditor Stafford King for the Republican gubernatorial nomination. But there are other contests, too, notably in the various Congressional districts, that are certain to attract much attention.

Youngdahl would appear to be a clearcut favorite to win renomination, but Republican leaders are not discounting the pulling power of King, who has figured prominently in GOP circles now for many years.

King's forces are counting on attracting all the various dissident elements within the GOP. They believe the Governor's popularity is not nearly as strong as has been assumed and that there is a strong sentiment building within the party against the dominance of Harold Stassen and Youngdahl.

With the exception of the First Congressional district, where only one candidate is seeking the nomination of the two parties, each of the Congressional districts offers a first-rate contest in one or the other party. It is here that the greatest local interest is likely to be found.

In the Second district, there will be contests in both parties. Archie Campbell of North Mankato and Val Imm of Mankato are seeking to take away the GOP nomination from incumbent Joseph P. O'Hara of Glencoe. This promises to be an interesting three-way fight, although O'Hara in 1946 defeated Campbell in a two-day contest by a margin of almost 4-to-1.

On the Democratic-Farmer-Labor side, there are also three candidates, the most promising of which is a dark-horse, Milton Maxwell, young farmer from LeSueur, who is regarded by state DFL leaders as one of the real comers in the Party's future.

Chief interest in the Third district will be the three-cornered race between Roy Wier, Erling Swenson, and Walter Frank, all of Minneapolis, for the DFL nomination. Wier, endorsed by both the DFL and the Minneapolis Central Labor Union, is the favorite to win this contest, which will be a test of strength of the Henry Wallace Third Party forces which are supporting Frank.

George McKinnon, the GOP incumbent in the Third, is unopposed, as is Edward Devitt of St. Paul, also a GOP incumbent, in the Fourth. The Fourth district contest involves two regular Democrat-Farmer-Labor candidates, Eugene McCarthy and John Barett.

The Fifth district offers another test of the Wallace strength. Here Marcella Killen is the regular DFL endorsee. She is opposed by John M. Jacobsen, endorsed by the Third Party. The winner will oppose GOP incumbent Walter Judd.

Perhaps the greatest statewide attention will focus on the GOP primary in the Eighth district. This is a three-way race between three strong contenders, J. P. Vaughan, who retired this summer as superintendent of schools at Chisholm, former Congressman William Pittenger, and former State Representative William Berlin of Hibbing. DFL incumbent, John A. Blatnik is unopposed.

In the Ninth district, L. J. Lee of Bagley and Oscar A. Johnson of Crookston are contending for the DFL nomination. Lee is endorsed by the Party.

TWO-CAR CRASHES KILL 25 IN JULY

Minnesota Traffic Toll for Month Totals 59

A disastrous midsummer wave of two-car collisions which claimed a toll of 25 lives, coupled with fatal injuries to 17 pedestrians most of whom literally walked or ran to their deaths, rocketed Minnesota traffic fatalities to 59 in July, the highest traffic toll for any month since October of 1947.

Last month's fatalities exceeded by 18 the 41 traffic deaths recorded in July of 1947, but the state's toll for the first seven months of the year stood at 276 deaths as compared with 286 at the same point a year ago—or ten fewer fatalities despite an approximate ten per cent increase in traffic volume during the heavy-travel months of the current year.

In addition to the 25 who died in two-car collisions and the 17 pedestrian deaths, three motorists were killed by collisions with fixed objects; one met death when his car went out of control and turned over in the roadway; two drivers were killed when struck by railroad trains at crossings; eight died in cars which ran off the road, and two motorcyclists were fatally hurt.

Most destructive of human life among the two-car collisions of the month were the bus-truck crash just north of St. Paul in which a truck went out of control, crossed to the wrong side of the road, and collided headon with a bus carrying the Duluth baseball team. Both drivers and four ball players were killed and 13 injured.

GOVERNOR CALLS TRAFFIC SAFETY PARLEY IN DULUTH

Plans Will Be Made for More Effective Methods of Cutting Fatalities

A statewide conference to meet the challenge of traffic accidents in Minnesota has been called by Governor Luther W. Youngdahl, to be held at the Hotel Duluth in Duluth at 2 p. m. Friday, August 27.

The conference will be open to all state, county and municipal traffic safety councils, and invites all persons interested in the traffic accident prevention movement. Progress reports will be received on the traffic safety work accomplished thus far this year, and plans will be made for still more effective methods of cutting down traffic deaths and injuries.

Concurrent with the Governor's Conference, the Northwest Chapter of the American Society of Safety Engineers will hold a noon luncheon meeting at the Hotel Duluth, open to the public and in the afternoon from 2 to 4 p. m. will conduct an industrial accident clinic.

Following the afternoon conferences, the Minnesota Safety Council will hold an evening banquet and its summer meeting also at the Hotel Duluth. A part of the evening program will be devoted to the presentation of industrial saety awards to northern Minnesota industries and the presentation to the governor of the national safety awards won by Minesota during the past year. Governor Youngdahl will also address the dinner session which will be presided over by A. V. Rohweder of Duluth, president of the Minnesota Safety Council, as general chairman, and J. R. Van Horn, publisher of the Duluth Herald and News-Tribune, as toastmaster.

N. W. School Weather Station Reports 5.73 Inches of Rain in July

N. W. SCHOOL 14-3 — The rainfall recorded at the Northwest School and Station, Crookston, for the month of July was 5.73 inches as reported by O. C. Soine, agronomist and weather observer at the school. This amount is 2.95 inches above the 48-year average and is the largest rainfall since July 1919 when the all-time record of 8.83 inches was recorded.

The total amount of precipitation recorded up to August first is 16.16 inches as compared to 12.19 inches, the long-time average as given in the following table:

	1948	48-year Av.
January	0.62 in.	0.51 in.
February	1.11 in.	0.64 in.
March	1.27 in.	0.83 in.
April	1.47 in.	1.62 in.
May	1.29 in.	2.67 in.
June	4.07 in.	3.14 in.
July	5.73 in.	2.78 in.
Total	16.16 in.	12.19 in.

The temperature for the month was 69.3 degrees as compared to 70.0 degrees the long-time average.

LATE BLIGHT HITS VALLEY POTATOES

Infested Fields Found in Red River District

Late blight of potatoes has appeared in the Red River Valley counties, it was announced this week in Crookston. Surveys completed up to August first showed focal spot infestations in each of the Northwestern Minnesota counties along the Red River.

Pathologists from the division of plant pathology, agricultural extension, University Farm, St. Paul, state department of potato seed certification, county agricultural agents, and the Northwest School, Crookston, have cooperated in the survey of the potato disease situation. Superintendent T. M. McCall of the Northwest School, in speaking for the group, urges strict adherence to a rigid spray program with copper spray materials. Potato plants to be protected from late blight must have a protective covering of the copper or other fungicidal sprays on both the bottom and upper surfaces of the leaves. Potatoes with heavy vine growth which covers the ground completely are particularly vulnerable to the late blight disease if an infestation starts in the field.

Hard-beating rains, which occurred over the Red River Valley during the past week, washed off much of the protective spray compounds. Damage to potato vines by tractor spray equipment for late summer sprays will be negligible in comparison to the potential disease damage on unprotected fields.

If grain harvest operations conflict with the use of farm equipment, the growers should rely on commercial airplane dusting for the larger potato fields. The recommendations with DDT added to control are: keep the leaves coated with protective fungicidal sprays with DDT added to control late season insects.

Young Men Join Fathers in Odd Fellows Lodge

This class of sons of Odd Fellows was initiated into Young Pine lodge during a recent visit of Fred K. Kaiser, grand master of the grand lodge of Minnesota. The sons, shown in the back row, left to right, include Raymond C. Rambeck, LaVerne Rambeck, Harry E. Huseth, Harold J. Burrell and Melford J. Burrell. In the front row are Arthur Rambeck, father of the two younger Rambecks; Herman A. Kjos, noble grand of the lodge; Mr. Kaiser; and James A. Burrell, father of the Burrell brothers. Erick Huseth, father of Harry Huseth, was unable to be present when the picture was taken.

WASHINGTON REPORT

By Senator Joseph H. Ball

There will be strenuous efforts in the next few weeks to laugh off the sensational disclosures made before congressional committees the past two weeks, of communist espionage in high government circles as the imaginings of a few neurotic individuals. In fact, that line already has been taken by some left-wing columnists and commentators.

Some of these attempts are inspired by the communists screaming about invasion of their civil liberties, and the reason for the communist attempts to discredit the disclosures are obvious. But many other individuals who are not communists will take the same line because they see in the charges, unsupported by evidence which would stand up in court, a sort of character assassination which, if carried to extremes, could have very bad repercussions on individuals freedom.

We can all sympathize with that attitude. Character assassination is one of the most unlovely aspects of American politics. But there is one big fact, not emphasized so far, which justified us in giving these disclosures very serious attention, and which indicates they are far from being the imaginings of a few neurotic individuals.

That fact is that the Department of Justice thought the evidence serious enough that, after months and even years of careful checking by the federal bureau of investigation, it presented the espionage case to a special grand jury in New York. It was presented to the same grand jury which, after many months in session, recently indicated communist party leaders in a conspiracy charge.

The Department of Justice does not go to a grand jury unless it is convinced that it has more than the imaginings of a few neurotics. And the charges so far made public were all included in the case prepared by the FBI.

The question immediately arises: Why did not the grand jury return indictments? It is possible that the political dynamite involved had something to do with it. But as I understand it, there were a variety of reasons.

One was that on some of the best cases, the statute of limitations had run. Another was that our rules of evidence prohibit use of evidence obtained by wire-tapping, and much of the FBI information was so obtained. Still another was that in order to prove that secret documents were unlawfully turned over to Soviet agents, the documents themselves must be produced—and the documents in these cases had long since reached Moscow.

But the fact that the case was strong enough to be presented to a grand jury in itself is enough to convince me that the house-cleaning of the federal government. In a situation as serious as exists in the world today, the government must have the benefit of the doubt, and any employe or official whose background and record are questionable should be dropped, even at the risk of discharging some innocent victims of the many communist "fronts".

Canada convicted her communist spies under a very stringent official secrets act. Probably we also need to strengthen our statutes to protect against leaks of confidential information. Certainly we cannot afford to laugh off these charges in the explosive world situation of today.

STATE INCOME TAXES PAID BY 865 IN COUNTY

Average of $53.20 Paid by Each Person Filing Returns During 1947

In a special study of Pennington county individual income taxpayers released this week by G. Howard Spaeth, commissioner of taxation, it was revealed that 865 individuals in Pennington county filed taxable individual income tax returns in the 1947 fiscal year. The number of individuals paying a state income increased 68% from 1946.

The total amount of state income taxes paid amounted to $46,019 an average of $53.20 for each state income taxpayer in Pennington county. The amount of taxes paid in 1947 was 63 per cent above the amount of $28,175 paid in 1946 when the average state income taxpayer in this county paid $54.71.

These income taxes are for the fiscal years ending June 30, 1946, and June 30, 1947, and for the most part represent income earned by the taxpayer during the calendar years 1945 and 1946.

Individual income taxpayers were classified according to the mailing address used by the taxpayer in filing his return. All individuals who have filed from places with less than three taxpayers are included under "unclassified." The report compares the number of individual taxpayers and the amount of state income taxes paid in Pennington county in 1946 and 1947. In addition to the income taxpayers covered by the report, many returns were filed which were not taxable.

In the Thief River Falls area 789 taxpayers paid $43,690.06 in 1947, as against $27,584 paid by 486 taxpayers in 1946. In the Goodridge area 54 taxpayers paid $2,009, compared to $152.34 paid by 14 taxpayers in 1946. For the St. Hilaire area the number of taxpayers increased from six in 1946 to 12 in 1947, while tax payments for the two years remained stationary at $132. In the Hazel community the number of taxpayers increased from five in 1946 to nine in 1947, while total payments declined from $303 to $89.

A program planning meeting will also take place early in September.

QUARTET AT ZION CHURCH ON FRIDAY

Augsburg Quartet Also Sings Near City Sunday

The Augsburg college gospel male quartet of Minneapolis will present a concert of sacred music at Zion Lutheran church in this city Friday evening, August 20, at 8 o'clock. The group also will sing at the Satersdahl church Sunday morning, August 22, at 10:45. No admission fee will be charged, but a free-will offering will be received.

Drawing from the best in the literature of sacred music for male voices, the group also features several numbers arranged especially for them. They will also sing several negro spirituals. In keeping with the general purpose of the program, one of members will bring a brief spoken meditation.

The singers are students at Augsburg college in Minneapolis and are active in the choirs of that institution during the school year.

Ralph Fjelstad, Lincoln High School Graduate, to Join Carleton Faculty

Ralph S. Fjelstad, son of Rev. and Mrs. R. M. Fjelstad of Moorhead, formerly of Thief River Falls, has been appointed assistant professor of goverment at Carleton College, Northfield, it was announced last week in the Northfield News. Mr. Fjelstad was graduated from Lincoln high school in 1933, following which he was graduated from Concordia College, Moorhead, with highest honors in 1937, and attended the University of Minnesota in 1938-39. He is now completing work leading to a Ph. D. degree in political science at Northwestern University. He served with the United States air force during the years 1943-46.

M/Sgt. R. D. Rosendahl to Go to South America

M/Sgt. Robert D. Rosendahl, with the U. S. Army the past eight years, is leaving next Sunday on an interesting mission that will carry him to Buenos Aires, Argentina. He will remain there for three months as an inspector in connection with the army's meat purchasing program. He is the son of Mr. and Mrs. Ben Rosendahl of St. Hilaire.

CONTRACT LET FOR CEMETERY VAULT, CHAPEL

Council Also Votes to Get Bids on Sewer and Water Main Extensions

At an adjourned session Monday evening, the city council awarded the contract for the construction of a receiving vault and chapel in Greenwood cemetery, and approved a supplemental agreement with the Jay W. Craig company of Minneapolis for the bituminous treatment of Pennington av. across the old millyard at a cost of slightly more than $4,000.

Prichard Bros. company, on its low bid of $15,925, was given the contract for the vault and chapel, which will be of brick and tile construction and 38 by 47 feet in dimensions. It will be located in the northeast corner of the new portion of the cemetery. It is hoped to have the structure completed and ready for use next winter.

City Engineer Douglas Stewart was instructed to prepare a call for bids on sewer and water main installations to serve Southern and Merriam additions, State av. S. and LaBree av. N., for all of which projects petitions have been on file for some time. It was indicated that in the event acceptable bids are received, the work will be carried out in the order in which petitions were filed.

To aid in replenishing the city treasury, the council voted to sell the $60,000 issue of power dam bonds approved in 1945 but never sold, and instructed City Attorney Theodore Quale to secure an opinion from Minneapolis bond attorneys as to whether the delay in selling the bonds would adversely affect their legality. It was estimated that the proceeds of the bond sale, together with other available funds, would be sufficient to carry the city thru to the end of the year.

After considering two bids on a pump to replace the present one in the Kendall av. sewer lift, the council accepted the bid of the Chicago Pump company in the amount of $1,738.

A hearing was set for Monday evening, August 30, on the application of Nels G. Olson for a permit to erect a lumber storage shed near his residence on Tindolph av. S.

The council also acted to grant a petition requesting dedication of an alley between Horace and LaBree avs. and Tenth and Eleventh sts.

LOCAL FIREMEN ATTEND REGIONAL MEETING SUNDAY

Nearly 100 Present at Northern Region Fire School in Crookston

Approximately 100 firemen from towns in this section of the state assembled in Crookston Sunday to attend the Northern Region Fire School. Thief River Falls was represented by Chief Roy Langevin, Theodore Lee, Lawrence Bjorkman and Francis Cloutier.

The gathering was welcomed by Deane Wiley, secretary of the Crookston Chamber of Commerce, while Chief Langevin gave the response.

In the business session members discussed the long period of time required by the attorney general's office to call a hearing on a condemned building. It was indicated that an attempt will be made at the governor's conference in Minneapolis August 26-27 to give the county attorneys authority to conduct condemnation proceedings with a view to speeding them up.

The Crookston fire department gave a demonstration with its new 60-foot aerial ladder, and also showed the latest type extinguishers and smoke masks.

The next meeting of the firemen will be held in Fosston in October.

Employment in Local Construction Industry Rises Sharply in July

Employment in the construction industry in Thief River Falls increased from 257 in June to 348 in July, a gain of 35 per cent, it is revealed in the August report on labor market trends issued last week by R. S. Eldevik, manager of the local office of the state employment service. The report says the local demand for workers continues to be strong, especially for good laborers and skilled journeymen.

A total of .91 inch of rainfall was recorded at Station KTRF in showers that fell last week-end, the heaviest shower Saturday bringing .55 inch. The highest temperature for the past week was 81 recorded Tuesday while last Friday saw the week's low of 46.

Rains Delay Paving Project Past Week; About 2 Miles Left

Frequent rains last week materially delayed progress of the paving project on Highway 32 from St. Hilaire to this city.

However, the concrete strip yesterday had been completed to a point within one and three-quarters miles of Thief River Falls, it was reported by K. V. Pearson, project engineer for the state highway department, who added that given favorable weather the work will be completed within a week.

At the same time a crew of men are installing curbs and gutters on East Eighth st. preparatory to the application of a bituminous treatment, scheduled to get under way next week.

The resurfacing of paved streets in the downtown district is making steady progress. The crew yesterday was working on East First st. and was preparing to move on to LaBree av. north from First st.

COUNTY UNITS GET $3,023 IN CIGARET, $2,444 LIQUOR TAX

Per Capita Distribution Received Recently from State Treasurer Schmahl

County Treasurer A. R. Johnsrud recently received from State Treasurer Julius A. Schmahl the share of the state liquor and cigaret taxes due the governmental units in Pennington county for the six months period ending June 30.

The cigaret tax allotment amounts to $3,023.04, which is being apportioned to the city of Thief River Falls, villages and townships at the rate of 47 cents per capita on the basis of their 1940 population.

The state liquor tax allotment of $2,444.16 is being distributed on the basis of 38 cents per capita.

According to a statement issued by the state treasurer, the receipts to the state of the liquor and wine stamp sales amounted to $13,869,925.96 for the fiscal year ending June 30 while at the same time beer stamps totals were $2,469,040.65, or a total of $16,338,966.61.

VETERANS ROOM TO BE UTILIZED BY DRAFT BOARD

Will Share Quarters Until More Suitable Space Is Available

Pending securing of a lease on other quarters, the local selective service board will maintain offices in the veterans room in the Auditorium, Harlan Bailey, board chairman, stated this morning.

The work of registering young men thru the age of 25 for the peacetime draft will get under way late this month, and will be conducted in Pennington county by Owen Olson, clerk of the board.

The army said Monday its first draft call will be for approximately 15,000 men and will go to selective service about Sept. 2.

Maj. Gen. John E. Dahlquist, assistant army personnel chief, said the army expects to get its first men from the draft about Nov. 1. The call for them must go to draft officials 60 days before that date, he added.

In past draft calls, Minnesota supplied about 2 per cent of the national total. If that percentage again holds true, Minnesota would furnish 300 of the 15,000 men called.

Dahlquist said both enlistees and draftees have an "excellent chance" of becoming officers. The army is doubling its officer candidate schools.

Mr. and Mrs. Clyde Beeghley of Aurelia, Iowa and Mr. and Mrs. Ray Beeghley and two children of Long Beach, Calif., left today for Iowa after a visit at the H. A. Baumann home.

Dog Bites Local Woman on Friday, August 13th

Friday the 13th day was an unlucky day for Mrs. Axel Stenberg, who will be incapacitated for several weeks as a result of having been bitten by a dog while eating lunch in a local cafe last Friday. The dog, on the floor near where Mrs. Stenberg was sitting, turned on her suddenly and bit her on the left arm, lacerating it so that hospital treatment was required.

The same dog Monday evening bit Nels Klopp, 318 State av. N., wounding him on the arm. The animal is now confined and under observation.

PICK APPRAISERS FOR CLEARWATER RIVER PROJECT

Hearing Is Conducted Wednesday, August 11, At Red Lake Falls

Following a public hearing on the Clearwater river drainage project before Judge Paul A. Lundgren of the Red Lake County district court in Red Lake Falls last Wednesday afternoon, Earl E. Hill of Brooks, Gunnuf Breivold and Lars M. Larson of Oklee were named as a board of appraisers to assess the benefits and damage to the lands affected by the project, says the Red Lake Falls Gazette.

Alternate appraisers are Henry J. Enderle of Plummer and Nils Strande of Oklee.

The petitioners in the matter is the Red Lake Drainage and Conservancy district and the respondents were some 51 property-holders along the Clearwater river in addition to the County of Red Lake and State of Minnesota.

The property affected is divided into 27 tracts some of which have several owners and in some of which the county and the state have an interest by virtue of tax liens.

Easements have been secured from some of the owners and in other cases the owners interposed no objection to the condemnation.

D. E. Ostby, Carl Langel, Emma Langel, Walter Karvonen, Hattie Karvonen, Christian O. Lindberg and Joseph R. Baker appeared at the hearing not in opposition to the project as a whole but as to the assessment of benefits in excess of what they have determined would be correct.

Attorney Stanley Mortenson appeared as counsel for the drainage and conservancy district. Reporter Arnold Pearson accompanied Judge Lundgren.

Haakon Olson Purchases Building on E. Third st.

V[illegible] the Rotary club as [illegible] the annual Rotary-[illegible] interclub golf tourna[illegible]t was staged on the local course Tuesday evening, [illegible]wed by the serving of [illegible]er in the clubhouse. [illegible] Lloyd Bennes of the Rotarians was assigned the task of computing the total score, and as was to be expected he came up with the report that the Rotary club had won the tourney—by eight points, he said. Vic Jung of the Lions turned in the low score of 37, while Rev. G. S. Thompson was low for the Rotarians with a 42. The tin can trophy awarded the victorious club in past years proved to be missing, but a worthy substitute was found.

100 Men Attend Outing at Squaw Point Thursday

Favored by pleasant weather, approximately 100 members of the Civic and Commerce participated in a joint outing at Squaw Point last Thursday, the occasion being marred only by mosquitoes, which were too numerous for comfort. A dinner consisting of fried chicken and corn on the cob was served under the direction of Jim Roche, C & C secretary.

W. J. PETERSON, LOCAL CREAMERY WORKER ENDS LIFE

Native of Wyandotte Township Dies Friday, Aug. 13; Rites Tuesday

Walter J. Peterson, native of this community and for the past three years employed as a buttermaker at the Thief River Falls cooperative creamery, ended his life in a fit of despondency by hanging himself Friday afternoon, August 13, in a storeroom on the second floor of the creamery building. He was 55 years old.

Funeral rites were conducted Tuesday afternoon from Trinity Lutheran church, Rev. G. S. Thompson officiating and interment was in Greenwood cemetery.

Born on a farm in Wyandotte township June 12, 1893, Mr. Peterson grew to manhood there, and entered the employ of the St. Hilaire creamery. Aler attending a dairy school at St. Paul, he was employed as buttermaker by the Melbo-Thor Stores.

Following his marriage to Miss Hilda Fladland in June, 1917, he lived in Gully until 1928 when the family moved to Wannaska, where he operated the Land O' Lakes creamery. He later served as manager of the Middle River creamery until coming to this city three years ago.

Peterson enlisted for service in World War I at Crookston October 21, 1918, and was discharged two months later.

Surviving his death are his wife and three daughters: Mrs. Charles Kranz of Strandquist and Lillian and Annabelle of this city. Also surviving are four brothers and four sisters: Frank, Elvin and Richard of Plummer and Fred of Chicago; Mrs. Elmer Erickson of Plummer, Miss Anna Peterson of Thief River Falls, Mrs. Henry Weyrauch of Chicago and Mrs. Roger Dahms, Chicago. His parents, one brother and two sisters preceded him in death.

CAR CRASHES INTO TRUCK SATURDAY

Resident of Goodridge Community Hospitalized

Two passengers were injured Saturday night at 10:30 when a car owned and driven by Clifford Johnsrud of the Goodridge area ran into the rear end of a stalled truck on a highway three miles south of Goodridge.

Injured were Donald Appel, also of the Goodridge community, who is recovering in a local hospital from a brain concussion, and James Appel, who was released from the hospital after being treated for bruises and contusions. Irvin Sunsdahl, a third passenger in the car, escaped injury.

Sheriff Arthur Rambeck, who investigated the accident, was informed that Johnsrud, driver of the car, failed to see the truck because of the bright lights of an approaching car. Driver of the truck was Orris Linvick.

Linvick was brought into municipal court Tuesday on a charge of operating a motor vehicle without proper lights, and was fined $25 and $8 costs, the fine being suspended. His drivers license also was suspended for 90 days.

BID OF $396,825 FILED ON STAGE 2 OF RIVER JOB

Great Lakes Dredge and Dock Co. Low Bidder on Red Lake River Project

The Great Lakes Dredge & Dock company of Chicago submitted the low bid of $396,825 on the second stage of the Red Lake river channel improvement project, it was announced Wednesday afternoon in St. Paul by Colonel W. K. Wilson Jr., chief of the St. Paul office of the corps of army engineers, following the opening of four bids.

Colonel Wilson informed the Times that the bids were all god ones, and were within a reasonable percentage of estimates. It is anticipated that a contract will be awarded within ten days on the project, which calls for seven miles of dragline dredging downstream from the Red Lake Indian reservation to connect with the project currently under way. Stage II involves the moving of 925,000 cubic yards of material.

At the same time Colonel Wilson stated that bids will be opened September 14 on the first stage of the Clearwater river phase of the project, which involves the removal of 717,000 cubic yards of material from that section of the Clearwater river extending from a point 14 miles up the river east from Red Lake Falls to a point 21 miles east.

This project, it was pointed out, is being set up for a dragline operation and will be open to smaller operators.

Arriving here Wednesday to inspect the work being done on Red Lake river were Lieut. Col. H. C. Gee, deputy chief of civil works for flood control in the office of the chief engineer, Washington, D. C.; M. H. Berg, hydraulic engineer, St. Paul; and E. J. Christenson, chief of the construction division.

Auxiliary Notes

The American Legion Auxiliary held installation of officers Monday evening at eight o'clock in the Legion club rooms with Mrs. Jeanette Wright in charge. Mrs. H. F. Harrison succeeded Mrs. Bruce Biddick as president. Several reports on the state convention were given. Mrs. Wright received considerable mention on her American Legion ninth district radio program at the convention. Several selections were rendered by the trio.

The following article was read: "Goodbye and Hello." Goodbye to Vivian Biddick, who has piloted the auxiliary through a very successful year. She took a great deal of pride in everything she undertook and was always present to see things click. Hello to Cassie Harrison, the new president, who has always been an ardent worker in the auxiliary, that such was demonstrated by the way she tutored the trio which took first prize at the state convention. We know Mrs. Harrison will make a very enthusiastic president, and can assure her much help by all auxiliary members.

Last week the department office and poppy work room were in mourning, as they had received word of the death of Henry Williams, who for so many years made the large poppies. He will be greatly missed by all who knew him.

NORTHERN MINNY LEAGUE SEASON IS NEARING ITS END

Regular Schedule Ends Sunday; Then Will Play Off Postponed Games

League Standings

	Won	Lost	Pct.
Plummer	11	1	.916
Crookston	10	2	.833
Red Lake Falls	8	4	.667
Thief River Falls	7	5	.583
St. Hilaire	5	6	.454
Erskine	4	8	.333
Winger	2	10	.167
McIntosh	0	11	.000

Results of Sunday's games:

Thief River Falls, 6, at Red Lake Falls, 7.
Winger, 0, at Plummer, 3.
McIntosh, 0, at Crookston, 6.
Erskine, 1, at St. Hilaire, 6.

Games on Sunday:

Thief River Falls at St. Hilaire.
Plummer at Crookston.
Red Lake Falls at Winger.
McIntosh at Erskine.

Except for the playing off of postponed games, and each team has at least one such game on its schedule, the regular season in the Northern Minnesota baseball league will be concluded on Sunday.

The Plummer Red Sox and the Crookston Pirates will meet in a game at Crookston that will determine whether or not the defending champion Pirates will be able to repeat the league titleholders. A victory for the Red Sox would clinch the title for manager Ray Ste. Marie's team, while a win for the Pirates would deadlock the league race and, providing Plummer is successful in its postponed game with the Thieves here on Wednesday evening, force the two teams, the Pirates and the Red Sox, to meet in a title-deciding game.

At a league directors meeting at Red Lake Falls last Wednesday evening it was decided that the league would engage in a four-team playoff series, but that these playoff games would be contested following the regional tournament. Thee first division teams of the league would be eligible to participate in the playoffs, with the games being awarded to Crookston and Red Lake Falls.

Team No. 1 would play team No. 3, and team No. 2 would play team No. 4, and the two winners meeting in a playoff championship game at Red Lake Falls. The receipts of the playoff will be distributed among the league's eight member teams.

Plans were also completed for an all-star game in which the league champion will play a team chosen from players of the other league teams.

It was agreed that each team should nominate two of its players for the all-star team, with pitchers being excepted. The all-star team manager is to be permitted to select his own pitching staff.

THIEVES LOSE TO WARREN TEAM 4-2

Warren Pitcher Holds Locals to Three Hits

Dennis Ranstrom's double into right centerfield, scoring Knutson and Engelstad, gave Warren two runs in the top half of the 7th inning and a 4 to 2 win over the Thieves in a ball game that was played on the Fair Grounds diamond Wednesday evening.

Scott Mathews, on the mound for Warren, gave up but three hits and had a shutout until the 5th frame when, on a hit batsman, catcher's high throw, Johnny Powell's sacrifice hit, and Al Thompson's ground ball to first base, Merle Carlson sprinted across with a run. In the 6th inning, with one out, Stephens was safe on an infield hit. A wild pitch moved him to second base. Stan Cockrell's ground ball to second base, advanced Stephens to third base, and when shortstop Lindberg made a wide throw to first base on Stroble's ground ball, Stephens tied the game at 2-all.

A pair of infield errors and Olson's ground single past second base gave Warren two runs in the 2nd inning. And manager Rosendahl's team won the game in the first half of the 7th inning, when, in the dusk, Knutson drove out a single to centerfield, Engelstad was given a walk. The two runners advanced on a wild pitch, and then Denny Ranstrom's double scored the two Warren runners.

Scoring by innings:

Warren	020 000 2	—4

Given a "break" by the weather the city softball league should complete its schedule on Friday night, August 27th, and then the plans for the playoffs can be completed. League officials hope to begin the first round playoff games on August 29th.

A heavy schedule of games is on the program for this week; but in contrast to last week when a number of double-headers were on the bill, only one twin-bill is slated and that will be played on Monday evening when the Poppler's and Eagles meet in a 6:30 game.

The "highlight" of the week's play, perhaps, was the appearance of the Eagles' manager, Helmer Ole Ness, as an active player. Ole participated in the double-header played by his team against the Hudson Motors and Middle River, and surprised the fans by blasting out a long double in addition to a couple of singles, and playing a fine defensive game at third base.

VERAL NELSON IS KILLED IN MISHAP

Loses Life in Logging Accident in Washington

Veral Nelson, 32, formerly of this city, was accidently killed August 12 by a falling timber while loading timber on a flat car in a camp where he was employed in National, Wash.

Military services were conducted at the Bethlehem Lutheran church, northeast of this city, Wednesday afternoon under the auspices of local military organizations. Rev. V. G. Sorenson of Holt conducted the rites and interment was made in the church cemetery.

Mr. Nelson was born May 17, 1916 in Agder township, Marshall county. He was baptized and confirmed at the Bethlehem church. He did farm work prior to entering U. S. military service on Oct. 8, 1941, receiving his training in Texas. He left over a year ago for Washington and was employed with his brother-in-law Miles Rogers in National, Wash. He was united in marriage to Miss Patricia Belcher at National, Wash. in November, 1947.

Survivors include his wife Patricia, a daughter Connie of National, Wash.; father and stepmother, Mr. and Mrs. Christ Nelson of this city; five brothers, Neil of Roseau, Harvey of Milwaukee, Wisc., Lloyd, Seymore and Clifford of this city; three sisters, Mrs. Hall Miles of Laurel, Maryland, Mrs. Ray Knutson of this city and Mrs. Herman Witt of Dorothy; five step brothers, Otto, William, Carl and Edmond Rupprecht of this city and Raymond Rupprecht of Pontiac, Mich.; and three step sisters, Mrs. Kenneth Russell, Mrs. George Poppenhagen and Mrs. Allen Iverson of this city. He was preceded in death by his mother and a sister.

Beltrami Pageant Near Bemidji Next Sunday

What promises to be the biggest pageant in northern Minnesota this year is scheduled for Lake Julia 13 miles north of Bemidji on Sunday, August 22.

The pageant and dedication will depict the travels of Count Beltrami, who discovered Lake Julia in 1823, thinking he had discovered the source of the Mississippi when he saw the water running both north an south.

A plaque will be dedicated to the Count on a one-acre plot of ground that has been given to the state park system. Senator Edward Thye will give the main address which will start at 1:30. Several mayors from communities all over the state will be present and introduced as well as other visiting dignitaries.

Funeral Services Held Tuesday Afternoon for Palmer Thompson, 61

Funeral services were held at the Evangelical Free church Tuesday afternoon for Palmer Thompson, 61, who was summoned August 13 at a local hospital. Rev. J. O. Jacobson officiated and interment was made in Greenwood cemetery.

Mr. Thompson was born Sept. 15, 1886 in Brooten, Minn. He came with his parents to Grygla in 1902 and they homesteaded in Beltrami county. He later homesteaded in the same county and was united in marriage to Miss Anna M. Lein of Adams, N. Dak. on Jan. 22, 1912. They resided there until 1914 when they moved to Grafton, N. D. In 1922 they disposed of the farming interests and moved to this city, where they resided since. With the exception of the past several years retirement, he was employed by the local Land O'Lakes creamery.

Those who survive his passing are his wife, Mrs. Anna Thompson, a daughter Mrs. James Wells of Goodridge, a son Eugen of Henderson, Kentucky, a brother Olaf of Plummer, four sisters, Mrs. Kenneth Swan of Pine River, Mrs. Arthur Williams and Mrs. Edward Paga of St. Paul, and Mrs. Henry Johnson of Minneapolis. He was preceded in death by his parents.

Infant Cheryl Jean Dahlen Rites Friday

Funeral rites will be held Friday afternoon at 2 p. m. at the Erling Dahlen farm home for their three month old daughter Cheryl Jean who died August 17. Rev. Halvard Lie will officiate and interment will be made in Star cemetery. She was born May 14, 1948 at Red Lake Falls and is also survived by her grandparents, Mr. and Mrs. Henry A. Dahlen of this city and Mr. and Mrs. John Wilson of Trail, four aunts and six uncles.

Six presidential vetoes were overridden by the 80th Congress, out of 75 applied.

First Nurses' Organization

Earliest professional nurses' organization, a vital step in recognition of nursing as a profession in the United States, was the American Society of Superintendents of Training Schools for Nurses, organized in 1893 for the purpose of attaining a sound program of "theory and practice," and the improvement of standards of admission for schools of nursing. In 1912 the organization changed its name to the National League of Nursing Education and broadened its objectives in elevating teaching standards of the profession. The foremost professional nurses' association in the country today, the American Nurses' association, with more than 155,000 members in all 48 states, was founded in 1896. Originally called the Nurses Associated Alumnae of the United States and Canada, it assumed its present name in 1911.

They Must Eat

It is impossible for hens to lay unless they eat more of the right kind of feed than it takes to maintain life. If the bird has the ability to lay, the more feed above amount for maintenance she gets, the more eggs she will lay and less will be the cost per dozen produced.

The U. S. Post Office sells each day 118,000,000 stamps to 20,000,000 customers.

ADVERTISEMENT FOR BIDS

The City Council of the City of Thief River Falls, Minnesota will receive sealed bids for equipment and material to be used in the construction of a Water Treatment Plant, until 8:00 P. M., Sept. 28, 1948, at the office of the City Clerk, Thief River Falls, Minnesota, at which time and place all bids will be publicly opened and read aloud.

Form of the contract documents, including plans and specifications pursuant to which the work shall be done are on file at the office of the City Clerk, Thief River Falls, Minnesota, and at the office of [illegible] & Burdick, Engineers, Grand Forks, North Dakota. Copies of said documents may be obtained by depositing $10.00 with the City Clerk or the Engineers for each set obtained. The amount of the deposit will be returned to those who return the documents in good condition within 5 days after the date set for opening the bids.

The work consists of furnishing certain pumps, motors, mechanical equipment plant piping, and underground piping which materials will be used in the construction of a water treatment plant. Bids on the general contract for the erection of said plant will not be considered under these documents.

Each bidder shall submit manufacturer's plans and specifications on equipment and material offered and state time of guaranteed delivery.

Each bid must be accompanied by a certified check or cashiers check acceptable to the City, in the amount equal to at least five percent of the total amount of the proposal, payable without condition to the City Treasurer, of the City of Thief River Falls, Minnesota. In case the successful bidder fails to enter into a contract or to give bond as required by law within the specified number of days of the award of the contract such check shall be forfeited to the City as liquidated damages.

The City of Thief River Falls, Minnesota, reserves the right to hold all bids for a period of 30 calendar days after the date set for opening bids, and to reject any or all bids or parts of bids, to waive any irregularities and to award the contract as it deems to be for the best interest of the City.

Dated this 10th day of August, 1948.

ARMY CALLING FOR RESERVE OFFICERS

Plans to Call 20,000 During Coming Months

Response of reserve and guard officers to active duty calls is increasing, but Fifth Army is still far short of needs, it announced today.

Lt. Gen. Walton H. Walker, Fifth Army commander, said in Chicago that 139 reservists were called to extended active duty in July from his 12-state area. Applications were received from 378. Final approval was given in Washington to 294 Army applications, including a backlog from previous months.

The army plans to call 20,000 officers to duty in the next seven months to handle the draft and increased foreign requirements for replacements.

Requirements have been reduced to qualify more officers. Lieutenants and captains up to 47 years of age and majors and lieutenant Colonels up to 57 years of age are eligible to apply.

Further information and application blanks may be had at the Organized Reserve Armory, 217½ Third Str., Bemidji, Telephone 297.

BACK AMENDMENT TO ADD TO COUNTY SHARE OF GAS TAX

Good Roads Association Backs Proposal to Give Counties Half of Tax

All classes of roads and all road users will benefit through adoption of the constitutional amendment to give the counties one-half of the gasoline tax revenues instead of one-third as at present, according to Mary Miles, executive secretary of the Minnesota Good Roads association. The amendment will be voted on at the November election.

"Adoption of the amendment will have the effect of stabilizing the trunk highway system at or near its present mileage," said Miss Miles. "This will permit the highway department to carry out its improvement program in an orderly manner. At the same time, it will permit the counties to make needed improvements in their main roads.

"There was strong pressure for enlarging the trunk highway system in the 1945 and 1947 sessions. Main reason was that the counties have been unable, with present revenues to make needed improvements in their main roads. With present heavy traffic it is necessary for the counties to spend three-fourths of their road funds for maintenance.

"Adequate financial support for the county systems should eliminate the demand for transfer of roads to the state system. However, if the amendment fails it is certain that the pressure on the 1941 session for transfer of a large mileage of roads to the state trunk highway system will be stronger than ever.

"Objection has been made by some if the amendment is adopted, it will be necessary to increase motor vehicle fees, or gas taxes, to make up for the money taken from the trunk highway fund. With the present high cost of road building, additional revenue will be needed for all road systems if the improvements demanded by the public are to be made, whether the amendment passes or not."

Salty Atlantic

Surface waters of the Atlantic ocean are saltier than those in corresponding regions of the Pacific, according to Encyclopaedia Britannica. Although the reason for this is not yet known, evaporation is probably less in the Pacific because of lower wind velocity and rainfall is greater than in the Atlantic.

Minnesota's program of state aid for municipal airports is working out well according to a recent report by Les Schroeder, commissioner of the department of aeronautics. Under the Minnesota plan state aid for airport construction is financed by special taxes on the users of airports just as road construction is financed by special taxes on the users of roads. Receipts from these special taxes on aviation gas, airline property and aircraft during the year ending June 30 totaled $244,000.00, which is more than sufficient to retire obligations coming due during the next year. Tax receipts are steadily increasing, the 1948 total being nearly 50% greater than the total for 1947. Mr. Schroeder is hopeful that ultimately state aid for airports can be placed on a pay-as-you-go basis, making borrowing unnecessary. All of which is much to the credit of Mr. Schroeder himself who is largely responsible for both the plan itself and its successful administration.

Favorable bids for the second stage of the Red Lake River channel improvement project at the letting in St. Paul yesterday gives assurance of the completion of construction up to the Reservation line and the improvement of drainage for the area this side of the Reservation. Bids have been called for on the first stage of the Clearwater river, the letting to be held on September 14, which means that work will be in progress on both rivers next summer. These are a couple of more reasons to be cheerful.

We would like to add our voice to the nationwide tribute to Babe Ruth, another great American whose service to his country has ended. It isn't hard to figure out why the mighty Bambino was a national hero. Over a period of many years he maintained undisputed sovereignty in the world of sport as the King of Swat, the homerunningest hitter in the country's top ranking sport. But the Babe was more than just a consistent hitter of home runs. He was a likable champion, the kind that measures up to our favorite American tradition, the kid from the other side of the track who made good. And when he had made good he still remembered the kids on the other side of the track. Babe Ruth became great but he always remained humble and his life was an inspiration to many. Babe Ruth was a great American.

We can see no good reason for becoming exercised about the contest between Staff King and Luther Youngdahl for the Republican nomination for Governor. After all this is a battle within the party and the citizens who choose to vote the party ticket *in the primary will decide who the party* candidate shall be. There is nothing wrong with this. In this particular contest however Staff King and his followers will have to show cause why Luther Youngdahl should not be given a second term as Governor. Merely the fact that he was chosen in the first place by Harold Stassen is not going to be held against him by many Minnesota Republicans. And candidates, slugging it out in this kind of a contest, should bear in mind that it is not well to tear down one house until there is assurance that a better house will be built. Stassen is no longer a part of Minnesota and a new leader will take his place. That new leader does not necessarily have to be a Republican. Republicans can do much to defeat their own party by injecting too much bitterness into their own internal differences.

COFFEE AND MILK REMAIN THE MOST POPULAR DRINKS

Average Person Drinks 55 Gallons of Coffee in Year, Survey Shows

Coffee and milk, by a wide margin, remain the favorite beverages of American drinkers, who will down nearly eight billion gallons of coffee and nearly seven billion gallons of milk in 1948, against approximately two gallons of beer and one billion seven hundred million gallons of assorted soft drinks, according to the family economics bureau of Northwestern National Life Insurance company.

Coffee consumption figures 55 gallons or about one and three-quarter barrels per capita. The grand total of 7,950 million gallons would make a circular lake one and a half miles across and 20 feet deep; it would keep a cataract the size and volume of Niagara Falls flowing for 67 minutes, the report says—without adding sugar or cream! Americans brew and drink 80 per cent of their coffee at home; buy 20 per cent at public eating places.

Although U. S. milk production is running slightly less than the 1947 rate, the shrinkage will probably come out of manufactured uses, and the liquid consumption will run at least as high as last year; estimated total to be drunk in 1948 is over 6,900 million gallons, or nearly 48 gallons per capita. This amount of milk would keep a river the size of the Mississippi at Minneapolis flowing for 43 hours, the insurance statisticians calculate.

The American public is drinking carbonated beverages and other soft drinks at the rate of about 145 bottles per capita; the estimated nearly one billion seven hundred million gallons which pour down American throats this year would be enough to keep Old Faithful geyser in Yellowstone Park spouting its regular hourly stint for over two months.

By putting away 19 gallons, or three-fifths of a barrel, of beer per capita, the U. S. will consume nearly 2,700 million gallons, in 1948; this would fill a string of railway tank cars long enough to reach from Pittsburgh to San Francisco.

Consumption of "hard" liquors seems small by comparison—about five quarts per capita. For the average man, however, this is plenty to make a lost week-end or mixed with gasoline, it can shorten his life by 30 years or more—whatever he had left to live, the report observes.

Asphalt for Insulation

The ideal asphalt for use in insulation should be tough and strong. It should have a minimum susceptibility to a wide range of temperature changes, it should not in itself be subject to further chemical change, it should keep its good qualities over a long period of time, and finally—it should be easily handled under present-day erection methods. Asphalts are of two general types: Natural asphalts and those derived from crude petroleums. Natural asphalts, due to their physical characteristics, are not so well adapted to cold room insulation as those asphalts derived from the distillation of crude petroleum. Of this latter class only two should be given any consideration. One is derived from a semi-asphaltic crude petroleum and the other from an asphaltic crude petroleum.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Is "No Supper" Good Discipline

"Go to your room, Jimmy. No supper for you when you don't know how to behave any better than that." With these harsh words mother pushes the tearful small boy toward the stairs and hurries back to the kitchen to put the finishing touches on supper. Father, sitting in the living room, looks up from his paper momentarily, but returns to it as if nothing unusual had happened. It isn't unusual in this family, but rather a common occurrance when Jimmy misbehaves. Is is a form of discipline which his parents use with little thought of the consequences.

Actually, the consequences may not be desirable. Food plays a pretty important part in daily living. Parents do their best to see that the family receives the right foods in proper amouts. They reupset if the children do not eat the recommended amouts and often resort to disciplinary measures to get the children to do so. With time and patience they try to teach their children to enjoy food and mealtime.

To deprive a child of a meal is simply breaking down practices which are really desirable. It gives the child a confused viewpoint which connects food and disciplane with no very clear idea of what the connection is nor which direction it takes. First his parents want him to eat; then they don't. First they punish him because he won't eat or doesn't come in for supper and then they punish him for something else by denying him his supper. This kind of inconsistency is apt to result in nothing but confusion.

Deprivation has its place in disciplane and can be used to advantage, but not when a little boy or girl must go without a meal for something he or she has done. If you are a parent stop and think before you let yourself take a child away from his meal. It isn't only miserable to go hungry, it is not healthy, and in addition, it destroys part of the companionable atmosphere which should surround a family table.

ST. PAUL CLUB IS WINNER SUNDAY IN MIDGET BALL TILT

Shop Pond Team Shows Class by Defeating Local All-stars 20-2

The Shop Pond team of St. Paul, the state's midget baseball champions, provided a crowd of fans that circled the East Side park on Sunday evening, with ample proof of their ball playing ability, defeating the local all-stars by a 20 to 2 score.

The game, transferred to the East Side diamond when the heavy rain shower Sunday noon made the Fair Grounds diamond unplayable, was nip-and-tuck for two innings, with the score being deadlocked at 2-all going into the first of the 3rd.

Marv Loux opened the game by grounding out, pitcher to first. Dick Bjorkman, on the mound for the locals, walked Johnny Sheehan. Jerry Kindall was called out on strikes as Sheehan stole second base. Clean-up hitter Chuck Wieck drove a ground single past second, scoring Sheehan. Ed Stromme was out on a fly ball to Jack Hoppe in left field.

In the locals half of the 1st inning, Joey Poole doubled into right field, and was safe at third base when Donahue dropped a relay throw. Hoppe grounded to the pitcher, and Poole was tagged at the plate, attempting to score. Stan Rasengren struck out; but Don Johnson poled out a long triple, scoring Hoppe. Greenside's whiff ended the inning.

With two men out in the 2nd inning, John Bartz was given a walk. Bartz stole second, and McCartan's line single to center field tallied Bartz and gave the Shop Pond a 2 to 1 lead.

Kent Zabel walked to open the locals' half of the 2nd inning. An attempted sacrifice misfired when Donahue fielded the bunt and threw to second base to force Zabel. Rog Williamson and Dick Bjorkman walked to fill the bases and the Shop Pond's coach replaced starting pitcher Stromme with right-hander Don Hoffman. Joe Poole grounded to first base, and Gilbertson scored for the locals when catcher Sheehan dropped the throw at the plate. Hoppe and Rosengren were strikeout victims to end the locals' rally.

Three hits, two walks, and two errors furnished the state champions with three runs in the 3rd inning; and in the 4th frame they broke up the game by scoring six runs on one hit, three bases on balls, and three errors.

CITY GOLF TITLE TOURNEY WILL BE HELD NEXT SUNDAY

Annual Tournament to be Conducted This Year on a Shortstop Basis

An innovation as far as city golf championship tournament procedure is concerned will be instituted on Sunday when the local club conducts its club tournament on a shortstop tourney basis. In former years the club championships have been decided by a series of 18 hole matches, and on a number of occasions the tournaments would continue until late in the season before the championship finals in the various flights would be completed.

According to the tournament committee, Sunday's shortstop tournament will at least expedite the naming of the club champion, and it will perhaps, because of the 9-hole matches, provide several upsets.

Vic Jung, defending champion, and Keith Jorde, last year's runner up will compete on Sunday, and the two top-flight golfers are expected to be seeded number one and number two. Hans Chommie, Kern Olson, Stan Larson, Dr. Richard Robertson, and Lloyd Bennes are other prospective championship flight contenders.

On Saturday evening the local club will hold its annual pre-tournament gathering at the club house. All members are requested to be in attendance.

THIEVES LOSE OUT TO RLF TEAM DROP TO FOURTH PLACE

Locals Will Play off Postponed Game With Plummer Here Wednesday

The Thieves were dropped into the fourth rung of the Northern Minnesota baseball league standings when they were edged out by the Red Lake Falls Lakers, 7 to 6, in a game played at Red Lake Falls on Sunday afternoon.

The locals will conclude their league play this week, meeting the St. Hilaire Saints at St. Hilaire on Sunday, and then engaging the league-leading Plummer Red Sox in a twilight game here on Wednesday evening. Sunday's game at St. Hilaire ends the regular schedule, with Wednesday evening's game being the playoff of a postponed game.

A base hit by Dalton Hoflus, an error, and Bill Hallamack's single gave Red Lake Falls a 2 to 0 lead over the Thieves in the 1st inning of Sunday's game. And the Lakers held that advantage until the first of the 5th inning when, with Berdeen Nornes on first base on a single, chunky Phil LeGault clouted a homerun over the right field fence, tying the score at 2-all. LeGault's round-tripper cleared the fence at the 320-foot mark.

The tie score was short-lived, for in the Laker's half of the 5th inning, Greg Poullot lofted a homerun over the right field fence, the ball barely clearing the barrier and Nornes' outstretched hand.

Singles by LeGault and Merle Carlson, bases on balls to Al Thompson and Bob Baker, and an error on Blackie Stephens' ground ball, gave the Thieves four runs in the top half of the 7th inning and a 6 to 3 lead.

The Lakers, though, rallied in their half of the 7th inning, to push four runs over the plate and give Red Lake Falls the win. St. Marie struck out to open the Lakers' at bat, for Nieland connected for a single.

Dalton Hoflus was out on a fly ball. Poullot was hit by a pitched ball, moving Nieland to second base. Dean Burns, Hallamack, and Bob *Poirier* lashed out base hits and, with an error, the Lakers had the game-winning run across the plate.

In the 8th inning, with one out, LeGault drove out a double, his third hit of the game, but Carlson's strikeout and Stroble's fly to third base ended the threat.

County Hits 79.5 Pct. of Its Quota in Bond Drive

The final results of America's Security Loan in Minnesota were released today by Darrell D. Bandy, State Director of the U. S. Savings Bonds Division of the Treasury Department. During the period from April 1 through July 17 the volunteer Savings Bonds committees thruout the state have sold a total of $52,471,000 worth of bonds. This figure represents 79.2 per cent of Minnesota's $66 million sales goal, and includes the sales of E bonds made to military and civilian employees of the government allocated to the state. Citizens of Pennington county bought 170,192 of U. S. Bonds during the drive for 79.5 per cent of its sales goal.

.... With BUCK OLSON

They were Champions

That large number of fans that witnessed the midget baseball game played on the East Side diamond on Sunday evening are in agreement that the St. Paul Shop Pond team, which defeated the local midgets by a 20 to 2 score merit their rating as the state's midget baseball champions. But while the Shop Pond team was definitely better than the locals, they weren't any eighteen runs better, and if coach Welton's team had received sharper fielding and steadier pitching the score would have been much closer.

The standout players in the state champions lineup were, perhaps, left-handed Chuck Wieck, third baseman Jack Donahue, and catcher John Sheehan. Wieck, the team's clean-up hitter and ace pitcher, hurled the final two innings on Sunday and it was easy to understand why professional baseball scouts have already shown an interest in him.

The pudgy Donahue, who played four innings at third base and then went behind the plate to catch for two innings, is the most poised of the Shop Pond kids, and that probably is due to the fact that he's the bat boy for the St. Paul Saints ball team. Being joshed about his chunkiness Jack explained that he had gained fiteen pounds while on a recent round trip with the Saints, stating that it was easy to gain weight while traveling with ball players as they would have steak for breakfast. Although only thirteen years old Donahue played Legion junior ball this year in addition to his midget play. The Shop Pond's catcher was Johnny Sheehan, the young son of team's coach, Mike Sheehan.

Incidentally, the St. Paul team derives its name "Shop Pond" from the locality in which the players live, near a pond in the vicinity of the Northern Pacific railroad shops in north St. Paul. This pond is the center of the recreational activities, and when the boys organized a ball team, and other teams, it was only natural that they would be known as the Shop Pond team.

Eagles Deserve Credit

And a great deal of credit is due the local aerie of Eagles for promoting the game and giving the local midgets an opportunity to play against the state champions. Sunday noon's heavy rain washed away the possibility of holding the game at the Fair Grounds, but a large group of men, headed by mayor Harry Simons, hurried over to the East Side park and prepared that diamond so that the game could be played. The Shop Pond's coach, Mike Sheehan, was surely surprised when he came out to the East Side diamond on Sunday afternoon and noticed that mayor Simons was wielding a scoop shovel. Said Mike: "Wait until I get back to St. Paul and I'll tell Ed Delaney, the mayor, that up at Thief River Falls the mayor grabs a number five scoop shovel and helps get the diamond ready for kid ball."

Finest String of Northerns

The finest string of northern pike were brought into town on Sunday night when Mr. and Mrs. Pete Breznay, Mr. and Mrs. Fred Kraemer, James Plough, and Father Weber returned from Waskish with eighteen northern pike having an aggregate weight of 240 pounds. Their catch, and it was made in a period of about two hours, was mostly caught on a "Red Eye" spoon and just at the mouth of the Tamarack river where it empties into Red Lake. The largest pike in their string weighed sixteen pounds.

Hockey Organization

That winter isn't too far over the horizon was made evident on Friday when the senior hockey Thieves held their organization meeting. Bill LaFave, Russ Embury and Joe Maruska *were* re-elected to positions of president, secretary, and treasurer, respectively. Connie Stanbridge, Henry "Bud" Arneson and the coach, who probably will be Bill Zippel, were named to the board of directors. Babe Paulsen was selected as purchasing agent, and Geo. Brossoit was named equipment custodian.

A Challenge

The Poppler's softball team, winners over Salol, 13 to 7, in an exhibition game on Sunday night, have issued a challenge to Wally and Jesse DuChamp and the Plummer baseball team to meet them, the Poppler's in a pair of softball and baseball games. The Poppler's will meet the Red Sox with both teams using their regular rosters, in seven innings of baseball and seven innings of soft ball, with the total scores to determine the winner.

The games would be played some Sunday afternoon, following the close of the baseball season, on the Plummer diamond. Wally and Jesse are the only Plummer players with considerable softball experience, so it's doubtful if anything will come of the Poppler's challenge.

Earmarks of a Grudge Game

That game scheduled to be played on the Fair Grounds diamond next Wednesday evening between the Thieves and the Plummer Red Sox, is shaping up into a first class "grudge" game. The game, which is the playoff of a postponed game, had been tentatively scheduled for Sunday, August 29th; but the Red Sox, at present leading the league by one game, expect that they will lose to Crookston at Crookston on Sunday, leaving a tie for the league title and they are reserving that Sunday date for their playoff game with Crookston. Of course if the locals "knock off" the Red Sox here on Wednesday evening, well, then the Pirates would win the league championship and Plummer would be sitting in second place.

But with the Thieves being forced to use a make-shift line-up, due to injuries and absentees, the Plummer team is perhaps warranted in making preparations for a playoff game with Crookston and are entitled to place Wednesday evening's game in the win column already.

Two County Men Fined for Drunken Driving

Two residents of the Thief River Falls community paid fines of $75 and had their drivers licenses revoked when they appeared in municipal court during the past week on charges of operating motor vehicles while under the influence of intoxicating liquor. Carl F. Lindholm, Route 3, was brought in by the highway patrol, while Oscar Pearson was arrested by city police.

Nylon for Ropes

It is hard to think of nylon, famous for filmy hosiery, as rope. But it can be if you take enough of it. Nylon rope to tow gliders was effectively used in World War II. Nylon rope is remarkable in its rapid stretch and slow recovery that cushion the shock of the rapid acceleration. For certain after-war uses, when those properties are desired, rope is competing with stockings for the supply of nylon. A half inch nylon rope can lift three tons, weighs half as much as the same size in manila hemp, and resists mildew, abrasive and salt spray.

Girls Softball League Schedule Is Announced

The schedule of games in the girl's softball league, and with all the games being played on the Lincoln high school field, will find the Bridgeman's team playing the Sportsman's Store team at 6:30 on Monday evening. Tuesday evening will find the Seniors playing the Carlson Agency team; and on Thursday evening the Gamble-Robinson team will meet the Oen's team.

REAPPORTIONING PLAN SUBMITTED BY STATE GROUP

State Constitutional Commission to Consider Proposal This Week-end

A proposed solution to reapportionment, one of Minnesota's most difficult controversial problems has been suggested by the legislature committee, a subgroup of the Minnesota Constitutional Commission established by the 1947 legislature to recommend changes in the state's 91-year-old basic law.

The committee's plan for reapportioning Minnesota for election of its state senators and representatives will be presented to the Minnesota Constitutional Commission at its next session, August 19-21. It was emphasized by Senator Rosenmeier, chairman of the committee that almendations were to be adopted by the full commission, final action as to changes in the state constitution must be presented to the voters.

In brief, the committee's plan for insuring reapportionment requires the following sequence of steps be taken.

The legislature will reapportion the state ater every federal cencus.

If it fails to do so, the supreme court, on complaint of any voter is empowered to review the action the state after every federal portion as provided.

Then if the legislature fails to act, the Governor is authorized to appoint a 10-man commission to reapportion; its members drawn from twenty nominees, ten provided by each of the two state political parties.

If, within 90 days, the 10-member commission does not fulfill its obligation, it will be discharged of its duties.

Senators would then be elected at large, and one representative would be elected from each county at the next general election—after which a new commission would be established to carry out reapportionment.

This process, if adopted, would insure apportionment of the state, an event which has not occurred since 1913. Almost every session has seen attempts to bring this issue to a vote. Court tests have been instituted to make the legislature comply with the constitutional provision that the state be reapportioned after each federal census. The courts have refused to touch the question, holding that the legislature may not be compelled by another branch of the government.

Starching Curtains

Here's a tip for starching curtains in the washing machine: Use one part starch to 10 parts water and, following the manufacturers directions, make up a batch of starch. Put four cupfuls of this starch solution into a washing machine filled to water line with warm water. The agitator swishes starch through the curtains for two or three minutes, saving motions and minutes.

348 APPLICANTS TAKE 'NEW DRIVER' TEST IN THIS CITY

More than Half Fail In Written Tests or in Actual Driving

Out of a total of 348 "new driver" applicants who have taken the written and road tests for drivers licenses at the Thief River Falls drivers examination station during the first six months of 1948, the state highway department reports that 153 have successfully passed while 195 have failed either the written examination or the actual test behind the wheel.

In line with the department's general experience throughout the state, a majority of those who failed on their first examination however, are able to pass the test on a later examination after they have devoted serious study to the traffic laws, traffic regulation signs and safe driving practices. Of those who passed at the Thief River Falls station, 47 were issued unrestricted drivers licenses while 106 were given restricted driving permits conditioned upon their wearing glasses or complying with some other restriction regarded as necessary in the interest of public safety.

Among the 116 who failed to to pass the vision test and written examination, eight failed because of poor eyesight, 76 for lack of sufficient knowledge of traffic laws, six for not knowing the meaning of traffic regulatory signs, and 26 for combined deficiencies of eyesight and knowledge of rules and signs.

Of the 79 applicants denied drivers licenses because of their shortcomings in road tests, in company of a state examiner, 53 failed because of the cumulative number of driving errors made and charged against them as "deductions", law violations committed in the course of the test.

Throughout the state at large 2,395 out of 25,220 taking the tests committed traffic law violations while being given the road tests and 26 became involved in traffic accidents in the course of proving to the examiner their ability to drive.

POLITICAL ROUNDUP

By Arthur Naftalin

The contest for United States Senator between the incumbent, Joseph H. Ball, and Mayor Hubert H. Humphrey was still in the sparring stage this week, and it appears unlikely that the heavy slugging will begin until after the September 14 primary.

In the two weeks since closing of filings, both major contenders have avoided direct attacks upon other. Ball has been reviewing portions of his record, while Humphrey has been striking hard at the work of the 80th congress.

As the campaign moves along, both candidates can be expected to take off the wraps, and then, Minnesota voters may be treated to a knock-down, drag-out fight in which the full gamut of national and international issues will get a complete airing.

One specific point of strategy in the Ball camp appears to be an effort to identify the Senator with the Taft-Hartley labor act. Humphrey, who favors a more moderate labor relations act, is planning to make much of Harold's Stassen's attack upon Ball on this issue to show that Ball's position is even too extreme for his own party.

Humphrey was involved in a controversy last week with the Minneapolis Tribune over the Knutson tax bill. The newspaper charged Humphrey with improperly analyzing the income tax reduction act, and the Minneapolis mayor came back with a 7-page statement citing facts and figures in support of his contention that the bill gave larger reductions to the upper income groups.

Recent surveys of the Minnesota Poll indicate that Humphrey has a significant lead over Ball. But neither candidate is looking upon the Poll results as conclusive. Both are planning vigorous campaigns that will take them into all parts of the state.

Currently, both of them are making the county fair circuit. So far, no debate between them has been arranged, but some enterprising organization most likely will snare the two contenders for what could be an e-attention.

The talk in political quarters now is that former Governor Elmer Benson, the leader in Henry Wallace's Third Party movement, will not make the run for United States Senator as an independent candidate.

A recent survey showed that Benson's presence in the campaign would not materially affect Humphrey's prospects. Benson was shown as likely to receive less than 4 per cent, Humphrey almost 50. The Third Party group is after Humphrey with a vengeance because of Hum- to the infiltration of Communists and their sympathizers into the DFL ranks.

The Humphrey camp now regards it as to its advantage to have Third Party candidate in the field, because it would enable Humphrey to make clear his differences with the pro-Soviet line followed by the Third Party.

Both the Democratic and Republican parties are taking their time in launching their Presidential campaigns. The GOP is confident of victory, and consequently feels no great pressure to begin an all-out drive too soon.

The Democrats, on the other hand, see their greatest strength in concentrating upon local congressional and senatorial contests in the hope that big Democratic votes locally will react to Preident Truman's advantage.

In Minnesota, the Presidential campaigns are still *only* in the planning stage. The Democrats complain that they are having difficulty obtaining finances, and the Republicans are having their own internal troubles on the state level which is delaying their start.

The one big event already scheduled or Minnesota is the vice presidential candidate, Governor Earl Warren of California. He will be in the state either October 5 or 6 depending on available auditorium space.

Warren will apear in either Minneapolis or St. Paul. The GOP managers would like to have his appearance in St. Paul, saving Minneapolis for the Presidential nominee, Thomas Dewey, for a date later in the campaign.

Polls give the Dewey-Warren ticket a decided margin over the Truman-Barkley slate. Here again, however, the managers of both camps are not taking the poll results as conclusive. They feel the absence of any driving enthusiasm on the part of the public for either ticket could mean a surprise in the outcome.

AGED IN YEARS, NOT IN OUTLOOK

Probably the oldest twins in the world —at least no other claimants have been recorded—are the Workin brothers, Ole and Hans, at Sacred Heart, in their 91st year. They recently enjoyed a visit with Ole Hanson of Mankato, 81, who came to America 11 years after the Workin boys, from the same town in Norway. S. W. Levin of Zim, 81, recently visited a brother in Stockholm whom he hadn't seen for 64 years. J. P. Murphy, 84, Slayton, drove a binder and worked his full trick right through the 1948 harvest.

She helps arrange your vacation

JULY AND AUGUST bring peaks in long distance calls, when every facility at our command is in service to meet the demand. 10,000 operators keep switchboards on duty round the clock. They will handle upwards of 96,000,000 local and long distance calls each month, many of which will smooth the way for swarms of happy vacationers.

Many months back we blueprinted the new lines, cables and switchboards we estimated we would need. Millions are being spent to make service faster but at times some calls cannot be handled as promptly as we'd like. If there are delays, you'll know the operator is doing her utmost to help you.

UP TO 480 CONVERSATIONS per pair of conductors in coaxial cable is possible with "carrier" equipment. Each conversation is handled at a different electrical frequency, much like radio waves. Since the war, we have spent $7,000,000 on new carrier circuits.

MILES FROM HOME, but still in close touch by telephone—adds to the freedom and pleasure of your vacation. Commonplace as it is today, the telephone is still a miracle in what it does for us all, at little cost.

Newfolden 4-H Meeting

Last Wednesday evening the Newfolden 4-H Club met at the Albin Langlee home. A short program was given. Miss Margaret Nelson, of Warren was present and gave a talk on demonstrations. She also stressed the fact that the project reports are due the first of September and that she hoped the club would have a 100 per cent completion record.

Carol Larson gave a demonstration baking muffins, using the new method.

Orlette Hjelle, who has been the club president for almost two years, resigned, as she is leaving to attend college the first of next month. The club members are sorry to have Orlette leave and wish to extend their thanks and appreciation for her good leadership. All wish her the best of success in the future. The new president is Carole Johanneson.

After the program and business meeting a large bonfire was made outdoors and all enjoyed a weiner roast. Weiners were furnished by the club, while Mrs. Axel Anderson and Mrs. Jens Jorgenson furnished the lunch, which was a very delicious one. Everyone had a very good time, and are all very grateful to Mr. and Mrs. Langlie for inviting them to their home.

Idaho's Ore Center

The Coeur d'Alene region of Idaho produces 80 per cent of the total ore production of that state.

MOTHER NATURE WAXES GENEROUS

This is the first year Miss Ethel Engelhardt, near Waseca, has ever seen her spirea bloom a second time. Waconia Patriot carried a picture of A. T. Luebke's mismatched eggs, gathered from the same flock: one measured 7½ inches around the small way, 9 inches around the long way, and weighed 5½ ounces; the other was ¾ by 1 inch and weighed one-quarter of an ounce. J. A. Roth displayed in the Post-Bulletin office at Rochester four tomatoes from his truck garden that weighed three pounds, the largest one being just an ounce short of a pound.

CAT RETURNS TO THE BAG

Dr. and Mrs. O. E. Hagen took their cat when they started from Butterfield to their lake cottage near Alexandria last year. At Brewester puss was tired of auto travel and departed unceremoniously for an airing. Still missing after a four-hour search, the pet was reluctantly abandoned as the Hagens went on to their destination. This year when they arrived at the same cottage for their annual outing, the missing cat was contentedly waiting for them.

State of Canal

As early as 1523, the movement to build a canal across the Isthmus of Panama was initiated by Charles V of Spain, according to Encyclopaedia Britannica. It was not until four centuries later, however, that the canal was completed.

SEEK HISTORY OF LONELY TOMBSTONE

Northfield—From the files of the Northfield newspapers through the State Historical society to musty archives in England ranges the search for the complete story of Sheridan Knowles stone in a lonely Northfield cemetery tells only that Mackay was born in Liverpool in 1833 and died in Northfield in 1867, "among strangers". An interesting sidelight in the early search is the disturbing fact that the heat of bombs and wartime fires welded the parchment pages in some of England's historical records newspapers are history's greatest allies.

Make these 4 comparisons before you buy *any* car

COMPARE THE VALUE

Yes, compare the feature—compare the prices—compare what you *get* for what you *pay*—and you, too, will come to the conclusion that Chevrolet continues to be *first in value*, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year!

COMPARE THE POPULARITY

You can identify the *biggest value* in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet—outstanding leader in popularity for the total 17-year period, 1931 to date!

COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for tasteful beauty; and Fisher Unisteel Construction *plus* Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the *lowest* in its field. Chevrolet costs less to buy, to run and to maintain!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES . . . that's why

Sealing Nail Holes

Problems often encountered in the use of aluminum and other metals for roofing and sidings—leaks around nail holes and electrolysis—can be solved by the use of new weatherproof nails made of aluminum and using neoprene washers. The washer forms a seal between the head of the nail and the aluminum or other metal sheeting and roofing, thus preventing leakage and corrosion due to electrolysis. Neoprene is used because the rubber will not get soft and mushy and run out from under the nailhead when exposed to the heat encountered on metal roofs, nor will it harden and chip out as a result of winter cold.

Centennial State

Because it was admitted to the Union in 1876, just 100 years after the Declaration of Independence, Colorado is known as the Centennial state.

Here is the "top" spot on the boxcar construction line in Great Northern's car shops in St. Cloud, Minn. Modern assembly line procedures enable Great Northern to turn out 18 completely new boxcars daily. Shopmen in the picture are fabricating steel roofs for boxcars.

BOXCARS AND THE 1948 CROP

Great Northern believes in keeping its customers posted on problems of mutual concern and interest.

Harvest of another gigantic grain crop is approaching high tide in the Great Plains and Pacific Northwest states. Growers, country elevatormen, terminal market operators and grain processors share with the railways the hope that the 1948 crop can be moved to market with minimum delay.

Great Northern already has begun to move this year's grain crop. It is devoting a very large number of available cars to this exceedingly important service, and has been assured a larger supply of cars as the harvest progresses.

But, anxious as is Great Northern to provide maximum boxcar requirements for the grain movement, it knows that conditions over which the railway has no control will restrict the number of cars available.

A major contributing factor to the car shortage is lack of materials for carbuilding. The total boxcar ownership of American railways has not improved over this time last year because materials for new car construction have not been available in sufficient quantities to keep pace with retirement of worn-out equipment.

Great Northern has built 1000 new boxcars this year, and a large number of an additional 1,000 cars would have been in service this Fall had not a materials shortage stopped construction. The railway hopes it can resume within a few weeks a carbuilding program which will put 2,000 new boxcars on the rails by mid-1949.

The 40-hour week has reduced the working time of the boxcar. The Friday afternoon-to-Monday morning delay in loading and unloading by shippers and receivers has created an enormous loss in car usefulness—especially when there are not enough boxcars to meet demands.

Great Northern promises the same all-out effort it made during the past seven years of record grain crops and boxcar shortages to move the 1948 harvest to market in the shortest possible time.

Given the same superb assistance and encouragement it received last year from shippers and receivers of grain, Great Northern is confident it will turn out a transportation performance equalling that of last year, when Great Northern set a grain-moving record of 20,542 cars in September in spite of a boxcar shortage.

MUST BE A MORAL TO THESE STORIES

Joseph Coleman, riding a new bicycle along a Morris street with all the jaunty insouciance of his ten years, heard his name called. He looked around. He rammed a parked car. He spat out two teeth with complete unconcern in the far deeper remorse of a telescoped front wheel on his bike. Mr. Baxter swerved to avoid a chicken in the highway near Graceville and struck a Crowe—George Crowe, coming in the opposite direction in his own car. Both cars and both drivers were shaken up, the chicken escaped unscratched.

Average daily census of hospitals in 1936 was 980,516. In 1946 1,239,454. During those years the number of hospital beds increased from 1,096,721 to 1,468,714.

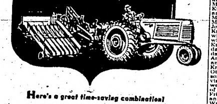
Speed up Baling with the New OLIVER "88" and Automatic-Hydraulic Threader



Here's a great time-saving combination!

The remarkable direct drive power take-off of the big new 3-4 plow Oliver "88" tractor is one of the greatest boons to baling. To "ease" the baler's load or clear the machine, just step on the clutch of your "88"—the *Oliver power take-off keeps on running!* Let out the clutch and you're on your way again. *No time wasted by declutching, gear shifting, and reclutching!*

Come in and check the high-tonnage features of the Oliver-Ann Arbor Automatic-Hydraulic Threader Pick-up Baler, too. Neat, firm, *sliced* bales that come apart in good-sized sections are produced.

You can get almost any combination of ground speed and drawbar pull you want. With its 6-forward-speed transmission, 6-cylinder engine and Fuel Miser governor, you can fit the tractor to the load—and use only the fuel that's needed to do the work.

There are many other valuable, money-saving farm features, plus a choice of three great engines for the fuel you prefer, including a farm-engineered diesel that will be available later . . . interchangeable cast and stamped steel wheels and basic interchangeability of mounted tools with other Row Crop models.

AIRPORT NEWS

From now on visiting fliers will have no trouble finding Thief River Falls. The bright orange lettering on the roof of the wooden hangar building, with an arrow pointing north, has just been completed. Ernie Barzen and Amos Cann went up to take a look at it from the air and report that from 1000 feet and a mile away it is clearly visible.

Incidentally, Mr. Cann and Jack Frisbey report that their aerial photography is practically completed and they will be winding up their work here some time this month.

Another new student taking private flight instruction is James Votova from Trail.

Art Eby and John McFarland of the Nodland-Eby Construction Company at Starbuck flew in with a Navion to attend to business matters in Thief River Falls.

Ben Wichterman from Plummer visited briefly at the airport last Tuesday. He was flying a Cub.

Gene Allen flew his Taylorcraft to Park Rapids on Wednesday, and to Grand Forks on Thursday.

Amos Cann and Bob Sandall flew to Grand Forks in Sandall's new Luscombe Silvaire.

Loren Pierce completed the initial of his flight training and soloed last week.

Franklin Ellis of Roseau has purchased Bud Arneson's Taylorcraft. Mr. Ellis plans to operate an airplane rental service at Roseau.

Chris Kierk and daughter Beryl flew to Lake Bronson and Grand Forks in the Aeronca Sunday; and Bob Goodrich, Don Anderson and Fred Voth flew the Cruiser to Wadena.

In spite of threatening skies and frequent showers, several out-of-town fliers came in on Sunday. A group of students flying an Ercoupe, a Cruiser and two Cubs came over from Bemidji. They were Harold Foley, William Johnson, Orwin Draheim, and Marian McCahan, accompanied by Earl Carlson, their instructor. Orville Carlson and his father, George Carlson, came from Crosby, N. D., with a Cessna. Kelly Peterson flew in from Warren with his Luscombe, and Father O'Toole, the flying padre from Crookston, was here with his Luscombe.

Johnny LaRoche of Bemidji, a representative of General Mills, was a business caller at the airport Monday.

Gerald Ness made his solo cross-country flight to Roseau and Grand Forks on Monday.

John Lind and Herb Jung made a trip to International Falls in Lind's Beechcraft Monday.

Governor Dewey making his second bid for the presidency on the Republican ticket has to bow to the persistence of Eugene V. Debs, five times socialist candidate.
